Spur Track Permit, Pacific Electric Manufacturing Company.

Bill No. 8483, Ordinance No. —— (New Series), as follows:

Granting permission, revocable at will of the Board of Supervisors, to the Pacific Electric Manufacturing Company to construct, maintain and operate a spur track on Carroll avenue between Jennings and Keith streets, as hereinafter described.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Permission, revocable at will of the Board of Supervisors is hereby granted to the Pacific Electric Manufacturing Company to construct, maintain and operate a spur track on Carroll avenue between Jennings and Keith streets, described as follows:

Beginning at a point on the center line of the existing spur track in Carroll avenue, said point being distant 9 feet northeasterly from the southwesterly line of Carroll avenue and 206 feet southeasterly from the southeasterly line of Keith street; thence southeasterly 100 feet to a point distant 4.5 feet northeasterly from the southwesterly line of Carroll avenue; thence southeasterly parallel to said southwesterly line of Carroll avenue 134 feet.

Said permission is granted subject to the provisions of Ordinance No. 69 (New Series) of the Board of Supervisors, approved October 12, 1906, and the provisions and conditions of Section 8 thereof are hereby specifically contained in the permit hereby granted and shall be construed as a part thereof as completely as though the same were written in this ordinance.

Provided, that said spur track shall be laid under the supervision and to the lines and grades as furnished by the City Engineer's office; and that any and all expenses connected with the installation of the track, restoration of the pavement and any additional requirements for the surface drainage be paid for by the Pacific Electric Manufacturing Company.

Provided, that the Pacific Electric Manufacturing Company shall erect and maintain all-night lighted arc lamps to be placed where directed by the Lighting Committee of the Board of Supervisors.

Standardization of Salaries and Classification of Employments.

The following was presented by Supervisor Colman and *copies ordered sent to the members of the Board*:

The Civil Service and Retirement Committee and the Finance Committee have recently held two lengthy meetings with representatives of the Civil Service Commission and the Bureau of Governmental Research to discuss the progress of the work of classifying all municipal employments, which work has been actively under way since last April. We submit the following report:

Salary standardization is provided for by a Charter amendment adopted by the people on November 4, 1924. Under the amendments the Civil Service Commission is directed to cause all employments for which the Board of Supervisors are to fix compensations to be classified and graded for the purpose of fixing compensations, to the end that like compensation shall be paid for like services.

The present study was begun in April, 1927, after two conferences between members of the Finance Committee, the Civil Service Commission and representatives of the Bureau of Governmental Research. At these conferences it was agreed that employment classification should be taken up without reference in any way to existing salaries of incumbents. The Bureau of Governmental Research agreed to assign two members of its staff to the study, and after numerous conferences between representatives of the Bureau and the Civil Service Commission, for the purpose of developing plans and procedure, the work of studying individual positions involving actual contact with the incumbent or with his department head was started.

The work has since taken the full time of two Bureau staff members and a large part of the time of Mr. W. H. Nanry, director of the Bureau, and Messrs. Maher and Talbert, representing the Civil Service Commission.

During this time the Employment Classification Board held 48 meetings with Bureau representatives for the purpose of reviewing the progress of the work and determining policies to govern the classification. The Finance Committee, the Civil Service and Retirement Committee and the Civil Service Commission have been kept informed of progress through monthly reports and have attended four joint meetings.

The information concerning duties, which was submitted on a questionnaire form by each employee two years ago, was used as a basis in studying the duties of incumbents. Individual employees were interviewed in most cases and in every case where it was thought advisable or if the employee requested that he be interviewed. In departments where large groups of employees perform identical duties, such as conductors, motormen court clerks or copyists, etc., a statement of duties was supplied by the executive of the department or by one or more of the employee group. In certain small departments it was not necessary to interview all employees. In every case the department head has checked over and approved the information when this was compiled in final form. Present titles were not considered for the purpose of defining and classifying duties, actual duties of incumbents only being considered and recorded.

The field study of duties of incumbents was completed a week or ten days ago and the work is now progressing in developing definitions of the approximately 350 classes of positions found. These classes are segregated into 16 major services, such as clerical, custodial, mechanical, electrical, legal, medical, etc.

The Civil Service Committee hopes to be able to report the proposed classification to the Board for adoption within the next few weeks. This will represent the first step toward modernizing and equalizing the City's compensation provisions, under a plan that will not adversely affect the civil service standing or the duties of any employee and that will not reduce any existing salary or wage.

Calling and Providing for a Special Election for Bonding City for Completion of Hetch Hetchy Project.

On recommendation of Public Utilities Committee:

Bill No. 8457, Ordinance No. 7990 (New Series), as follows:

Calling and providing for a special election to be held in the City and County of San Francisco on Tuesday, the first day of May, 1928, for the purpose of submitting to the voters of the City and County of San Francisco a proposition to incur a bonded debt of the City and County of San Francisco to the amount of twenty-four million ($24,000,000) dollars, for the construction and completion of a public utility, to-wit, aqueduct tunnels, pipelines and other structures and appurtenances, including lands necessary for the completion of the Lake Eleanor Tuolumne System, also known as the Hetch Hetchy project, for the conveying of water from the Tuolumne River and its tributaries situated within the State of California to the City and County of San Francisco for domestic and municipal purposes, to be used as an available source of a sufficient supply of good, pure water for said City and County and its inhabitants.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San Francisco on Tuesday, the first day of May, 1928, for the purpose of submitting to the electors of said City and County the following proposition, to-wit: To incur a bonded debt of the City and County of San Francisco to the amount of twenty-four million ($24,000,000) dollars for the purpose of the construction and completion of a public utility, to-wit, aqueduct tunnels, pipelines and other structures and appurtenances, including lands necessary for the completion of the Lake Eleanor Tuolumne System, also known as the Hetch Hetchy project, for the conveying of water from the Tuolumne River and its tributaries, situated within the State of California, to the City and County of San Francisco, for domestic and municipal purposes, to be used as an available source of a sufficient supply of good, pure water for said City and County and its inhabitants, to be owned and controlled by the City and County of San Francisco for supplying water to said City and County and to the inhabitants thereof.

Section 2. The estimated cost of the construction and completion of the public utility described herein was by plans and estimates of the Board of Public Works procured through the City Engineer and filed with the Board of Supervisors on the 27th day of February, 1928, and was and is fixed by Resolution No. 28672 (New Series) in the sum of twenty-four million ($24,000,000) dollars.

Section 3. By Resolution No. 28672 (New Series) it was declared that no part of the said sum of twenty-four million ($24,000,000) dollars could be paid out of the annual revenue of the City and County in addition to the other necessary expenses thereof, or other funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt to the amount of twenty-four million ($24,000,000) dollars for the purposes herein recited. The method and manner of payment of the estimated cost of said described public utility are by the issuance of bonds of the City and County of San Francisco to the amount required therefor, and the application of the proceeds arising from the sale thereof to defray the cost of the construction and completion of said public utility herein described.

Section 4. The special election hereby called and ordered to be held shall be held and conducted, and the votes thereat received and canvassed, and the returns thereof made, and the result thereof ascertained, determined and declared as herein provided and according to the laws of the State of California providing for and governing elections in the City and County of San Francisco and the polls for such election shall be and remain open during the time required by said laws.

Section 5. The ballots to be used at said special election shall be such as may be required by law to be used thereat, and, in addition to any other matter required by law to be printed thereon, shall appear thereon the following:

"Hetch Hetchy—To incur a bonded indebtedness in the sum of twenty-four million ($24,000,00) dollars for the construction and completion of a public utility, to-wit, aqueduct tunnels, pipelines and other structures and appurtenances, including lands necessary for the completion of the Lake Eleanor Tuolumne system, also known as the Hetch Hetchy project, for the conveying of water from the Tuolumne river and its tributaries, situated within the State of Cali-

fornia, to the City and County of San Francisco, for domestic and municipal purposes, to be used as an available source of a sufficient supply of good, pure water for said City and County and its inhabitants."

To vote for the proposition and thereby authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated herein stamp a cross (X) in the blank space to the right of the word "Yes." To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated herein stamp a cross (X) in the blank space to the right of the word "No."

YES	
NO	

Bonds issued for the acquisition, construction and completion of the public utility herein described shall bear interest at the rate of 4½ per centum per annum, payable semi-annually.

Section 6. Where voting machines are used at said special election the said voting machines shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word "Yes" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, and said act shall constitute a vote for the proposition, and by pulling down a lever over the word "No" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, shall constitute a vote against the proposition. Said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923.

Each cross (X) stamped in the square to the right of the word "Yes" appearing on the printed ballot, where printed ballots are used, shall constitute a vote in favor of and to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition, and each cross (X) stamped in the square to the right of the word "No" shall be counted as a vote not in favor of, and a refusal to authorize the incurring a bonded indebtedness for the purpose set forth in the proposition.

Section 7. The election precincts and the numbers, names and boundaries thereof for said special election, and the places of voting, and the officers to conduct such elections, and all other necessary proceedings in that behalf, shall be respectively defined, designated, selected, appointed and had by the Board of Election Commissioners of the City and County of San Francisco, and said Board is hereby authorized and directed to procure and provide all supplies that may be necessary to properly and lawfully conduct such special election.

When the polls are closed the officers of election shall count the ballots cast at such election, and canvass the votes cast, respectively, for and against the proposition herein stated, and make return thereof in time, form and manner required for the counting, canvassing and returning of votes cast at other municipal elections held in the City and County of San Francisco. The Board of Election Commissioners shall, as soon as the said returns and ballots have been received by said Board, canvass said returns and declare the result thereof in the manner provided by law for canvassing returns and declaring results in other elections, and shall also certify said results to the Board of Supervisors.

Section 8. If, at such special election, it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in said proposition, then such proposition shall be deemed to have been accepted by the electors, and bonds will be issued to defray the cost of the public utility described therein. Such bonds shall be of the form and character known as "serials." All of said bonds shall be dated July 1, 1928, shall bear interest at the rate of 4½ per centum per annum, payable semi-annually, shall be of the denomination of one thousand dollars each, and the principal and interest thereof shall be payable in gold coin of the United States. Said bonds shall be called "Hetch Hetchy Bond."

Bonds issued for the purpose stated shall be numbered from 1 to 24,000, both inclusive, and shall be payable six hundred thousand ($600,000) dollars thereof ten years from the date of said bonds, beginning with the lowest numbers,

and six hundred thousand ($600.000) dollars thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 9. Said bonds and coupons shall be in substantially the following form:

THE UNITED STATES OF AMERICA.
State of California.
City and County of San Francisco.
"Hetch Hetchy Bond."

No. —— $1,000.

For value received, the City and County of San Francisco, a municipal corporation organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer on the first day of ————, 19—, one thousand dollars, with interest thereon at the rate of 4½ per centum per annum, payable semi-annually, January 1 and July 1, on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County, or at the option of the holder, at the fiscal agency of said City and County of San Francisco in the City and State of New York.

This bond is issued under and pursuant to the Constitution and statutes of the State of California, and the Charter of said City and County of San Francisco, and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or Charter of said City and County, and that provision has been made, as required by the Constitution and statutes of said State and the Charter of said City and County, for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond, and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that this bond is registered in the name of the owner, and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter and from time to time this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor, and has caused the interest coupons hereto attached to be signed with the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of July, 1928.

Calling and Providing for a Special Election for the Acquisition of the Properties of the Spring Valley Water Company.

Bill No. 8458, Ordinance No. 7991 (New Series), as follows:

Calling and providing for a special election to be held in the City and County of San Francisco, on Tuesday, the 1st day of May, 1928, for the purpose of submitting to the voters of the City and County of San Francisco, a proposition to incur a bonded debt of the City and County of San Francisco to the amount of forty-one million ($41,000,000) dollars, for the acquisition, construction and completion of a public utility, to-wit, all of the property, or such portion thereof as may be deemed necessary, water rights, rights of way, storage reservoirs, water works, water supply, pumping plants, lands within and without the confines of the City and County of San Francisco that shall be deemed necessary, and distributing system of the Spring Valley Water Company, a public utility, now distributing water within the City and County of San Francisco, used or useful in supplying water to the City and County of San Francisco and to its inhabitants, to be owned and controlled by the City and County of San Francisco for supplying water to said City and County and to the inhabitants thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A special election is hereby called and ordered to be held in the City and County of San

Francisco on Tuesday, the 1st day of May, 1928, for the purpose of submitting to the electors of said City and County the following proposition, to-wit: To incur a bonded debt of the City and County of San Francisco to the amount of forty-one million ($41,000,000) dollars for the purpose of the acquisition, construction and completion of a public utility, to-wit: All of the property, or such portion thereof as may be deemed necessary, water rights, rights of way, storage reservoirs, water works, water supply, pumping plants, lands within and without the confines of the City and County of San Francisco that shall be deemed necessary, and distributing system of the Spring Valley Water Company, a public utility, now distributing water within the City and County of San Francisco, used or useful in supplying water to the City and County of San Francisco and to its inhabitants, to be owned and controlled by the City and County of San Francisco for supplying water to said City and County and to the inhabitants thereof.

Section 2. The estimated cost of the acquisition, construction and completion of the public utility described herein was, by plans and estimates of the Board of Public Works, procured through the City Engineer and filed with the Board of Supervisors on the 27th day of February, 1928, and was and is fixed by Resolution No. 28671 (New Series) in the sum of forty-one million ($41,000,000) dollars.

Section 3. By Resolution No. 28671 (New Series) it was declared that no part of the said sum of forty-one million ($41,000,000) dollars could be paid out of the annual revenue of the City and County in addition to the other necessary expenses thereof, or other funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt to the amount of forty-one million ($41,000,000) dollars for the purposes herein recited. The method and manner of payment of the estimated cost of said described public utility are by the issuance of bonds of the City and County of San Francisco to the amount required therefor and the application of the proceeds arising from the sale thereof to defray the cost of the acquisition, construction and completion of said public utility herein described.

Section 4. The special election hereby called and ordered to be held shall be held and conducted, and the votes thereat received and canvassed, and the returns thereof made, and the result thereof ascertained, determined and declared as herein provided and according to the laws of the State of California providing for and governing elections in the City and County of San Francisco, and the polls for such election shall be and remain open during the time required by said laws.

Section 5. The ballots to be used at said special election shall be such as may be required by law to be used thereat, and, in addition to any other matter required by law to be printed thereon, shall appear thereon the following:

"Spring Valley—To incur a bonded indebtedness in the sum of forty-one million ($41,000,000) dollars for the acquisition, construction and completion of a public utility, to-wit: All of the property, or such portion thereof as may be deemed necessary, water rights, rights of way, storage reservoirs, water works, water supply, pumping plants, lands within and without the confines of the City and County of San Francisco that shall be deemed necessary, and distributing system of the Spring Valley Water Company, a public utility, now distributing water within the City and County of San Francisco, used or useful in supplying water to the City and County of San Francisco and to its inhabitants, to be owned and controlled by the City and County of San Francisco for supplying good, pure water to said City and County and to the inhabitants thereof."

To vote for the proposition and thereby authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated herein stamp a cross (X) in the blank space to the right of the word "Yes." To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated herein stamp a cross (X) in the blank space to the right of the word "No."

YES	
NO	

Bonds issued for the acquisition, construction and completion of the public utility herein described shall bear interest at the rate of 4½ per

centum per annum, payable semi-annually.

Section 6. Where voting machines are used at said special election the said voting machines shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word "Yes" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, and said act shall constitute a vote for the proposition, and by pulling down a lever over the word "No" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, shall constitute a vote against the proposition. Said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923.

Each cross (X) stamped in the square to the right of the word "Yes" appearing on the printed ballot, where printed ballots are used, shall constitute a vote in favor of and to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition, and each cross (X) stamped in the square to the right of the word "No" shall be counted as a vote not in favor of, and a refusal to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition.

Section 7. The election precincts and the numbers, names and boundaries thereof for said special election, and the places of voting, and the officers to conduct such elections, and all other necessary proceedings in that behalf, shall be respectively defined, designated, selected, appointed and had by the Board of Election Commissioners of the City and County of San Francisco, and said Board is hereby authorized and directed to procure and provide all supplies that may be necessary to properly and lawfully conduct such special election.

When the polls are closed the officers of election shall count the ballots cast at such election, and canvass the votes cast, respectively, for and against the proposition herein stated, and make return thereof in time, form and manner required for the counting, canvassing and returning of votes cast at other municipal elections held in the City and County of San Francisco. The Board of Election Commissioners shall, as soon as the said returns and ballots have been received by said Board, canvass said returns and declare the result thereof in the manner provided by law for canvassing returns and declaring results in other elections, and shall also certify said results to the Board of Supervisors.

Section 8. If, at such special election, it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in said proposition, then such proposition shall be deemed to have been accepted by the electors, and bonds will be issued to defray the cost of the public utility described therein. Such bonds shall be of the form and character known as "serials." All of said bonds shall be dated July 1, 1928, shall bear interest at the rate of 4½ per centum per annum, payable semi-annually, shall be of the denomination of one thousand dollars each, and the principal and interest thereof shall be payable in gold coin of the United States. Said bonds shall be called "Spring Valley Bonds."

Bonds issued for the purpose stated shall be numbered from 1 to 41,000, both inclusive, and shall be payable one million ($1,000,000) dollars thereof two years from the date of said bonds, beginning with the lowest numbers, and one million ($1,000,000) dollars thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 9. Said bonds and coupons shall be in substantially the following form:

THE UNITED STATES OF AMERICA.
State of California.
City and County of San Francisco.
"Spring Valley Bond."

No. —— $1,000

For value received, the City and County of San Francisco ,a municipal corporation organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer on the first day of ————, 19—, one thousand dollars, with interest thereon at the rate of 4½ per centum per annum, payable semi-annually, January 1 and July 1, on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County,

or, at the option of the holder, at the fiscal agency of said City and County of San Francisco in the City and State of New York.

This bond is issued under and pursuant to the Constitution and statutes of the State of California, and the Charter of said City and County of San Francisco, and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or Charter of said City and County, and that provision has been made, as required by the Constitution and statutes of said State and the Charter of said City and County, for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond, and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that this bond is registered in the name of the owner, and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter and from time to time this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor, and has caused the interest coupons hereto attached to be signed with the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of July, 1928.

Privilege of the Floor.

Captain Matheson, representing the Chief of Police, was heard at length as to the necessity of the Police Department for additional space in the Hall of Justice.

Communication From Grand Jury.

The following was read by the Clerk:

March 22, 1928.

Honorable Board of Supervisors,
City Hall, San Francisco.

Gentlemen:

The committee of the Grand Jury on the Police Department, accompanied by Foreman John Whicher and Secretary Edward F. Baron, on this date made an inspection of the executive offices of the Department at the Hall of Justice.

After seeing the chaotic condition of this building, brought about by the congestion and crowding of all of the offices therein occupied by the personnel of the Police Department, the Grand Jury recommends that the entire fourth floor of the Hall of Justice be utilized for the executive offices of the Department.

We believe that a personal inspection by the members of the Board of Supervisors of the conditions at the Hall of Justice would not only verify the facts as above stated, but would bring their unanimous endorsement of this recommendation.

Yours very truly,

HARRY H. COSGRIFF,
Chairman Committee on Police Department.

Motion.

Supervisor Hayden, seconded by Supervisor Shannon, moved that, under the circumstances, rather than force this Board to embarrass any member of the Board (Supervisor Andriano, who asked to be excused from voting), and particularly not to embarrass the newly elected Supervisor, that this matter be laid over one week and made a Special Order for 11 a. m.

Motion *carried*.

The district attorney to be requested to attend.

Motion.

Supervisor Schmidt, seconded by Supervisor Shannon, moved that a "rider" be placed upon the lease cancelling the space not being used by the Grand Jury.

Referred to City Attorney.

PROPOSED CHARTER AMENDMENT.

Supervisor Marks moved that the following proposed Charter Amendment be submitted at the August election instead of the November election as heretofore ordered:

Charter Amendment No. XII-A.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by adding a new article thereto to be designated as Article XII-A, relating to the operation, maintenance, control and construction of municipally owned public utilities.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County, at the general primary election to be held on the 28th day of August, 1928, a proposal to amend the Charter as follows:

That a new article be added to said Charter to be designated Article XII-A, to read as follows:

ARTICLE XII-A.

Utilities Commission.

Section 1. The construction, management, supervision, maintenance, extension, operation and control of all public utilities and other properties, used, owned, acquired. leased or constructed by the City and County of San Francisco, as well as all extensions, additions and betterments thereto, for the purpose of supplying to the said City and County and to its residents and inhabitants, and to territory outside the limits of said City and County and to the residents and inhabitants thereof, with water, light, heat, power or transportation shall be exclusively vested in a Utility Commission of three members, anything in this Charter to the contrary notwithstanding. The Commission shall have power to make all rules and regulations not inconsistent with the provisions of this Article which it deems necessary or proper for the conduct of its business and the regulation of the matters herein committed to its charge. The Commission shall observe all City and County ordinances, and the regulation of the Department of Public Works relative to utility openings, in streets or public places, structures and poles in streets and other

public places, as well as all ordinances and regulations relative to barricades, construction lights, refilling excavations and replacing and maintaining street pavements; and in connection with all of such matters, the said Commission shall be subject to the same inspection rules and pay fees to the proper department in the same manner and at the same rates as any private person or corporation.

Appointment and Compensation.

Section 2. Members of the Utility Commission shall be appointed by the Mayor and said appointment shall be confirmed by the Board of Supervisors as herein provided, and may be removed from office in the same manner as elective officers of the City and County, and not otherwise. The terms of members of the Commission shall be six years from and after the date of their respective appointments, provided that the persons first appointed as members of said Commission shall by lot classify their respective terms of office so that the term of one of said Commissioners shall expire at twelve o'clock noon on the first Monday after the first day of January, 1931, and that the term of another of said Commissioners shall expire at twelve o'clock noon on the first Monday after the first day of January, 1933, and that the term of the third of said Commissioners shall expire at twelve o'clock noon on the first Monday after the first day of January, 1935, and upon the expiration of the term of each of said Commissioners, the Mayor shall appoint his successor to serve for the full term of six years from the said first Monday after the first day of January of said year in which said appointment is made. Vacancies occurring on said Commission from any cause shall be filled by appointment to be made in the same manner as are full-term appointments, provided that those appointed to fill a vacancy on said Commission shall serve only for the unexpired term of the person whom they succeed.

Appointments shall be made as follows: Within fifteen days after this amendment becomes effective, the Mayor shall appoint the three members of said Commission, and shall at the meeting of the Board of Supervisors held next after making said appointment submit in writing to the said Board the names of the persons appointed to said Commission, and the said Board shall by a vote of a majority of all of its members at a meeting of said Board to be held within thirty days thereafter, by resolution confirm or reject the appointment of any or all of said persons so appointed. Should said appointment or appointments be confirmed as aforesaid by said Board of Supervisors said person or persons so confirmed shall become a member or members of said Commission for the respective term for which they may have been appointed, but should said persons or any of them be rejected by said Board, the said Board shall cause written notice of its action to be given to the Mayor, who shall within fifteen days thereafter make a new appointment or appointments in the place or places of the one or ones failing to receive the confirmation of said Board of Supervisors, and in writing certify said appointment or appointments to said Board, and said Board shall either confirm or reject said appointment or appointments as hereinbefore set forth. That in filling any vacancy occurring on said Commission either by resignation, expiration of term, or otherwise, the same procedure shall be had by the Mayor and by the Board of Supervisors as in the case of original appointment. That should the said Board of Supervisors fail or neglect, for a period of thirty days after receiving written notice from the Mayor of any appointment or appointments to said Commission, to reject said appointment or appointments the said failure shall be deemed to be a confirmation of said appointment or appointments. That during the time intervening between the appointment of a member of said Commission and his rejection by the Board of Supervisors, he shall be deemed to be a member of said Commission and shall be vested with all of the powers incident thereto. Any person appointed to said Commission whose appointment shall be rejected by said Board of Supervisors, shall not be eligible for appointment to said Commission for one year after said rejection.

The compensation of members of said Commission shall be twenty dollars for each meeting of the Commission, or of a committee thereof actually attended by said members, provided that the aggregate amount paid to any member for his service as a member of said Commission shall not exceed two thousand dollars per year. Each member of the Commission shall

furnish and file an official bond in the sum of twenty-five thousand dollars, duly conditioned as in this Charter elsewhere provided. The premium on said bonds so furnished as well as the compensation to be paid to the members of said Commission shall be paid out of public utility revenues.

Organization and Meetings.

Section 3. Immediately after it is first constituted and thereafter on the first Monday after the first day of January of each year, the Utility Commission shall meet for the purpose of organization. At such meeting the Commission shall elect one of its members as president, who shall hold such office for the ensuing year and until the election of his successor. The Commission shall thereafter hold regular weekly public meetings at a designated time and place. The Commission shall adopt its own rules of procedure and shall keep a record of its proceedings and the name of each member attending each meeting held. A majority of the Commission shall constitute a quorum for the transaction of business. The Commission may appoint a secretary, subject to the civil service provisions of this Charter and shall prescribe the duties of such secretary and fix his compensation. Special meetings may be called by the president or by two members of the Commission on twelve hours' written notice, which shall be served personally on each member or left at his usual place of residence, which notice shall state the subject to be considered at the special meeting, and no other subject shall be there considered.

Subordinates, Assistants and Employees, and Their Compensation.

Section 4-a. The Commission shall appoint a Manager of Utilities, who shall be the chief executive and administrative official of the Commission, and may create such departments or bureaus as it deems necessary, and appoint a submanager or directing head of each of said departments or bureaus. The Manager of Utilities need not at the date of his appointment be a resident of the City and County of San Francisco, and said manager, as well as the managers of said bureaus or departments, shall not be subject to the civil service provisions of the Charter, and shall hold office at the pleasure of the Commission. The Manager of Utilities shall, subject to the control of the Commission, have the management of all public utilities operated, owned or controlled by the City and County, and each submanager or directing head of each bureau or department shall have sole executive control of his department and subordinates.

b. The Commission may also, subject to the civil service provisions of the Charter, appoint an auditor and prescribe his duties; provided that nothing herein contained shall be construed as abrogating or interfering with the authority and control under the Charter of the City Auditor and City Treasurer over the receipt and disbursement of public funds which may come under the Commission's jurisdiction; provided, further, that all demands on funds in the City and County Treasury which are placed under the jurisdiction of the Utility Commission by the provisions of this article shall require the approval of the Commission, which shall be evidenced by the signatures of its secretary and auditor, or of such other officials of each utility as the Commission may designate before being allowed by the City and County Auditor and paid by the Treasurer.

c. The Commission shall appoint such other employees, subordinates and assistants as may be necessary for the proper conduct of the affairs and properties hereby committed to said Commission, and all of such appointments shall be made in conformity with, and the appointees shall be entitled to the benefit of the provisions of Article XIII of the Charter, except as in this article specifically excepted. All employees of the Board of Public Works who are engaged in public utility work at the time this amendment becomes effective shall be taken over by the Commission, under the classification now held by them, or under classification equivalent thereto, and all employees employed in the operating service of any public utility which may be or may have been acquired by the City and County shall be governed by the provisions of Subsection 2, Subdivision B of Section 11 of Article XIII of the Charter. Provided, that employees engaged in construction work outside of the limits of the City shall be exempt from civil service regulations, and all employees whose duties are performed outside of the limits of the City and County shall not be sub-

ject to the Charter provisions regarding residence within said City and County; and provided further, that the Manager of Utilities and the submanager or directing head of each department or bureau may appoint one personal secretary or confidential clerk who shall not be subject to the civil service provisions of the Charter; and provided further, that said civil service provisions of the Charter shall not apply to persons employed for temporary service in positions requiring high technical skill.

d. The salaries, wages or other compensation of all persons employed by the Commission or engaged in work under its direction shall be fixed by the Commission, and the Commission may also fix and determine working conditions of said employees, provided that all regulations provided by law and by this Charter relative to hours of labor shall apply to all employees of said Commission.

e. The Commission may require a bond in such amount as it shall deem proper, from any employee, which said bond shall be duly conditioned for the faithful performance of the duties of such employee, and the Commission may provide that the premium on said bond be paid out of the revenues of the particular utility in which said employee is serving, and where said employee is rendering service to more than one utility, the cost of said bond shall be equitably prorated among the utilities receiving the benefit of said service.

Powers and Duties of Managers and Department Heads.

Section 5-a. The Manager of Utilities shall possess the necessary executive, administrative and technical qualifications, and shall hold office and may be removed at the pleasure of the Commission. He shall have full power to administer the affairs of his department as chief executive officer, and may with the consent of the Commission act as the head of any department or bureau created by the Commission. He shall, when possible, attend all meetings of the Commission, and shall at least once in each month, and more frequently if required by the Commission, make a report in writing to the Commission of all matters connected with the work of the Commission. He shall execute all orders of the Commission when directed to do so and supervise the work of all departments under the jurisdiction of the Commission. He may suspend any employee of the Commission save the secretary and auditor, for cause or for disciplinary purposes, and shall report said suspension and the reasons therefor to the Commission at its meeting immediately following said suspension, and said Commission may on the report of said manager order that charges be filed against said person so suspended, or may continue said suspension in force for a period of not more than thirty days from the date thereof, for disciplinary purposes and said order as to said suspension shall be final. Should charges be ordered filed against said suspended employee, the said Manager shall file the same, and the same shall be heard and determined by the Commission, after reasonable opportunity to the accused to be heard, and all of Article XIII of the Charter relative to trials and appeals shall apply to said hearing. Provided, however, that any and all employees who are not entitled to the benefits of said Article XIII may be dismissed by the Commission or by the Manager on the order of the Commission without trial.

b. Submanagers and department heads shall possess the necessary executive and technical qualifications to qualify them for their respective departments or bureaus, and shall conduct the affairs of their respective bureaus or departments under the order and direction of the Manager of Utilities, and shall as often as required by said Manager or by the Commission make reports in writing to said Manager or to the Commission on all matters pertaining to said departments.

Legal Department.

Section 6. The City Attorney shall be the legal adviser of the Commission and shall render such legal advice and services as the Commission may deem necessary, and shall prosecute and defend, as the Commission may require, any and all actions and proceedings involving matters under its jurisdiction. He shall have authority, with the prior approval of the Commission, to compromise, settle or dismiss any litigation or proceedings which may be pending for, or on behalf, or against said Commission relative to any matter or property under its jurisdiction.

The City Attorney shall detail such assistants or deputies as may be necessary to conduct the legal

work of said Commission, and the compensation of said deputies and assistants so detailed shall be fixed by the Commission and shall be paid from the revenues of the utilities under the jurisdiction of said Commission, and said deputies or assistants so detailed shall be in addition to those now allowed to said City Attorney by the Charter or ordinance.

Purchases and Contracts.

Section 7. The Commission shall have power to make contracts for work, supplies, materials or equipment when the cost of these can be met from current public utility revenues or from other moneys appropriated for the use of the Commission by the Board of Supervisors or from the proceeds of bonds authorized for the construction or acquisition of public utilities. The Manager of Utilities shall have the power to make requisition for or order supplies, material or equipment required for the operation or maintenance of any utility under the control of the Commission; and, on the recommendation of the Manager of Utilities, the Commission may, by resolution, delegate such power with such restrictions as it may deem necessary, to the directing head of each utility.

The Commission shall organize a purchasing department. All materials, supplies and equipment shall be purchased under contract; provided, however, that upon the certification of the head of a utility that the necessities of construction or operation so require, and with the approval of the Manager of Utilities, the materials, supplies or equipment may be purchased in the open market at the lowest price obtainable. The Commission shall also have the right to call upon the general purchaser of supplies of the City and County government for the purchase of supplies which are included within the general supply contracts of the City and County, payment for the same to be made out of appropriate public utility funds.

The Commission, on the recommendation of the Manager of Utilities, may authorize the sale or transfer of any materials, supplies or equipment under its control when no longer used or useful for its purposes, and the proceeds of said sale or transfer shall be placed to the credit of the utility controlling the same.

All construction work shall be done by public contract unless the Commission upon recommendation of the Manager of Utilities shall determine that the work in question can be more advantageously carried on by the Commission's employees.

The Commission may prescribe rules of procedure which it shall follow in letting contracts for the purchase of materials, supplies and equipment and for construction work and amend the same from time to time as it may deem proper; provided, that such rules shall provide for not less than five days' public advertisement, for sealed bids on such contracts, for the award of contracts to the lowest responsible bidder, and shall require of all contractors adequate surety bonds in an amount to be fixed by the Commission in each case for the protection of the City and County in the performance of such contracts and for the protection of all persons, firms or corporations furnishing labor or materials in connection with the same. Suitable provision may also be made for the rejection of all bids and readvertisement and for the rejection of the proposal of any bidder, who in the opinion of the Commission is not competent to fulfill the contract if awarded. All contracts shall be signed by the president or acting president, and secretary or acting secretary of the Commission.

Additions, Betterments and Extensions.

Section 8. The Commission shall locate and determine the character and type of all construction and additions, betterments and extensions to utilities under its control, and shall determine the policy for such construction or the making of such additions, betterments and extensions out of public funds under its jurisdiction; provided, that in each such case it shall secure the recommendation of the Manager of Utilities, which recommendation shall be presented in writing and shall include analyses of cost, service and estimated revenues of all proposed or feasible alternatives in cases where it is deemed that such alternatives exist.

Accounts, Revenues and Expenditures.

Section 9. Proper accounts shall be maintained in the form prescribed by the State Railroad Commission for public utilities of like character, and other necessary accounts, and accounting forms and procedure shall be maintained as prescribed by the Commission. Such accounts shall be kept separately

for each utility under the control of the Commission. Monthly statements of receipts and expenditures shall be submitted to the Board of Supervisors by the Utility Commission, not later than its second regular meeting in the next succeeding month. Annual reports in the form required by the Railroad Commission of the State for privately-owned utilities of like character shall be prepared separately for each utility and filed with the Board of Supervisors and in the office of the Utility Commission. Such reports shall contain such other information, and be in such detail, as the Board of Supervisors may request, and shall be printed by the Commission for public distribution. The salaries and general expenses of the Commission, not chargeable to a specific utility, shall be apportioned fairly among the utilities under its charge, in such manner as the Commission shall deem proper.

Budget and Appropriations.

Section 10. The Manager of Utilities shall, not later than April 15th of each year, file with the Utility Commission a budget estimate for the ensuing fiscal year, of anticipated revenues and needed appropriations, separately for each utility or service under the control of the Commission. These shall be submitted in such detail as to furnish a basis and guide for accounting and expenditures during the succeeding fiscal year. The Commission may modify such budget estimates in any manner that it may deem proper and shall by public advertisement give all interested persons an opportunity to be heard at one or more meetings of the Commission, with reference to the amounts and purposes of expenditure to be included in such budget. Upon completion of said hearings the Commission shall by resolution adopt a budget for each utility under its jurisdiction and transmit a copy thereof to the Clerk of the Board of Supervisors and another copy to the Mayor. After adoption of said budget, expenditures for the fiscal year covered thereby shall not be in excess of the budget appropriations for the respective items thereof. Under no circumstances shall the budget of any utility include a total of items of expenditure and reserves in excess of the estimated revenues to be derived from said utility during the succeeding fiscal year, unless after written request to the Board of Supervisors from the Commission, the latter tribunal shall authorize by ordinance a specified amount to be transferred to the Commission's jurisdiction from appropriate municipal funds under control of the Board of Supervisors; provided, also, that this limitation on expenditures shall not apply to expenditures for new construction or acquisitions which may be lawfully paid out of the proceeds of bond sales or accumulated surpluses under the Commission's jurisdiction. The funds of one utility shall not be diverted to any other utility, but if a surplus is accumulated out of the revenues of a given utility in excess of the maximum surplus which may be lawfully retained to its credit as in this article provided, such surplus shall automatically pass to and become part of the General Fund of the City and County and shall be so credited on the books of the Commission and of the City and County Auditor; provided that the Commission may with the consent of all of its members adopt a program for the accumulation of a surplus to cover a period not exceeding ten years, for the purpose of financing extensions and additions to existing utilities out of said accumulation, and when such program is adopted by said Commission, no transfer of surplus to the General Fund shall be made until said surplus fund exceeds the total sum estimated in said program as being necessary for such extensions or additions; provided that no funds accumulated from one utility shall be used for financing extensions or additions to another, and provided further that when said program is adopted pursuant to the consent of said Commission, and a fund or any part thereof is accumulated, neither said fund nor any part thereof shall be used for any purpose other than that provided for in said program without the approval of the Board of Supervisors expressed by ordinance authorizing such other use.

Bond Sales.

Section 11. The Utility Commission is hereby vested with full and exclusive authority to sell or order the sale of bonds which have heretofore been or may hereafter be authorized by the voters of the City and County for the acquisition, construction, extension or completion of any public utility or utilities; provided, that such sale shall otherwise be conducted in accordance with the procedure specified by this Charter for the sale of bonds. For the purpose of such sales the Secretary of the Commission is hereby vested with the authority and duties conferred upon the Clerk of the

Board of Supervisors by Section 10 of Article XII of this Charter and the Commission is authorized to perform all acts and exercise all powers conferred upon the Board of Supervisors and the Mayor by Article XII of the Charter, with reference to the sale of such public utility bonds, and where the concurrence of fourteen votes of the Supervisors is required, such act shall require the unanimous vote of the Commission. Each of such public utility bonds shall be signed by the Mayor, the President of the Utility Commission and the City Treasurer, and shall be countersigned by the City Auditor. The signature of the Mayor and the President of the Public Utility Commission may be by facsimile. The provisions of Section 11a of Article XII of the Charter shall apply to all such signatures.

Provision for Interest and Sinking Fund.

Section 12. Notwithstanding any other provision of this Charter, where bonds have been authorized for the acquisition, construction or completion of a public utility or of extensions thereto, and have been sold by the Commission, interest which may become due on said bonds during the actual period of construction of said utility, or of extensions to an existing utility as the case may be, and during the period of six months immediately following the completion of the same, may by a unanimous vote of the Commissioners be ordered paid out of the proceeds of sale of the bonds authorized and sold for such construction purposes. No sale of bonds shall be made by the Commission when there are insufficient revenues on hand in the Treasury to the credit of the bond interest and redemption fund of the utility for which said bonds have been authorized from which to meet the interest and redemption charges on said bonds during the ensuing twelve months, unless and until the Board of Supervisors shall authorize such sale by ordinance, or, unless and until the Commission shall have appropriated and set aside out of the proceeds to be realized from the sale of said bonds a sum sufficient to meet the interest and sinking fund requirements as hereinabove provided for; provided, further, that nothing contained in this section shall in any way relieve the City and County from liability to the holders of said bonds for the payment of interest and principal thereof when and as the same become due, and in the event of any failure, refusal or neglect on the part of the Commission to make provision for payment of bond interest and redemption as hereinabove provided for, they shall be forthwith removed from office and the Board of Supervisors shall provide for the same as required under Sections 12 and 13 of Article XII of said Charter, and subject to the penalties prescribed in said sections.

Operating Expenses and Reserves.

Section 13. The receipts from each utility operated by the Commission shall be paid daily into the City Treasury and maintained in a special fund set aside for such utility. The Commission may from time to time make appropriations from said fund to the following purposes, in the order named, viz.:

(a) For payment of the operating expenses of such utility, including pension charges and compensation insurance;

(b) For repairs and maintenance;

(c) For depreciation and accident reserves as hereinafter described;

(d) For payment of interest and sinking fund on the bonds issued for the acquisition or construction of such utility and extensions thereto;

(e) For reserve funds out of which to construct or acquire extensions and betterments to said utility;

(f) For a surplus reserve.

Whenever said surplus reserve shall amount to the equivalent of the estimated operating expenses, reserve allotments and interest charges for the current fiscal year, the excess shall be subject to automatic transfer to the General Fund, as provided in Section 10 hereof, and subject to the exception therein mentioned.

The Commission shall maintain pension and compensation insurance accounts for each utility, and shall cause an estimate to be made annually of the proper reserves required for each such account, and any surpluses in any such account may be transferred to the surplus account of the utility concerned.

The Commission shall, on the written recommendation of the Manager of Utilities, which recommendation shall be based on an appraisal of the life of the several classes of property for each utility, determine the amount of a reasonable depreciation reserve for each utility to be set up out of the reve-

nues of such utility to provide for depreciation and obsolescence as they accrue. There shall be credited monthly to the depreciation reserve for each utility, one-twelfth of the amount required annually, as so determined. Pending such appraisal, the monthly appropriations to be made to the depreciation reserve shall be at the rate of not less than four per cent per annum of the historical cost of the utility. Such depreciation reserves shall be used only for replacement due to depreciation or obsolescence; provided, however, that every five years the Commission shall cause a reappraisal to be made of depreciation reserves, replacement expenditures therefrom, and probable useful life of each of the several kinds of property, and on the basis of such reappraisal may increase or diminish the amount to be appropriated to the depreciation reserve.

The Commission shall cause a reasonable accident reserve to be created for each utility by monthly credits thereto from the revenues of such utility, and shall reappraise this at five-year intervals, and may increase or diminish the amount of payments thereto on the basis of such reappraisal. The accident reserve fund for every utility shall be used only for the payment of accident and damage claims against such utility.

Rates.

Section 14. The Commission shall have the power to fix and adjust rates or fares for the furnishing of public utility service by the City and County; to collect, and by appropriate means, including the discontinuation of service to delinquent consumers, or by civil action in the name of the City and County, enforce the collection of such rates and charges; and to adjust and settle all complaints and claims of consumers or the public with reference to service credits or refunds; provided, that such rates may be fixed at varying scales, for different classes of service or consumers, which said rates must include rates for services rendered any department or other utilities of the City and County, the aggregate revenue from which for each specific utility shall represent not less than the actual total cost of the service of that utility as determined by the Commission; provided further, that when the Utility Commission on the basis of a financial analysis in writing by the Manager of Utilities, may recommend to the Board of Supervisors a scale of rates under which estimated aggregate revenue from a specific utility may represent less than the actual cost of the service rendered by such utility, the Board of Supervisors, by a two-thirds vote of all members, may authorize such scale of rates, and must, at the same time, specify the manner in which the estimated annual operating deficits will be met. Such rate schedule may then be adopted by the Commission. The Commission may provide for the rendition of utility services without the limits of the City and County at rates which may include proportionate compensation for interest during construction of the utility which may have been paid out of the revenues derived from taxation in the City and County. Services rendered by any other City and County department to any publicly-owned utility under the jurisdiction of the Commission shall be paid for by the Commission at cost, out of the revenues of the utility served. Rates for services rendered by any publicly-owned utility to the City and County or any department thereof or to any other utility of the City and County, shall be paid into the fund of the specific utility rendering such services, out of appropriate funds of the City and County, or of the department or utility using such services.

Lease and Sale of Lands.

Section 15. The Commission may, with the approval of the Board of Supervisors, lease, for purposes not in conflict with public utility uses, any lands controlled by it or placed in its charge, for terms not exceeding ten years. The Commission may, in the name of the City and County, acquire and take by purchase, lease, condemnation or otherwise, and hold any or all property situated within or without the limits of the City and County that it may determine to be necessary for the construction, maintenance, extension or operation of the works under its jurisdiction and control. It shall be the duty of the Board of Supervisors upon its receipt of a resolution of the Commission that the acquisition of any property or properties is necessary for the conduct, operation, maintenance or extension of any utility under the jurisdiction of the Commission to take the necessary legislative action by resolution or ordinance determining that public interest and necessity require the taking of said property or properties for the pur-

ose specified in said resolution of aid Commission and that said roperty or properties are neces- ary for said utility, and the said esolution of said Commission shall e deemed to be conclusive proof o the Board of Supervisors as to he necessity of said property for he said use specified therein.

The Commission may with the rior approval of the Board of Su- ervisors, expressed by ordinance, n terms to be expressed in said rdinance, sell such lands or other roperty under its control as are o longer used or useful for its urposes, or may, upon like author- ty, transfer such lands or other roperty to any other department f the City and County government, pon there being transferred to the pecial fund of the utility con- erned such funds as will represent roper and adequate consideration or the land or other property trans- erred, as determined in the ordi- ance authorizing the same. The ommission shall have full power nd authority to enter into such rrangements and agreements as it hall deem proper for the joint use with any other person, firm or cor- oration owning the same, or hav- ng jurisdiction of the same, of oles, conduits, towers, stations, queducts, reservoirs and tracks for he operation of any of the utilities nder its jurisdiction, and may nake such arrangements as it shall eem proper for the exchange of ransfer privileges with any pri- vately-owned transportation com- pany or system which will tend for the bettrement of its service.

Pensions.

Section 16. All employees of the utilities under the jurisdiction of the Commission shall be entitled to the benefits of the provisions of Article XVII of the Charter, rela- tive to the retirement of aged and disabled employees, and for the pur- pose of enjoying the benefits pro- vided for in said article all em- ployees of said utilities shall be deemed to be public employees of the City and County, and all amounts to be contributed to said fund to equal the amounts con- tributed by said employees thereto shall be paid from the particular utility to which said employee is attached, and should any employee be rendering service to more than one utility, the amount contributed to equal said employee's contribu- tion shall be divided among the utilities in which he is serving, in such proportion as the Commission shall determine.

Additional Powers.

Section 17. Nothing in this article contained shall be construed to be a limitation upon the power which may be conferred upon said Utility Commission or upon the powers which may be exercised by said Commission, and the Board of Supervisors, by ordinance adopted in the manner provided in the Charter, may confer additional and other powers on said Commission incident to those herein conferred, and may place under the control of said Commission the duty of light- ing all public streets, lanes, places, parks and public buildings, any other provision of the Charter to the contrary notwithstanding.

Deposit of Surplus Money.

Section 18. At any time that there is on deposit in the office of the Treasurer of the City and County funds belonging to said Commission or to the utilities un- der its control, in an amount greater than is necessary for the immediate needs of said utilities, the said Treasurer shall, upon the direction of the Commission, offer so much of said funds as said Com- mission shall direct for deposit in such bank or banks as shall accept the same, said deposits to be made only upon the security provided for in and pursuant to the provisions of Section 2, Chapter III of Article IV of the Charter, and all interest received by the said Treasurer upon the said funds so deposited shall be credited to the particular utility to which the said funds de- posited may belong.

Constitutionality.

Section 19. If any section, sub- section, sentence, clause or phrase of this article is for any reason held to be unconstitutional or in- valid, such decision shall not affect the validity of the remaining por- tions of this article. The people of the City and County of San Fran- cisco hereby declare that they would have ratified and adopted and the Legislature hereby declares that it would have approved this article and each section, subsection, sentence, clause and phrase thereof as an amendment to the Charter of the City and County of San Fran- cisco, irrespective of the fact that any one or more other sections, sub- sections, sentences, clauses or phrases be declared unconstitu- tional.

Name and Service of Process.

Section 20. The Commission created herein shall be known as "Utility Commission of San Francisco" and may sue or be sued under said name. Service of process in all matters affecting said Commission, or the utilities under its jurisdiction, may be made by service upon any one Commissioner and on the Secretary of said Commission.

Repeal of Conflicting Provisions.

Section 21. All provisions of the City Charter in conflict with this article are superseded by the provisions hereof to the extent of such conflict. Subdivision 8 of Section 9 of Chapter I of Article VI and Section 16 of Article XII of this Charter are hereby repealed. All functions now required to be performed under Article XII of the Charter by the Board of Public Works shall, upon ratification of this amendment, devolve upon and be performed thereafter by the Utility Commission. All duties required to be performed by the City Engineer under the provisions of Article VI and Article XII, in so far as they relate to public utilities, shall, upon ratification of this amendment, devolve upon and be performed by the Manager of Utilities herein provided for.

PRESENTATION OF PROPOSALS.

Sale of Hetch Hetchy Water Bonds.

Sealed bids for the purchase of certain bonds of the City and County of San Francisco, State of California, were received by the Board of Supervisors up to the hour of 3 o'clock p. m. on Monday, March 26, 1928, and were opened by said Board at said time.

The bonds offered are described as follows:

Two million six hundred thousand dollars five per cent Hetch Hetchy Water Bonds, Issue of January 1, 1925, comprising 65 bonds of $1,000 denomination, maturing each year from 1930 to 1969, inclusive.

The said described bonds bear interest at the rate of five per centum per annum, payable semi-annually and shall not be sold at a price less than the par value thereof, together with accrued interest thereon to date of delivery.

Bidders may bid for the whole or part of the bonds here offered, and when a less amount of the whole amount offered is bid on, the bidder shall state the year or years of maturity thereof.

The bonds offered are tax exempt State and Federal.

Delivery of the bonds to the purchaser will be made within ten days from the date of award, or within such time thereafter as may be agreed upon by the purchaser and the Finance Committee of the Board of Supervisors.

All proposals for the purchase of such bonds shall be accompanied by a deposit of five per cent of the amount bid, in lawful money of the United States, or by a deposit of certified check payable to J. J. Dunnigan, Clerk of the Board of Supervisors of the City and County for a like sum, provided that no deposit need exceed the sum of $10,000, and that no deposit need be given by the State of California which money or check shall be forfeited by the bidder in case he fails to accept and pay for the bonds bid for by him if his bid is accepted.

The approval of Thomson, Wood & Hoffman, attorneys, New York as to the legality of these bonds is on file in the Clerk's office.

This notice is given pursuant to the direction of a resolution of the Board of Supervisors adopted February 27, 1928.

SPECIAL ORDER—10 A. M.

Motion.

Supervisor Marks, seconded by Supervisor Havenner, moved submission of the following proposed Charter amendment to the electors at the general primary election to be held on the 28th day of August, 1928:

Charter Amendment No. XII-A.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by adding a new article thereto to be designated as Article XII-A, relating to the operation, maintenance, control and construction of municipally owned public utilities.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County, at the general primary election to be held on the 28th day of August, 1928, a proposal to amend the Charter as follows:

That a new article be added to said Charter to be designated Article XII-A, to read as follows:

ARTICLE XII-A.

Utilities Commission.

Section 1. The construction, management, supervision, maintenance, extension, operation and control of all public utilities and other properties, used, owned, acquired, leased or constructed by the City and County of San Francisco, as well as all extensions, additions and betterments thereto, for the purpose of supplying to the said City and County and to its resi-

dents and inhabitants, and to territory outside the limits of said City and County and to the residents and inhabitants thereof, with water, light, heat, power or transportation shall be exclusively vested in a Utility Commission of three members, anything in this Charter to the contrary notwithstanding. The Commission shall have power to make all rules and regulations not inconsistent with the provisions of this Article which it deems necessary or proper for the conduct of its business and the regulation of the matters herein committed to its charge. The Commission shall observe all City and County ordinances, and the regulation of the Department of Public Works relative to utility openings, in streets or public places, structures and poles in streets and other public places, as well as all ordinances and regulations relative to barricades, construction lights, refilling excavations and replacing and maintaining street pavements; and in connection with all of such matters, the said Commission shall be subject to the same inspection rules and pay fees to the proper department in the same manner and at the same rates as any private person or corporation.

Appointment and Compensation.

Section 2. Members of the Utility Commission shall be appointed by the Mayor and said appointment shall be confirmed by the Board of Supervisors as herein provided, and may be removed from office in the same manner as elective officers of the City and County, and not otherwise. The terms of members of the Commission shall be six years from and after the date of their respective appointments, provided that the persons first appointed as members of said Commission shall by lot classify their respective terms of office so that the term of one of said Commissioners shall expire at twelve o'clock noon on the first Monday after the first day of January, 1931, and that the term of another of said Commissioners shall expire at twelve o'clock noon on the first Monday after the first day of January, 1933, and that the term of the third of said Commissioners shall expire at twelve o'clock noon on the first Monday after the first day of January, 1935, and upon the expiration of the term of each of said Commissioners, the Mayor shall appoint his successor to serve for the full term of six years from the said first Monday after the first day of January of said year in which said appointment is made. Vacancies occurring on said Commission from any cause shall be filled by appointment to be made in the same manner as are full-term appointments, provided that those appointed to fill a vacancy on said Commission shall serve only for the unexpired term of the person whom they succeed.

Appointments shall be made as follows: Within fifteen days after this amendment becomes effective, the Mayor shall appoint the three members of said Commission, and shall at the meeting of the Board of Supervisors held next after making said appointment submit in writing to the said Board the names of the persons appointed to said Commission, and the said Board shall by a vote of a majority of all of its members at a meeting of said Board to be held within thirty days thereafter, by resolution confirm or reject the appointment of any or all of said persons so appointed. Should said appointment or appointments be confirmed as aforesaid by said Board of Supervisors said person or persons so confirmed shall become a member or members of said Commission for the respective term for which they may have been appointed, but should said persons or any of them be rejected by said Board, the said Board shall cause written notice of its action to be given to the Mayor, who shall within fifteen days thereafter make a new appointment or appointments in the place or places of the one or ones failing to receive the confirmation of said Board of Supervisors, and in writing certify said appointment or appointments to said Board, and said Board shall either confirm or reject said appointment or appointments as hereinbefore set forth. That in filling any vacancy occurring on said Commission either by resignation, expiration of term, or otherwise, the same procedure shall be had by the Mayor and by the Board of Supervisors as in the case of original appointment. That should the said Board of Supervisors fail or neglect, for a period of thirty days after receiving written notice from the Mayor of any appointment or appointments to said Commission, to reject said appointment or appointments the said failure shall be deemed to be a confirmation of said appointment or appointments. That during the time intervening between

the appointment of a member of said Commission and his rejection by the Board of Supervisors, he shall be deemed to be a member of said Commission and shall be vested with all of the powers incident thereto. Any person appointed to said Commission whose appointment shall be rejected by said Board of Supervisors, shall not be eligible for appointment to said Commission for one year after said rejection.

The compensation of members of said Commission shall be twenty dollars for each meeting of the Commission, or of a committee thereof actually attended by said members, provided that the aggregate amount paid to any member for his service as a member of said Commission shall not exceed two thousand dollars per year. Each member of the Commission shall furnish and file an official bond in the sum of twenty-five thousand dollars, duly conditioned as in this Charter elsewhere provided. The premium on said bonds so furnished as well as the compensation to be paid to the members of said Commission shall be paid out of public utility revenues.

Organization and Meetings.

Section 3. Immediately after it is first constituted and thereafter on the first Monday after the first day of January of each year, the Utility Commission shall meet for the purpose of organization. At such meeting the Commission shall elect one of its members as president, who shall hold such office for the ensuing year and until the election of his successor. The Commission shall thereafter hold regular weekly public meetings at a designated time and place. The Commission shall adopt its own rules of procedure and shall keep a record of its proceedings and the name of each member attending each meeting held. A majority of the Commission shall constitute a quorum for the transaction of business. The Commission may appoint a secretary, subject to the civil service provisions of this Charter and shall prescribe the duties of such secretary and fix his compensation. Special meetings may be called by the president or by two members of the Commission on twelve hours' written notice, which shall be served personally on each member or left at his usual place of residence, which notice shall state the subject to be considered at the special meeting, and no other subject shall be there considered.

Subordinates, Assistants and Employees, and Their Compensation.

Section 4-a. The Commission shall appoint a Manager of Utilities, who shall be the chief executive and administrative official of the Commission, and may create such departments or bureaus as it deems necessary, and appoint a submanager or directing head of each of said departments or bureaus. The Manager of Utilities need not at the date of his appointment be a resident of the City and County of San Francisco, and said manager, as well as the managers of said bureaus or departments, shall not be subject to the civil service provisions of the Charter, and shall hold office at the pleasure of the Commission. The Manager of Utilities shall, subject to the control of the Commission, have the management of all public utilities operated, owned or controlled by the City and County, and each submanager or directing head of each bureau or department shall have sole executive control of his department and subordinates.

b. The Commission may also, subject to the civil service provisions of the Charter, appoint an auditor and prescribe his duties; provided that nothing herein contained shall be construed as abrogating or interfering with the authority and control under the Charter of the City Auditor and City Treasurer over the receipt and disbursement of public funds which may come under the Commission's jurisdiction; provided, further, that all demands on funds in the City and County Treasury which are placed under the jurisdiction of the Utility Commission by the provisions of this article shall require the approval of the Commission, which shall be evidenced by the signatures of its secretary and auditor, or of such other officials of each utility as the Commission may designate before being allowed by the City and County Auditor and paid by the Treasurer.

c. The Commission shall appoint such other employees, subordinates and assistants as may be necessary for the proper conduct of the affairs and properties hereby committed to said Commission, and all of such appointments shall be made in conformity with, and the appointees shall be entitled to the benefit of the provisions of Article XIII of the Charter, except as in this article specifically ex-

cepted. All employees of the Board of Public Works who are engaged in public utility work at the time this amendment becomes effective shall be taken over by the Commission, under the classification now held by them, or under classification equivalent thereto, and all employees employed in the operating service of any public utility which may be or may have been acquired by the City and County shall be governed by the provisions of Subsection 2, Subdivision B of Section 11 of Article XIII of the Charter. Provided, that employees engaged in construction work outside of the limits of the City shall be exempt from civil service regulations, and all employees whose duties are performed outside of the limits of the City and County shall not be subject to the Charter provisions regarding residence within said City and County; and provided further, that the Manager of Utilities and the submanager or directing head of each department or bureau may appoint one personal secretary or confidential clerk who shall not be subject to the civil service provisions of the Charter; and provided further, that said civil service provisions of the Charter shall not apply to persons employed for temporary service in positions requiring high technical skill.

d. The salaries, wages or other compensation of all persons employed by the Commission or engaged in work under its direction shall be fixed by the Commission, and the Commission may also fix and determine working conditions of said employees, provided that all regulations provided by law and by this Charter relative to hours of labor shall apply to all employees of said Commission.

e. The Commission may require a bond in such amount as it shall deem proper, from any employee, which said bond shall be duly conditioned for the faithful performance of the duties of such employee, and the Commission may provide that the premium on said bond be paid out of the revenues of the particular utility in which said employee is serving, and where said employee is rendering service to more than one utility, the cost of said bond shall be equitably prorated among the utilities receiving the benefit of said service.

Powers and Duties of Managers and Department Heads.

Section 5-a. The Manager of Utilities shall possess the necessary executive, administrative and technical qualifications, and shall hold office and may be removed at the pleasure of the Commission. He shall have full power to administer the affairs of his department as chief executive officer, and may with the consent of the Commission act as the head of any department or bureau created by the Commission. He shall, when possible, attend all meetings of the Commission, and shall at least once in each month, and more frequently if required by the Commission, make a report in writing to the Commission of all matters connected with the work of the Commission. He shall execute all orders of the Commission when directed to do so and supervise the work of all departments under the jurisdiction of the Commission. He may suspend any employee of the Commission save the secretary and auditor, for cause or for disciplinary purposes, and shall report said suspension and the reasons therefor to the Commission at its meeting immediately following said suspension, and said Commission may on the report of said manager order that charges be filed against said person so suspended, or may continue said suspension in force for a period of not more than thirty days from the date thereof, for disciplinary purposes and said order as to said suspension shall be final. Should charges be ordered filed against said suspended employee, the said Manager shall file the same, and the same shall be heard and determined by the Commission, after reasonable opportunity to the accused to be heard, and all of Article XIII of the Charter relative to trials and appeals shall apply to said hearing. Provided, however, that any and all employees who are not entitled to the benefits of said Article XIII may be dismissed by the Commission or by the Manager on the order of the Commission without trial.

b. Submanagers and department heads shall possess the necessary executive and technical qualifications to qualify them for their respective departments or bureaus, and shall conduct the affairs of their respective bureaus or departments under the order and direction of the Manager of Utilities, and shall as often as required by said Manager or by the Commission make reports in writing to said Manager or to the Commission on all matters pertaining to said departments.

Legal Department.

Section 6. The City Attorney shall be the legal adviser of the Commission and shall render such legal advice and services as the Commission may deem necessary, and shall prosecute and defend, as the Commission may require, any and all actions and proceedings involving matters under its jurisdiction. He shall have authority, with the prior approval of the Commission, to compromise, settle or dismiss any litigation or proceedings which may be pending for, or on behalf, or against said Commission relative to any matter or property under its jurisdiction.

The City Attorney shall detail such assistants or deputies as may be necessary to conduct the legal work of said Commission, and the compensation of said deputies and assistants so detailed shall be fixed by the Commission and shall be paid from the revenues of the utilities under the jurisdiction of said Commission, and said deputies or assistants so detailed shall be in addition to those now allowed to said City Attorney by the Charter or ordinance.

Purchases and Contracts.

Section 7. The Commission shall have power to make contracts for work, supplies, materials or equipment when the cost of these can be met from current public utility revenues or from other moneys appropriated for the use of the Commission by the Board of Supervisors or from the proceeds of bonds authorized for the construction or acquisition of public utilities. The Manager of Utilities shall have the power to make requisition for or order supplies, material or equipment required for the operation or maintenance of any utility under the control of the Commission; and, on the recommendation of the Manager of Utilities, the Commission may, by resolution, delegate such power with such restrictions as it may deem necessary, to the directing head of each utility.

The Commission shall organize a purchasing department. All materials, supplies and equipment shall be purchased under contract; provided, however, that upon the certification of the head of a utility that the necessities of construction or operation so require, and with the approval of the Manager of Utilities, the materials, supplies or equipment may be purchased in the open market at the lowest price obtainable. The Commission shall also have the right to call upon the general purchaser of supplies of the City and County government for the purchase of supplies which are included within the general supply contracts of the City and County, payment for the same to be made out of appropriate public utility funds.

The Commission, on the recommendation of the Manager of Utilities, may authorize the sale or transfer of any materials, supplies or equipment under its control when no longer used or useful for its purposes, and the proceeds of said sale or transfer shall be placed to the credit of the utility controlling the same.

All construction work shall be done by public contract unless the Commission upon recommendation of the Manager of Utilities shall determine that the work in question can be more advantageously carried on by the Commission's employees.

The Commission may prescribe rules of procedure which it shall follow in letting contracts for the purchase of materials, supplies and equipment and for construction work and amend the same from time to time as it may deem proper; provided, that such rules shall provide for not less than five days' public advertisement, for sealed bids on such contracts, for the award of contracts to the lowest responsible bidder, and shall require of all contractors adequate surety bonds in an amount to be fixed by the Commission in each case for the protection of the City and County in the performance of such contracts and for the protection of all persons, firms or corporations furnishing labor or materials in connection with the same. Suitable provision may also be made for the rejection of all bids and readvertisement and for the rejection of the proposal of any bidder, who in the opinion of the Commission is not competent to fulfill the contract if awarded. All contracts shall be signed by the president or acting president, and secretary or acting secretary of the Commission.

Additions, Betterments and Extensions.

Section 8. The Commission shall locate and determine the character and type of all construction and additions, betterments and extensions to utilities under its control, and shall determine the policy for such construction or the making of such additions, betterments and extensions out of public funds under its jurisdiction; provided, that

in each such case it shall secure the recommendation of the Manager of Utilities, which recommendation shall be presented in writing and shall include analyses of cost, service and estimated revenues of all proposed or feasible alternatives in cases where it is deemed that such alternatives exist.

Accounts, Revenues and Expenditures.

Section 9. Proper accounts shall be maintained in the form prescribed by the State Railroad Commission for public utilities of like character, and other necessary accounts, and accounting forms and procedure shall be maintained as prescribed by the Commission. Such accounts shall be kept separately for each utility under the control of the Commission. Monthly statements of receipts and expenditures shall be submitted to the Board of Supervisors by the Utility Commission, not later than its second regular meeting in the next succeeding month. Annual reports in the form required by the Railroad Commission of the State for privately-owned utilities of like character shall be prepared separately for each utility and filed with the Board of Supervisors and in the office of the Utility Commission. Such reports shall contain such other information, and be in such detail, as the Board of Supervisors may request, and shall be printed by the Commission for public distribution. The salaries and general expenses of the Commission, not chargeable to a specific utility, shall be apportioned fairly among the utilities under its charge, in such manner as the Commission shall deem proper.

Budget and Appropriations.

Section 10. The Manager of Utilities shall, not later than April 15th of each year, file with the Utility Commission a budget estimate for the ensuing fiscal year, of anticipated revenues and needed appropriations, separately for each utility or service under the control of the Commission. These shall be submitted in such detail as to furnish a basis and guide for accounting and expenditures during the succeeding fiscal year. The Commission may modify such budget estimates in any manner that it may deem proper and shall by public advertisement give all interested persons an opportunity to be heard at one or more meetings of the Commission, with reference to the amounts and purposes of expenditure to be included in such budget. Upon completion of said hearings the Commission shall by resolution adopt a budget for each utility under its jurisdiction and transmit a copy thereof to the Clerk of the Board of Supervisors and another copy to the Mayor. After adoption of said budget, expenditures for the fiscal year covered thereby shall not be in excess of the budget appropriations for the respective items thereof. Under no circumstances shall the budget of any utility include a total of items of expenditure and reserves in excess of the estimated revenues to be derived from said utility during the succeeding fiscal year, unless after written request to the Board of Supervisors from the Commission, the latter tribunal shall authorize by ordinance a specified amount to be transferred to the Commission's jurisdiction from appropriate municipal funds under control of the Board of Supervisors; provided, also, that this limitation on expenditures shall not apply to expenditures for new construction or acquisitions which may be lawfully paid out of the proceeds of bond sales or accumulated surpluses under the Commission's jurisdiction. The funds of one utility shall not be diverted to any other utility, but if a surplus is accumulated out of the revenues of a given utility in excess of the maximum surplus which may be lawfully retained to its credit as in this article provided, such surplus shall automatically pass to and become part of the General Fund of the City and County and shall be so credited on the books of the Commission and of the City and County Auditor; provided that the Commission may with the consent of all of its members adopt a program for the accumulation of a surplus to cover a period not exceeding ten years, for the purpose of financing extensions and additions to existing utilities out of said accumulation, and when such program is adopted by said Commission, no transfer of surplus to the General Fund shall be made until said surplus fund exceeds the total sum estimated in said program as being necessary for such extensions or additions; provided that no funds accumulated from one utility shall be used for financing extensions or additions to another, and provided further that when said program is adopted pursuant to the consent of said Commission, and a fund or any part thereof is accumulated, neither said fund nor any part thereof shall be used for any purpose other than that provided for in said program

without the approval of the Board of Supervisors expressed by ordinance authorizing such other use.

Bond Sales.

Section 11. The Utility Commission is hereby vested with full and exclusive authority to sell or order the sale of bonds which have heretofore been or may hereafter be authorized by the voters of the City and County for the acquisition, construction, extension or completion of any public utility or utilities; provided, that such sale shall otherwise be conducted in accordance with the procedure specified by this Charter for the sale of bonds. For the purpose of such sales the Secretary of the Commission is hereby vested with the authority and duties conferred upon the Clerk of the Board of Supervisors by Section 10 of Article XII of this Charter and the Commission is authorized to perform all acts and exercise all powers conferred upon the Board of Supervisors and the Mayor by Article XII of the Charter, with reference to the sale of such public utility bonds, and where the concurrence of fourteen votes of the Supervisors is required, such act shall require the unanimous vote of the Commission. Each of such public utility bonds shall be signed by the Mayor, the President of the Utility Commission and the City Treasurer, and shall be countersigned by the City Auditor. The signature of the Mayor and the President of the Public Utility Commission may be by facsimile. The provisions of Section 11a of Article XII of the Charter shall apply to all such signatures.

Provision for Interest and Sinking Fund.

Section 12. Notwithstanding any other provision of this Charter, where bonds have been authorized for the acquisition, construction or completion of a public utility or of extensions thereto, and have been sold by the Commission, interest which may become due on said bonds during the actual period of construction of said utility, or of extensions to an existing utility as the case may be, and during the period of six months immediately following the completion of the same, may by a unanimous vote of the Commissioners be ordered paid out of the proceeds of sale of the bonds authorized and sold for such construction purposes. No sale of bonds shall be made by the Commission when there are insufficient revenues on hand in the Treasury to the credit of the bond interest and redemption fund of the utility for which said bonds have been authorized from which to meet the interest and redemption charges on said bonds during the ensuing twelve months, unless and until the Board of Supervisors shall authorize such sale by ordinance, or, unless and until the Commission shall have appropriated and set aside out of the proceeds to be realized from the sale of said bonds a sum sufficient to meet the interest and sinking fund requirements as hereinabove provided for; provided, further, that nothing contained in this section shall in any way relieve the City and County from liability to the holders of said bonds for the payment of interest and principal thereof when and as the same become due, and in the event of any failure, refusal or neglect on the part of the Commission to make provision for payment of bond interest and redemption as hereinabove provided for, they shall be forthwith removed from office and the Board of Supervisors shall provide for the same as required under Sections 12 and 13 of Article XII of said Charter, and subject to the penalties prescribed in said sections.

Operating Expenses and Reserves.

Section 13. The receipts from each utility operated by the Commission shall be paid daily into the City Treasury and maintained in a special fund set aside for such utility. The Commission may from time to time make appropriations from said fund to the following purposes, in the order named, viz.:

(a) For payment of the operating expenses of such utility, including pension charges and compensation insurance;

(b) For repairs and maintenance;

(c) For depreciation and accident reserves as hereinafter described;

(d) For payment of interest and sinking fund on the bonds issued for the acquisition or construction of such utility and extensions thereto;

(e) For reserve funds out of which to construct or acquire extensions and betterments to said utility;

(f) For a surplus reserve.

Whenever said surplus reserve shall amount to the equivalent of the estimated operating expenses, reserve allotments and interest charges for the current fiscal year, the excess shall be subject to automatic transfer to the General Fund, as provided in Section 10 hereof.

and subject to the exception therein mentioned.

The Commission shall maintain pension and compensation insurance accounts for each utility, and shall cause an estimate to be made annually of the proper reserves required for each such account, and any surpluses in any such account may be transferred to the surplus account of the utility concerned.

The Commission shall, on the written recommendation of the Manager of Utilities, which recommendation shall be based on an appraisal of the life of the several classes of property for each utility, determine the amount of a reasonable depreciation reserve for each utility to be set up out of the revenues of such utility to provide for depreciation and obsolescence as they accrue. There shall be credited monthly to the depreciation reserve for each utility, one-twelfth of the amount required annually, as so determined. Pending such appraisal, the monthly appropriations to be made to the depreciation reserve shall be at the rate of not less than four per cent per annum of the historical cost of the utility. Such depreciation reserves shall be used only for replacement due to depreciation or obsolescence; provided, however, that every five years the Commission shall cause a reappraisal to be made of depreciation reserves, replacement expenditures therefrom, and probable useful life of each of the several kinds of property, and on the basis of such reappraisal may increase or diminish the amount to be appropriated to the depreciation reserve.

The Commission shall cause a reasonable accident reserve to be created for each utility by monthly credits thereto from the revenues of such utility, and shall reappraise this at five-year intervals, and may increase or diminish the amount of payments thereto on the basis of such reappraisal. The accident reserve fund for every utility shall be used only for the payment of accident and damage claims against such utility.

Rates.

Section 14. The Commission shall have the power to fix and adjust rates or fares for the furnishing of public utility service by the City and County; to collect, and by appropriate means, including the discontinuation of service to delinquent consumers, or by civil action in the name of the City and County, enforce the collection of such rates and charges; and to adjust and settle all complaints and claims of consumers or the public with reference to service credits or refunds; provided, that such rates may be fixed at varying scales, for different classes of service or consumers, which said rates must include rates for services rendered any department or other utilities of the City and County, the aggregate revenue from which for each specific utility shall represent not less than the actual total cost of the service of that utility as determined by the Commission; provided further, that when the Utility Commission on the basis of a financial analysis in writing by the Manager of Utilities, may recommend to the Board of Supervisors a scale of rates under which estimated aggregate revenue from a specific utility may represent less than the actual cost of the service rendered by such utility, the Board of Supervisors, by a two-thirds vote of all members, may authorize such scale of rates, and must, at the same time, specify the manner in which the estimated annual operating deficits will be met. Such rate schedule may then be adopted by the Commission. The Commission may provide for the rendition of utility services without the limits of the City and County at rates which may include proportionate compensation for interest during construction of the utility which may have been paid out of the revenues derived from taxation in the City and County. Services rendered by any other City and County department to any publicly-owned utility under the jurisdiction of the Commission shall be paid for by the Commission at cost, out of the revenues of the utility served. Rates for services rendered by any publicly-owned utility to the City and County or any department thereof or to any other utility of the City and County, shall be paid into the fund of the specific utility rendering such services, out of appropriate funds of the City and County, or of the department or utility using such services.

Lease and Sale of Lands.

Section 15. The Commission may, with the approval of the Board of Supervisors, lease, for purposes not in conflict with public utility uses, any lands controlled by it or placed in its charge, for terms not exceeding ten years. The Commission may, in the name of the City and County, acquire and take by purchase, lease, condemnation or

otherwise, and hold any or all property situated within or without the limits of the City and County that it may determine to be necessary for the construction, maintenance, extension or operation of the works under its jurisdiction and control. It shall be the duty of the Board of Supervisors upon its receipt of a resolution of the Commission that the acquisition of any property or properties is necessary for the conduct, operation, maintenance or extension of any utility under the jurisdiction of the Commission to take the necessary legislative action by resolution or ordinance determining that public interest and necessity require the taking of said property or properties for the purpose specified in said resolution of said Commission and that said property or properties are necessary for said utility, and the said resolution of said Commission shall be deemed to be conclusive proof to the Board of Supervisors as to the necessity of said property for the said use specified therein.

The Commission may with the prior approval of the Board of Supervisors, expressed by ordinance, on terms to be expressed in said ordinance, sell such lands or other property under its control as are no longer used or useful for its purposes, or may, upon like authority, transfer such lands or other property to any other department of the City and County government, upon there being transferred to the special fund of the utility concerned such funds as will represent proper and adequate consideration for the land or other property transferred, as determined in the ordinance authorizing the same. The Commission shall have full power and authority to enter into such arrangements and agreements as it shall deem proper for the joint use with any other person, firm or corporation owning the same, or having jurisdiction of the same, of poles, conduits, towers, stations, aqueducts, reservoirs and tracks for the operation of any of the utilities under its jurisdiction, and may make such arrangements as it shall deem proper for the exchange of transfer privileges with any privately-owned transportation company or system which will tend for the betterment of its service.

Pensions.

Section 16. All employees of the utilities under the jurisdiction of the Commission shall be entitled to the benefits of the provisions of Article XVII of the Charter, relative to the retirement of aged and disabled employees, and for the purpose of enjoying the benefits provided for in said article all employees of said utilities shall be deemed to be public employees of the City and County, and all amounts to be contributed to said fund to equal the amounts contributed by said employees thereto shall be paid from the particular utility to which said employee is attached, and should any employee be rendering service to more than one utility, the amount contributed to equal said employee's contribution shall be divided among the utilities in which he is serving, in such proportion as the Commission shall determine.

Additional Powers.

Section 17. Nothing in this article contained shall be construed to be a limitation upon the power which may be conferred upon said Utility Commission or upon the powers which may be exercised by said Commission, and the Board of Supervisors, by ordinance adopted in the manner provided in the Charter, may confer additional and other powers on said Commission incident to those herein conferred, and may place under the control of said Commission the duty of lighting all public streets, lanes, places, parks and public buildings, any other provision of the Charter to the contrary notwithstanding.

Deposit of Surplus Money.

Section 18. At any time that there is on deposit in the office of the Treasurer of the City and County funds belonging to said Commission or to the utilities under its control, in an amount greater than is necessary for the immediate needs of said utilities, the said Treasurer shall, upon the direction of the Commission, offer so much of said funds as said Commission shall direct for deposit in such bank or banks as shall accept the same, said deposits to be made only upon the security provided for in and pursuant to the provisions of Section 2, Chapter III of Article IV of the Charter, and all interest received by the said Treasurer upon the said funds so deposited shall be credited to the particular utility to which the said funds deposited may belong.

Constitutionality.

Section 19. If any section, subsection, sentence, clause or phrase of this article is for any reason

held to be unconstitutional or invalid, such decision shall not affect the validity of the remaining portions of this article. The people of the City and County of San Francisco hereby declare that they would have ratified and adopted and the Legislature hereby declares that it would have approved this article and each section, subsection, sentence, clause and phrase thereof as an amendment to the Charter of the City and County of San Francisco, irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases be declared unconstitutional.

Name and Service of Process.

Section 20. The Commission created herein shall be known as "Utility Commission of San Francisco" and may sue or be sued under said name. Service of process in all matters affecting said Commission, or the utilities under its jurisdiction, may be made by service upon any one Commissioner and on the Secretary of said Commission.

Repeal of Conflicting Provisions.

Section 21. All provisions of the City Charter in conflict with this article are superseded by the provisions hereof to the extent of such conflict. Subdivision 8 of Section 9 of Chapter I of Article VI and Section 16 of Article XII of this Charter are hereby repealed. All functions now required to be performed under Article XII of the Charter by the Board of Public Works shall, upon ratification of this amendment, devolve upon and be performed thereafter by the Utility Commission. All duties required to be performed by the City Engineer under the provisions of Article VI and Article XII, in so far as they relate to public utilities, shall, upon ratification of this amendment, devolve upon and be performed by the Manager of Utilities herein provided for.

Credit Allowance.

Credit allowance on single 2½-inch outlet bodies complete to apply on the purchase of double 3-inch outlet bodies complete, in lots of twenty-five (25) or more, $1 each.

Resolved, That a bond in the sum of $2,000 be required for the faithful performance of this contract.

Resolved, That all other bids submitted thereon be rejected.

Privilege of the Floor.

Frank Kennedy, secretary of the Fire Commission, and *M. Gerlack*, Hydrant Inspector, were heard with reference to the pending matter.

Leonard Leavy, Purchaser of Supplies, declared that the bids were a tie and was awarded to Rincon Foundry Co. because it makes the hydrant in its entirety, whereas the Greenberg Company sublets part of the work. Moreover, he said, there is a strict rule requiring contractors to notify the committee five days in advance before subletting any portion of the contract, which rule the Greenberg Company failed to observe.

Mr. Greenberg and *Mr. McCormick*, representing the Rincon Foundry were also heard.

Adopted.

Whereupon, the foregoing resolution was *adopted* by the following vote:

Ayes—Supervisors Deasy, Gallagher, Havenner, Kent, McGovern, Powers, Roncovieri, Schmidt, Shannon, Stanton, Suhr, Todd, Toner—13.

Noes—Supervisors Andriano, Colman, Hayden, Marks—4.

Absent—Supervisor McSheehy—1.

Resolution No. 28791 (New Series), as follows:

Whereas, the Mayor and the Board of Supervisors have ordered the following two bond issues to be submitted to the people at the Presidential primary election to be held May 1, 1928, to-wit:

$24,000,000 for the completion of the Hetch Hetchy project;

$41,000,000 for the purchase of the Spring Valley Water Company properties; and

Whereas, it is of the utmost importance that the people be acquainted with the reasons and necessity of passing both these proposed bond issues; therefore, be it

Resolved, That the Mayor and the Board of Supervisors approve and endorse the attached argument favoring the passage of both these proposed bond issues; and be it

Further Resolved, That the Registrar be and he is hereby authorized and directed to include, on behalf of the Mayor and the Board of Supervisors, these arguments in favor of both these projects with the sample ballots mailed to the voters, as provided in Section 10, Article XI, Chapter 3, of the Charter of the City and County of San Francisco.

On motion of Supervisor Gallagher a committee, consisting of Supervisors Havenner, Shannon and Marks, Assistant City Engineer Eckert and Chief Assistant Clerk Rogers were appointed to revise the argument, which was done and the resolution *adopted* by the following vote:

Action Deferred.

The following matter was *continued one week and made a Special Order for 2 p. m.*:

Notice of Reconsideration, 333 Kearny Street.

March 12, 1928—Supervisor Kent moved as an amendment that the Clerk be directed to write a letter and register it to the owner, under date of tomorrow, that this Board will cancel the lease of 333 Kearny street, to take effect July 10, 1928.

Carried by the following vote:

Ayes — Supervisors Gallagher, Havenner, Kent, McGovern, Mc-

Sheehy, Marks, Powers, Roncovieri, Schmidt, Stanton—10.

Noes—Supervisors Colman, Deasy, Hayden, Shannon, Suhr, Todd, Toner—7.

Thereupon, before the vote was announced, Supervisor Shannon changed his vote from *no* to *aye* and gave notice that he would move for a reconsideration of the said vote at this meeting.

March 19, 1928—*Over one week. Special Order*, 2 *p. m.*

A motion of Supervisor Schmidt to place a rider in the lease cancelling the space not being used by the Grand Jury was agreed to by Attorney Eastman, representing the lessor, and referred to the City Attorney so that the lease might not be invalidated by the change.

A motion of Supervisor Roncovieri that the fourth floor of the Hall of Justice be turned over to the Police Department was continued one week.

March 26, 1928—*Over one week. Special Order*, 11 *a. m.*

District Attorney to be requested to attend.

Unemployment Investigation.

Supervisor Gallagher presented:

Resolution No. ——— (New Series), as follows:

Whereas, His Honor, Governor C. C. Young of the State of California, is about to appoint a commission to study the fundamental reasons for unemployment; and

Whereas, due to the unprecedented number of unemployed, it is becoming apparent to our people that some constructive steps should be taken locally, by this and other cities of its kind, by the different states, and by the nation, leading to the enactment of such measures as will, if possible, eliminate forever the so-called involuntary unemployment for millions of our people; be it, therefore

Resolved, That we commend the action of the Governor of this State, as well as commend the action of these Senators and Congressmen looking to study and relief of this situation, and we express the hope that this city and others will reach a national aspect to the end that the candidates of the national parties will be, by the forthcoming national conventions, pledged to measures calculated to be a solution of this unnecessary evil of our national life.

Referred to Public Welfare Committee.

Twin Peaks Memorial.

Supervisor Gallagher presented:

Resolution No. ——— (New Series), as follows:

Whereas, during the last Christmas season there was installed in the vicinity of Twin Peaks, under the auspices of the "Examiner" and the South of Market Boys, an enormous Christmas tree, viewable from every part of this city, and which was the inspiration for thousands upon thousands of our citizens to visit that point of interest; and

Whereas, it has been the hope and desire of nearly all our citizenship that at some time there be constructed at that location something significant of forward-looking San Francisco which might be of use from a sight-seeing standpoint to our citizens and tourists from all parts of the world; and

Whereas, the average San Franciscan takes great pride in escorting visitors to this point, from which he pridefully points out the great and growing city below; and

Whereas, various suggestions have been made for a memorial to the memory of the late and Reverend D. O. Crowley; and

Whereas, various suggestions have been made from time to time for a memorial as a tribute to our mothers; and

Whereas, there is a nearly unanimous request that the present roadway to Twin Peaks be continued to the very highest point; and

Whereas, there is a possibility of a combination of road and memorial which would embody all these features, as well, as noted above; therefore, be it

Resolved, That the Street Committee of this Board be instructed to give this matter consideration, and be empowered to call to its assistance architects, artists, sculpturers, etc., to the end that they may recommend plans and means by which this idea may be carried to fulfillment.

Referred to Streets Committee.

BRIDGE HEARINGS.

Motions.

The following matters, laid over from the meeting of February 6, 1928, and continued from 11 a. m. this day were taken up:

Supervisor Gallagher: I move you that while it is the policy of this Board that we favor a publicly-owned bay bridge, it is, however, the sense of this Board that we favor immediate construction of said bridge by private capital, until the people may elect in the manner provided by law to take over said bridge and place it under public ownership and control.

* * * * *

Supervisor Marks: I move you that, as an amendment to the motion of Supervisor Gallagher, the City Attorney be requested to submit to this Board, at the earliest possible opportunity, a form of submission of the issue of public ownership and operation of the proposed bridge, or private ownership or operation of the proposed bridge, for action by the people at the earliest possible opportunity.

* * * * *

Supervisor Marks: I desire to present the following motion and calling attention to the fact that it does not call for anything other than asking the City Attorney to submit a proper form of proposal to us. I make the motion which heretofore has been outlined three or four times. (Referring to motion set out in full above.)

The Chairman: Any objection? So ordered.

Motion.

On motion of Supervisor Shannon, further consideration of the foregoing matters were *continued until April* 16, 1928, *at* 2 *p. m.*, by the following vote:

JOURNAL OF PROCEEDINGS
BOARD OF SUPERVISORS

MONDAY, APRIL 9, 1928, 10 A. M.

In Board of Supervisors, San Francisco, Monday, April 9, 1928, 10 a. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Andriano, Colman, Deasy, Gallagher, Havenner, Hayden, Kent, McGovern, Marks, Powers, Roncovieri, Schmidt, Shannon, Stanton, Suhr, Todd, Toner—17.

Absent—Supervisor McSheehy—1.

Quorum present.

His Honor Mayor Rolph presiding.

APPROVAL OF JOURNAL.

The Journal of Proceedings of the meeting of April 2, 1928, was laid over for approval until next meeting.

Mayor Rolph's Remarks in re Transbay Bridge.

The Mayor: Gentlemen of the Board and my fellow citizens: I am glad to be back in this chair this morning after a short visit to the eastern cities and, while a trip East is always educating, and I think that no public official should hold a public office of legislation who has not at least visited the great and mighty city of New York to get an idea of what they are doing with hundreds of millions of dollars of public moneys that they are expending for parks, improvements, tunnels, subways and parkways and everything that you can think of, to go and see the capital city of the world, see Wall Street, and see the mighty Stock Exchange, get an idea of what it means to live in a city of six and a half million people. It is an education to every American youth to go and visit that great city, and I hope they will all live long enough to see what New York is and get an idea of what we ourselves can do in our home cities in every town and every hamlet of the country.

You sent me on by resolution to join Mr. McSheehy, chairman of the Bridge Committee, and his faithful associates who are there, who had the hearing before the House Committee. And then you directed that Chief Justice Sullivan and myself go on to be present at the hearing before the Senate Committee on Commerce. We left here on the 24th of March, and the first hearing took place in the Senate Committee of Commerce on the morning of March 29th and the hearing lasted for three days, the 29th of March, the 30th of March and the 31st of March, when the hearing terminated at about 5 o'clock in the afternoon. Judge Sullivan and myself had the advantage of having had sent to us, at North Platte, Nebraska, the hearing that took place before the House Committee, and we therefore had the opportunity of reading all the points raised and all the answers given, and the cross-examination of the only objectors, the officers of the Army and the officers of the Navy. Our advocate, after all our representatives had presented reasons why the permit should be granted for the Rincon Hill bridge had finished, why Mr. Lea, Congressman of Santa Rosa, pleaded our cause and did the cross-examination of the admirals and the Army engineers. They did well there, but they were up against what they think was a hostile committee. I think the situation is very much brighter now after the hearing before the Senate Committee because we, before the Senate Committee, had the advantage of having Senator Johnson there, and he was never in better form, and he never cross-examined a witness better, and he never handled a case better nor acquitted himself with greater glory than he did in handling that case for us before the Senate Committee of nineteen members on the Commerce Committee. Senator Johnson made, to my mind, one of the best pleas, and gave his reasons why that bridge and that permit should be granted. I followed Senator Johnson, other mem-

bers of our committee followed during the three days. But on the second day the Army and the Navy were called before the committee, and General Jadwin and Admiral Hughes and some other members of the Army and Navy corps were called in, and, as a listener, I must say to you that I never have listened to cross-examination of witnesses to a greater degree of perfection than to Senator Johnson's cross-examination of the officers of the Army and the officers of the Navy. And the officers of the Army and the officers of the Navy turned right about face from the testimony that they gave in the House Committee, and I do not think we have better witnesses for our cause than the officers of the Army and the officers of the Navy. In my opinion, gentlemen, while six or eight or ten months ago I was somewhat skeptical in my mind as to whether we would ever get a permit to bridge the bay from Rincon Hill to Alameda, believing that the Army and and the Navy's views would be carried out, from the testimony adduced at that hearing I think that we will get the bridge from Rincon Hill to Alameda, and there will be no bridge at Hunter's Point. Take the distance between this building here, the City Hall in San Francisco, and to the City Hall in Oakland, which is the center part of both cities, it is nine miles from here to the City Hall at Oakland, and it is seventeen and four-tenths miles to the same point across the bay. Who is going to go in rapid travel, either by interurban trains or by vehicular traffic, or by pedestrian traffic, to go 8 miles farther to the same point when you can cross the bay and it does not interfere with the Navy, in fact, it is a help to the Army in times of so-called war, in a direct line? But who are we going to have war with? Where will this city be if we are going to have war with somebody, and who are we going to have war with? I pointed out and said so in plain, bold statements, that the only nation that we could possibly have war with would be Japan, and our Navy would not be bottled up in the Bay of San Francisco, with a bomb in time of war blowing up the bridge in San Francisco Bay, why, this City Hall and its dome would be gone and the whole city would be gone before they would ever knock down the bridge. And from the argument there, I say to you, with all the feeling of confidence that a man can express, I believe that the bill will come out favorably from the Committee of the Senate at an early date. I doubt whether it can pass this session. The Colorado Boulder Dam bill is before the Senate this week, and you read, by the papers, the filibuster that is going to take place over that. That will ultimately win. We must get our bill out of the House Committee, and we must get it on the floor of the House, but I am convinced, after speaking with some of the Congressmen and the chairman of the Committee of the House, I am convinced that that bill will not come out unfavorably reported after the hearings before the Senate and House Committee. They are going to take a long time before they will report unfavorably on that bill. There may have been some laughter given some time ago to Mr. McSheehy, thinking he was going on a wild-goose chase. I think Mr. McSheehy is going to come home in time, maybe not this session, because politics will stop Congress and they will adjourn some time in May, the presidential nominations will take place the first week in June and Congress will adjourn, but I think there will be a victory for us when Congress reconvenes and that Mr. McSheehy won't have the laugh on him at all. I think he is going to come home, as he said, he is going to come home with the bacon. That is my personal opinion about the situation there in Washington.

And you did me the honor of passing a resolution thanking me for what little I did. I express my thanks for that. I think that Judge Sullivan should be given a letter of thanks. That man worked on that train. He and I took books with us, he worked on that train from 6 o'clock in the morning until he went to bed at night. He worked on that train all the way down from Chicago to Washington. He spent all the time he could getting facts together, and he delivered one of the most convincing statements. It has not been published in the press, but you will be proud of it some day when the record of the hearings before the Committee are read by you, and you will be illuminated in the wonderful presentation he also made. Congressman Welch, Congresswoman Kahn, Mr. Lea, our friends from San Mateo, our friends from Alameda, Senator Shortridge, were at the hearings and took a deep and keen interest in this matter. And I believe they all feel now, as I am expressing to you, that we are a unit, that we are going to get a permit to build a bridge across San Francisco Bay at Rincon Hill, and it is not going

to be the only bridge. There are going to be more bridges. And the time is not far distant when work is going to start on the first one. But the first one, in my opinion, and after all I heard there, is not going to be at Hunter's Point, it is going to be a direct, straight course, and the Army and the Navy are going to withdraw their objection to it.

Listen to what President Coolidge said. I took this little book with me, "Have Faith in Massachusetts." I thought some epigrams from President Coolidge might help the situation, might let the American people and might let the members of Congress and the Senate know what the President himself was thinking of when Governor of Massachusetts. Listen to this: "Wherever we can read human history the answer is always the same. Where commerce has flourished, there civilization has increased. It has not sufficed that men should tend their flocks and maintain themselves in comfort on their industry alone, however great. It is only when the exchange of products begins that development follows. This was the case in ancient Babylon whose records of trade and banking we are just beginning to read. Their merchandise went by canal and caravan to the ends of the earth. It was not the war galleys, but the merchant vessels of Phoenicia, of Tyre and Carthage that brought them civilization and power. Today it is not the battlefield but the mercantile marine which, in the end, will determine the destiny of nations. The advance of our own land has been due to our trade and the comfort and happiness of our people are dependent on our general business conditions." Listen to this, if this is not an argument in favor of our bridge. "And above all, let us not, in our haste to prepare for war, forget to prepare for peace." Here is the very issue: In our haste to prepare for war, forgetting the necessity of preparing for peace. It would do your heart good to have heard the speeches of Senator Johnson, Matt Sullivan and others picturing this city, picturing Oakland, in a few years from now, picturing the population here on this peninsula, picturing the population in the cities around the bay, picturing the future of this great port of San Francisco, hearing that out of 500,000,000 tons of water-borne tonnage out of the United States last year 100,000,000 was out of the Pacific Coast and 40,000,000 of that hundred out of San Francisco Bay itself—second to New York. It would do your heart good to hear people talking of the great and mighty West. Capital, untold millions of capital, coming out here. And when the President said, "Let us not, in our haste to prepare for war, forget to prepare for peace," he was speaking when he was the Governor of Massachusetts. And do you know that every shipowner out of this port and on the Pacific Coast, with the exception of three, favored this bridge. Do you know that Mr. Franklyn of the International Mercantile Marine, building a seven-million ship a year for this trade between San Francisco and New York, favors the bridge? Do you know the representatives of foreign commerce favor the bridge? Do you know we are going to have that mighty ship, launched by the Germans in Hamburg a few months ago, which will arrive in the port of San Francisco here about the 17th or 18th of this month? Why, they do not think anything at all about going through a bridge. Do you know that Hellgate is only 1018 feet wide, and they have a bridge over it and the government sends the Navy's ships through it? Do you know the entrance to New York Harbor is only 2000 feet wide? Do you know the British fleet went into the Falkland Islands, and do you remember the memorable naval battle which took place off the Falkland Islands, when the British ships were inside and the German ships were coming around Cape Horn, and the British ships got out of Port Stanley and got out into the open and had to fight out there? Do you know the entrance to Port Stanley is only 715 feet wide? And they kick about a bridge which stands 1250 feet wide and 150 feet clearance in the air. Why, Brooklyn Bridge is only 135 feet in the air. Williamsburg Bridge is 135 feet, and the entire battleship fleet can go under both of those bridges to the New York Navy Yard that is above those two bridges. I do not see where the argument is against it. For the life of me, I cannot understand why it has not been granted long ago. But it is because the Army and the Navy have objected for reasons which, as Senator Johnson pointed out, were from scare more than anything else, and the picturing of our fleet tied up behind a bridge in San Francisco Bay, when they only have to move 1000 yards or 3000 feet and have all the anchorage, enough for the United States Navy, south of the bridge, and around in front of Hunter's Point. Do you know that

there is a greater area above, and the Army admit it, north of the bridge than there is south of the bridge?

I will only be brief. I have the hearings before the House, I have the first two days' hearings before the Senate. I will have, in a day or two, the final hearing before the Senate Committee. All the data is here. All the information is here. All the views of the shipowners are here. Everybody is in favor of the bridge, and I really think that it won't be long before we will get a permit. Senator Jones is sticking on the permit of public ownership of that bridge. We can get a permit, in my opinion, out of the Senate right away if we can guarantee how we will finance it. Now, that is the feeling at the present time. So I think we are close to the permit for the bridge. When it once passes the Senate it will pass the House. I give praise to every member of the Committee, to the engineers, I give praise to that fine captain that we have on our fireboat out there, Captain Morrison, he made a wonderful presentation. He can answer any question about the depths of water, the shoals, any hidden rocks, as a pilot licensed to go in and out of this port at any season, day or night, unlimited pilotage, up the rivers and everywhere else. I think your case was well handled, I think Senator Johnson can pull it out very soon, and if we get it out of the Committee, you can be sure we are going to get the bridge. (Applause.)

Hon. Matt I. Sullivan Commended for Assistance on Bridge Site.

Supervisor Havenner presented:

Resolution No. 28820 (New Series), as follows:

Whereas, the Honorable Matt I. Sullivan, of the City and County of San Francisco, devoted a great deal of his time and effort to facilitate the work in presenting to the Commerce Committee of the House of Representatives of the United States arguments in favor of passing legislation that would aid San Francisco in erecting a bridge across the Bay of San Francisco; and

Whereas, the work of Honorable Matt I. Sullivan has been highly efficient and effective in an endeavor to bring about favorable legislation; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco highly commend the Honorable Matt I. Sullivan for his splendid efforts in aiding and assisting the City and County of San Francisco to procure from Congress favorable legislation to aid in the erection of a bridge across San Francisco Bay; and be it

Further Resolved, That a copy of this resolution be forwarded to Honorable Matt I. Sullivan.

Auction Sale of Lease of City Property.

Pursuant to the provisions of the Charter of the City and County of San Francisco, a lease of certain real property of the City and City and County was offered for sale at public auction on the 9th day of April, 1928, at 11 o'clock a. m., at the chambers of the Board of Supervisors, City Hall.

Description of Property.

That certain parcel of land belonging to the City and County of San Francisco, and situate in the City and County of San Francisco, State of California, described as follows:

Commencing at a point on the northerly line of Bush street, distant thereon twenty-four (24) feet westerly from the northwesterly corner of St. George alley and Bush street, running thence westerly and along said northerly line of Bush street twenty-four (24) feet; thence at a right angle northerly and parallel with the westerly line of St. George alley fifty-nine (59) feet six (6) inches; thence at a right angle easterly and parallel with the northerly line of Bush street twenty-four (24) feet, and thence at a right angle southerly fifty-nine (59) feet six (6) inches to the point of commencement. Being a portion of Fifty Vara Lot No. 94.

Terms and Conditions of Sale.

1. The award of lease shall be made for a period of ten (10) years.

2. The ordinance awarding the lease and the entering into said lease by the Board of Supervisors shall be in accordance with the Charter and be subject to the approval of the Mayor of the City and County.

3. The successful bidder shall be liable for, and shall be obliged to pay the rental offered monthly in advance.

4. The lessee shall not assign said lease without the written consent of the Board of Supervisors and the Mayor.

5. The premises leased shall not be used for any immoral or unlawful purposes.

6. The lessee shall pay all taxes and assessments that may be issued or levied against the property leased or against the buildings and improvements erected or to be erected thereon.

7. The successful bidder within ten (10) days after the said lease shall be awarded shall execute and file with the Clerk of the Board of Supervisors a bond in the penal sum equal to two years' rental of the premises leased, to secure the performance of the conditions and obligations of such lease, in form satisfactory to the City Attorney

and the sureties satisfactory to the Mayor.

8. A failure to pay the monthly rent agreed to be paid or a breach on the part of the lessees of any of the conditions of the lease shall, by reason of such failure or breach, operate as a forfeiture, and the said lease shall thereupon be terminated and the improvements erected thereon shall revert to and become the property of the City and County of San Francisco, and the sureties on the bond shall be liable to the City and County for any damage that may result from such forfeiture.

9. Should the above described premises be required for public use at any time before the termination of the period of the lease, the City shall have the right to cancel the said lease upon the payment of just compensation for improvements thereon, and for such damages suffered by the lessee by reason of such cancellation in eminent domain proceedings or the amount thereon to be determined by arbitrators, one to be appointed by the City and County, and one by the lessee, and a third to be appointed by the arbitrators so appointed in case of disagreement.

Manner of Bidding.

At the time and place herein stated the Clerk of the Board of Supervisors will read this notice, and thereupon the presiding officer of the Board of Supervisors will call for bids for the lease of the property described herein. Any person may offer a bid in writing, sealed, and each bid shall be for the monthly rental to be paid during the term of the lease. Each bid made shall be subject to be raised by any other person, and the bidding shall continue until no increased bid shall be made, and said bid so made in open board will be considered as if made in writing, when the lease shall be struck off and awarded to the highest bidder. The said bidder to whom the award is made shall thereupon deposit with the Clerk of the Board of Supervisors the sum of $500 or a certified check made payable to the Clerk of said Board in said amount, as a condition that within ten (10) days after the passage of an ordinance of award he will enter into a written lease of said property in accordance with the terms and conditions stated in this notice; in the event of a failure so to do, such sum or check will be forfeited to and become the property of the City and County. In case any bidder shall fail to make such deposit, his bid shall be then and there rejected and the lease shall be struck off and awarded to the next highest bidder, provided that no person desires to increase the same.

The Board of Supervisors at any time prior to the passage of the ordinance of award may reject any bid.

Bid.

The bid of F. Mosco, in the sum of $100 per month, was received and *referred to the Public Buildings Committee.*

Set-back Line Hearing—11 A. M.

Hearing of objections to the establishment of set-back lines along portions of Joost avenue and Bemis street fixed for 11 a. m. today.

Passed for Printing.

No objection being offered, the following bill was *passed for printing*:

Establishing Set-back Lines Along Portions of Joost Avenue and Bemis Street.

Bill No. 8499, Ordinance No. —— (New Series), as follows:

Establishing set-back lines along portions of Joost avenue and Bemis street.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It is hereby recited that on the 12th day of March, 1928, the Board of Supervisors adopted Resolution of Intention No. 177, to establish set-back lines along portions of Joost avenue and Bemis street, and fixed the 9th day of April, 1928, at 11 o'clock a. m. at the chambers of the Board of Supervisors, as the time and place for hearing objections thereto; that, thereafter, and more than ten days prior to said hearing, the said resolution was published and notices of the passage of said resolution were posted along the line of said streets in time, form and manner required by Ordinance No. 5636 (New Series); that said hearing was held at the time and place aforesaid, and that all objections made at said hearing have been properly overruled.

Section 2. Pursuant to the foregoing recitals and in accordance with the provisions of said Ordinance No. 5636 (New Series), set-back lines are hereby established as follows:

Along the northerly side of Joost avenue commencing at a point 100 feet easterly from Ridgewood avenue and running thence easterly to a point 100 feet westerly from Genesee street, said set-back line to be 9 feet.

Along the northerly side of Joost

avenue commencing at a point 100 feet easterly from Genesee street and running thence easterly 275 feet, said set-back line to be 2 feet; thence easterly 75 feet, said set-back line to be 5½ feet; thence easterly 50 feet, said set-back line to be 3 feet; along the southerly side of Joost avenue commencing at a point 100 feet easterly from Genesee street and running thence easterly to a point 100 feet westerly from Foerster street, said set-back line to be 7 feet.

Along the northerly side of Joost avenue commencing at Edna street and running thence easterly 500 feet, said set-back line to be 15 feet; thence easterly 100 feet, said set-back line to be 8 feet.

Along the northerly side of Joost avenue commencing at a point 100 feet easterly from Detroit street and running thence easterly to a point 100 feet westerly from Congo street, said set-back line to be 15 feet.

Along the northerly side of Joost avenue commencing at a point 100 feet easterly from Congo street and running thence easterly to Baden street, said set-back line to be 15½ feet; along the southerly side of Joost avenue commencing at a point 25 feet easterly from Congo street and running thence easterly 450 feet, said set-back line to be 5½ feet.

Along the southeasterly line of Bemis street commencing at a point 113 feet northeasterly from Mateo street and running thence northeasterly to a point 112 feet southwesterly from Miguel street, said set-back line to be 9 feet.

As shown on the maps filed in the office of the Board of Supervisors and to which reference is hereby made for further particulars.

Section 3. No structures shall be erected in the area between said set-back lines and the street lines, except as provided in said Ordinance No. 5636 (New Series), and the penalties for the violation of this ordinance shall be as fixed by the ordinance aforesaid.

PRESENTATION OF PROPOSALS.

Pianos for School Department.

Sealed proposals were received and opened between the hours of 10 and 11 a. m. for furnishing pianos for School Department and *referred to the Supplies Committee.*

Giving Notice of Special Election, Bonds for Completion of Hetch Hetchy.

On recommendation of Public Utilities Committee:

Resolution No. 28812 (New Series), as follows:

Giving notice of a special election to be held in the City and County of San Francisco on Tuesday, the 1st day of May, 1928, for the purpose of submitting to the voters of the City and County of San Francisco a proposition to incur a bonded debt of the City and County of San Francisco to the amount of twenty-four million ($24,000,000) dollars for the construction and completion of a public utility, to-wit: aqueduct tunnels, pipe lines and other structures and appurtenances, including lands necessary for the completion of the Lake Eleanor Tuolumne system, also known as the Hetch Hetchy project, for the conveying of water from the Tuolumne River and its tributaries situated within the State of California to the City and County of San Francisco for domestic and municipal purposes, to be used as an available source of a sufficient supply of good, pure water for said City and County and its inhabitants, to be owned and controlled by the City and County of San Francisco for supplying water to said City and County and to the inhabitants thereof.

Resolved, By the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. Notice is hereby given that, pursuant to the laws of the State of California, the Charter of the City and County of San Francisco and the provisions of Bill No. 8457, Ordinance No. 7990 (New Series), of the Board of Supervisors, passed March 26, 1928, reference to said ordinance for further particulars being here made, a special election will be held in the City and County of San Francisco, on Tuesday, the 1st day of May, 1928, for the purpose of submitting to the electors of said City and County the following proposition, to-wit: The construction and completion of a public utility, to-wit: Aqueduct tunnels, pipe lines and other structures and appurtenances, including lands necessary for the completion of the Lake Eleanor Tuolumne system, also known as the Hetch Hetchy project, for the conveying of water from the Tuolumne river and its tributaries, situated within the State of California, to the City and County of San Francisco for domestic and municipal purposes, to be used as an available source of a sufficient supply of good, pure water for said City and County and its inhabitants, to be owned and controlled by the City and County of San Francisco for supplying water to said City and County and to the inhabitants thereof and the incurring of a bonded indebtedness of the City and County of San Francisco to the amount of twenty-four million ($24,000,000) dollars for the construction and completion of the public utility described herein.

Section 2. If, at such special election, it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in the proposition described in Section 1 of this resolution, then such proposition shall be deemed to have been accepted by the electors, and bonds will be issued to defray the cost of the public utility described therein. Such bonds shall be of the form and character known as "serials." All of said bonds shall be dated July 1, 1928, shall bear interest at the rate of 4½ per centum per annum, payable semi-annually, shall be of the denomination of one thousand dollars each, and the principal and interest thereof shall be payable in gold coin of the United States. Said bonds shall be called "Hetch Hetchy Bonds."

Bonds issued for the purpose stated shall be numbered from 1 to 24,000, both inclusive, and shall be payable six hundred thousand ($600,000) dollars thereof ten years from the date of said bonds, beginning with the lowest number, and six hundred thousand ($600.-000) dollars thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

No. —— $1,000.

For value received, the City and County of San Francisco, a mu-

nicipal corporation organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer on the first day of ————, 19—, one thousand dollars, with interest thereon at the rate of 4½ per centum per annum, payable semi-annually, January 1 and July 1, on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County, or at the option of the holder, at the fiscal agency of said City and County of San Francisco in the City and State of New York.

This bond is issued under and pursuant to the Constitution and statutes of the State of California, and the Charter of said City and County of San Francisco, and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or Charter of said City and County, and that provision has been made, as required by the Constitution and statutes of said State and the Charter of said City and County, for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond, and shall sign a statement stamped, printed or written upon the back or face of the bond to the effect that this bond is registered in the name of the owner, and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter and from time to time this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor, and has caused the interest coupons hereto attached to be signed with the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of July, 1928.

Section 4. The amount of tax levy to be made for the payment of said twenty-four million ($24,000,000) dollars bonds issued under said proposition shall be the sum of one million eighty thousand ($1,-

080,000) dollars for the first ten years from the date of said bonds to pay the annual interest on said bonds, and in season to pay such interest as it becomes due, and for the eleventh year after the date of said bonds the sum of one million fifty-three thousand ($1,053,000) dollars to pay, and in season to pay the interest on such of said bonds as remain outstanding after the six hundred thousand ($600,000) dollars thereof due ten years from their date have been paid, and for the twelfth year after the date of said bonds the sum of one million twenty-six thousand $1,026,000) dollars to pay and in season to pay the interest on such of said bonds as remain outstanding after the six hundred thousand ($600,000) dollars thereof due eleven years from their date have been paid, and so on, a sum each year for thirty-seven succeeding years until said bonds are all paid, sufficient for interest and in season to pay interest on all of said bonds outstanding, which sum for interest will diminish each year by the amount of twenty-seven thousand ($27,000) dollars by reason of the payment each year beginning ten years from the date of said bonds of six hundred thousand ($600,000) dollars of said bonds, and the sum of six hundred thousand ($600,000) dollars each year beginning nine years from the date of said bonds to pay and in season to pay the principal of such bonds as they respectively become due, and continuing each succeeding year for thirty-nine years until the principal of all of said bonds has been paid.

The purpose and intent of the foregoing tax provisions are, and it is hereby expressly provided, that at the time of levying the municipal tax, and in the manner provided for such tax levy, the Supervisors shall levy and collect annually a tax sufficient to pay the annual interest on such bonds, and also such part of the bonded indebtedness as will fall due within the succeeding fiscal year. Such taxes shall be in addition to all other taxes levied for municipal purposes, and shall be collected at the same time and in the same manner as other municipal taxes are collected.

Section 5. The special election hereby called and ordered to be held shall be held and conducted, and the votes thereat received and canvassed, and the returns thereof made, and the result thereof ascertained, determined and declared as herein provided and according to the laws of the State of California providing for and governing elections in the City and County of San Francisco and the polls for such election shall be and remain open during the time required by said laws.

The ballots to be used at said special election shall be such as may be required by law to be used thereat, and, in addition to any other matter required by law to be printed thereon, shall appear thereon the following:

"Hetch Hetchy—To incur a bonded indebtedness in the sum of twenty-four million ($24,000,00) dollars for the construction and completion of a public utility, to-wit, aqueduct tunnels, pipe lines and other structures and appurtenances, including lands necessary for the completion of the Lake Eleanor Tuolumne system, also known as the Hetch Hetchy project, for the conveying of water from the Tuolumne river and its tributaries, situated within the State of California, to the City and County of San Francisco, for domestic and municipal purposes, to be used as an available source of a sufficient supply of good, pure water for said City and County and its inhabitants."

To vote for the proposition and thereby authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated herein stamp a cross (X) in the blank space to the right of the word "Yes." To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated herein stamp a cross (X) in the blank space to the right of the word "No."

YES	
NO	

Bonds issued for the acquisition, construction and completion of the public utility herein described shall bear interest at the rate of 4½ per centum per annum, payable semi-annually.

Section 6. Where voting machines are used at said special election the said voting machines shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word "Yes" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front

of the machine, and said act shall constitute a vote for the proposition, and by pulling down a lever over the word "No" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, shall constitute a vote against the proposition. Said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923.

Each cross (X) stamped in the square to the right of the word "Yes" appearing on the printed ballot, where printed ballots are used, shall constitute a vote in favor of and to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition, and each cross (X) stamped in the square to the right of the word "No" shall be counted as a vote not in favor of, and a refusal to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition.

Section 7. The election precincts and the numbers, names and boundaries thereof for said special election, and the places of voting, and the officers to conduct such elections, and all other necessary proceedings in that behalf, shall be respectively defined, designated, selected, appointed and had by the Board of Election Commissioners of the City and County of San Francisco, and said Board is hereby authorized and directed to procure and provide all supplies that may be necessary to properly and lawfully conduct such special election.

When the polls are closed the officers of election shall count the ballots cast at such election, and canvass the votes cast, respectively, for and against the proposition herein stated, and make return thereof in time, form and manner required for the counting, canvassing and returning of votes cast at other municipal elections held in the City and County of San Francisco. The Board of Election Commissioners shall, as soon as the said returns and ballots have been received by said Board, canvass said returns and declare the result thereof in the manner provided by law for canvassing returns and declaring results in other elections, and shall also certify said results to the Board of Supervisors.

Section 8. This resolution shall be published for at least fourteen days in the official newspaper and shall take effect immediately.

Giving Notice of Special Election, Acquisition of Spring Valley Water Company Properties.

On recommendation of Public Utilities Committee:

Resolution No. 28813 (New Series), as follows:

Giving notice of a special election to be held in the City and County of San Francisco on Tuesday, the 1st day of May, 1928, for the purpose of submitting to the voters of the City and County of San Francisco a proposition to incur a bonded debt of the City and County of San Francisco to the amount of forty-one million ($41,000,000) dollars, for the acquisition, construction and completion of a public utility, to-wit: all of the property, or such portion thereof as may be deemed necessary, water rights, rights of way, storage reservoirs, water works, water supply, pumping plants, lands within and without the confines of the City and County of San Francisco that shall be deemed necessary, and distributing system of the Spring Valley Water Company, a public utility, now distributing water within the City and County of San Francisco, used or useful in supplying water to the City and County of San Francisco and to its inhabitants, to be owned and controlled by the City and County of San Francisco, for supplying water to said City and County and to the inhabitants thereof.

Resolved, By the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. Notice is hereby given that, pursuant to the laws of the State of California, the Charter of the City and County of San Francisco and the provisions of Bill No. 8458, Ordinance No. 7991 (New Series), of the Board of Supervisors, passed March 26, 1928, reference to said ordinance for further particulars being here made, a special election will be held in the City and County of San Francisco, on Tuesday, the first day of May, 1928, for the purpose of submitting to the electors of said City and County the following proposition, to-wit: The acquisition, construction and completion of a public utility, to-wit: All of the property, or such portion thereof as may be deemed neces-

sary, water rights, rights of way, storage reservoirs, water works, water supply, pumping plants, lands within and without the confines of the City and County of San Francisco that shall be deemed necessary, and distrfbuting system of the Spring Valley Water Company, a public utility, now distributing water within the City and County of San Francisco, used or useful in supplying water to the City and County of San Francisco and to its inhabitants, to be owned and controlled by the City and County of San Francisco for supplying water to said City and County and to the inhabitants thereof and the incurring of a bonded indebtedness of the City and County of San Francisco to the amount of forty-one million ($41,000,000) dollars for the acquisition, construction and completion of the public utility described herein.

Section 2. If, at such special election, it shall appear that two-thirds of all the votes cast thereat were in favor of and authorized the incurring of a bonded debt for the purpose set forth in the proposition described in Section 1 of this resolution, then such proposition shall be deemed to have been accepted by the electors, and bonds will be issued to defray the cost of the public utility described therein. Such bonds shall be of the form and character known as "serials." All of said bonds shall be dated July 1, 1928, shall bear interest at the rate of 4½ per centum per annum, payable semi-annually, shall be of the denomination of one thousand dollars each, and the principal and interest thereof shall be payable in gold coin of the United States. Said bonds shall be called "Spring Valley Bonds."

Bonds issued for the purpose stated shall be numbered from 1 to 41,000, both inclusive, and shall be payable one million ($1,000,000) dollars thereof two years from the date of said bonds, beginning with the lowest numbers, and one million ($1,000,000) dollars thereof of the next higher numbers on the same day in each succeeding year until all of said bonds shall be paid.

Section 3. Said bonds and coupons shall be in substantially the following form:

THE UNITED STATES OF AMERICA.
State of California.
City and County of San Francisco.
"Spring Valley Bond."

No. —— $1,000

For value received, the City and County of San Francisco, a municipal corporation organized and existing under the laws of the State of California, hereby acknowledges itself indebted and promises to pay to the bearer on the first day of ————, 19—, one thousand dollars, with interest thereon at the rate of 4½ per centum per annum, payable semi-annually, January 1 and July 1, on presentation and surrender of the coupons hereto attached as they respectively become due, both principal and interest being payable in gold coin of the United States at the office of the Treasurer of said City and County, or, at the option of the holder, at the fiscal agency of said City and County of San Francisco in the City and State of New York.

This bond is issued under and pursuant to the Constitution and statutes of the State of California, and the Charter of said City and County of San Francisco, and amendments thereto, and under and pursuant to ordinances and proceedings of said City and County duly adopted and taken, and a vote and assent of more than two-thirds of all the qualified electors of said City and County voting at a special election duly and legally called and held for that purpose.

It is hereby certified, recited and declared that all acts, conditions and things required by law to exist, happen and be performed precedent to and in the issuance of this bond have existed, happened and been performed in due time, form and manner as required by law, and that the amount of this bond, together with all other indebtedness of said City and County, does not exceed any limit prescribed by the Constitution or statutes of said State or Charter of said City and County, and that provision has been made, as required by the Constitution and statutes of said State and the Charter of said City and County, for the collection of an annual tax sufficient to pay the interest on this bond as it falls due, and also provision to constitute a sinking fund for the payment of the principal of this bond on or before maturity. The full faith and credit of said City and County are hereby pledged for the punctual payment of the principal and interest of this bond.

This bond may be converted into a registered bond upon presentation to the Treasurer of the City and County of San Francisco, in which event such Treasurer shall cut off and cancel the coupons of this bond, and shall sign a statement stamped, printed or written

upon the back or face of the bond to the effect that this bond is registered in the name of the owner, and that thereafter the interest and principal of this bond are payable to the registered owner. Thereafter and from time to time this bond may be transferred by such registered owner in person or by attorney duly authorized on presentation of this bond to the Treasurer, and the bond be again registered as before, a similar statement being stamped, printed or written thereon.

This bond is exempt from all taxation within the State of California.

In witness whereof, said City and County of San Francisco has caused this bond to be executed under its corporate seal, signed by its Mayor and Treasurer, and countersigned by its Auditor, and has caused the interest coupons hereto attached to be signed with the engraved or lithographed signature of its Treasurer, and this bond to be dated the first day of July, 1928.

Section 4. The amount of tax levy to be made for the payment of said forty-one million ($41,000,000) dollars bonds issued under said proposition shall be the sum of one million eight hundred forty-five thousand ($1,845,000) dollars for the first two years from the date of said bonds to pay the annual interest on said bonds, and in season to pay such interest as it becomes due, and for the third year after the date of said bonds the sum of one million eight hundred thousand ($1,800,000) dollars to pay, and in season to pay the interest on such bonds as remain outstanding after the one million ($1,000,000) dollars thereof due two years from their date have been paid, and for the fourth year after the date of said bonds the sum of one million seven hundred fifty-five thousand ($1,755,000) dollars to pay and in season to pay the interest on such of said bonds as remain outstanding after the one million ($1,000,000) dollars thereof due three years from their date have been paid, and so on, a sum each year for thirty-eight succeeding years until said bonds are all paid, sufficient for interest and in season to pay interest on all of said bonds outstanding, which sum for interest will diminish each year by the amount of forty-five thousand ($45,000) dollars by reason of the payment each year beginning two years from the date of said bonds of one million ($1,000,000) dollars of said bonds, and the sum of one million ($1,000,000) dollars each year beginning one year from the date of said bonds to pay and in season to pay the principal of such bonds as they respectively become due, and continuing each succeeding year for forty years until the principal of all of said bonds has been paid.

The purpose and intent of the foregoing tax provisions are, and it is hereby expressly provided, that at the time of levying the municipal tax, and in the manner provided for such tax levy, the Supervisors shall levy and collect annually a tax sufficient to pay the annual interest on such bonds, and also such part of the bonded indebtedness as will fall due within the succeeding fiscal year. Such taxes shall be in addition to all other taxes levied for municipal purposes, and shall be collected at the same time and in the same manner as other municipal taxes are collected.

Section 5. The special election hereby called and ordered to be held shall be held and conducted, and the votes cast thereat received and canvassed, and the returns thereof made, and the result thereof ascertained, determined and declared as herein provided and according to the laws of the State of California providing for and governing elections in the City and County of San

Francisco, and the polls for such election shall be and remain open during the time required by said laws.

The ballots to be used at said special election shall be such as may be required by law to be used thereat, and, in addition to any other matter required by law to be printed thereon, shall appear thereon the following:

"Spring Valley—To incur a bonded indebtedness in the sum of forty-one million ($41,000,000) dollars for the acquisition, construction and completion of a public utility, to-wit: All of the property, or such portion thereof as may be deemed necessary, water rights, rights of way, storage reservoirs, water works, water supply, pumping plants, lands within and without the confines of the City and County of San Francisco that shall be deemed necessary, and distributing system of the Spring Valley Water Company, a public utility, now distributing water within the City and County of San Francisco, used or useful in supplying water to the City and County of San Francisco and to its inhabitants, to be owned and controlled by the City and County of San Francisco for supplying good, pure water to said City and County and to the inhabitants thereof."

To vote for the proposition and thereby authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated herein stamp a cross (X) in the blank space to the right of the word "Yes." To vote against the proposition and thereby refuse to authorize the incurring of a bonded indebtedness to the amount of and for the purpose stated herein stamp a cross (X) in the blank space to the right of the word "No."

YES	
NO	

Bonds issued for the acquisition, construction and completion of the public utility herein described shall bear interest at the rate of 4½ per centum per annum, payable semi-annually.

Section 6. Where voting machines are used at said special election the said voting machines shall be so arranged that any qualified elector may vote for the proposition by pulling down a lever over the word "Yes" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, and said act shall constitute a vote for the proposition, and by pulling down a lever over the word "No" under or near a statement of the proposed proposition appearing on cardboard, paper or other material placed on the front of the machine, shall constitute a vote against the proposition. Said voting machines and the preparation of the same are to be used in accordance with the provisions of Chapter 96 of the Statutes of 1923.

Each cross (X) stamped in the square to the right of the word "Yes" appearing on the printed ballot, where printed ballots are used, shall constitute a vote in favor of and to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition, and each cross (X) stamped in the square to the right of the word "No" shall be counted as a vote not in favor of, and a refusal to authorize the incurring of a bonded indebtedness for the purpose set forth in the proposition.

Section 7. The election precincts and the numbers, names and boundaries thereof for said special election, and the places of voting, and the officers to conduct such elections, and all other necessary proceedings in that behalf, shall be respectively defined, designated, selected, appointed and had by the Board of Election Commissioners of the City and County of San Francisco, and said Board is hereby authorized and directed to procure and provide all supplies that may be necessary to properly and lawfully conduct such special election.

When the polls are closed the officers of election shall count the ballots cast at such election, and canvass the votes cast, respectively, for and against the proposition herein stated, and make return thereof in time, form and manner required for the counting, canvassing and returning of votes cast at other municipal elections held in the City and County of San Francisco. The Board of Election Commissioners shall, as soon as the said returns and ballots have been received by said Board, canvass said returns and declare the result thereof in the manner provided by law for canvassing returns and declaring results in other elections, and shall also certify said results to the Board of Supervisors.

Section 8. This resolution shall

His Honor Mayor Rolph being absent, Supervisor Havenner was elected to preside.

Leave of Absence, Andrew J. Mahoney.

The following was presented and read by the Clerk:

San Francisco, Cal.,
April 4, 1928.

To the Honorable Board of Supervisors, City Hall, San Francisco, California.

Gentlemen:

Application has been made to me by Hon. Andrew J. Mahoney, member of the Police Commission, for a leave of absence, with permission to absent himself from the State of California for a period of thirty (30) days, commencing April 7, 1928.

Will you please concur with me in granting this leave of absence?

Respectfully,
FRANCK R. HAVENNER,
Acting Mayor.

Whereupon, the following resolution was presented and *adopted* by the following vote:

Resolution No. 28815 (New Series), as follows:

Resolved, That, in accordance with the recommendation of Hon. Franck R. Havenner, Acting Mayor, Hon. Andrew J. Mahoney is hereby granted a leave of absence for a period of thirty days, commencing April 7, 1928, with permission to leave the State.

SPECIAL ORDER—2 P. M.

Notice of Reconsideration, 333 Kearny Street.

March 12, 1928—Supervisor Kent moved as an amendment that the Clerk be directed to write a letter and register it to the owner, under date of tomorrow, that this Board will cancel the lease of 333 Kearny street, to take effect July 10, 1928.

Carried by the following vote:

Ayes — Supervisors Gallagher, Havenner, Kent, McGovern, McSheehy, Marks, Powers, Roncovieri, Schmidt, Stanton—10.

Noes—Supervisors Colman, Deasy, Hayden, Shannon, Suhr, Todd, Toner—7.

Thereupon, before the vote was announced, Supervisor Shannon changed his vote from *no* to *aye* and gave notice that he would move for a reconsideration of the said vote at this meeting.

March 19, 1928—*Over one week. Special Order, 2 p. m.*

A motion of Supervisor Schmidt to place a rider in the lease cancelling the space not being used by the Grand Jury was agreed to by Attorney Eastman, representing the lessor, and referred to the City Attorney so that the lease might not be invalidated by the change.

A motion of Supervisor Roncovieri that the fourth floor of the Hall of Justice be turned over to the Police Department was continued one week.

March 26, 1928—*Over one week. Special Order, 11 a. m.*

April 2, 1928—*Over one week. Special Order, 2 p. m.*

Motions.

Supervisor Roncovieri renewed his motion made at a previous meeting that the entire fourth floor of the Hall of Justice be turned over to the Police Department.

Motion *carried* by the following vote:

Ayes—Supervisors Andriano, Colman, Deasy, Gallagher, Hayden, McGovern, Marks, Roncovieri, Schmidt, Shannon, Suhr, Todd, Toner—13.

Noes—Supervisors Havenner, Kent, Powers, Stanton—4.

Absent—Supervisor McSheehy—1.

Supervisor Shannon moved to

take up the matter of the reconsideration of Supervisor Kent's motion.

Motion *carried* by the following vote:

Ayes—Supervisors Andriano, Colman, Deasy, Gallagher, Hayden, Roncovieri, Schmidt, Shannon, Suhr, Todd, Toner—11.

Noes—Supervisors Havenner, Kent, McGovern, Marks, Powers, Stanton—6.

Absent—Supervisor McSheehy—1.

The question being on Supervisor Kent's motion, Supervisor Shannon moved as an amendment that the City Attorney be directed to write into the lease a modification providing for a reduction of $65.25 per month.

Amendment *carried* by the following vote:

Ayes—Supervisors Andriano, Colman, Deasy, Hayden, Marks, Roncovieri, Shannon, Suhr, Todd, Toner—10.

Noes — Supervisors Gallagher, Havenner, McGovern, Powers, Schmidt, Stanton—6.

Absent—Supervisors Kent, McSheehy—2.

Before the result of the foregoing vote was announced, Supervisor Havenner changed his vote from *no* to *aye* and gave notice that he would move for a reconsideration of the vote at next meeting.

Supervisor Shannon objected that under the rules reconsideration could not be had on a subsidiary motion and called for a vote on the main question.

Supervisor Gallagher raised point of order that main question could not be put until reconsideration was had.

Chair (Supervisor Havenner) ruled that while a motion to amend is before the Board the main question cannot be put.

Whereupon, Supervisor Shannon appealed from the decision of the chair.

The roll being called on the question "Shall the ruling the Chair be the decision of the Board?" The Chair was *overruled* by the following vote:

The Chair was *overruled* by the following vote:

Ayes — Supervisors Andriano, Havenner, Kent, McGovern, Marks, Powers, Stanton—7.

Noes—Supervisors Colman, Deasy, Gallagher, Hayden, Roncovieri, Schmidt, Shannon, Suhr, Todd, Toner—10.

Absent—Supervisor McSheehy—1.

Chair declared that the *amendment* should be considered as a "substitute for the whole," as it entirely changes the question.

Thereupon, the question being put on the main question as modified the roll was called with the following result:

Ayes—Supervisors Andriano, Colman, Deasy, Hayden, Marks, Roncovieri, Shannon, Suhr, Todd, Toner—10.

Noes — Supervisors Gallagher, Havenner, Kent, McGovern, Powers, Schmidt, Stanton—7.

Absent—Supervisor McSheehy—1.

Before the result was announced, Supervisor Havenner changed his vote from *no* to *aye* and gave notice of reconsideration for next meeting.

Mayor to Contract With Musical Association of San Francisco for Spring Music Festival.

On recommendation of the Auditorium Committee:

Resolution No. 28819 (New Series), as follows:

Resolved, on recommendation of the Auditorium Committee his Honor the Mayor is authorized to enter into contract with the Musical Association of San Francisco, the terms and conditions as follows:

This agreement, made and entered into this —— day of April, 1928, between the City and County of San Francisco, a municipal corporation, the party of the first part, and the Musical Association of San Francisco, party of the second part:

Witnesseth: The party of the second part, in consideration of the promises of the party of the first part herein contained, promises and agrees to give a Spring Music Festival of two performances on the evenings of April 10 and April 13, 1928, in Exposition Auditorium, San Francisco.

The said concerts will be given by the San Francisco Symphony Orchestra under the direction of Alfred Hertz, or if in his absence or owing to his disability, under the direction of Michel Penha or Dr. Hans Leschke, as may be found expedient. The programmes to be approximately two hours in length, the numbers of same to be mutually agreed upon by the respective parties hereto.

It is mutually understood and agreed that the Musical Association of San Francisco is to be paid the sum of seven thousand dollars ($7,000) which sum is to include all cost for the services of the orchestra, conductor, all necessary extra musicians, and all extra rehearsals whether held in the daytime or evening.

It is hereby mutually understood and agreed that after all expenses have been paid, the party of the first part shall retain one-half the net profits from said performances as and for the rental of said Auditorium and pay over one-half the net profits to the party of the second part, and the party of the second part in consideration of the promises of the party of the first part herein contained agrees to indemnify the party of the first part against any loss resulting from said performances to the extent of fifty per cent of any such loss, and to pay to said party of the first part a sum amounting to fifty per cent of any such loss upon the amount thereof being definitely ascertained and pay such sum to the party of the first part on or before the 15th day of May, 1928.

It is further agreed that for the benefit of both parties printed matter to be furnished shall be posted at least five days in advance of each performance and shall not be covered until the concerts are given.

The party of the first part agrees to reserve the Auditorium for use by the second party from the morning of April 1, 1928, to and including the night of April 13, 1928, with the exception of the evening of Tuesday, April 3, 1928.

The prices of admission for each performance shall be from $1 to $2. Either or both parties to this contract are to have free access to the box office where tickets are sold at all times.

The parties hereto agree to cause a surety bond to be issued in the amount of ten thousand ($10,000) dollars in favor of the City and County of San Francisco, covering the accurate selling and handling of the ticket sale and accounting therefor by Peter D. Conley of San Francisco, who shall have charge of the same, said bond to be subject to the approval of the Auditor of the City and County of San Francisco.

It is also agreed that the number of free admissions to be issued shall be mutually agreed upon.

It is further agreed that during this engagement (April 1 to April 13, 1928, inclusive), no performance or rehearsal shall take place in the above mentioned building without the consent of the respective parties hereto except as hereinabove stated.

As the money collected from the advance sale of tickets shall total the sum of $500, said amount, or any sum in addition thereto, shall be deposited with the Treasurer of the City and County of San Francisco.

A statement of the amount received from ticket sellers and box office receipts for the sale of tickets shall be furnished to the respective parties upon the termination of the performances.

In witness whereof, the Mayor of the City and County of San Francisco, having by Resolution No. —— of the Board of Supervisors of said City and County, being duly authorized so to do, has caused the name of the party of the first part to be hereunto subscribed, and the great seal of said City and County of San Francisco to be hereunto

attached, and the party of the second part has caused this agreement to be executed by its Secretary-Manager, duly and regularly authorized thereto, the day and year first above written.

Adopted by the following vote:

Mayor's Veto, Haley Parking Station.

The following was presented, read and, on motion, *laid over one week*:

April 11, 1928.

Honorable Board of Supervisors, City Hall, San Francisco.

Gentlemen:

I am returning to you herewith, without my approval, Resolution No. 28762 (New Series), by reason of protests from various individuals and associations directly concerned who have bombarded my office with objections to the granting of this permit to maintain and operate an automobile parking station on the north side of McAllister street, 37 feet 6 inches east of Hyde street.

Respectfully,

(Sgd.) JAMES ROLPH, JR.,
Mayor.

Resolution No. 28762 (New Series):

Resolved, That Wm. W. Haley be and is hereby granted permission, revocable at will of the Board of Supervisors, to maintain and operate an automobile parking station on the north side of McAllister street, 37 feet 6 inches east of Hyde street.

The rights granted under this resolution shall be exercised within six months, otherwise said permit shall become null and void.

Finally passed—Board of Supervisors, San Francisco, April 2, 1928.

Ayes—Supervisors Andriano, Colman, Deasy, Gallagher, Havenner, Hayden, Kent, McGovern, Marks, Powers, Roncovieri, Schmidt, Shannon, Stanton, Suhr, Todd, Toner.

J. S. DUNNIGAN,
Clerk.

Disapproved, San Francisco, April 11, 1928.

JAMES ROLPH, JR.,
Mayor.

Reasons are: Because of strenuous objections of adjacent property owners and of various associations in the district where this permit applies.

Respectfully,
JAMES ROLPH, JR.,
Mayor.

Mayor Withdraws Veto of Manaton Permit.

Subsequently the following was read by the Clerk and *laid over one week*:

April 16, 1928.

Honorable Board of Supervisors, City Hall, San Francisco, California.

Gentlemen:

I find that I have been misinformed regarding protests against the permit granted by your Honorable Board for a parking station on City Hall avenue in the name of Wm. H. Manaton.

The situation was called to my attention upon my return from Los Angeles, where I went on Thursday to escort some guests of the city for a daylight trip through California and to see them away in their sailing Friday from Los Angeles Harbor, and also to discuss with Los Angeles officials arrangements for the dedication of their new City Hall on April 26th, at which I have been invited to make an address.

The protests were not against the Manaton permit, but against the Haley permit on McAllister street, which I have also returned to your Honorable Board without my approval.

I present my compliments and ask you to kindly disregard my disapproval of the Manaton permit and to reinstate this permit in the form in which you originally sent it to me. Please bear in mind that my disapproval of the Haley permit still stands as given.

Very respectfully yours,
(Sgd.) JAMES ROLPH, JR.,
Mayor.

Congressman R. J. Welch Thanks Board of Supervisors for Resolution of Commendation.

April 11, 1928.

Mr. John S. Dunnigan, Clerk Board of Supervisors, City Hall, San Francisco, California.

My dear Mr. Dunnigan:

Please accept this acknowledgment of your gracious letter of April 3d containing a resolution passed by the Board of Supervisors commending my work in behalf of the trans-bay bridge as provided for in H. R. 7467.

Kindly convey to the Board my sincere thanks for this communication. There is nothing I prize so highly as the confidence of my old associates and collaborators in the advancement of San Francisco.

Yours sincerely,
RICHARD J. WELCH,
Member Congress.

Action Deferred.

The following matter was presented and made a *Special Order of Business for* 11 *a. m., next Monday*:

Mayor to Enter Into Agreement With Southern Pacific Company in re Bernal Cut.

Resolution No. ——— (New Series), as follows:

Resolved, That the Mayor is herebe authorized to enter into agreements with the Southern Pacific Railway Company, terms and conditions as follows:

This agreement, made this —— day of ————, 1928, by and between Southern Pacific Railroad Company, a corporation of the States of California, Arizona and New Mexico, and its lessee, Southern Pacific Company, a corporation of the State of Kentucky, first parties, herein collectively called "Southern Company," and the City and County of San Francisco, a municipal corporation of the State of California, second party, herein called "City."

Recitals:

The parties hereto entered into a certain agreement dated March 23, 1914, relating to rights of way through Bernal Cut, in the City and County of San Francisco, and also entered into a certain agreement of even date herewith modifying and changing said agreement of March 23, 1914, and enlarging the plan of construction of rights of way, tracks and a public street or roadway through said Bernal Cut.

In connection with said work it will be necessary that the Southern Company remove its existing team track near Bosworth street, in said City and County of San Francisco, from the southeasterly side of its track to the northwesterly side of proposed location of its main track through Bernal Cut.

Said agreement of March 23, 1914, provided, among other things, that Southern Company would convey certain land to the City, which land was conveyed pursuant to said agreement by deed dated March 23, 1914. Said deed contained a reservation on behalf of Southern Company to use a certain strip of land 8½ feet wide and a certain strip of land 13½ feet wide, both of which are hereinafter described. In the event that the agreement of even date herewith is carried out the City desires that Southern Company quitclaim to the City all of its right, title and interest in and to said strip of land covered by said reservation above mentioned.

The parties hereto desire to set forth their understandings and agreements relative to the matters hereinabove mentioned.

Agreement:

Now, therefore, in consideration of the mutual and dependent promises of the parties hereto, it is hereby agreed as follows, to-wit:

First: That the City will pay to Southern Pacific Company the entire cost, plus ten (10) per cent of all labor, to cover supervision of removing said existing team track and replacing and reconstructing said team track in kind and in good condition upon the property hereinafter described, to be acquired by the City and conveyed to the Southern Pacific Railroad Company.

Concurrently with the delivery to it by the City of the deed hereinafter specified the Southern Company will deliver to the City a quitclaim deed conveying all the right, title and interest of the Southern Company in and to those certain parcels of land described as follows, being those certain strips of land 8½ feet in width and 13½ feet in width, respectively, covered by said reservation contained in said deed dated March 23, 1914, to-wit:

All those certain strips of land situate, lying and being in the City and County of San Francisco, State of California, more particularly described as follows:

Parcel 1: A strip of land 8.5 feet wide, lying adjacent to and southeasterly of a line drawn 10.00 feet at right angles and radially southeasterly from the original center line of the main track of the Southern Pacific Railroad Company's San Francisco-San Bruno Branch, between Engineer's Station 78+48.5 and 92+40.

Parcel 2: A strip of land 13.5 feet wide, lying adjacent to and southeasterly of a line drawn 10.00 feet at right angles southeasterly from the original center line of the main track of the Southern Pacific Railroad Company's San Francisco-San Bruno branch, between Engineer's Station 92+40 and 101+20.

The above described parcels of land being the same property as reserved in part III, page 3, of that certain deed dated March 23, 1914, between Southern Pacific Railroad Company, Southern Pacific Company and the City and County of San Francisco.

The City hereby covenants and agrees to acquire and convey to Southern Pacific Railroad Company, without cost to Southern Company, by good and sufficient grant, bargain and sale deed, a good, merchantable, legal title, free and clear of all encumbrances, to that certain parcel of land described as follows, to-wit:

That certain piece or parcel of land situate, lying and being in the

City and County of San Francisco, State of California, more particularly described as follows:

Beginning at the point of intersection of the southwesterly line of Roanoke street with the southeasterly line of Arlington street; thence along said southeasterly line of Arlington street south 47 deg. 16 min. 17 sec. west a distance of 663.843 feet to a point; thence south 30 deg. 41 min. .09 sec. east a distance of 22.104 feet to a point, said point being distant radially 58.77 feet northwesterly from the original center line of the Southern Pacific Railroad Company's right of way; thence in a northeasterly direction on the arc of a curve, concave to the left, having a radius of 5670.826 feet (the tangent to said curve at last mentioned point bears north 58 deg. 57 min. 20 sec. east) an arc distance of 675.82 feet to a point on said southwesterly line of Roanoke street (last described arc course is concentric with and distant northwesterly and radially 58.77 feet from said original center line of the Southern Pacific Railroad Company's right of way); thence north 42 deg. 43 min. 43 sec. west along said southwesterly line of Roanoke street a distance of 118.768 feet to the point of beginning and containing an area of 51401 square feet (equals 1.180 acres), more or less.

Upon delivery of the conveyance by the City mentioned in the last preceding paragraph of this agreement, and upon completion of the work of grading, to be done by the City as provided in said agreement of even date herewith, the Southern Company will, simultaneously with the shifting of the location of its main track, as provided in said agreement of even date herewith, remove its said existing team track from its present location and construct said team track as aforesaid upon said property above described, to be conveyed by the City to Southern Pacific Railroad Company.

This agreement is subject to the approval of the Railroad Commission of the State of California, and if not approved by said Railroad Commission it shall be of no force or effect.

In witness whereof, the parties hereto have executed this agreement in quadruplicate the day and year first hereinabove written.

This agreement, made this——— day of———, 1928, between Southern Pacific Railroad Company, a corporation of the States of California, Arizona and New Mexico, and its lessee, Southern Pacific Company, a corporation of the State of Kentucky, first parties, herein collectively called "Southern Company," and the City and County of San Francisco, a municipal corporation of the State of California, second party, herein called "City."

Recitals:

Under the terms of an agreement entered into on the 23rd day of March, 1914, and subsequent deed bearing even date therewith, recorded June 16, 1914, in Vol. 794 of Deeds, pages 276 and following, the City acquired, for street purposes, a portion of the railroad right of way of the Southern Company through the so-called Bernal Cut, in said City and County of San Francisco, being the easterly portion of said right of way from the westerly line of Dolores street produced, to the center line of San Jose avenue produced, near Diamond street.

It was stipulated in said agreement that the Southern Company shall grade the strip of land described in section 1 thereof, so as to provide a uniform roadway for the proposed street at least forty (40) feet in width or thirty-five (35) feet, according to the width of said strip, according to the directions and under the supervision of the City Engineer of the City, and said City shall cooperate in such work to the extent of removing encroachments and also by the erection of retaining walls wherever necessary along the line of said grading; and Southern Company agreed to deposit the material excavated as aforesaid upon such portions of the land described in said agreement and deed as may be indicated by said City Engineer, and to entirely remove all surplus material; said grading and filling to be at the expense of Southern Company. It was further understood

and agreed and so provided in said agreement that the construction of retaining walls along said grading and the paving of the roadway upon said strip of land shall be at the cost and expense of the City and without cost to the Southern Company.

The City now desires to acquire additional rights of way in said Bernal Cut for the purpose of constructing a better roadway than at first contemplated and offering better facilities for the construction of its double-track street railroad adjacent to the northerly and westerly line of the land conveyed to the City for street purposes by the hereinbefore mentioned deed. Such construction would be facilitated by the railroad of the Southern Company being moved northerly and westerly not exceeding 31.27 feet.

The parties hereto desire to set forth their agreement as to their rights and obligations in connection with acquisition and exchange of certain parcels of land to provide additional rights of way for each of the parties hereto, reconstruction of the railroad and appurtenances of Southern Company, construction of the municipal railway and the proposed street, and other matters in relation thereto.

Agreement:

Now, therefore, in consideration of the premises, it is hereby mutually agreed as follows; to-wit:

ARTICLE I.

1. The location plan, showing the changes proposed and the parcels of land to be acquired and exchanged by and between the parties hereto, for the purpose of carrying out the plans of the parties hereto as hereinafter set forth, is shown on the attached copy of Southern Pacific Company's Drawing entitled, "Proposed Improvements in Bernal Cut, San Francisco," and numbered M W D Drawing 5806, Sheet 2, which is hereby made a part hereof.

2. Southern Company hereby agrees to execute and place in escrow a conveyance to said City of all of Southern Company's right, title and interest in and to that certain portion of Southern Company's right of way in the City and County of San Francisco, State of California, particularly described as follows, to-wit:

A strip of land 32.77 feet in width lying between the southerly line of Randall street and the center line of San Jose avenue (near Diamond street), said strip being bounded and described as follows:

Bounded on the northeast by the southerly line of Randall street; on the west and northwest by a line drawn parallel or concentric with and uniformly distant 22.77 feet westerly and northwesterly, measured radially or at right angles from the original center line of the main track of the Southern Pacific Railroad Company's branch line between San Francisco and Colma; on the southwest by the center line of San Jose avenue (near Diamond street) and on the southeast and east by a line drawn parallel or concentric with and uniformly distant 10.00 feet southeasterly and easterly, measured radially or at right angles from said original center line of the Southern Pacific Railroad Company's branch line, said line coinciding with the northerly and westerly boundary line of the strip of land heretofore conveyed to the City and County of San Francisco by Southern Pacific Railroad Company and Southern Pacific Company by deed dated March 23, 1914.

Also a triangular shaped parcel of land, described as follows:

Beginning at a point in the westerly line of Dolores street, distant 100.00 feet northerly from the northerly line of Randall street; thence southerly along said westerly line of Dolores street and its prolongation a distance of 150.00 feet, more or less, to the southerly line of Randall street; thence westerly along said southerly line of Randall street a distance of 22.50 feet, more or less, to a point; thence in a northeasterly direction on a direct line to the point of beginning.

Said parcel of land above described are more particularly shown tinted in pink on said Drawing No. 5806, Sheet 2.

Said conveyance shall contain and be subject to the following express covenants, reservations and exceptions, to-wit:

(a) "Reserving nevertheless to the first parties (Southern Pacific Railroad Company and Southern Pacific Company), their successors and assigns, the right to use the northwesterly eighteen (18) inches in width of said strip of land 32.77 feet in width for the erection and maintenance of poles, wires, and any and all other necessary appliances, appendages and adjuncts, in the event that said first parties, their successors and assigns, should at any time operate their railroad by electricity, it being expressly understood and agreed, however, that first parties, their successors or assigns, may, instead of erecting and maintaining said poles, wires, appliances, appendages and adjuncts upon and along said eighteen (18)

inch strip herein described, at their option fasten their wires, fixtures, appliances and appurtenances to any poles erected by second party along or near the northwesterly boundary line of said strip of land whenever the first parties, their successors and assigns, operate their said railroad by electricity and such right is hereby granted by second party to first parties; but in the event that said first parties do attach their wires to any poles erected by the second party, as aforesaid, then said first parties shall pay to second party one-half (½) of the then value of said poles so used, at the time the attachments are made by said first parties, and upon receipt of such payment second party shall execute and deliver to Southern Pacific Railroad Company a bill of sale conveying an undivided one-half (½) interest in said poles to Southern Pacific Railroad Company. First parties shall thereafter pay one-half (½) of the cost of maintaining said poles so used, as aforesaid, from time to time as such costs are incurred and bills rendered by second party."

(b) "Excepting and reserving unto said first parties all of those certain rights reserved by the Southern Pacific Railroad Company and Southern Pacific Company for themselves, their successors and assigns, in that certain deed dated December 5, 1898, from said companies to said City and County of San Francisco, recorded February 3, 1899, in Liber 1802 of Deeds, page 379, Records of said City and County of San Francisco, also those certain rights reserved by Southern Pacific Railroad Company in that certain deed from said Southern Pacific Railroad Company to said City and County of San Francisco, dated November 7, 1901, and recorded September 20, 1902, in Liber 1968 of Deeds, page 89, Records of said City and County of San Francisco."

(c) "The foregoing conveyance is subject to all the terms, conditions, restrictions and reservations contained in that certain deed, dated October 5, 1863, from H. G. Livermore et al. to the San Francisco and San Jose Railroad Company, recorded October 6, 1863, in Book 215 of Deeds, at page 276, and subject to the rights of any and all industries located upon or adjacent to said right of way between St. Mary's avenue and Bosworth street, and subject to first parties' right to maintain such spur, team or station tracks as may be required to be maintained under any subsisting agreement, recorded or otherwise, or deed, or by law. The Southern Company hereby reserves the right to maintain and operate existing industrial spur tracks upon the land hereinabove described and to maintain and operate such spur tracks in such new locations to which any of said spurs may be moved, as hereinafter provided. The City covenants and agrees that if it is necessary to reconstruct or change the location of any or all of said existing industrial spur tracks by reason of or in connection with the use of said land by the City, the City will pay the entire cost of the work of reconstruction and relocation of said tracks, including paving, and the cost and construction of crossings of said tracks by the municipal railway, if any. Nothing herein contained shall in anywise impair the right of the first parties to use, for railroad purposes, the remaining portion of their right of way adjoining the strip of land hereinabove described on the northwest, or in anywise prejudice their rights therein or thereto."

The above mentioned conveyance shall be executed by Southern Company and placed in escrow with the California Pacific Title & Trust Company of San Francisco, California, if and when this agreement has been approved by the Railroad Commission of the State of California, to be delivered to the City when the City shall have (a) acquired the lands described in Section 1 of Article II hereof and executed and delivered to the above mentioned escrowee for account of Southern Pacific Railroad Company the conveyances to Southern Pacific Railroad Company specified in said Section 1, Article II, and (b) performed, or caused to be performed, all of the construction and reconstruction work by it to be performed or contracted for, as provided in Article II hereof.

ARTICLE II.

1. In consideration of the covenants herein agreed to be performed by the Southern Company, and without further consideration or payment, the City shall at its own expense acquire and convey or cause to be conveyed to Southern Pacific Railroad Company, by a good and sufficient grant, bargain and sale deed, a good, merchantable, legal title, free and clear of all encumbrances to (1) a strip of land along and adjacent to the northerly and westerly boundary line of Southern Company's right of way between Randall and Diamond streets, in the City and

County of San Francisco, State of California, sufficient in width, and which, together with that portion of the Southern Company's existing right of way which will remain after the conveyance to the City of the portion heretofore described, will provide a right of way sufficient in width so that a standard gauge double track railroad may be constructed for Southern Company, and so that clearances not less than those prescribed by the Railroad Commission of the State of California shall be provided; (2) strips of land sufficient in width and adjoining the additional right of way for the proposed location of the proposed double track railroad of the Southern Company, to provide a sufficient area for proper slopes, not exceeding 1¼ horizontal to one vertical in the cuts and not less than two horizontal to one vertical in the fills; provided, however, that in lieu of providing such additional land for slopes, the City may construct at its sole cost and expense adequate concrete or masonry retaining walls to provide for the full and unobstructed use of land of sufficient width to permit of the construction and operation of said standard gauge double track railroad, with clearances not less than those prescribed by said Railroad Commission, and at the grade of the Southern Company's now existing track between Randall and Diamond streets, unless a different grade is agreed to by Southern Company. The land required for said right of way for said proposed double track railroad is shown tinted in green and the land required for said slopes is shown tinted in purple upon said drawing MWD 5806, Sheet 2.

2. In the event that it shall be necessary or advisable for the City to institute condemnation proceedings to acquire any land which is to be acquired in order to comply with the terms of this agreement, and to be conveyed to the Southern Pacific Railroad Company, such proceedings may be had in the name of Southern Company, or either of them, but the City shall pay all expense thereof and all judgments and costs therein and hold Southern Company harmless therefrom.

3. The City shall, at its own expense, make all necessary excavations and construct embankments and waterways, and, if deemed necessary by Southern Company, retaining walls to support slopes on the existing right of way of Southern Company, and the said land to be acquired for the Southern Company, as hereinabove provided, so as to provide for the construction of the said double track railroad of the Southern Company, as aforesaid, and at the grade specified in Section 1 of this Article II, unless a different grade is agreed to by Southern Company, and the City shall also pay the cost, plus ten (10) per cent of all labor to cover supervision, of moving Southern Company's existing single track rails, ties, ballast and appurtenances to such new position, not exceeding 31.27 feet northerly and westerly of the present location, and the cost, plus ten (10) per cent of all labor to cover supervision, of placing Southern Company's single track in such new location in at least as good condition as the existing track was at the time of being so moved, it being understood that the Southern Company will furnish all necessary ties which, in its judgment, are required to replace those unfit for further service.

4. The City shall, at its own expense, remove and reconstruct Southern Company's present telephone, telegraph and signal lines and the poles and fixtures thereof to such new position upon and along said relocated railroad line and right of way as may be required by Southern Company.

5. The City shall, at its own cost and expense, reconstruct and thereafter maintain, at clearances not less than those prescribed by the Railroad Commission of the State of California, all bridges or other structures and foundations and appurtenances of same (including the subway at Bosworth street) located between and at Randall and Diamond streets so that the double track railroad of Southern Company may be constructed and operated without further change in said bridges, structures or appurtenances, and, in order to accomplish such works, the City shall be granted the right to the use of any land to be conveyed by the City hereunder to Southern Pacific Railroad Company, for the purpose of erecting thereon any portion of the above-mentioned structures or appurtenances thereto that may be necessary; provided, however, that the plans for any such bridges and structures and appurtenances shall be subject to the approval of the Southern Company and of the Railroad Commission of the State of California. It is also agreed that the City shall have the right to construct and maintain at its sole cost and expense drainage constructions of such character as may be required, to be placed upon or beneath the lands to be conveyed

hereunder by the City to Southern Pacific Railroad Company; provided, however, that such drainage constructions meet with the approval of Southern Company and will in no way interfere with Southern Company's operations.

6. The City shall include in the contracts which it is to let for the grading work to be performed by it under this contract, the grading work provided to be done at the expense of Southern Company in said agreement of March 23, 1914, and Southern Company shall have the right of access at all reasonable times to the books, accounts, contracts, records and papers relating to said work, for the purpose of checking the bill or bills rendered by the City to Southern Company for the cost of said work. The Southern Company shall reimburse the City in full for all of the yardage removed or excavated and graded at the contract price or rate covering the work included in said contract for the account of the Southern Company. All of the work herein provided for to be done by the City shall be in substantial conformity with the City's Cross Section plan or map entitled "Bernal Cut," numbered A-7328, hereto attached and made a part hereof.

7. It is understood and agreed that the City may enter upon said land above described for the purpose of carrying out and complying with the terms and conditions of this contract as soon as this contract becomes effective.

8. All the expenses in connection with the construction of the future second track of said Southern Company's railroad, which the Southern Company may construct now or in the future at its option, except the work herein provided to be done by and at the sole cost and expense of the City, shall be borne by the Southern Company, as this is a facility in addition to its present trackage.

9. All work required to be done by and at the expense of the City hereunder upon or affecting the property and operations of Southern Company shall be performed by it in a good and workmanlike manner to the satisfaction of the Southern Company, according to plans approved by Southern Company or such lawful authority as may have jurisdiction in the premises, and at such times and in such manner as to interfere as little as possible with the operations of Southern Company.

10. It is expressly understood and agreed that all expense of paving and otherwise improving the roadway and constructing the municipal railway and appurtenances upon the roadway upon said strip of land 32.77 feet in width, hereinabove referred to, and upon the land heretofore conveyed by the Southern Company to the City by said deed dated March 23, 1914, recorded in Volume 794 of Deeds, at pages 276 and following, County Records of the City and County of San Francisco (except the grading and filling work as herein otherwise provided for in the previous agreement) shall be borne by the City; and in the event that any improvements upon said roadway should be done upon the local assessment plan, then and in that event the City shall pay out of its treasury any and all assessments therefor levied upon or assessed against any rights, properties or franchises of Southern Company, or either of them.

ARTICLE III.

1. It is understood and agreed that the City shall have the right to construct its municipal street railroad beneath either one of the bridges carrying the railroad of the Southern Company over Thirtieth street or over Day street, and that the City shall, at its own sole cost and expense, provide the necessary clearances therefor under said bridge. The plans for said crossing and any necessary changes in the said bridge shall be subject to the approval of the Railroad Commission of the State of California. The City, subject to the approval of the Railroad Commission of the State of California, shall have the right to construct its municipal street railroad at grade across the track or tracks of Southern Company's railroad at or near the intersection of San Jose avenue and Diamond street, subject to the terms and conditions of an agreement to be executed by the parties hereto establishing the respective rights, duties and liabilities of said parties in the movement of engines, trains, motors and cars over said crossings; and if the parties are unable to agree upon such terms and conditions, then upon such terms and conditions as may be prescribed by said Railroad Commission. Such crossings, together with any and all protective device or devices that may be necessary, shall be installed at the entire cost and expense of the City. The expense of maintaining said crossings and any and all such protective device or devices, except interlocking plant, after completion, shall be borne solely by said City, but the expense

of maintenance and operation of interlocking plant, if any, shall be borne fifty (50) per cent by Southern Company and fifty (50) per cent by the City.

2. The Southern Company shall likewise have the right, subject to the approval of said Railroad Commission, to construct a track or tracks at grade across the track or tracks of the municipal railway, subject to the terms and conditions of agreements in each case to be executed by the parties hereto, establishing the respective rights, duties and liabilities of said parties in the movement of engines, trains, motors and cars over said crossings, and if the parties hereto are unable to agree upon such terms and conditions, then subject to such terms and conditions as may be prescribed by said Railroad Commission. Such track crossings, together with any and all protective device or devices that may be necessary, shall be installed at the entire cost and expense of the Southern Company. The expense of maintaining said crossings and such protective devices, except interlocking plants, after completion, shall be borne solely by Southern Company and the expense of maintenance and operation of interlocking plants shall be borne fifty (50) per cent by Southern Company and fifty (50) per cent by the City.

ARTICLE IV.

1. Nothing contained in this agreement shall affect the rights reserved by the Southern Pacific Railroad Company and/or Southern Pacific Company, for themselves and their successors and assigns, in that certain deed dated December 5, 1898, from the said companies to the City and County of San Francisco, recorded February 3, 1899, in Liber 1802 of Deeds, page 379, Records of said City and County of San Francisco; and in that certain deed from the Southern Pacific Railroad Company to the City and County of San Francisco, dated November 7, 1901, and recorded September 20, 1902, in Liber 1968 of Deeds, page 89, Records of said City and County of San Francisco.

2. Said agreement dated March 23, 1914, hereinabove referred to, between the parties hereto, shall be and remain in full force and effect and shall not be affected hereby unless and until the City shall comply with said conditions of the escrow hereinabove set forth; but upon full compliance with the conditions of said escrow, then and in that event this agreement shall, in so far as it changes or modifies said agreement of March 23, 1914, supersede the same.

ARTICLE V.

The City hereby agrees to forever indemnify and hold Southern Company harmless from and against any and all claims, demands, liabilities and judgments, and loss, damage and injury resulting from any damages caused or claimed in the acquisition by said City of any of said lands, or occurring in or caused by or claimed to have been caused by any and all of the work covered by this agreement. In the event that any work to be performed hereunder by the City, to be done upon the property of the Southern Company, shall be let to contractors by the City, such work shall not be begun until each such contractor shall have first entered into a written agreement with Southern Company substantially as in the form hereto attached and made a part hereof, and such contractors and each such contractor shall have furnished, at no expense to the Southern Company, a good and sufficient bond in such amount as may be reasonable, of a reliable surety company, in form and satisfactory to Southern Pacific Company, guaranteeing the true and full performance of all of the terms, conditions and stipulations contained in said agreement to be entered into with the Southern Company by the contractors, as here in this paragraph provided.

ARTICLE VI.

1. This agreement shall not become effective and the parties hereto shall not be bound hereby unless and until it shall have been approved by the Railroad Commission of the State of California.

2. Time is of the essence of this agreement, and if this agreement is approved by said Railroad Commission and the City does not comply with and perform all the covenants and conditions hereof to be complied with and performed by it within said term of five (5) years, this agreement and any and all rights of the parties hereto hereunder shall forthwith upon the expiration of said term of five (5) years cease and determine as completely as if this agreement had never been made.

3. This agreement shall be binding upon and inure to the benefit of the successors and assigns of the respective parties hereto.

In witness whereof, the parties hereto have executed these presents in quadruple the day and year first hereinabove written.

This agreement, made and entered into this ——— day of ———, 1928, by and between Southern Pacific Railroad Company, a corporation of the States of California, Arizona and New Mexico, and Southern Pacific Company, its lessee, a corporation of the State of Kentucky, first parties (herein collectively called "Railroad Company"), and ———, second party (herein sometimes called "Contractor").

Witnesseth:

That, whereas, on the ——— day of ———, 1928, the Southern Pacific Railroad Company and Southern Pacific Company as first parties, and the City and County of San Francisco, California, as second party, entered into an agreement covering the exchange of certain parcels of land between the Railroad Company and the City and County of San Francisco, for rights of way through the so-called Bernal Cut in the said City and County of San Francisco, and covering, among other things, certain construction work more specifically set forth in said agreement dated the ——— day of ———, 1928; and

Whereas, said agreement, dated the ——— day of ———, 1928, contains the following provision:

"In the event that any work to be performed hereunder by the City, to be done upon the property of the Southern Company, shall be let to contractors by the City, such work shall not be begun until each such contractor shall have first entered into a written agreement with Southern Company substantially as in the form hereto attached and made a part hereof, and such contractors and each such contractor shall have furnished, at no expense to the Southern Company, a good and sufficient bond in such amount as may be reasonable, of a reliable surety company, in form and satisfactory to Southern Pacific Company, guaranteeing the true and full performance of all of the terms, conditions and stipulations contained in said agreement to be entered into with the Southern Company by the contractors, as herein this paragraph provided," and

Whereas, said City and County of San Francisco did, on the ——— day of ———, 19—, enter into a contract with contractor to do and perform certain work pursuant to a compliance with the terms of said agreement dated the ——— day of ———, 19—, above referred to:

Now, therefore, it is understood and agreed that the contractor shall, in advance of performing any work under said contract of the ——— day of ———, 19—, between said City and County of San Francisco and said contractor, give to said Railroad Company a bond in the sum of twenty thousand (20,000) dollars, in form and of good and sufficient surety to be approved by the Assistant Treasurer of the Railroad Company, conditioned that the contractor will well and truly perform and fulfill all of the covenants, conditions, stipulations and obligations on his part in this agreement set forth and contained, to-wit:

In consideration of the Railroad Company permitting contractor to enter upon its property and perform said work, contractor agrees to indemnify and save Railroad Company harmless from and against any and all claims, loss, damage, injury and liability howsoever may be caused, resulting directly or indirectly from the performance of any or all work to be done upon Railroad Company's property, contemplated by said agreement dated ———, 19—, between said City and County of San Francisco and the said contractor; also from all claims, loss, damage, injury and liability howsoever same may be caused resulting directly or indirectly, made or suffered by said contractor, contractor's agents and/or employees while engaged in the performance of said work, whether caused by the negligence of Railroad Company in the operation of its railroad or otherwise.

Contractor expressly releases and discharges Railroad Company from all liability of whatsoever character for any and all personal injuries sustained by contractor while engaged in the performance of work to be done upon Railroad Company's property, whether

caused by the negligence of Railroad Company in the operation of its railroad or otherwise, and whether resulting in death or otherwise.

Contractor expressly waives any and all claims arising from said death or injury to contractor.

The contractor agrees that the license hereby given him to enter upon the premises of the Railroad Company for the purpose of performing the work covered by said contract dated the ——— day of ————, 19—, between said City and County of San Francisco and said contractor, shall not give nor be deemed or construed to give said contractor a right to do or perform any work whatsoever at any time upon or in connection with the work covered by said contract dated the ——— day of ————, 19—, between said City and County of San Francisco and said contractor, that will render unsafe the use by said Railroad Company of its real estate, tracks, structures and other appurtenances now or hereafter existing, or weaken or injure the same for the operation of its trains, engines or cars or for its other purposes.

Contractor further agrees that should the Railroad Company deem it necessary to engage any inspectors, watchmen or flagmen, or do anything to protect its engines, trains or cars during the performance by said contractor of the work covered by said contract dated the ——— day of ————, 19—, between the said City and County of San Francisco and said contractor, then and in that event contractor agrees to fully reimburse Railroad Company promptly for all cost and expense of such inspectors, watchmen, flagmen and other expenses that may be incurred by said Railroad Company incident to or in connection with work contemplated to be performed by said contractor.

Contractor further agrees that upon completion of the work covered by said contract dated the ——— day of ————, 19—, between said City and County of San Francisco and said contractor, contractor will promptly remove from the premises of the Railroad Company all of contractor's tools, implements and other materials and leave said premises clean and presentable.

This agreement shall not be assigned, sublet or transferred in whole or in part by contractor, except with the previous written consent of Railroad Company.

Except as otherwise provided herein, the terms and conditions of this agreement shall inure to the benefit of and be binding upon the heirs, executors, administrators, successors and assigns of contractor and the successors and assigns of Railroad Company.

In witness whereof, the parties hereto have executed these presents in triplicate the day and year first hereinabove written.

Approval of Report, Joint Highway District.

Also, Resolution No. 28870 (New Series), as follows:

Whereas, the Board of Supervisors of Santa Cruz County initiated proceedings for the creation of a joint highway district to be composed of the counties of Santa Cruz, San Mateo and the City and County of San Francisco; and

Whereas, the Boards of Supervisors of the City and County of San Francisco and of Santa Cruz and San Mateo counties have heretofore duly adopted resolutions agreeing that said highway district should be formed and that the same would be to the public interest of said counties; and

Whereas, a board of directors has been duly appointed, consisting of a representative from each of said counties, and said board of directors so duly appointed have compiled and returned to the Board of Supervisors of the City and County of San Francisco, a report setting forth a tentative route of the proposed district highway, determining the approximate total cost thereof, and the portion thereof that should be borne by each county, respectively, a copy of said report being now on file with the Board of Supervisors of the City and County of San Francisco; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco hereby approves the report of said board of directors of said highway district submitted

herewith, and signifies its approval of the formation of such district, and declares its intention to join with the counties of San Mateo and Santa Cruz in the creation and formation of said joint highway district; and be it

Further Resolved, That the Clerk of this Board of Supervisors is hereby directed to transmit a certified copy of this resolution to the Boards of Supervisors of the counties of San Mateo and Santa Cruz.

Adopted by the following vote:

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Auto Supply Station Permits.

The following resolutions were *passed for printing* on recommendation of the Fire Committee:

Resolution No. ——— (New Series), as follows:

Resolved, That J. S. Rhodes, Jr., be and is hereby granted permission, revocable at will of the Board of Supervisors, to maintain and operate an automobile supply station on the southeast corner of Portola drive and Fowler avenue.

The rights granted under this resolution shall be exercised within six months, otherwise said permit shall become null and void.

Also, Resolution No. ——— (New Series), as follows:

Resolved, That Associated Oil Company be and is hereby granted permission, revocable at will of the Board of Supervisors, to maintain and operate an automobile supply station on the southeast corner of Portola drive and Teresita boulevard.

The rights granted under this resolution shall be exercised within six months, otherwise said permit shall become null and void.

Relative to Seating Capacity of War Memorial Opera House.

Supervisor Hayden presented:

Communication, from Redfern Mason urging that in construction of proposed War Memorial Opera House that the seating capacity not exceed 3000, declaring that the essence of opera is intimacy and you can't have it in a huge house.

Read and *referred to the Public Buildings, Welfare and Music Committees.*

Motion.

Supervisor Gallagher moved that Committees meet during this week and inquire into the reasons for delay and report to this Board.

So ordered.

Licensing Awning Repair Business.

Supervisor Shannon presented:

Bill No. ——, Ordinance No. —— (New Series), entitled, "An ordinance providing for the licensing of persons, firms or corporations engaged in the business of hanging, constructing, selling and repairing awnings within the City limits of the City and County of San Francisco, State of California, and providing a penalty for the violation thereof. This is an emergency ordinance rendered necessary for the preservation of the public peace, health and safety."

Referred to the Public Buildings and Lands Committee.

Relative to Supervisor McSheehy's Alleged "Tube Compromise" for Bay Bridge.

Supervisor Stanton presented a copy of today's "Daily News" giving an account of Supervisor McSheehy's alleged advocacy before the officials of the War and Navy departments of a "tube" across San Francisco Bay in lieu of bridge permit asked for by the Special Committee.

The article was read by the Clerk.

Motion.

Whereupon Supervisor Stanton moved that the chair or the Clerk be authorized to send a telegram or wire immediately to Supervisor McSheehy asking him just what he is doing in regard to a tube, and if he is offering any compromise, and to inform him that the Board has taken no action on a tube, and that he is not speaking with the authority of the Board.

Supervisor Gallagher moved, as an amendment, that Supervisors Havenner, Shannon and Stanton, as a committee of three, draft a telegram during recess along the lines suggested and submit same to the Board before being sent to Washington.

Supervisor Marks moved, as an amendment to the amendment, the sending of the following telegram, which amendment was *carried* unanimously, to-wit:

Telegram.

11:25 a. m., April 16, 1928.

Hon. James B. McSheehy, Willard Hotel, Washington, D. C.

The San Francisco News of Monday, April 16th, makes the statement that Supervisor James B. Mc-

Sheehy, chairman of the Special Bridge Committee, is advocating a tube crossing, and has called upon Secretary of the Navy Curtis D. Wilbur, Admiral Hughes, General Deakyne, Major Daily, army engineers, and laid before them plans for a tube crossing at or near Rincon Hill. The Board of Supervisors, in session this morning, by motion, requests that you wire immediately in time for receipt of telegram at today's session full details concerning this report, and that you advise the Board of the date of your return to San Francisco.

BOARD OF SUPERVISORS,
By J. S. DUNNIGAN,
Clerk.

RECESS.

Whereupon, the Board at the hour of 12:15 p. m. took a recess until 2 p. m.

J. S. DUNNIGAN,
Clerk.

REASSEMBLED.

The Board of Supervisors reassembled at 2 p. m.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Andriano, Colman, Deasy, Gallagher, Havenner, Hayden, Kent, McGovern, Marks, Powers, Roncovieri, Schmidt, Shannon, Stanton, Suhr, Todd, Toner—17.

Absent—Supervisor McSheehy—1.

Quorum present.

His Honor Mayor Rolph being absent Supervisor Marks was elected to preside.

Notice of Reconsideration, 333 Kearny Street.

March 12, 1928—Supervisor Kent moved as an amendment that the Clerk be directed to write a letter and register it to the owner, under date of tomorrow, that this Board will cancel the lease of 333 Kearny street, to take effect July 10, 1928.

Carried by the following vote:

Ayes — Supervisors Gallagher, Havenner, Kent, McGovern, McSheehy, Marks, Powers, Roncovieri, Schmidt, Stanton—10.

Noes — Supervisors Colman, Deasy, Hayden, Shannon, Suhr, Todd, Toner—7.

Thereupon, before the vote was announced, Supervisor Shannon changed his vote from *no* to *aye* and gave notice that he would move for a reconsideration of the said vote at this meeting.

March 19, 1928—*Over one week. Special Order*, 2 *p. m.*

A motion of Supervisor Schmidt to place a rider in the lease cancelling the space not being used by the Grand Jury was agreed to by Attorney Eastman, representing the lessor, and referred to the City Attorney so that the lease might not be invalidated by the change.

A motion of Supervisor Roncovieri that the fourth floor of the Hall of Justice be turned over to the Police Department was continued one week.

March 26, 1928—*Over one week. Special Order*, 11 *a. m.*

April 2, 1928—*Over one week. Special Order*, 2 *p. m.*

Motions.

April 9, 1928—Supervisor Roncovieri renewed his motion, made at a previous meeting, that the entire fourth floor of the Hall of Justice be turned over to the Police Department.

Motion *carried* by the following vote:

Ayes—Supervisors Andriano, Colman, Deasy, Gallagher, Hayden, McGovern, Marks, Roncovieri, Schmidt, Shannon, Suhr, Todd, Toner—13.

Noes — Supervisors Havenner, Kent, Powers, Stanton—4.

Absent—Supervisor McSheehy—1.

Supervisor Shannon moved to take up the matter of the reconsideration of Supervisor Kent's motion.

Motion *carried* by the following vote:

Ayes—Supervisors Andriano, Colman, Deasy, Gallagher, Hayden, Roncovieri, Schmidt, Shannon, Suhr, Todd, Toner—11.

Noes — Supervisors Havenner, Kent, McGovern, Marks, Powers, Stanton—6.

Absent—Supervisor McSheehy—1.

The question being on Supervisor Kent's motion, Supervisor Shannon moved as an amendment that the City Attorney be directed to write into the lease a modification providing for a reduction of $65.25 per month.

Amendment *carried* by the following vote:

Ayes—Supervisors Andriano, Colman, Deasy, Hayden, Marks, Roncovieri, Shannon, Suhr, Todd, Toner—10.

Noes — Supervisors Gallagher, Havenner, McGovern, Powers, Schmidt, Stanton—6.

Absent—Supervisors Kent, McSheehy—2.

Before the result of the foregoing vote was announced, Supervisor Havenner changed his vote from *no* to *aye* and gave notice that he would move for a reconsideration of the vote at next meeting.

Supervisor Shannon objected that

under the rules reconsideration could not be had on a subsidiary motion and called for a vote on the main question.

Supervisor Gallagher raised point of order that main question could not be put until reconsideration was had.

Chair (Supervisor Havenner) ruled that while a motion to amend is before the Board the main question cannot be put.

Whereupon, Supervisor Shannon appealed from the decision of the chair.

The roll being called on the question "Shall the ruling of the Chair be the decision of the Board?" The Chair was *overruled* by the following vote:

Ayes — Supervisors Andriano, Havenner, Kent, McGovern, Marks, Powers, Stanton—7.

Noes—Supervisors Colman, Deasy, Gallagher, Hayden, Roncovieri, Schmidt, Shannon, Suhr, Todd, Toner—10.

Absent—Supervisor McSheehy—1.

Chair declared that the *amendment* should be considered as a "substitute for the whole," as it entirely changes the question.

Thereupon, the question being put on the main question as modified the roll was called with the following result:

Ayes—Supervisors Andriano, Colman, Deasy, Hayden, Marks, Roncovieri, Shannon, Suhr, Todd, Toner—10.

Noes — Supervisors Gallagher, Havenner, Kent, McGovern, Powers, Schmidt, Stanton—7.

Absent—Supervisor McSheehy—1.

Before the result was announced, Supervisor Havenner changed his vote from *no* to *aye* and gave notice of reconsideration for next meeting.

April 16, 1928.

Privilege of the Floor.

District Attorney Matthew Brady was granted the privilege of the floor. He declared that he was satisfied with his present quarters at 333 Kearny street, but did not want to be misunderstood. He believed that a large city like San Francisco should have all its departments together with the courts in one building.

Reconsideration Lost.

Pursuant to notice given by Supervisor Havenner at last meeting, the roll was called on a motion to reconsider the vote whereby the City Attorney was directed to write into the lease of 333 Kearny street a modification providing for a reduction of $65.25 per month.

Motion *lost* by the following vote:

Ayes — Supervisors Gallagher, Havenner, McGovern, Powers, Schmidt, Stanton—6.

Noes—Supervisors Andriano, Colman, Deasy, Hayden, Marks, Roncovieri, Shannon, Suhr, Todd, Toner—10.

Absent—Supervisors Kent, McSheehy—2.

Zone Change, Bernal Boulevard.

The following matter was taken up:

Bill No. ——, Ordinance No. —— (New Series), as follows:

Amending Ordinance No. 5464 (New Series), entitled "Regulating and establishing the location of trades, industries and buildings, and the locations of buildings designed for specific uses, and establishing the boundaries for said purposes, and providing penalties for the violation of its provisions."

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Ordinance No. 5464 (New Series), the title of which is above recited, is hereby amended as follows:

Section 12 of the Use of Property Zone Map, constituting a part of said ordinance, is hereby ordered changed so as to place the southerly side of Bernal boulevard between Milton street and Rousseau street, extending to a line 125 feet northerly from and parallel with the northerly line of Bosworth street, in the Light Industrial District instead of in the Second Residential District as now zoned.

Section 2. This ordinance shall take effect on the date of its approval and shall continue in effect for the period of ninety (90) days thereafter, at which time it shall cease to be in effect and the premises herein described shall revert to and be in the Second Residential District.

Communications and Resolutions.

Resolution of mass meeting of residents in vicinity of W. S. Ray Manufacturing Company protesting proposed zoning change from residential to commercial, applied for by Ray Manufacturing Company.

Communication, from Excelsior People's Improvement Association, protesting against rezoning of Bernal boulevard at Rosseau street from residential to commercial, as applied for by Ray Manufacturing Company.

Motion.

Supervisor Schmidt, seconded by Supervisor Stanton, moved the privilege of the floor for both sides.

Supervisor Gallagher moved, as an amendment, the privilege of the floor for both sides and that one hour be given for hearing them.

Supervisor Shannon asked for a call of the Board.

Motion *lost* by the following vote:

Ayes—Supervisors Andriano, Gallagher, Havenner, Kent, McGovern, Powers, Roncovieri, Schmidt, Shannon, Stanton, Suhr, Todd, Toner—13.

Noes—Supervisors Colman, Deasy, Hayden—3.

Absent—Supervisors McSheehy, Marks—2.

Committee of the Whole.

Supervisor Gallagher moved that the Board sit as a Committee of the Whole for the purpose of hearing both sides.

Motion *carried* by the following vote:

Ayes — Supervisors Gallagher, Havenner, Kent, McGovern, Powers, Roncovieri, Schmidt, Stanton, Suhr, Todd—10.

Noes—Supervisors Andriano, Colman, Deasy, Hayden, Shannon, Toner—6.

Absent — Supervisors McSheehy, Marks—2.

Whereupon, the Board of Supervisors proceeded to sit as a Committee of the Whole for the purpose of hearing both sides as to the proposed zone change on Bernal boulevard between Milton and Rousseau streets.

Supervisor Shannon was elected to preside.

Thereupon, C. H. Uznay, engineer of the W. S. Ray Manufacturing Company, and Mr. C. A. Fleming, representing the San Francisco Chamber of Commerce, were heard at length in favor of the proposed change.

Mrs. Edna Calhan, *Alfred Berriessa*, representing the Sunnyside Improvement Club and Excelsior Council of Improvement Clubs; *Frank Olmo*, *James F. Kelly*, representing Central Council of Improvement Clubs, and *Captain Munson*, resident of the district, were heard at length in opposition.

Committee of the Whole Arises.

Thereupon, the Committee of the Whole, on motion of Supervisor Hayden, arose. Supervisor Shannon relinquished the chair to Supervisor Havenner and Supervisor Hayden reported that the City Planning Committee unanimously recommends the passage of the foregoing bill:

Motion.

Supervisor Stanton, seconded by Supervisor McGovern, moved rereference to the Committee on City Planning.

Amendment.

Supervisor Roncovieri moved, as an amendment, that Joseph Phillips, City's right of way agent, negotiate for the purchase of the plant of the Ray Manufacturing Company.

Amendment *lost* by the following vote:

Ayes — Supervisors Havenner, McGovern, Marks, Roncovieri, Schmidt, Stanton—6.

Noes—Supervisors Andiarno, Colman, Deasy, Gallagher, Hayden, Kent, Powers, Shannon, Suhr, Todd, Toner—11.

Absent—Supervisor McSheehy—1.

Passed for Printing.

Whereupon, the following bill was *passed for printing*:

Bill No. 8517, Ordinance No. —— (New Series), as follows:

Amending Ordinance No. 5464 (New Series), entitled "Regulating and establishing the location of trades, industries and buildings, and the locations of buildings designed for specific uses, and establishing the boundaries for said purposes, and providing penalties for the violation of its provisions."

Be it ordained by the People of the City and County of San Francisco as follows:

Ayes—Supervisors Andriano, Colman, Deasy, Gallagher, Hayden, Kent, McGovern, Marks, Powers, Roncovieri, Shannon, Suhr, Todd, Toner—14.

Noes — Supervisors Havenner, Schmidt, Stanton—3.

Absent—Supervisor McSheehy—1.

Railroad Commission to Pass on the Fairness of the Price of Spring Valley Water Company Properties.

Supervisor Shannon presented:

Resolution No. 28840 (New Series), as follows:

Whereas, under date of November 24, 1920, the Railroad Commission of the State of California, in a report "In the Matter of the Valuation of the Spring Valley Water Company's Properties," established the value of the company's properties by the City as of that date, after a thorough and comprehensive study of the entire water situation in San Francisco and an exhaustive investigation of the properties of the Spring Valley Water Company; and

Whereas, in that same report the Railroad Commission stated:

"We are convinced that there can be no question of the wisdom on the part of the City of San Francisco of this purchase, if the properties can be secured at the price herein named.

"The City has definitely, and we believe wisely, committed itself to a municipally owned water supply. This program, as a practical proposition, cannot satisfactorily be carried out unless the Spring Valley properties are first acquired. Theoretically it may seem possible to duplicate the water distribution system within the city limits, but an actual duplication is almost an impossibility. Not only is this true for the reason that, with the present system in place, the cost would be very large (much larger than the total of any reproduction cost estimate of the Spring Valley distributing system), but the legal complications, the delay and time required in the completion of a duplicate system, and the technical difficulties involved, to say nothing of the general destruction of the streets of the City and the interference with traffic, would make such a duplication a very serious undertaking. The waste resulting from such duplication would be, in every sense of the word, unjustifiable.

"The matter of the duplication of the distribution system is, however, not the most important or serious one. It is absolutely essential that the City, if it own its source of water supply, be also in ownership and control of storage and general distribution reservoirs in the close neighborhood of the City. Such reservoirs will be required for the storage and distribution of water from Hetch Hetchy. The only suitable reservoirs actually in existence, together with potential reservoir sites, are the property of the Spring Valley Water Company.

"If a condition could be imagined where the City could duplicate the Spring Valley distributing system, could find the necessary reservoir sites sufficiently close to the City, and did bring Hetch Hetchy water into San Francisco, there would then be two competing water systems serving San Francisco consumers. Even if city water were available in San Francisco, there is no legal power to compel discontinuance of service by Spring Valley Water Company to consumers. This could but result in wasteful competition and higher cost to the entire community."

* * * * *

"The outlay on the part of the City for the purchase of the Spring Valley system need not result in an added tax burden on the people of San Francisco. With efficient operation and under reasonable water rates the purchase of the Spring Valley system will carry itself."

* * * * *

"If the property is purchased as recommended by us, the element of severance damage will disappear. If, on the other hand, the Spring Valley were left with a portion of its property, which portion, however, could not be devoted to the purposes of a water utility, the matter of severance damage would unquestionably come up and assume

large proportions in terms of money."

And whereas, the people of the City of San Francisco will be called upon on May 1st to vote upon a bond issue for the purchase of the Spring Valley properties by the City in the estimated sum of $41,000,000, which price is based on the fair value put upon the properties of the Spring Valley Company by the Railroad Commission in their report of November 24, 1920, increased by actual expenditures for additions and betterments since that time, with proper allowance for depreciation and certain amortization out of revenues on returns allowed by the Railroad Commission; and

Whereas, the Railroad Commission in its report at that time offered their continued friendly cooperation in the working out of detailed arrangements for acquisition or in other ways; now, therefore, be it

Resolved, That this Board of Supervisors does hereby submit to the Railroad Commission the copy of the purchase proposition to be submitted to the voters, together with the estimate of prospective earnings of the properties under City ownership and ask that the Commission take notice of the same, and thereafter, if the Railroad Commission so conclude, that they reaffirm the opinion expressed in the report of November 24, 1920, as to the fairness of the price and the desirability of the purchase of the Spring Valley system by the City.

Adopted by the following vote:

Ayes—Supervisors Andriano, Colman, Deasy, Gallagher, Havenner, Hayden, Kent, McGovern, Marks, Powers, Roncovieri, Schmidt, Shannon, Stanton, Suhr, Todd, Toner—17.

Absent—Supervisor McSheehy—1.

Mayor Appoints Committee to Attend City Planning Conference.

The following was read by the Clerk:

April 16, 1928.

Mr. John Dunnigan, Clerk of the Board of Supervisors, City Hall, San Francisco.

Dear Sir:

At the request of the Mayor I am advising you that, in accordance with resolution adopted by your Board, he has appointed the following Supervisors as a committee to attend the Annual California City Plan Conference to be held in Pasadena on April 26, 27 and 28, 1928.

Hon. J. Emmet Hayden.
Hon. Cornelius J. Deasy.
Hon. J. M. Toner.

Will you kindly advise these Supervisors of their appointment by the Mayor?

Yours very truly,
(Sgd.) W. F. BENEDICT,
Assistant Secretary to the Mayor.

Vance Breeze, Aviator, Commended.

Resolution No. 28849 (New Series), as follows:

Whereas, it has come to the notice of this Board that on Sunday, April 15, 1928, an airplane, operating from our Municipal Airport, "Mills Field," and being handled and controlled by Mr. Vance Breese, expert aviator, met with a singular accident when, in midair, by the sudden breaking of its propeller and disengagement of the engine, imperiling the lives of seven occupants, including the aviator; and

Whereas, by reason of the expert knowledge, coolness and judgment of the aviator, Vance Breese, the plane was brought to earth in safety under these most trying and dangerous conditions, thereby saving the lives of the occupants to the extent of not even the slightest injury to them, which appears to be an unprecedented act; therefore, be it

Resolved, That this Board extends to Aviator Vance Breese its most sincere congratulations and praise for his expert and cool behavior in bringing to safety the plane and its occupants.

Adopted by the following vote:

Ayes—Supervisors Andriano, Colman, Deasy, Gallagher, Havenner, Hayden, Kent, McGovern, Marks, Powers, Roncovieri, Schmidt, Shannon, Stanton, Suhr, Todd, Toner—17.

Absent—Supervisor McSheehy—1.

BRIDGE HEARINGS.

Motions.

The following matters were taken up:

Supervisor Gallagher: I move you that while it is the policy of this Board that we favor a publicly-owned bay bridge, it is, however, the sense of this Board that we favor immediate construction of said bridge by private capital, until the people may elect in the manner provided by law to take over said bridge and place it under public ownership and control.

* * * * *

Supervisor Marks: I move you that, as an amendment to the motion of Supervisor Gallagher, the City Attorney be requested to submit to this Board, at the earliest possible opportunity, a form of submission of the issue of public ownership and operation of the pro-

posed bridge, or private ownership or operation of the proposed bridge, for action by the people at the earliest possible opportunity.

* * * * *

Supervisor Marks: I desire to present the following motion and calling attention to the fact that it does not call for anything other than asking the City Attorney to submit a proper form of proposal to us. I make the motion which heretofore has been outlined three or four times. (Referring to motion set out in full above.)

The Chairman: Any objection? So ordered.

Motion.

On motion of Supervisor Shannon, further consideration of the foregoing matters were *continued until May* 14, 1928, *at* 11 *a. m.*, by the following vote:

Ayes—Supervisors Andriano, Gallagher, Havenner, Kent, McGovern, Marks, Powers, Roncovieri, Schmidt, Shannon, Stanton, Suhr, Toner—13.

Absent—Supervisors Colman, Deasy, Hayden, McSheehy, Todd—5.

SPECIAL ORDERS—11 A. M.

Bridge Hearings.

Thereupon, the following matters were taken up:

Applications for Franchises to Construct Bridges Across San Francisco Bay.

(1)

Application of Bay Cities Bridge Corporation for a franchise for a toll bridge between San Francisco and Alameda.

Proposed rail and highway crossing for San Francisco Bay from the foot of Sixteenth street, San Francisco, to the foot of Pacific avenue, Alameda.

Beginning at the intersection of the center line of Sixteenth street with the center line of Third (Kentucky) street, in the City and County of San Francisco, and extending thence easterly along the center line of Sixteenth street to the waterfront line; thence easterly along a straight line to a point on the center line of Pacific avenue, in the City of Alameda, County of Alameda, which point is one hundred feet westerly from the intersection of said center line of Pacific avenue with the center line of Bryant street.

That the length of said bridge is 27,750 feet and that the width of the roadway on said bridge is 38 feet.

Filed April 6, 1925.

DUDLEY D. SALES,
Attorney.

On motion of Supervisor Shannon, further consideration of the foregoing application was *continued until May* 14, 1928, *at* 11 *a. m.*, by the following vote:

Ayes—Supervisors Andriano, Gallagher, Havenner, Kent, McGovern, Marks, Powers, Roncovieri, Schmidt, Shannon, Stanton, Suhr, Toner—13.

Absent—Supervisors Colman, Deasy, Hayden, McSheehy, Todd—5.

After the roll call on the foregoing application Colonel Rand was granted the privilege of the floor on motion of Supervisor Shannon.

Colonel Rand addressed the Board and opposed postponement for four weeks. He said an emergency might arise as a result of the communication from Supervisor McSheehy or other advices from Washington that might make desirable prompt action on the matter of the franchise; that if the matters are set for tomorrow or next week they would be in the hands of the Board.

Motion Lost.

Supervisor Marks moved to rescind motion postponing action for four weeks.

Motion *lost* by the following vote:

Ayes—Supervisors Gallagher, Hayden, Marks, Shannon, Todd, Toner—6.

Noes—Supervisors Andriano, Havenner, Kent, Powers, Roncovieri, Schmidt, Stanton, Suhr—8.

Absent—Supervisors Colman, Deasy, McGovern, McSheehy—4.

(2)

Application of Elbert W. Davis for a franchise for a toll bridge between San Franicsco and Alameda.

Across San Francisco Bay, beginning at a point in the City and County of San Francisco on the bulkhead line of San Francisco Harbor between Piers 26 and 28, and running approximately north 67 degrees 45 minutes east 17,962 feet, more or less, to a point in the City of Oakland, County of Alameda, State of California, on the easterly shore of San Francisco Bay.

That the length of said bridge is to be 17,962 feet and that the breadth thereof is to be 65 feet, more or less.

Filed June 29, 1925.

JAMES M. OLIVER,
Attorney.

On motion of Supervisor Shannon, further consideration of the foregoing application was *continued until May* 14, 1928, *at* 11 *a. m.*, by the following vote:

Ayes—Supervisors Andriano, Gallagher, Havenner, Hayden, Kent, McGovern, Marks, Powers, Ronco-

vieri, Schmidt, Shannon, Stanton, Suhr, Toner—14.

Absent—Supervisors Colman, Deasy, McSheehy, Todd—4.

(3)

JOURNAL OF PROCEEDINGS
BOARD OF SUPERVISORS

TUESDAY, APRIL 17, 1928, 2 P. M.

In Board of Supervisors, San Francisco, Tuesday, April 17, 1928, 2 p. m.

The Board of Supervisors met for the purpose of hearing protests and objections to the assessment for the Islais Creek Reclamation District.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Andriano, Colman, Gallagher, Havenner, Hayden, Powers, Roncovieri, Shannon, Stanton, Suhr—10.

Absent—Supervisors Deasy, Kent, McGovern, McSheehy, Schmidt, Todd, Toner—7.

Excused—Supervisor Marks—1.

Quorum present.

His Honor Mayor Rolph being absent, Supervisor Havenner was elected to preside.

Privilege of the Floor.

Allen G. Wright, attorney representing the Islais Creek Reclamation District, was granted the privilege of the floor and addressed the Board.

He declared that the Board of Commissioners of the Islais Creek Reclamation District were as anxious as the Board of Supervisors that the assessments be in proper form and properly prorated. If an attack against the legality of the proceedings develops he said that the district will want to be heard and represented. Furthermore, he said, we wish to be as helpful to the Board in conducting the inquiry as we may be. He said that the commissioners had addressed a letter to the Board of Supervisors that gives the background out of which this proceeding arises, and gives certain information with regard to the procedure that I think will be helpful and I would like to file that at this time. We have a table also, he said, that shows how this assessment has been spread on all of the property of the protestants in this district.

Theodore J. Savage said in part: Mr. Chairman, I represent two of the protestants in this matter, the Reinhart Lumber and Planing Mill Co. and William Taaffe & Co. They are the principal protestants here, and I am prepared to offer our evidence on behalf of the protests that are filed. I do not know whether the protests have been read. But I will briefly state the grounds of protest. I do not intend to make you a speech at this time. The proper method of presenting a matter of this kind is for the protestants to offer their evidence to the Board, after having stated the grounds of their objections and then to sum up that evidence and ask the Board for such action as they think the facts warrant. The protestants that I represent protest this assessment, and they protest the plan and estimates of cost upon which it is based, upon various grounds which are stated in our written objections which are on file here, that I will briefly summarize as follows: that the plans and estimates are not made in accordance with law; that the plan is not clear or definite; that it cannot be ascertained from the plan where, or what area, or what materials, the method, manner of quality of the proposed filling; that the plan involves the improvement of State property and the assessment of the cost on private property; that the plan includes a sewer which is not within the purview of the Reclamation Act, and which has been assessed otherwise than as provided by law; that no provision has been made for damages to private property; that no permission has been acquired from the owners of private property that their property may be filled; that the commissioners appointed by this Board were appointed without authority, and that the assessment list was not made in accordance with law, nor was the property in the assessment district assessed in accordance with benefits, but on another and different scheme, and in another and different way; that lands near the boundary of the district slightly

benefited are assessed as much as other lands in the district greatly benefited; that the City land has not been assessed; that, moreover, the cost of improving the land has been assessed on private property; that the assessment, by its size, is clearly confiscatory; that the lands of the petitioners are assessed in excess of their benefits; that the Board should modify and amend its report in those particulars; that Sections 3455 and 3462 of the Islais Creek Reclamation Act, the Act of the Assessment District, is unconstitutional and void, for which reasons the proceedings should be abandoned.

Witnesses Examined.

The following witnesses were duly sworn and testified: Edw. J. Taaffe, vice-president of William Taaffe & Co., wholesale butchers, protestant; Chas. E. Reinhart, president of the Reinhart Lumber and Planing Mill Company, protestant; M. H. Levy, Assistant Engineer for Board of Public Works, witness for protestants.

Motion.

Whereupon, on motion of Supervisor Gallagher, further consideration of the hearing of protests against the assessment for the Islais Creek Reclamation District project was continued until Monday, April 23, 1928, at the hour of 2:30 p. m.

J. S. DUNNIGAN,

Report of Bureau of Engineering on Traffic Conditions, Mallen Permit.

April 23, 1928.

To the Honorable the Board of Supervisors, City and County of San Francisco.

Gentlemen:

In response to the request of April 2d of your Honorable Board for a survey of the traffic conditions on Taylor street between Turk and Eddy streets, relative to the application of Howard J. Mallen for a parking station permit, the following report is submitted:

The report consists of two parts—Map P-10 revised to April 20, 1928, for this purpose, and this written report.

A check to ascertain the destination was made of all persons parking automobiles at the curb within one block of the proposed parking lot location. This investigation was carried on from 8 a. m. to 9 p. m. of a typical week day. In addition to this investigation a check of the garages and parking lots in this area was made for one typical week day from midnight to midnight to ascertain the destination of transient patronage. The check of garages also shows the total business for the day segregated as to weekly or monthly storage and transient business, the time of arrival and departure of the transient patronage and the length of time that the transient vehicle remained in storage.

The check shows that persons parking automobiles either at the curb, in parking lots or in garages for day storage prefer not to walk more than approximately 600 feet to their destination. The distance that people are willing to walk is greatly influenced by automobile storage facilities. From this particular location it was found that in no case did a person walk more than 400 feet in a northerly or westerly direction, but that several parties walked as far as 1200 feet in a southerly or easterly direction into the more congested districts. This directional effect is caused by the fact that there are very limited storage facilities in the central district.

The fact that people prefer to park or store their cars on the line of travel to their destinations was also noted. It will be seen then that demand for storage space is far greater on a direct line of travel than on streets with the same amount of business enterprises, but off the line of travel of persons whose destinations are within the central district.

A line approximately 600 feet in radius, having its center midway between the two proposed parking lots fronting on Taylor street between Turk and Eddy streets has been drawn on the map. The storage facilities in the district enclosed within this circle are those most vitally affected by these proposed parking lots.

There are certain classes of business that create a demand for temporary off-street automobile storage more than others. These are theaters, restaurants, hotels and department stores. Certain hotels, however, have a tendency to create a demand for weekly or monthly automobile storage more than for temporary or day storage. Theaters are particularly noticeable as causing a demand for temporary off-street automobile storage.

Table I summarizes the study of the business done by garages and parking lots located within or partially within the area most vitally affected by these proposed parking lots. There are five parking lots with a combined stall capacity of 400 vehicles and six garages with a combined stall storage capacity of 1298 vehicles. The daily business for the parking lots is 500 vehicles, and that of the garages 735 vehicles. It will be noted that the class of business done by the garages is of a different nature from that done by the parking lots, as the bulk of the garage storage is weekly or monthly storage, while the bulk of the parking lot business is transient daily storage. The length of time the average transient vehicle remains in a garage is very materially longer than the average length of time a transient vehicle remains in a parking lot. The result is that if a garage were used to capacity it could accommodate 100 to 200 per cent of its stall capacity, whereas a parking lot could accommodate from 200 to 300 per cent of its stall capacity.

Very few automobiles enter garages and parking lots in this district for temporary storage before 10 a. m. or after 10 p. m. This is significant, as it limits the turnover that can be expected in any one given day to not over a twelve-hour period for transient day stor-

age, plus over-night storage. It is observed, however, that parking lots have very little over-night storage.

It is quite noticeable that for any given day the off-street transient storage does not begin to be patronized to any marked extent until the curb space in the vicinity is completely occupied.

For the time being, the garage storage capacity of this particular locality seems to exceed the demand. There seems to be a demand on the part of the public for additional parking lots. The existing parking lots are well patronized, and those located closer to groups of theaters could expect even better patronage.

The exact extent to which garages and parking lots are direct competitors is difficult to state. It is certain that parking lots will not take the permanent or semi-permanent storage, which forms the bulk of the present garage business in this district, away from the garages. Parking lots have very little over-night storage, while garages are favored by this class of business. On the other hand, the public seems to greatly prefer parking lots to garages for temporary day storage and in this respect they are competitors.

The report may be summarized as follows:

1. From a purely street traffic point of view, it would be beneficial to have a parking lot in this locality, as it would provide temporary off-street automobile storage of a nature for which there is a demand, and thus relieve street traffic congestion.

2. There are other factors concerned in locating parking lots to be considered in the effect upon the City, other than purely street traffic. Among these are the effect on adjacent business, such as stores, hotels and theaters; the effect upon the future building of structures on property having parking lots, and the effect of competition by introducing new parking lots, on garages and parking lots now established. These items are of importance. They involve factors that are beyond the scope of information of the Division of Street Traffic Engineering.

Respectfully submitted,

M. M. O'SHAUGHNESSY,
City Engineer.

Report of Chairman Toner, of Health Committee, re Refusal of Emergency Hospital Service.

The following was presented and read by the Clerk:

April 23, 1928.

To the Honorable Board of Supervisors, City and County of San Francisco.

Gentlemen:

I desire to call the Board's attention to the recent case of a child being refused emergency attention at one of our leading hospitals, due to a lack of funds on the part of the child's parents. This case has received widespread publicity and has forcibly called attention to our lack of proper legislative regulations governing the handling of such emergencies at private hospitals. It is my thought that we should pass an ordinance requiring all hospitals to give emergency treatment to all cases presented to them, regardless of the lack of funds, and I have requested the City Attorney to prepare the necessary legislation in accordance therewith. I have called a special meeting of the Health Committee for May 8th to consider this highly important matter, and I would appreciate any suggestions that the members of the Board might make. I am inviting representatives of all the hospitals in the City, as well as our Department of Public Health, to be present at this meeting and I would like to have as many members of the Board as can do so also to attend.

Sincerely yours,

DR. J. M. TONER,
Chairman Health Committee.

Report of French Hospital.

Supervisor Roncovieri presented:

Communication, from French Hospital, reporting case of Clara McGarry, who was brought to the hospital on April 15, 1928.

Produce Terminal at Marina.

Supervisor Shannon presented:

Communication, from Marina District Improvement Association, calling attention to building permit granted April 20 to the San Francisco Produce Terminal and Service Company by the Board of Public Works, and protesting against this action looking to commercial development along the City's valuable scenic marine front.

Referred to Finance and Parks and Playgrounds Committees.

Action Deferred.

The following matter was *continued two weeks*:

Mayor's Veto, W. W. Haley Parking Station.

Mayor's Office.

San Francisco, April 11, 1928.

Honorable Board of Supervisors,
City Hall, San Francisco.

Gentlemen:

I am returning to you herewith, without my approval, Resolution No. 28762 (New Series), by reason of protests from various individuals and associations directly concerned who have bombarded my office with objections to the granting of this permit to maintain and operate an automobile parking station on the north side of McAllister street, 37 feet 6 inches east of Hyde street.

Respectfully,

(Sgd.) JAMES ROLPH, JR.,
Mayor.

April 16, 1928—*Over one week.*

Resolution No. 28762 (New Series), as follows:

Resolved, That Wm. W. Haley be and is hereby granted permission, revocable at will of the Board of Supervisors, to maintain and operate an automobile parking station on the north side of McAllister street, 37 feet 6 inches east of Hyde street.

The rights granted under this resolution shall be exercised within six months, otherwise said permit shall become null and void.

Finally passed—Board of Supervisors, San Francisco, April 2, 1928.

Ayes—Supervisors Andriano, Colman, Deasy, Gallagher, Havenner, Hayden, Kent, McGovern, Marks, Powers, Roncovieri, Schmidt, Shannon, Stanton, Suhr, Todd, Toner.

Absent—Supervisor McSheehy.

J. S. DUNNIGAN,
Clerk.

Disapproved — San Francisco, April 11, 1928.

JAMES ROLPH, JR.,
Mayor.

Reasons set forth in attached message to your Honorable Board.

J. R., Jr.

Question: Shall the resolution pass notwithstanding the objections of his Honor the Mayor?

Mayor's Veto Withdrawn, W. H. Manaton Parking Station.

The following matter was taken up:

Resolution No. 28759 (New Series), as follows:

Resolved, That W. H. Manaton be and is hereby granted permission, revocable at will of the Board of Supervisors, to maintain and operate an automobile parking station on the southeasterly line of City Hall avenue, 82 feet 11 inches southwesterly from the intersection of

the southerly line of McAllister street.

The rights granted under this resolution shall be exercised within six months, otherwise said permit shall become null and void.

Finally passed—Board of Supervisors, San Francisco, April 2, 1928.

Ayes—Supervisors Andriano, Colman, Deasy, Gallagher, Havenner, Hayden, Kent, McGovern, Marks, Powers, Roncovieri, Schmidt, Shannon, Stanton, Suhr, Todd, Toner.

Absent—Supervisor McSheehy.

J. S. DUNNIGAN,
Clerk.

Disapproved — San Francisco, April 11, 1928.

JAMES ROLPH, JR.,
Mayor.

Reasons are: Because of strenuous objections of adjacent property owners and of various associations in the district where this permit applies.

Respectfully,

JAMES ROLPH, JR.,
Mayor.

Communication From Mayor.

The following was read by the Clerk:

San Francisco, April 16, 1928.

Honorable Board of Supervisors,
City Hall, San Francisco, California.

Gentlemen:

I find that I have been misinformed regarding protests against the permit granted by your Honorable Board for a parking station on City Hall avenue in the name of Wm. H. Manaton.

The situation was called to my attention upon my return from Los Angeles, where I went on Thursday to escort some guests of the City for a daylight trip through California and to see them away in their sailing Friday from Los Angeles harbor, and also to discuss with Los Angeles officials arrangements for the dedication of their new City Hall on April 26th, at which I have been invited to make an address.

The protests were not against the Manaton permit, but against the Haley permit on McAllister street, which I have also returned to your Honorable Board without my approval.

I present my compliments and ask you to kindly disregard by disapproval of the Manaton permit and to reinstate this permit in the form in which you orginally sent it to me. Please bear in my that my disapproval of the Haley permit still stands as given.

Very respectfully yours,

JAMES ROLPH, JR.,
Mayor.

Whereupon, the question was put: Shall the resolution pass notwithstanding the objections of his Honor the Mayor, and the veto was overruled by the following vote:

Ayes—Supervisors Andriano, Colman, Deasy, Gallagher, Havenner, Hayden, Kent, McGovern, Marks, Powers, Roncovieri, Schmidt, Shannon, Stanton, Suhr, Todd, Toner—17.

Absent—Supervisor McSheehy—1.

UNFINISHED BUSINESS.

Final Passage.

The following matters heretofore passed for printing were, on recommendation of the Finance Committee, taken up and *finally passed* by the following vote:

Closing and Abandoning Portions of Ingalls street, Davidson and Custer Avenues, as Hereinafter Described.

Also, Resolution No. 28896 (New Series), as follows:

Whereas, this Board by Resolution No. 28542 (New Series) declared its intention to close and abandon portions of Ingalls street, Davidson avenue and Custer avenue, hereinafter more particularly described; and

Whereas, proper notice of said resolution and of said proposed closing and abandonment of said parts of said public streets was duly given by the Board of Public Works of said City and County of San Francisco by publication and posting in the manner and for the period provided by Section 3, Chapter III, Article VI of the Charter of this City and County; and

Whereas, more than ten (10) days have elapsed since the expiration of the time of publication of said notice; and

Whereas, no objection to said closing and abandonment of said portions of said public streets was made or delivered to the Clerk of this Board within said period of ten (10) days, or at all; and

Whereas, it is the judgment of this Board that public interest and convenience will be conserved and that it is advisable that said parts of said public streets as hereinafter particularly described be closed and abandoned; and

Whereas, the said work is for the closing up and abandoning said parts of said public streets, and it appears to this Board that no assessment is necessary therefor and that there will be no damages, costs or expenses in connection with said closing and abandoning of said parts of said public streets; now therefore be it

Resolved, That the said parts of said public streets, hereinabove referred to and hereinafter more particularly bounded and described are hereby closed and abandoned as public streets; that the said parts of said public streets so closed and abandoned are more particularly bounded and described as follows:

(1) Ingalls street between the southwesterly line of Burke avenue and the northeasterly line of Evans avenue.

(2) Davidson avenue between the southeasterly line of Jennings street and the westerly line of India and Hawes streets.

(3) Custer avenue between the southeasterly line of Jennings street and the westerly line of India street.

Said closing of said streets and avenues shall be done in pursuance of Chapter III of Article VI of the Charter of the City and County of San Francisco, and shall be done in the manner and in accordance with the provisions of Section 2 and the sections following Section 2 of said Chapter III of Article VI of the Charter of the City and County of San Francisco; and be it

Further Resolved, That the Clerk of this Board transmit a certified copy of this resolution to the Board of Public Works, and that the Board of Public Works be instructed to proceed thereafter as required by law, and the Clerk is hereby directed to advertise this resolution in the Bulletin as required by law.

Action Deferred.

The following matter was presented and made a *Special Order of Business for* 11 *a. m. May* 21, 1928:

Mayor to Enter Into Agreement With Southern Pacific Company in Re Bernal Cut.

Resolution No. ——— (New Series), as follows:

Resolved, That the Mayor is herebe authorized to enter into agreements with the Southern Pacific Railway Company, terms and conditions as follows:

This agreement, made this —— day of ————, 1928, by and between Southern Pacific Railroad Company, a corporation of the States of California, Arizona and New Mexico, and its lessee, Southern Pacific Company, a corporation of the State of Kentucky, first parties, herein collectively called "Southern Company," and the City and County of San Francisco, a municipal corporation of the State of California, second party, herein called "City."

Recitals:

The parties hereto entered into a certain agreement dated March 23, 1914, relating to rights of way through Bernal Cut, in the City and County of San Francisco, and also entered into a certain agreement of even date herewith modifying and changing said agreement of March 23, 1914, and enlarging the plan of construction of rights of way, tracks and a public street or roadway through said Bernal Cut.

In connection with said work it will be necessary that the Southern Company remove its existing team track near Bosworth street, in said City and County of San Francisco, from the southeasterly side of its track to the northwesterly side of proposed location of its main track through Bernal Cut.

Said agreement of March 23, 1914, provided, among other things, that Southern Company would convey certain land to the City, which land was conveyed pursuant to said agreement by deed dated March 23, 1914. Said deed contained a reservation on behalf of Southern Company to use a certain strip of land 8½ feet wide and a certain strip of land 13½ feet wide, both of which are hereinafter described. In the event that the agreement of even date herewith is carried out the City desires that Southern Company quitclaim to the City all of its

right, title and interest in and to said strip of land covered by said reservation above mentioned.

The parties hereto desire to set forth their understandings and agreements relative to the matters hereinabove mentioned.

Agreement:

Now, therefore, in consideration of the mutual and dependent promises of the parties hereto, it is hereby agreed as follows, to-wit:

First: That the City will pay to Southern Pacific Company the entire cost, plus ten (10) per cent of all labor, to cover supervision of removing said existing team track and replacing and reconstructing said team track in kind and in good condition upon the property hereinafter described, to be acquired by the City and conveyed to the Southern Pacific Railroad Company.

Concurrently with the delivery to it by the City of the deed hereinafter specified the Southern Company will deliver to the City a quitclaim deed conveying all the right, title and interest of the Southern Company in and to those certain parcels of land described as follows, being those certain strips of land 8½ feet in width and 13½ feet in width, respectively, covered by said reservation contained in said deed dated March 23, 1914, to-wit:

All those certain strips of land situate, lying and being in the City and County of San Francisco, State of California, more particularly described as follows:

Parcel 1: A strip of land 8.5 feet wide, lying adjacent to and southeasterly of a line drawn 10.00 feet at right angles and radially southeasterly from the original center line of the main track of the Southern Pacific Railroad Company's San Francisco-San Bruno Branch, between Engineer's Station 78+48.5 and 92+40.

Parcel 2: A strip of land 13.5 feet wide, lying adjacent to and southeasterly of a line drawn 10.00 feet at right angles southeasterly from the original center line of the main track of the Southern Pacific Railroad Company's San Francisco-San Bruno branch, between Engineer's Station 92+40 and 101+20.

The above described parcels of land being the same property as reserved in part III, page 3, of that certain deed dated March 23, 1914, between Southern Pacific Railroad Company, Southern Pacific Company and the City and County of San Francisco.

The City hereby covenants and agrees to acquire and convey to Southern Pacific Railroad Company, without cost to Southern Company, by good and sufficient grant, bargain and sale deed, a good, merchantable, legal title, free and clear of all encumbrances, to that certain parcel of land described as follows, to-wit:

That certain piece or parcel of land situate, lying and being in the City and County of San Francisco, State of California, more particularly described as follows:

Beginning at the point of intersection of the southwesterly line of Roanoke street with the southeasterly line of Arlington street; thence along said southeasterly line of Arlington street south 47 deg. 16 min. 17 sec. west a distance of 663.843 feet to a point; thence south 30 deg. 41 min. .09 sec. east a distance of 22.104 feet to a point, said point being distant radially 58.77 feet northwesterly from the original center line of the Southern Pacific Railroad Company's right of way; thence in a northeasterly direction on the arc of a curve, concave to the left, having a radius of 5670.826 feet (the tangent to said curve at last mentioned point bears north 58 deg. 57 min. 20 sec. east) an arc distance of 675.82 feet to a point on said southwesterly line of Roanoke street (last described arc course is concentric with and distant northwesterly and radially 58.77 feet from said original center line of the Southern Pacific Railroad Company's right of way); thence north 42 deg. 43 min. 43 sec. west along said southwesterly line of Roanoke street a distance of 118.768 feet to the point of beginning and containing an area of 51401 square feet (equals 1.180 acres), more or less.

Upon delivery of the conveyance by the City mentioned in the last preceding paragraph of this agreement, and upon completion of the work of grading, to be done by the City as provided in said agreement of even date herewith, the Southern Company will, simultaneously with the shifting of the location of its main track, as provided in said agreement of even date herewith, remove its said existing team track from its present location and construct said team track as aforesaid upon said property above described, to be conveyed by the City to Southern Pacific Railroad Company.

This agreement is subject to the approval of the Railroad Commission of the State of California, and if not approved by said Railroad Commission it shall be of no force or effect.

In witness whereof, the parties hereto have executed this agree-

ment in quadruplicate the day and year first hereinabove written.

This agreement, made this——— day of———, 1928, between Southern Pacific Railroad Company, a corporation of the States of California, Arizona and New Mexico, and its lessee, Southern Pacific Company, a corporation of the State of Kentucky, first parties, herein collectively called "Southern Company," and the City and County of San Francisco, a municipal corporation of the State of California, second party, herein called "City."

Recitals:

Under the terms of an agreement entered into on the 23rd day of March, 1914, and subsequent deed bearing even date therewith, recorded June 16, 1914, in Vol. 794 of Deeds, pages 276 and following, the City acquired, for street purposes, a portion of the railroad right of way of the Southern Company through the so-called Bernal Cut, in said City and County of San Francisco, being the easterly portion of said right of way from the westerly line of Dolores street produced, to the center line of San Jose avenue produced, near Diamond street.

It was stipulated in said agreement that the Southern Company shall grade the strip of land described in section 1 thereof, so as to provide a uniform roadway for the proposed street at least forty (40) feet in width or thirty-five (35) feet, according to the width of said strip, according to the directions and under the supervision of the City Engineer of the City, and said City shall cooperate in such work to the extent of removing encroachments and also by the erection of retaining walls wherever necessary along the line of said grading; and Southern Company agreed to deposit the material excavated as aforesaid upon such portions of the land described in said agreement and deed as may be indicated by said City Engineer, and to entirely remove all surplus material; said grading and filling to be at the expense of Southern Company. It was further understood and agreed and so provided in said agreement that the construction of retaining walls along said grading and the paving of the roadway upon said strip of land shall be at the cost and expense of the City and without cost to the Southern Company.

The City now desires to acquire additional rights of way in said Bernal Cut for the purpose of constructing a better roadway than at first contemplated and offering better facilities for the construction of its double-track street railroad adjacent to the northerly and westerly line of the land conveyed to the City for street purposes by the hereinbefore mentioned deed. Such construction would be facilitated by the railroad of the Southern Company being moved northerly and westerly not exceeding 31.27 feet.

The parties hereto desire to set forth their agreement as to their rights and obligations in connection with acquisition and exchange of certain parcels of land to provide additional rights of way for each of the parties hereto, reconstruction of the railroad and appurtenances of Southern Company, construction of the municipal railway and the proposed street, and other matters in relation thereto.

Agreement:

Now, therefore, in consideration of the premises, it is hereby mutually agreed as follows, to-wit:

ARTICLE I.

1. The location plan, showing the changes proposed and the parcels of land to be acquired and exchanged by and between the parties hereto, for the purpose of carrying out the plans of the parties hereto as hereinafter set forth, is shown on the attached copy of Southern Pacific Company's Drawing entitled, "Proposed Improvements in Bernal Cut, San Francisco," and numbered M W D Drawing 5806, Sheet 2, which is hereby made a part hereof.

2. Southern Company hereby agrees to execute and place in escrow a conveyance to said City of all of Southern Company's right, title and interest in and to that certain portion of Southern Company's right of way in the City and County of San Francisco, State of Califor-

nia, particularly described as follows, to-wit:

A strip of land 32.77 feet in width lying between the southerly line of Randall street and the center line of San Jose avenue (near Diamond street), said strip being bounded and described as follows:

Bounded on the northeast by the southerly line of Randall street; on the west and northwest by a line drawn parallel or concentric with and uniformly distant 22.77 feet westerly and northwesterly, measured radially or at right angles from the original center line of the main track of the Southern Pacific Railroad Company's branch line between San Francisco and Colma; on the southwest by the center line of San Jose avenue (near Diamond street) and on the southeast and east by a line drawn parallel or concentric with and uniformly distant 10.00 feet scutheasterly and easterly, measured radially or at right angles from said original center line of the Southern Pacific Railroad Company's branch line, said line coinciding with the northerly and westerly boundary line of the strip of land heretofore conveyed to the City and County of San Francisco by Southern Pacific Railroad Company and Southern Pacific Company by deed dated March 23, 1914.

Also a triangular shaped parcel of land, described as follows:

Beginning at a point in the westerly line of Dolores street, distant 100.00 feet northerly from the northerly line of Randall street; thence southerly along said westerly line of Dolores street and its prolongation a distance of 150.00 feet, more or less, to the southerly line of Randall street; thence westerly along said southerly line of Randall street a distance of 22.50 feet, more or less, to a point; thence in a northeasterly direction on a direct line to the point of beginning.

Said parcel of land above described are more particularly shown tinted in pink on said Drawing No. 5806, Sheet 2.

Said conveyance shall contain and be subject to the following express covenants, reservations and exceptions, to-wit:

(a) "Reserving nevertheless to the first parties (Southern Pacific Railroad Company and Southern Pacific Company), their successors and assigns, the right to use the northwesterly eighteen (18) inches in width of said strip of land 32.77 feet in width for the erection and maintenance of poles, wires, and any and all other necessary appliances, appendages and adjuncts, in the event that said first parties, their successors and assigns, should at any time operate their railroad by electricity, it being expressly understood and agreed, however, that first parties, their successors or assigns, may, instead of erecting and maintaining said poles, wires, appliances, appendages and adjuncts upon and along said eighteen (18) inch strip herein described, at their option fasten their wires, fixtures, appliances and appurtenances to any poles erected by second party along or near the northwesterly boundary line of said strip of land whenever the first parties, their successors and assigns, operate their said railroad by electricity and such right is hereby granted by second party to first parties; but in the event that said first parties do attach their wires to any poles erected by the second party, as aforesaid, then said first parties shall pay to second party one-half (½) of the then value of said poles so used, at the time the attachments are made by said first parties, and upon receipt of such payment second party shall execute and deliver to Southern Pacific Railroad Company a bill of sale conveying an undivided one-half (½) interest in said poles to Southern Pacific Railroad Company. First parties shall thereafter pay one-half (½) of the cost of maintaining said poles so used, as aforesaid, from time to time as such costs are incurred and bills rendered by second party."

(b) "Excepting and reserving unto said first parties all of those certain rights reserved by the Southern Pacific Railroad Company and Southern Pacific Company for themselves, their successors and assigns, in that certain deed dated December 5, 1898, from said companies to said City and County of San Francisco, recorded February 3, 1899, in Liber 1802 of Deeds, page 379, Records of said City and County of San Francisco, also those certain rights reserved by Southern Pacific Railroad Company in that certain deed from said Southern Pacific Railroad Company to said City and County of San Francisco, dated November 7, 1901, and recorded September 20, 1902, in Liber 1968 of Deeds, page 89, Records of said City and County of San Francisco."

(c) "The foregoing conveyance is subject to all the terms, conditions, restrictions and reservations contained in that certain deed, dated October 5, 1863, from H. G. Livermore et al. to the San Francisco and San Jose Railroad Company,

recorded October 6, 1863, in Book 215 of Deeds, at page 276, and subject to the rights of any and all industries located upon or adjacent to said right of way between St. Mary's avenue and Bosworth street, and subject to first parties' right to maintain such spur, team or station tracks as may be required to be maintained under any subsisting agreement, recorded or otherwise, or deed, or by law. The Southern Company hereby reserves the right to maintain and operate existing industrial spur tracks upon the land hereinabove described and to maintain and operate such spur tracks in such new locations to which any of said spurs may be moved, as hereinafter provided. The City covenants and agrees that if it is necessary to reconstruct or change the location of any or all of said existing industrial spur tracks by reason of or in connection with the use of said land by the City, the City will pay the entire cost of the work of reconstruction and relocation of said tracks, including paving, and the cost and construction of crossings of said tracks by the municipal railway, if any. Nothing herein contained shall in anywise impair the right of the first parties to use, for railroad purposes, the remaining portion of their right of way adjoining the strip of land hereinabove described on the northwest, or in anywise prejudice their rights therein or thereto."

The above mentioned conveyance shall be executed by Southern Company and placed in escrow with the California Pacific Title & Trust Company of San Francisco, California, if and when this agreement has been approved by the Railroad Commission of the State of California, to be delivered to the City when the City shall have (a) acquired the lands described in Section 1 of Article II hereof and executed and delivered to the above mentioned escrowee for account of Southern Pacific Railroad Company the conveyances to Southern Pacific Railroad Company specified in said Section 1, Article II, and (b) performed, or caused to be performed, all of the construction and reconstruction work by it to be performed or contracted for, as provided in Article II hereof.

ARTICLE II.

1. In consideration of the covenants herein agreed to be performed by the Southern Company, and without further consideration or payment, the City shall at its own expense acquire and convey or cause to be conveyed to Southern Pacific Railroad Company, by a good and sufficient grant, bargain and sale deed, a good, merchantable, legal title, free and clear of all encumbrances to (1) a strip of land along and adjacent to the northerly and westerly boundary line of Southern Company's right of way between Randall and Diamond streets, in the City and County of San Francisco, State of California, sufficient in width, and which, together with that portion of the Southern Company's existing right of way which will remain after the conveyance to the City of the portion heretofore described, will provide a right of way sufficient in width so that a standard gauge double track railroad may be constructed for Southern Company, and so that clearances not less than those prescribed by the Railroad Commission of the State of California shall be provided; (2) strips of land sufficient in width and adjoining the additional right of way for the proposed location of the proposed double track railroad of the Southern Company, to provide a sufficient area for proper slopes, not exceeding 1¼ horizontal to one vertical in the cuts and not less than two horizontal to one vertical in the fills; provided, however, that in lieu of providing such additional land for slopes, the City may construct at its sole cost and expense adequate concrete or masonry retaining walls to provide for the full and unobstructed use of land of sufficient width to permit of the construction and operation of said standard gauge double track railroad, with clearances not less than those prescribed by said Railroad Commission, and at the grade of the Southern Company's now existing track between Randall and Diamond streets, unless a different grade is agreed to by Southern Company. The land required for said right of way for said proposed double track railroad is shown tinted in green and the land required for said slopes is shown tinted in purple upon said drawing MWD 5806, Sheet 2.

2. In the event that it shall be necessary or advisable for the City to institute condemnation proceedings to acquire any land which is to be acquired in order to comply with the terms of this agreement, and to be conveyed to the Southern Pacific Railroad Company, such proceedings may be had in the name of Southern Company, or either of them, but the City shall pay all expense thereof and all judgments and costs therein and hold Southern Company harmless therefrom.

3. The City shall, at its own expense, make all necessary excavations and construct embankments and waterways, and, if deemed necessary by Southern Company, retaining walls to support slopes on the existing right of way of Southern Company, and the said land to be acquired for the Southern Company, as hereinabove provided, so as to provide for the construction of the said double track railroad of the Southern Company, as aforesaid, and at the grade specified in Section 1 of this Article II, unless a different grade is agreed to by Southern Company, and the City shall also pay the cost, plus ten (10) per cent of all labor to cover supervision, of moving Southern Company's existing single track rails, ties, ballast and appurtenances to such new position, not exceeding 31.27 feet northerly and westerly of the present location, and the cost, plus ten (10) per cent of all labor to cover supervision, of placing Southern Company's single track in such new location in at least as good condition as the existing track was at the time of being so moved, it being understood that the Southern Company will furnish all necessary ties which, in its judgment, are required to replace those unfit for further service.

4. The City shall, at its own expense, remove and reconstruct Southern Company's present telephone, telegraph and signal lines and the poles and fixtures thereof to such new position upon and along said relocated railroad line and right of way as may be required by Southern Company.

5. The City shall, at its own cost and expense, reconstruct and thereafter maintain, at clearances not less than those prescribed by the Railroad Commission of the State of California, all bridges or other structures and foundations and appurtenances of same (including the subway at Bosworth street) located between and at Randall and Diamond streets so that the double track railroad of Southern Company may be constructed and operated without further change in said bridges, structures or appurtenances, and, in order to accomplish such works, the City shall be granted the right to the use of any land to be conveyed by the City hereunder to Southern Pacific Railroad Company, for the purpose of erecting thereon any portion of the above-mentioned structures or appurtenances thereto that may be necessary; provided, however, that the plans for any such bridges and structures and appurtenances shall be subject to the approval of the Southern Company and of the Railroad Commission of the State of California. It is also agreed that the City shall have the right to construct and maintain at its sole cost and expense drainage constructions of such character as may be required, to be placed upon or beneath the lands to be conveyed hereunder by the City to Southern Pacific Railroad Company; provided, however, that such drainage constructions meet with the approval of Southern Company and will in no way interfere with Southern Company's operations.

6. The City shall include in the contracts which it is to let for the grading work to be performed by it under this contract, the grading work provided to be done at the expense of Southern Company in said agreement of March 23, 1914, and Southern Company shall have the right of access at all reasonable times to the books, accounts, contracts, records and papers relating to said work, for the purpose of checking the bill or bills rendered by the City to Southern Company for the cost of said work. The Southern Company shall reimburse the City in full for all of the yardage removed or excavated and graded at the contract price or rate covering the work included in said contract for the account of the Southern Company. All of the work herein provided for to be done by the City shall be in substantial conformity with the City's Cross Section plan or map entitled "Bernal Cut," numbered A-7328, hereto attached and made a part hereof.

7. It is understood and agreed that the City may enter upon said land above described for the purpose of carrying out and complying with the terms and conditions of this contract as soon as this contract becomes effective.

8. All the expenses in connection with the construction of the future second track of said Southern Company's railroad, which the Southern Company may construct now or in the future at its option, except the work herein provided to be done by and at the sole cost and expense of the City, shall be borne by the Southern Company, as this is a facility in addition to its present trackage.

9. All work required to be done by and at the expense of the City hereunder upon or affecting the property and operations of Southern Company shall be performed by it in a good and workmanlike manner to the satisfaction of the Southern Company, according to plans ap-

proved by Southern Company or such lawful authority as may have jurisdiction in the premises, and at such times and in such manner as to interfere as little as possible with the operations of Southern Company.

10. It is expressly understood and agreed that all expense of paving and otherwise improving the roadway and constructing the municipal railway and appurtenances upon the roadway upon said strip of land 32.77 feet in width, hereinabove referred to, and upon the land heretofore conveyed by the Southern Company to the City by said deed dated March 23, 1914, recorded in Volume 794 of Deeds, at pages 276 and following, County Records of the City and County of San Francisco (except the grading and filling work as herein otherwise provided for in the previous agreement) shall be borne by the City; and in the event that any improvements upon said roadway should be done upon the local assessment plan, then and in that event the City shall pay out of its treasury any and all assessments therefor levied upon or assessed against any rights, properties or franchises of Southern Company, or either of them.

ARTICLE III.

1. It is understood and agreed that the City shall have the right to construct its municipal street railroad beneath either one of the bridges carrying the railroad of the Southern Company over Thirtieth street or over Day street, and that the City shall, at its own sole cost and expense, provide the necessary clearances therefor under said bridge. The plans for said crossing and any necessary changes in the said bridge shall be subject to the approval of the Railroad Commission of the State of California. The City, subject to the approval of the Railroad Commission of the State of California, shall have the right to construct its municipal street railroad at grade across the track or tracks of Southern Company's railroad at or near the intersection of San Jose avenue and Diamond street, subject to the terms and conditions of an agreement to be executed by the parties hereto establishing the respective rights, duties and liabilities of said parties in the movement of engines, trains, motors and cars over said crossings; and if the parties are unable to agree upon such terms and conditions, then upon such terms and conditions as may be prescribed by said Railroad Commission. Such crossings, together with any and all protective device or devices that may be necessary, shall be installed at the entire cost and expense of the City. The expense of maintaining said crossings and any and all such protective device or devices, except interlocking plant, after completion, shall be borne solely by said City, but the expense of maintenance and operation of interlocking plant, if any, shall be borne fifty (50) per cent by Southern Company and fifty (50) per cent by the City.

2. The Southern Company shall likewise have the right, subject to the approval of said Railroad Commission, to construct a track or tracks at grade across the track or tracks of the municipal railway, subject to the terms and conditions of agreements in each case to be executed by the parties hereto, establishing the respective rights, duties and liabilities of said parties in the movement of engines, trains, motors and cars over said crossings, and if the parties hereto are unable to agree upon such terms and conditions, then subject to such terms and conditions as may be prescribed by said Railroad Commission. Such track crossings, together with any and all protective device or devices that may be necessary, shall be installed at the entire cost and expense of the Southern Company. The expense of maintaining said crossings and such protective devices, except interlocking plants, after completion, shall be borne solely by Southern Company and the expense of maintenance and operation of interlocking plants shall be borne fifty (50) per cent by Southern Company and fifty (50) per cent by the City.

ARTICLE IV.

1. Nothing contained in this agreement shall affect the rights reserved by the Southern Pacific Railroad Company and/or Southern Pacific Company, for themselves and their successors and assigns, in that certain deed dated December 5, 1898, from the said companies to the City and County of San Francisco, recorded February 3, 1899, in Liber 1802 of Deeds, page 379, Records of said City and County of San Francisco; and in that certain deed from the Southern Pacific Railroad Company to the City and County of San Francisco, dated November 7, 1901, and recorded September 20, 1902, in Liber 1968 of Deeds, page 89, Records of said City and County of San Francisco.

2. Said agreement dated March 23, 1914, hereinabove referred to,

between the parties hereto, shall be and remain in full force and effect and shall not be affected hereby unless and until the City shall comply with said conditions of the escrow hereinabove set forth; but upon full compliance with the conditions of said escrow, then and in that event this agreement shall, in so far as it changes or modifies said agreement of March 23, 1914, supersede the same.

ARTICLE V.

The City hereby agrees to forever indemnify and hold Southern Company harmless from and against any and all claims, demands, liabilities and judgments, and loss, damage and injury resulting from any damages caused or claimed in the acquisition by said City of any of said lands, or occurring in or caused by or claimed to have been caused by any and all of the work covered by this agreement. In the event that any work to be performed hereunder by the City, to be done upon the property of the Southern Company, shall be let to contractors by the City, such work shall not be begun until each such contractor shall have first entered into a written agreement with Southern Company substantially as in the form hereto attached and made a part hereof, and such contractors and each such contractor shall have furnished, at no expense to the Southern Company, a good and sufficient bond in such amount as may be reasonable, of a reliable surety company, in form and satisfactory to Southern Pacific Company, guaranteeing the true and full performance of all of the terms, conditions and stipulations contained in said agreement to be entered into with the Southern Company by the contractors, as here in this paragraph provided.

ARTICLE VI.

1. This agreement shall not become effective and the parties hereto shall not be bound hereby unless and until it shall have been approved by the Railroad Commission of the State of California.

2. Time is of the essence of this agreement, and if this agreement is approved by said Railroad Commission and the City does not comply with and perform all the covenants and conditions hereof to be complied with and performed by it within said term of five (5) years, this agreement and any and all rights of the parties hereto hereunder shall forthwith upon the expiration of said term of five (5) years cease and determine as completely as if this agreement had never been made.

3. This agreement shall be binding upon and inure to the benefit of the successors and assigns of the respective parties hereto.

In witness whereof, the parties hereto have executed these presents in quadruple the day and year first hereinabove written.

This agreement, made and entered into this ——— day of ———, 1928, by and between Southern Pacific Railroad Company, a corporation of the States of California, Arizona and New Mexico, and Southern Pacific Company, its lessee, a corporation of the State of Kentucky, first parties (herein collectively called "Railroad Company"), and ———, second party (herein sometimes called "Contractor").

Witnesseth:

That, whereas, on the ——— day of ———, 1928, the Southern Pacific Railroad Company and Southern Pacific Company as first parties, and the City and County of San Francisco, California, as second party, entered into an agreement covering the exchange of certain parcels of land between the Railroad Company and the City and County of San Francisco, for rights of way through the so-called Bernal Cut in the said City and County of San Francisco, and covering, among other things, certain construction work more specifically set forth in said agreement dated the ——— day of ———, 1928; and

Whereas, said agreement, dated the ——— day of ———, 1928, contains the following provision:

"In the event that any work to be performed hereunder by the City, to be done upon the property of the Southern Company, shall be let to contractors by the City, such work shall not be begun until each such contractor shall have first entered into a written agreement with

Southern Company substantially as in the form hereto attached and made a part hereof, and such contractors and each such contractor shall have furnished, at no expense to the Southern Company, a good and sufficient bond in such amount as may be reasonable, of a reliable surety company, in form and satisfactory to Southern Pacific Company, guaranteeing the true and full performance of all of the terms, conditions and stipulations contained in said agreement to be entered into with the Southern Company by the contractors, as herein this paragraph provided, and

Whereas, said City and County of San Francisco did, on the ——— day of ————, 19—, enter into a contract with contractor to do and perform certain work pursuant to a compliance with the terms of said agreement dated the ——— day of ————, 19—, above referred to:

Now, therefore, it is understood and agreed that the contractor shall, in advance of performing any work under said contract of the ——— day of ————, 19—, between said City and County of San Francisco and said contractor, give to said Railroad Company a bond in the sum of twenty thousand (20,000) dollars, in form and of good and sufficient surety, to be approved by the Assistant Treasurer of the Railroad Company, conditioned that the contractor will well and truly perform and fulfill all of the covenants, conditions, stipulations and obligations on his part in this agreement set forth and contained, to-wit:

In consideration of the Railroad Company permitting contractor to enter upon its property and perform said work, contractor agrees to indemnify and save Railroad Company harmless from and against any and all claims, loss, damage, injury and liability howsoever may be caused, resulting directly or indirectly from the performance of any or all work to be done upon Railroad Company's property, contemplated by said agreement dated ————, 19—, between said City and County of San Francisco and the said contractor; also from all claims, loss, damage, injury and liability howsoever same may be caused resulting directly or indirectly, made or suffered by said contractor, contractor's agents and/or employees while engaged in the performance of said work, whether caused by the negligence of Railroad Company in the operation of its railroad or otherwise.

Contractor expressly releases and discharges Railroad Company from all liability of whatsoever character for any and all personal injuries sustained by contractor while engaged in the performance of work to be done upon Railroad Company's property, whether caused by the negligence of Railroad Company in the operation of its railroad or otherwise, and whether resulting in death or otherwise.

Contractor expressly waives any and all claims arising from said death or injury to contractor.

The contractor agrees that the license hereby given him to enter upon the premises of the Railroad Company for the purpose of performing the work covered by said contract dated the ——— day of ————, 19—, between said City and County of San Francisco and said contractor, shall not give nor be deemed or construed to give said contractor a right to do or perform any work whatsoever at any time upon or in connection with the work covered by said contract dated the ——— day of ————, 19—, between said City and County of San Francisco and said contractor, that will render unsafe the use by said Railroad Company of its real estate, tracks, structures and other appurtenances now or hereafter existing, or weaken or injure the same for the operation of its trains, engines or cars or for its other purposes.

Contractor further agrees that should the Railroad Company deem it necessary to engage any inspectors, watchmen or flagmen, or do anything to protect its engines, trains or cars during the performance by said contractor of the work covered by said contract dated the ——— day of ————, 19—, between the said City and County of San Francisco and said contractor, then and in that event contractor agrees to fully reimburse Railroad Company promptly for all cost and expense of such inspectors, watchmen, flagmen and other expenses that may be incurred by said Railroad Company incident to or in connection with work contemplated to be performed by said contractor.

Contractor further agrees that upon completion of the work covered by said contract dated the ——— day of ————, 19—, between said City and County of San Francisco and said contractor, contractor will promptly remove from the premises of the Railroad Company all of contractor's tools, implements and other materials and leave said premises clean and presentable.

This agreement shall not be assigned, sublet or transferred in whole or in part by contractor, except with the previous written consent of Railroad Company.

Except as otherwise provided herein, the terms and conditions of this agreement shall inure to the benefit of and be binding upon the heirs, executors, administrators, successors and assigns of contractor and the successors and assigns of Railroad Company.

In witness whereof, the parties hereto have executed these presents in triplicate the day and year first hereinabove written.

Burgomaster.

Reply.

Hamburg, April 23, 1928.

James Rolph, Mayor, San Francisco, Calif.

Sincere thanks for telegram relative reception our new motorship San Francisco. Am overwhelmed with the cordiality of welcome given to vessel and her master by the authorities and general public of the city whose name she is proud to carry on the highways of the sea. My fellow directors join me in the expression of our gratitude for all your good wishes for their prosperous career.

(Signed) CUNO.

Gift Suggestion.

His Honor the Mayor declared that it was a universal custom where such ships are named for some particular city that that city make a suitable gift, such as a silver sword, to the ship as a mark of appreciation for the honor so conferred, but that our Charter does not permit the appropriation of money for such purpose. He suggested, however, that a committee be appointed to cooperate with Phil Fay, president of the Chamber of Commerce, and a number of private citizens who were willing to subscribe to a fund for that purpose.

Referred to the Public Welfare Committee.

Appeal From Assessment, Islais Creek Reclamation District.

On motion of Supervisor Gallagher, further consideration of the hearing of appeal from assessment

of Board of Commissioners of the Islais Creek Reclamation District, fixed for 2:30 p. m. this day, was *continued as a Special Order of Business for* 11 *a. m., Monday, May* 21, 1928.

Committee Changes.

Supervisor Gallagher presented:

Resolution No. 28905 (New Series), as follows:

Resolved, That the following changes in membership of committees of the Board of Supervisors be adopted, to-wit:

Supervisor Sylvester Andriano be transferred from membership of Committee on Public Health to membership of the Committee on Education, Parks and Playgrounds.

Supervisor J. Emmet Hayden be transferred from membership on the Committee on Education, Parks and Playgrounds to membership on the Committee on Public Health.

Adopted by the following vote:

Ayes—Supervisors Andriano, Colman, Deasy, Gallagher, Havenner, Hayden, Kent, McGovern, Marks, Powers, Roncovieri, Shannon, Stanton, Todd—14.

Absent — Supervisors McSheehy, Schmidt, Suhr, Toner—4.

Relative to San Francisco Produce and Provision Terminals Permit and Marina Property Owners Protest.

Supervisor Stanton presented:

Resolution No. 28906 (New Series), as follows:

Whereas, there has been brought out in hearings before the California Railroad Commission that a ferry company plans to develop a terminal north of Fort Mason and west of Van Ness avenue adjacent to the City's proposed Aquatic Park; and

Whereas, there has been granted to San Francisco Produce and Provision Terminals, Incorporated, by the Board of Public Works, a permit to construct foundations for the San Francisco Produce and Provision Terminals, Incorporated, between the foot of Webster street and Fort Mason; therefore, be it

Resolved, That this Board of Supervisors requests a joint investigation by the City Planning Commission, the Park Commission, the City Planning Committee and the Education, Parks and Playgrounds Committee as to the purposes to which the land in question may be put and the effect it may have upon the City's park and residential development in that section of the City; and be it

Further Resolved, That the chairman of the City Planning Committee call a meeting so that a report may be made to the Board of Supervisors within thirty days; and be it

Further Resolved, That pending this report the Board of Public Works be requested to rescind its action in the granting of permit to San Francisco Produce and Provision Terminals, Incorporated, and hold the same in abeyance.

Protest.

Communication, from City and County Federation of Women's Clubs, San Francisco, transmitting resolution opposing use of Marina District for industrial or wholesale commercial purposes and urging that property be condemned for park purposes.

Privilege of the Floor.

Arthur Dunn, attorney for the San Francisco Produce and Provision Terminals, Incorporated, was granted the privilege of the floor. He declared that the company, headed by W. H. Kearney, was a California corporation, in existence about two years. That three blocks of land were held in fee simple by the Kearney Investment Company, which has made deed to the San Francisco Produce and Provision Terminals, Incorporated, although said deed is not yet filed of record in the Recorder's office. The corporation, he said, held options on the remainder of the land.

T. Reardon, President of the Board of Public Works, declared that the original application for a permit was filed more than a year ago. The matter was presented to the City Planning Commission and an effort made to get the Park Commission interested in acquiring land for park purposes, but nothing was done. Finally, in December last, the matter was dropped from the Commission calendar. Whereupon, the Board of Public Works did the only thing it could do that was to grant the permit. We have no power to stop work or hold up private enterprises when they comply with the law. We are responsible on our bond. The power to stop this, he said, lies in this Board of Supervisors.

City Attorney O'Toole confirmed the statement of Commissioner Reardon that the action of the Board of Public Works was legal and that had it refused the permit it could have been mandamused.

Amendment.

Supervisor Andriano offered the following amendment:

Resolved, That it be the sense of this Board that if the City Attorney should determine that the

building permit heretofore granted to San Francisco Produce and Provision Terminals, Incorporated, is illegal the same should be revoked by the Board of Public Works.

Supervisor Kent offered as a substitute for the whole a proposed amendment to the Zoning Law placing the blocks bounded by the Marina boulevard, Webster street, Laguna street and Lewis street in the residential district, which substitute was subsequently *withdrawn.*

Motion Lost.

Whereupon, the roll was called on Supervisor Andriano's amendment and the same was *defeated* by the following vote:

Ayes—Supervisors Andriano, Colman, Deasy, Hayden—4.

Noes — Supervisors Gallagher, Havenner, Kent, McGovern, Marks, Powers, Roncovieri, Schmidt, Stanton, Todd—10.

Absent — Supervisors McSheehy, Shannon, Suhr, Toner—4.

Resolution Adopted.

Whereupon, Supervisor Stanton's resolution was *adopted* by the following vote:

Ayes—Supervisors Deasy, Gallagher, Havenner, Kent, McGovern, Marks, Powers, Roncovieri, Schmidt, Shannon, Stanton, Todd—12.

Noes—Supervisors Andriano, Colman, Hayden—3.

Absent — Supervisors McSheehy, Suhr, Toner—3.

Explanation of Vote.

Supervisor Andriano explained his vote by saying that he voted *no* not because he was not in sympathy with the subject matter of the resolution, but that he did not think it in the province of this Board to request the Board of Public Works to rescind a permit once granted unless same is illegal.

Motion.

Supervisor Gallagher moved that the City Attorney inquire into the validity of the permit granted by the Board of Public Works and that company be asked to suspend work for sixty days to permit the Finance Committee to do something.

So ordered.

Re-referred.

The following bill, laid over from a previous meeting was taken up and, on motion of Supervisor Gallagher, ordered *rereferred to the Public Buildings Committee with instructions to arrange for a month to month rental or better terms, to-wit:*

Lease of Bush Street Fire Lot.

Bill No. ——, Ordinance No. —— (New Series), as follows:

Authorizing the lease of certain land situate at the northerly line of Bush street, distant 24 feet westerly from St. George alley to T Mosco, and authorizing the Mayor to execute such lease.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It is hereby recited that, pursuant to the direction of Resolution No. 28663 (New Series) of the Board of Supervisors, notice was given as required by the Charter, that a lease of the real property of the City, situate on the northerly line of Bush street, distant 24 feet westerly from St. George alley, would be offered for sale at public auction on the 9th day of April, 1928, at 11 o'clock a. m., at the chambers of the Board of Supervisors, City Hall, and that at said time and place said auction sale was had in the manner stated in said notice and in accordance with the provisions of said Charter, and upon said date T. Mosco was the highest bidder at said sale and the lease of said property was struck off and awarded to him.

Section 2. A lease for the term of ten years from the taking effect of this ordinance, of the property described as follows, to-wit:

Commencing at a point on the northerly line of Bush street, distant thereon twenty-four (24) feet westerly from the northwesterly corner of St. George alley and Bush street, running thence westerly and alongside northerly line of Bush street twenty-four (24) feet; thence at a right angle northerly and parallel with the westerly line of St. George alley fifty-nine (59) feet six (6) inches; thence at a right angle easterly and parallel with the northerly line of Bush street twenty-four (24) feet, and thence at a right angle southerly fifty-nine (59) feet six (6) inches to the point of commencement. Being a portion of Fifty Vara Lot No. 94.

is hereby awarded to T. Mosco for the monthly rental of one hundred ($100) dollars, that being the highest and best bid therefor, and the Mayor of the City and County of San Francisco is hereby authorized to enter into a contract of lease with said T. Mosco in accordance with the terms and conditions contained in said notice of sale and pursuant to the provisions of the Charter of the City and County.

The City and County shall reserve the right and authority to cancel the said lease in the event

of the City being authorized at any future time by law to sell or utilize the said property before the expiration of the lease, upon payment to said T. Mosco of a reasonable value by the City and County to equitably compensate said lease for any damage or expense entailed through and by the cancellation of said lease.

Section 3. This ordinance shall take effect immediately.

April 28, 1928.

To the Honorable the Board of Supervisors, San Francisco, California.

Gentlemen:

In accordance with the provisions of Section 3, Article XVI of the Charter of the City and County of

San Francisco, I herewith respectfully request permission to absent myself from the City and County of San Francisco and the State of California for a period of one month from April 29, 1928.

In conformity with Charter provisions I have this day forwarded a similar communication to his Honor James Rolph, Jr., Mayor, City and County of San Francisco.

Very truly yours,
LAWRENCE ARNSTEIN,
Member Board of Health.

Whereupon, the following resolution was presented and *adopted* by the following vote:

Resolution No. 28946 (New Series), as follows:

Resolved, That, in accordance with the recommendation of his Honor the Mayor, Hon. Lawrence Arnstein, Jr., member of the Department of Public Health, is hereby granted a leave of absence for a period of thirty days, commencing May 3, 1928, with permission to leave the State.

Validity of Permit Granted to San Francisco Produce and Provision Terminal to Erect Building at Foot of Laguna Street.

The following was presented, read and ordered *filed*:

April 27, 1928.

Dear Sirs:

I am in receipt of a copy of a resolution of your Honorable Board adopted on April 23, 1928, asking that both your Board and the Honorable Board of Public Works be advised as to the legality of the permit issued and the right of the Board of Public Works to revoke the same.

Opinion.

I understand the facts in this matter to be as follows:

(a) That on the 18th day of April, 1928, a permit was issued by the Board of Public Works to construct the foundation for a Class "C" concrete building on the property bounded on the north by the waters of the Bay, on the east by Laguna street, on the south by Marina boulevard and on the west by Webster street.

(b) That at the time that this permit was issued the applicant was not the owner or lessee of all the property to be covered by the building mentioned in the permit, nor was the applicant the architect, engineer, contractor or other agent of such portions of the property as it did not own.

(c) That the said application did not give the residence address of the actual owners of the property.

(d) That the plans and specifications are not complete, the specifications especially being only of a general character.

(e) That at the time the said permit was issued there was pending before the City Planning Commission an application to change the said property in question from the Light Commercial Zone to Second Residential Zone.

Questions to Be Determined.

1. Is the said permit issued valid?

2. Irrespective of its validity, has the Board of Public Works the right to revoke the same?

Pursuant to the provisions of Section 9, Chapter I, Article VI of the Charter, the Board of Public Works has charge, superintendence and control, under such ordinances as the Board of Supervisors may adopt (Subd. 5), of all building construction in the City and County.

On December 22, 1909, the Board of Supervisors passed a comprehensive building ordinance regulating the construction, etc., of all buildings in the City and County, which ordinance is numbered 1008 (New Series) and commonly known as the "Building Law."

Section 5 of the ordinance makes it unlawful for any person, firm or corporation to proceed with the erection or construction of any building unless a permit to do so has been first obtained from the Board of Public Works.

Section 6 provides that the permit may be applied for and obtained by the owner or lessee direct, or through an architect, engineer, contractor or other agent; and provides further that the application shall give the name and residence address of the actual owner or owners of the land and of the building or structure; also, the name and residence address of the lessee or lessees. It further provides that the application shall be filed in duplicate and shall be accompanied with two complete sets of plans and specifications, which shall clearly show all parts of the construction, including a plan of each floor of the new building.

Section 7 provides that upon the filing of an application in accordance with the requirements of Section 6 the Board of Public Works shall issue a permit, if the plans and specifications embody all the

requirements provided by law and ordinance.

The first question which will receive consideration is: Does the application for the permit comply with Section 6 of the ordinance, and if it does not, what is the effect of its failure to so comply?

The ordinance in question is a grant of power to the Board of Public Works by the Board of Supervisors, and being a grant of power it must be strictly construed. In other words, the Board of Public Works has power to act under the ordinance only when those asking the benefit of its provisions comply with the conditions prerequisite to the granting of those provisions. In New York & N. J. Water Co. v. North Arlington, 74 Atl. 974, the Supreme Court of New Jersey said: "I think, however, that the unreasonable nature of the conditions imposed will not relieve the complainant from making its application in accordance with the provisions of the ordinance."

In the instant case, as we have stated, the Board of Supervisors have set forth what the application for the permit should contain. The Board had the right to legislate to whom and under what conditions a permit should be issued, and as long as those conditions are not unreasonable the permit can be granted only in conformity with the terms of the ordinance.

In the case of Krieger v. Scott, 134 Atl. 901, the Supreme Court of New Jersey also held:

"Our examination of the record discloses that neither the alternative writ, nor the agreed state of facts, show that the relators are the owners of the property on which they proposed to erect the building referred to in their application, or that they had any interest whatever therein. It is hardly necessary to say, that unless they were the owners of the property, or had such an interest therein as would entitle them to erect the proposed building thereon, the inspector was justified in refusing to issue a permit."

In Corpus Juris, Vol. 43, par. 263, we find the following concise statement of the law:

"The regulations or ordinances providing for the granting of permits generally regulate the procedure to be pursued to obtain a permit, and this procedure must be complied with."

In view of the foregoing, I am of the opinion that, the application for the permit not having complied with the mandates of the ordinance, and the applicant not being the owner or the agent of the owner, and there being no showing that said applicant was acting on behalf of the owner of the property, the permit should not have been issued, and having been issued without authority, that the same is void and should be revoked.

See Nolan v. Blackwell, 212 Pac. 1048. The Supreme Court of Washington has said:

"The permit being in violation of the ordinance, and having been issued under a mistake of fact, it conferred no rights on the respondent."

In view of the conclusion reached relative to the validity of the permit, ordinarily it would be unnecessary to comment on the effect of an application to rezone the property in question, but in view of the request of the Board of Supervisors that it be advised as to the effect of the adoption of an ordinance pending such an application, I will advert to it.

While there seems to have been considerable delay by the City Planning Commission in reporting on the rezoning of the property covered by the application, still the matter having been referred to the Commission by the Board of Supervisors, it must be considered to be pending until disposed of.

In City of Des Moines v. Manhattan Oil Co., 184 N. W. 823, the Supreme Court of Iowa gave expression to the following views:

"Referring first to the last proposition above mentioned, we are disposed to hold that the adoption of the resolution to grant the building permit did not have the effect to confer upon the property owner or his lessees a vested right which could not be canceled or recalled, under the circumstances here shown. The lessor had not yet acquired title to the property, and did not acquire it until after the permit had been rescinded. The proposed filling station had not been constructed, though it is claimed certain material intended for that use had been deposited there. When the application for permit was made there was then pending and undisposed of before the council, as the applicant well knew, the petition of the property owners within this area to make it a restricted residence district, and if the council, having adopted the resolution to grant the permit under such circumstances, concluded it had acted inadvertently or improvidently, or without proper regard for the rights of the petitioners for a restricted district, rescinded the resolution with rea-

sonable promptness, we are of the opinion it did not exceed its authority or abuse its discretion. (Salem v. Maynes, 123 Mass. 372.)"

I am therefore of the opinion that it would lie within the discretionary powers of the Board of Public Works to revoke the permit pending the settlement of a proper zoning of the property.

Respectfully,

JOHN J. O'TOOLE,
City Attorney.

Motion.

Supervisor Marks moved that the foregoing matter be made a Special Order of Business for 2:30 p. m.

Motion *carried* by the following vote:

Ayes — Supervisors Havenner, Hayden, Kent, Marks, McSheehy, Powers, Schmidt, Stanton, Toner —9.

Noes — Supervisors Andriano, Deasy, Todd—3.

SPECIAL ORDER—2:30 P. M.

Subsequently, at 2:30 p. m., the foregoing matter was discussed and the following motion by Supervisor Marks was *carried*:

That the City Attorney draft for the use of this Board an ordinance providing for the issuance of permits for stock yards, freight yards, produce terminals and kindred industries and prohibiting the conduct of such business without a permit from the Board of Supervisors.

RECESS.

Whereupon, the Board at the hour of 12:30 p. m. took a recess until 2 p. m.

J. S. DUNNIGAN,
Clerk.

REASSEMBLED.

The Board of Supervisors reassembled at 2 p. m.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Andriano, Deasy, Havenner, Hayden, Kent, Marks, McSheehy, Powers, Schmidt, Stanton, Todd, Toner—12.

Absent — Supervisors Colman, Gallagher, McGovern, Roncovieri, Shannon, Suhr—6.

Quorum present.

His Honor Mayor Rolph, presiding.

Supervisor McSheehy's Report on Proposed Tube-Bridge Plan.

Supervisor McSheehy presented his report on a proposed Bay "tube-bridge" plan and was heard at length in advocacy of same in lieu of proposed bridge from Rincon Hill to Alameda Point. He alleged that his tube-bridge plan would overcome the objections of the War Department and could be constructed at a saving of $60,000,000.

Supervisor Havenner protested against Supervisor McSheehy's action in offering a compromise tube-bridge plan while the bridge project as approved by the Board was still pending before the congressional committee.

"The argument advanced by Supervisor McSheehy is entirely erroneous. I would never have voted to send you to Washington had I known that you favored this tube plan or intended to take the action you did.

"This Board and the bridge committee agreed to fight out the matter to the last ditch, to demand from Congress the right to build this bridge, which San Francisco needs, but you have not lived up to that agreement."

His Honor Mayor Rolph declared that Supervisor McSheehy had violated his instructions and gone back on the City.

"Obey orders," he said, "is the first rule of every ship captain. Mr. McSheehy, you had orders to take this bridge to Washington. Did you follow instructions or seek some other port?

"Of course, Admiral Gregory congratulated you. You fell into a trap and became the tool of the navy officers who don't want this bridge.

"One can't compromise with enemies. We could have done that back in 1910 when we had the big fight to win Hetch Hetchy.

"We might have compromised with the nature-fakers and others at that time. Did we do it? No! We fought it out to a finish and although it took years of time we finally won, and we will soon have Hetch Hetchy in San Francisco. But we won't get a bridge if we try to compromise every objection."

City Engineer O'Shaughnessy also joined in condemning Supervisor McSheehy's action.

Chief O'Shaughnessy declared that the tube plan was impractical for San Francisco Bay, and as far as the difference in cost is concerned, he pointed out that it takes "416 men a day to operate the Holland tunnel in New York," and cost of operation must be taken into consideration.

Referred.

Whereupon, on motion of Supervisor Havenner, Supervisor Mc-

Sheehy's "Tube-Bridge" report was ordered *referred to the Special Bridge Committee.*

Mayor to Sign Modification of Lease for 333 Kearny Street.

The following was presented:

Mayor's Office.

San Francisco, April 11, 1928.

Honorable Board of Supervisors,
City Hall, San Francisco.

Gentlemen:

I am returning to you herewith, without my approval, Resolution No. 28762 (New Series), by reason of protests from various individuals and associations directly concerned who have bombarded my office with objections to the granting of this permit to maintain and operate an automobile parking station on the north side of McAllister street, 37 feet 6 inches east of Hyde street.

Respectfully,

(Sgd.) JAMES ROLPH, JR.,
Mayor.

April 16, 1928—*Over one week.*

Resolution No. 28762 (New Series), as follows:

Resolved, That Wm. W. Haley be and is hereby granted permission, revocable at will of the Board of Supervisors, to maintain and operate an automobile parking station on the north side of McAllister street, 37 feet 6 inches east of Hyde street.

The rights granted under this resolution shall be exercised within six months, otherwise said permit shall become null and void.

Finally passed—Board of Supervisors, San Francisco, April 2, 1928.

Ayes—Supervisors Andriano, Colman, Deasy, Gallagher, Havenner, Hayden, Kent, McGovern, Marks, Powers, Roncovieri, Schmidt, Shannon, Stanton, Suhr, Todd, Toner.

Absent—Supervisor McSheehy.

J. S. DUNNIGAN,
Clerk.

Disapproved — San Francisco, April 11, 1928.

JAMES ROLPH, JR.,
Mayor.

Reasons set forth in attached message to your Honorable Board.

J. R., Jr.

April 23, 1928—*Over until May* 7, 1928.

Question: Shall the resolution pass notwithstanding the objections of his Honor the Mayor?

UNFINISHED BUSINESS.

Accepting Offer of H. S. Thomson to Sell for $7,500 for Removal of Planing Mill From Bernal Cut Right of Way.

Also, Resolution No 28981 (New Series), as follows:

Resolved, That the offer made by H. S. Thomson to release the City and County of San Francisco, upon the payment to him by said City and County of the sum of $7,500, and the further consideration mentioned below, from any claim for damages sustained by said H S. Thomson (in connection with the opening of Bernal Cut) under his leasehold interest with William J. Sullivan, to those certain improvements situated wholly or partially on Lots Nos. 16, 17, 18, 19 and 20 in Block 6661, as per the Assessor's Block Books, and Lots Nos. 1, 2, 3, 4, 15, 16 and 17 in Block 6687, as per the Assessor's Block Books, that lie within the boundary lines of the proposed Bernal Cut; said premises being also known as Planing Mill No. 12-14 Charles street, and Office and Lumber Shed No. 2 and No. 6 Charles street. (As per written offer on file.)

The above amount of $7,500 includes damages to all machinery and lumber racks.

It is understood that said H. S. Thomson will relocate all of the above mentioned improvements within 30 days after receiving said sum of $7,500 from said City and County of San Francisco.

As the further consideration above mentioned, it is hereby understood that this offer is contingent upon the acceptance on the part of the City and County of San Francisco of the offer of said William J. Sullivan to deed to the City and County of San Francisco certain property described in the above referred to lease, the closing by said City and County of a certain portion of Charles street, and the deeding by said City and County to William J. Sullivan of said portion of Charles street.

Adopted by the following vote

Accepting Offer of William J. Sullivan et al. to Sell Land Required for Bernal Cut.

Also, Resolution No. 28982 (New Series), as follows:

Resolved, That the offer of sale made by the following named person to sell to the City and County of San Francisco the following described land, required for the opening of Bernal Cut, for the sum set forth opposite his name, be accepted:

William J. Sullivan, $13,666, and the further consideration mentioned below.

Parcel 1. All of Lots 9, 10, 11, 12 and 13 of Block "A" of French & Gilman Tract, as recorded in Map Book "E" and "F," page 48, records of the City and County of San Francisco.

Saving and excepting therefrom the following described parcel:

Beginning at the point of intersection of the westerly line of Mission street and the northerly line of Charles street; thence northerly along the westerly line of Mission street 100 feet to the southerly boundary line of Lot 8, Block "A," French & Gilman Tract; thence westerly along said southerly line parallel with Charles street 38.714 feet; thence deflecting to the left 75 deg. 49 min. 27 sec. and running southwesterly 102.509 feet to the northerly line of Charles street; thence easterly along said northerly line 69 feet to the westerly line of Mission street and the point of beginning.

Parcel 2. All of Lots 1, 2, 3 and 4 of Block "B" of French & Gilman Tract, as recorded in Map Book "E" and "F," page 48, records of the City and County of San Francisco.

Saving and excepting therefrom the following described parcel:

Beginning at the point of intersection of the westerly line of Mission street with the southerly line of Charles street, thence westerly along said southerly line of Charles street to a point distant thereon 95 feet from said westerly line of Mission street; thence deflecting to the left 71 deg. 29 min. 15 sec. and running southwesterly 105.322 feet to a point on the southerly boundary line of Lot 2 of said Block "B," which is distant thereon 33.500 feet from the easterly boundary line of Lot 3; thence deflecting to the left 108 deg. 30 min. 45 sec. and running easterly along said southerly lines of Lots 2 and 3, 33.500 feet to the easterly boundary line of Lot 3; thence deflecting to the left 92 deg. 54 min. and running northerly along said easterly line 75 feet to the southerly boundary line of Lot 4; thence deflecting to the right 92 deg. 54 min. and running easterly along said southerly line 100 feet to the westerly line of Mission street; thence deflecting 92 deg. 54 min. to the left and running northerly along said westerly line a distance of 25 feet to the point of intersection of the westerly line of Mission street with the southerly line of Charles street and the point of beginning.

The above amount includes payment in full for the dwelling house known as No. 9 Charles street, and the small garage building which is located on the southwest corner of Lot 20, Block 6661 of the Assessor's Block Book.

As the further consideration above mentioned, the City is to close a portion of Charles street and deed to said William J. Sullivan the following parcel of land:

Beginning at the intersection of the westerly line of Mission street and the northerly line of Charles street, and running thence westerly along the northerly line of Charles street 69 feet; thence southwesterly along the easterly line of the proposed Bernal Cut to a point on the southerly line of Charles street, distant thereon 95 feet westerly from the westerly line of Mission street; thence easterly along the southerly line of Charles street 95 feet to the westerly line of Mission street; thence northerly 60 feet to the point of beginning.

And the City Attorney is hereby authorized to examine the title to said property, and if the same is found satisfactory, to accept on behalf of the City, a deed conveying said property to the City, free and clear of all encumbrances, and to record said deed, together with copy of this resolution, in the office of the Recorder of the City and County of San Francisco.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Section 4 of Ordinance No. 4406 (New Series) is hereby amended to read as follows:

Section 4. Every person, firm or corporation engaged in the business of buying, selling, exchanging, storing or dealing in used or second-hand bicycles shall pay a license to the City and County of San Francisco in the sum of $20 per annum, payable quarterly in advance.

Section 2. This ordinance shall take effect immediately.

Rereferred.

The following bill was *rereferred to the Police Committee*:

Second-hand Dealers Ordinance.

Bill No. ——, Ordinance No. —— (New Series), as follows:

Requiring dealers in second-hand goods, wares, merchandise, or articles of any description, either as pawnbrokers, or otherwise, to keep a record of all purchases and sales of said articles, and to make a report of the same and deliver to the Chief of Police such report daily; also regulating the manner of conducting such business.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Every person, firm, or corporation dealing in second-hand goods, wares, merchandise, or articles of any description, either as pawnbroker or otherwise, shall keep a record of all such articles sold or purchased (including the signature of the person selling the same), which shall at all times during business hours be open to the inspection of the Chief of Police, or of any police officer. Such person, firm, or corporation shall at least

once a day make and deliver to the Chief of Police on a form to be furnished by said Chief of Police for that purpose, a full, true and complete report of all dealings in second-hand goods, wares, merchandise, or articles of any description, by such person, firm, or corporation within the City and County of San Francisco, during the twenty-four (24) hours preceding said report, together with the time (meaning the hour of the day) when purchased or sold or otherwise dealt in or with, and description of the person or persons from whom bought or to whom sold, or with whom dealt, and also the true name as nearly as the same is known to the person making such report. Said report shall be written in the English language, in a clear, legible manner.

Section 2. The Chief of Police shall immediately upon adoption and publication of this Ordinance, cause such a number of blanks to be printed as may be necessary for that purpose, and shall thereafter, from time to time, cause such additional blanks to be printed as may be required, which said blanks shall be so printed and subdivided that they shall have space for writing in the following matter, to-wit:

Description of the article purchased, description of the article sold, description of article otherwise dealt with, name and residence of person, firm or corporation from whom purchased, name and place of residence of person, firm or corporation to whom sold, name and place of residence of person, firm or corporation with whom otherwise dealt, showing true name as nearly as known, age, sex, complexion, color of mustache or beard, or where both are worn, style of dress, height, also the time when the articles were purchased, sold or otherwise dealt with.

Said blanks shall also bear a caption providing blank spaces in which to fill in dates of said report, the name and place of residence of the person making the sale, and the hour of day when made.

Section 3. The Chief of Police shall deliver said blanks to the person from whom said reports are required from time to time, free of charge, and shall upon receipt of said report file the same in some secure place in his office, and the same shall be open to inspection only to the Police Department of said City and County, or upon the order of some Court, duly made for that purpose.

Section 4. Before any person shall engage in the business of dealing in any second-hand goods, wares, merchandise, or articles of any description, either exclusively or in conjunction with some other business, he must make application to the Board of Police Commissioners for a permit therefor, which said Board may, by resolution, grant permission to said applicant to receive a license from the Tax Collector upon payment of the license fee required; provided, however, that said Board shall have the power to revoke said permission upon good cause being shown.

Section 5. Any person, buying or receiving in pledge, or otherwise, any second-hand goods, wares, merchandise, or articles of any description, shall not in any way dispose of the same, but keep it on the premises for twenty (20) days, for the inspection by the Chief of Police, or any other police officer, except in cases of conditional transactions when the true owner shall have redeemed, repurchased, or recovered the article.

Section 6. Any person, firm or corporation violating any provisions of this Ordinance shall be deemed guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine of not more than five hundred (500) dollars or by imprisonment in the County Jail for a period of not more than six (6) months, or by both such fine and imprisonment.

Section 7. Ordinance No. 2365 (New Series), approved July 17, 1913, is hereby repealed.

Section 8. This Ordinance shall take effect immediately.

Whereupon, on motion of Supervisor Gallagher, the resolution was *rereferred to the Supplies Commit-*

tee, with instructions that an inspection be made of the materials in the camps of all bidders and a detailed report be made to the Board.

So ordered.

Closing Lower End of Van Ness Avenue.

Supervisor Shannon presented:

Resolution No. ——— (New Series), as follows:

Whereas, the City and County of San Francisco has heretofore committed itself to the definite policy of establishing an aquatic park; and

Whereas, the said park is to be located on the property situated between the west line of Hyde street and Fort Mason military reservation, and on the Bay of San Francisco; and

Whereas, large sums of the taxpayers' money have already been, and more will be required to be, expended and also certain properties have been deeded by the State of California to be used by the City and County of San Francisco exclusively for aquatic purposes; and

Whereas, the Northwestern Pacific Railroad has, through the public press and through its officials, announced that it proposes to establish at or near the foot of Van Ness avenue a public ferry with ingress and egress from Van Ness avenue; and

Whereas, the plans of the aquatic park heretofore presented to the Board of Supervisors show a recreation pier extending from the foot of Van Ness avenue out to the northerly end of said park; and

Whereas, the lower end of Van Ness avenue from North Point street to the Bay offers the only direct route for pedestrians and vehicular traffic to said aquatic park and pier; and

Whereas, a public ferry using the lower end of Van Ness avenue as an approach to its terminals would be a serious menace and hazard to the lives of thousands of men, women and children visiting said pier and park and for whose exclusive benefit the aquatic park is being established; now, therefore, be it

Resolved, To prevent the injury and damage that would result to this City and to the public through the encroachment of a public ferry upon property purchased for aquatic park purposes and approaches thereto, and to the end that the Northwestern Pacific Railroad or any other corporation or individual seeking said right may have timely notice before expending any substantial sums of money, that the City and County of San Francisco will oppose and resist the establishment of a public ferry within the boundaries of or adjacent to the aquatic park or the approaches thereto; and be it

Further Resolved, To prevent the use of the lower end of Van Ness avenue as an approach to a ferry terminal that Van Ness avenue from the northerly line of North Point street to Lewis street be closed as a public street and be included within and as a part of the aquatic park.

Referred to Streets and Commercial Development Committee.

Fort Mason as an Addition to Aquatic Park.

His Honor Mayor Rolph declared that on a recent trip to Washington he was approached on the train by a grandson of General J. C. Fremont and was informed that the heirs of General Fremont were seeking to establish title to the property now occupied by the federal government at Black Point and known as Fort Mason. He told Mayor Rolph that if title was restored that there was a possibility of it being deeded to San Francisco for aquatic park purposes.

Supervisor Shannon moved that the City Attorney look into the matter of the title of Fort Mason and that if possible the proper legislation be prepared by him and sent to Washington with a view to having the property deeded to the City.

Referred to City Attorney.

Motor Bus Service on Marina.

Supervisor Shannon presented:

Bill No. ——, Ordinance No. —— (New Series), as follows:

Authorizing, directing and empowering the Board of Public Works to establish, maintain and operate a motor bus service in the Marina District as an auxiliary to the Municipal Railway system.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works is hereby authorized, directed and empowered to establish, maintain and operate a motor bus service suitable for the transportation of passengers in the Marina District as an auxiliary to the Municipal Railway system over the following described route:

Beginning at or near the intersection of Scott and Chestnut streets, thence westerly on Chestnut street to Divisadero street, thence northerly on Divisadero street to Marina boulevard, thence easterly on Marina boulevard to Scott street, thence southerly on

Scott street to the place of beginning.

Section 2. After 9:30 p. m. the motor bus service authorized in this ordinance shall be maintained and operated over the following described route:

Beginning at or near the intersection of Avila and Scott streets, thence westerly on Chestnut street to Divisadero street, thence northerly on Divisadero street to Marina boulevard, thence easterly on Marina boulevard to Scott street, thence southerly on Scott street to Alhambra street, thence easterly on Alhambra street to Avila street, thence southerly on Avila street to the place of beginning.

Section 3. This ordinance shall take effect immediately.

Referred to Public Utilities Committee.

Providing for Issuance of Revocable Permits for Wholesale Markets or Food Terminals, Etc.

The following, proposed by the City Attorney, was presented and on motion of Supervisor McSheehy *referred to Joint Committee on City Planning and Public Health*: (Copies to all members.)

Bill No. ——, Ordinance No. —— (New Series), as follows:

Providing for the issuance of revocable permits by the Board of Supervisors for the operation, construction or maintenance of wholesale markets or food terminals for the receipt, sale or disposition of fresh fruits, vegetables, meats, eggs, poultry, butter or other farm produce within the City and County of San Francisco, defining the same and regulating the conduct thereof, and providing penalties for violation.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It shall be unlawful to operate, construct or maintain any market or food terminal for the receipt, sale or disposition in wholesale quantities of fresh fruits, vegetables, meat, eggs, poultry, butter or other farm produce without first obtaining a permit to so do from the Board of Supervisors.

Section 2. A wholesale market or food terminal is hereby defined as a place, building or enclosure where fresh fruits, vegetables, meat, eggs, poultry, butter or other farm products are received, kept or disposed of in wholesale quantities to persons, firms, corporations or associations for the purposes of resale.

Section 3. Any person, firm, corporation or association now conducting, operating or maintaining a wholesale food terminal or market, as herein defined, must secure a permit to continue the conduct, operation and maintenance thereof within a reasonable time, not to exceed six months after the adoption of this ordinance, and the said Board of Supervisors shall not refuse a permit for the conduct, operation or maintenance of any wholesale food terminal or market to any person, firm, corporation or association now operating, conducting or maintaining the same, except upon satisfactory evidence that said food terminal or market is conducted in an unsanitary manner, or is a menace to the health or physical comfort of the persons living, working or lawfully congregating in the vicinity thereof.

Section 4. No permit shall be granted for the conduct, operation or maintenance of any wholesale food terminal or market, as herein defined, when in the judgment of the Board of Supervisors the same would be a menace to the health or physical comfort of the residents, workers or those lawfully congregating in the vicinity thereof, or when the traffic to or from said food terminal or market would, in the judgment of the Board of Supervisors, unduly congest, delay or interfere with the vehicular traffic on any street, lane or alley in the vicinity thereof or leading to or from said food terminal or market.

Section 5. Any permit granted pursuant to the provisions of this ordinance shall be subject to revocation by the Board of Supervisors at any time that it shall appear to said Board that the conduct, operation or maintenance of said wholesale food terminal or market is unsanitary or is a menace to the health or physical comfort of the residents, workers or those lawfully congregating in the vicinity thereof, or when the traffic to or from said food terminal or market does, in the judgment of the Board of Supervisors, unduly congest, delay or interfere with vehicular traffic on any street, lane or alley in the vicinity thereof or leading to or from said food terminal or market.

Section 6. No permit shall be refused or revoked by the Board of Supervisors except after a full hearing, and then only in the exercise of a sound and reasonable discretion of the said Board.

Section 7. All wholesale food terminals or markets shall from time to time be inspected by the Board of Health as to the sanitary conditions under which the same are conducted, and any person, firm, corporation or association

operating, conducting or maintaining any food terminal or market shall abide by all lawful rules, regulations and orders of said Board of Health.

Section 8. Any person, firm or corporation or association violating any provision of this ordinance shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not more than five hundred dollars, or by imprisonment in the County Jail for not more than six months, or by both such fine and imprisonment.

Section 9. All ordinances or parts of ordinances, in so far as they may conflict with the provisions of this ordinance, are hereby repealed.

Section 10. The Board of Supervisors hereby declares that it would have passed this ordinance and each section, subsection, subdivision, sentence, clause and phrase thereof irrespective of the fact that any one or more sections, subsections, subdivisions, sentences, clauses or phrases is declared unconstitutional or invalid for any reason.

Section 11. This ordinance shall take effect immediately.

Bethlehem Shipbuilding Corporation to Remove Gate at Twentieth and Illinois Streets.

Supervisor Havenner presented: Resolution No. ——— (New Series), as follows:

Whereas, the Bethlehem Shipbuilding Corporation, Limited, was by Resolution No. 15854 (New Series), approved July 12, 1918, granted permission, revocable at will of the Board of Supervisors, to erect and maintain a gate at Twentieth and Illinois streets as an emergency measure; and

Whereas, said emergency has ceased to exist; now, therefore, be it

Resolved, That the said Bethlehem Shipbuilding Corporation, Limited, is hereby directed to remove said gate at Twentieth and Illinois streets; and be it

Further Resolved, That Resolution No. 15854 (New Series) be and is hereby repealed; and be it

Further Resolved, That the Clerk of this Board is hereby directed to transmit a certified copy of this resolution to the Bethlehem Shipbuilding Corporation, Limited.

Referred to Streets Committee.

Accepting Offer of John Jurras et al. to Sell for $45,000 Land Required for School Purposes.

Supervisor Powers presented: Resolution No. 28989 (New Series), as follows:

Whereas, an offer has been received from John Jurras and Ella M. Jurras, his wife, to convey to the City and County of San Francisco certain land on the easterly line of Thirty-second avenue, distant 150 feet northerly from Anza street, also situate on the northerly line of Anza street from Thirtieth to Thirty-first avenues, required for school purposes; and

Whereas, the price at which said parcel of land is offered is the reasonable value thereof; therefore, be it

Resolved, That the offer of the said owners to convey to the City and County of San Francisco a good and sufficient fee simple title to the following described land, free of all encumbrances, for the sum of $45,000 be and the same is hereby accepted, the said land being described as follows, to-wit:

Commencing at the point of intersection of the northerly line of Anza street and the westerly line of Thirtieth avenue, running thence westerly and along said line of Anza street 240 feet to the easterly line of Thirty-first avenue; thence at a right angle northerly 100 feet; thence at a right angle easterly 120 feet; thence at a right angle northerly 25 feet; thence at a right angle easterly 120 feet to the westerly line of Thirtieth avenue; thence at a right angle southerly along said line of Thirtieth avenue 125 feet to the point of commencement. Being part of Outside Land Block No. 254.

Also, commencing at a point on the westerly line of Thirty-first avenue, distant thereon 316 feet 10 inches southerly from the southerly line of Geary street, running thence westerly 240 feet to the easterly line of Thirty-second avenue; thence at a right angle southerly along said easterly line of Thirty-second avenue 133 feet 2 inches; thence at a right angle easterly 120 feet; thence at a right angle northerly 100 feet; thence at a right angle easterly 120 feet to the said westerly line of Thirty-first avenue; thence at a right angle northerly along said westerly line of Thirty-first avenue 33 feet 2 inches to the point of commencement. Being a portion of Outside Land Block No. 253.

The City Attorney is hereby directed to examine the title to said land, and if the same is found to be vested in the aforesaid owners, free of all encumbrances, and that the taxes up to and including the current fiscal year are paid, and that the so-called McEnerney title has been procured or sufficient money reserved for the purpose of procuring the same, to report the result

of his examination to the Board of Supervisors, and also to cause a good and sufficient deed for said land to be executed and delivered to the City and County, upon payment of the agreed purchase price, as aforesaid. And the said deed to said land is hereby accepted.

Adopted by the following vote:

Ayes — Supervisors Andriano, Deasy, Gallagher, Havenner, Hayden, Kent, McGovern, McSheehy, Marks, Powers, Roncovieri, Schmidt, Shannon, Stanton, Suhr, Todd, Toner—17.

Absent—Supervisor Colman—1.

New York Port Authority Financing to Be Investigated.

Supervisor Havenner moved that the Finance Committee of the Board of Supervisors be now authorized by the Board to incur whatever expense may be necessary to obtain from Thomson, Wood & Hoffman, San Francisco's bond attorneys in New York, a brief on the subject of port authority in New York City and elsewhere, together with their recommendation to us as to the method of adopting this plan in California.

Supervisor McSheehy declared that he had the data and would gladly give it to the Board. Supervisor Havenner said he would gladly accept the data of Supervisor McSheehy and give it consideration, but that he wanted the advice of Thomson, Wood & Hoffman, who have handled such matters for New York City.

Whereupon, Supervisor Havenner's motion was *carried* by the following vote:

Ayes — Supervisors Andriano, Deasy, Gallagher, Havenner, Hayden, Kent, McGovern, McSheehy, Marks, Powers, Roncovieri, Schmidt, Stanton, Suhr, Todd, Toner—16.

No—Supervisor Shannon—1.

Absent—Supervisor Colman—1.

BRIDGE HEARINGS.

Motions.

The following matters were taken up:

Supervisor Gallagher: I move you that while it is the policy of this Board that we favor a publicly-owned bay bridge, it is, however, the sense of this Board that we favor immediate construction of said bridge by private capital, until the people may elect in the manner provided by law to take over said bridge and place it under public ownership and control.

* * * * *

Supervisor Marks: I move you that, as an amendment to the motion of Supervisor Gallagher, the City Attorney be requested to submit to this Board, at the earliest possible opportunity, a form of submission of the issue of public ownership and operation of the proposed bridge, or private ownership or operation of the proposed bridge, for action by the people at the earliest possible opportunity.

* * * * *

Supervisor Marks: I desire to present the following motion and calling attention to the fact that it does not call for anything other than asking the City Attorney to submit a proper form of proposal to us. I make the motion which heretofore has been outlined three or four times. (Referring to motion set out in full above.)

The Chairman: Any objection? So ordered.

* * * * *

Supervisor Shannon: Through the Chair, I would like to ask Supervisor Gallagher and also Supervisor Marks, if you do not think that something should be done regarding action on these, or taking them off the calendar? (Referring to Supervisor Gallagher's and Marks' motion above.)

Supervisor Gallagher: I have no objection to taking mine off the calendar.

* * * * *

Supervisor Havenner: As I understand the question here before us now is merely a suggestion that this matter be removed from the calendar and filed.

Supervisor Gallagher: I have no objection as far as my motion goes.

Supervisor Havenner: So I think it is perfectly proper at this time to remove this from the calendar and allow it to be filed.

Supervisor Marks: I was asked by Mr. Shannon whether I would object to the removal of my proposition which immediately follows it, which is the matter of public ownership. And I think, in view of the vote, that Mr. Gallagher's motion should be removed from the file. And I think, in view of the fact of the technicality that surrounds the motion that I made, that merely as a matter of safeguard, while we should not take any action on it at the present time, it should be kept intact in the same way in which we have been keeping it for months.

* * * * *

Motion.

On motion of Supervisor Shannon, further consideration of the foregoing matters were *continued until Monday, May* 28, 1928, *at* 11 *a. m.*, by the following vote:

Ayes—Supervisors Andriano, Deasy, Gallagher, Havenner, Hay-

den, Kent, McGovern, Marks, McSheehy, Powers, Roncovieri, Schmidt, Shannon, Stanton, Suhr, Todd, Toner—17.

Absent—Supervisor Colman—1.

Relative to Report of Special Bridge Committee.

Supervisor Gallagher: Mr. Chairman, what is the status of the report presented by Supervisor McSheehy relative to the bridge matters?

The Chairman: Referred by the Board to the Bridge Committee.

Supervisor Gallagher: You referred the matter to the Bridge Committee? When, might I ask, are they going to make a report?

Supervisor Shannon: You might ask the Chairman of the Committee.

Supervisor Gallagher: I do not recollect which; there are two kinds. There is a delegation to Washington and a Bridge Committee. Who is Chairman? Supervisor McSheehy, when will you make the report?

Supervisor McSheehy: I will make the report in the very near future. I want to say that this week I have been rather a busy fellow. During the past week I gave considerable time to Music Week as the Chairman of the Auditorium Committee. That is one reason why I asked the passage of this resolution here today. I now can bring the report in to the committee any time, bring it in to this Board. May I also say this to you, Supervisor: I will gladly send you the report that I made to this Board last week. It was rather a lengthy report, containing I don't know how many thousand words, but it was rather a lengthy report. I will gladly give you a copy.

Supervisor Gallagher: I am going to be perfectly frank. I would like to say to the Bridge Committee, through you, Mr. Chairman, that, in view of the advocacy of the tube proposition by the Chairman of that Committee, I suggest that a new committee be formed. I suggest the set-up be changed. I say that in all kindness of spirit to avoid a ruction in this Board that is sure to come. I do not want to be considered over-zealous. I have talked with a number of members of this Board privately, and they are all concerned that nothing be done now to disturb the situation; but they are all vitally concerned in the fact that this advocacy of a bridge and tube by one of the members of that Committee, has, in their judgment, put him without the pale of the right to be longer Chairman of that Committee. That is a difficult and a hard thing to say, but that is my position and I want it known; and I think you ought to get into caucus very quickly. You ought to go over the ground work very frankly. I

think you ought to bring back to the Board a new set-up relative to the Bridge Committee, because the public mind is disturbed.

I have examined as far as I could into the situation that has been created. I am not indulging in personal criticism, but if any member of this Board—he may have his own views, as has Mr. Stanton, and express them openly, but if within his keeping is a policy outlined by this Board and he finds himself committed to another route than that along which we have declared we shall travel, the obvious obligagation resting upon that person or persons is to get off that Committee. He does not belong on it. This is too vital to let go too far.

I say this in all kindness of spirit and with no desire to cause any feeling. I notice the laugh on the part of some of your faces, but you are hiding behind a bush. Why don't you tell the truth, you fellows that are sitting there smirking? You haven't the nerve to say that somebody stole a march on this thing that you don't like. You haven't the courage to do the thing that obviously has to be done, and I am saying, I think, something timely now and something I think ought to be said at this time. I say to you that if there is any part of this delegation or any part of the Bridge Committee that is out of line with the absolute declared pclicy of this Board, I want them, as gentlemen, to get out of the way, get off the Committee. Let that be understood, that is my position.

Supervisor Shannon: Mr. Chairman, I was the maker of the motion that brought the Special Bridge Committee into existence. The Committee was sent to Washington for a specific purpose. They have made several trips; they have presented the case to the War and Navy departments, and they have presented the case to the Senators and to the Congressmen, and have come back to this Board and have made their report. I feel the duties of the Special Bridge Committee are at an end, and I move now that they be discharged.

Supervisor Gallagher: Second the motion—with thanks.

Supervisor McSheehy: Mr. Chairman and members of the Board: I am placed in a rather embarrassing position at this time for two reasons: First of all, one week ago I came here and I came prepared and I brought forth, you might say, a report, and I brought forth maps and plans showing exactly my reasons for doing what I did in Washington. This Board very attentively heard what I had to say, and they listened to me for an hour and ten minutes in the morning session. I could not perhaps repeat—it would be impossible for me to repeat to the two men that have made this motion this afternoon, because I haven't the data with me.

This matter has been referred back to the Committee. I have only this to say: that during the week I promise this Board that a meeting will be held by that Committee and that Committee can report back to this Board. That Committee has not reported to this Board as yet in any manner or form. I will tell you frankly that that Committee will report; that they can report back to this Board, because I will call the meeting during the week. And they can do what they wish in reference to the report, whether it will be a minority or a majority report, and this Board will receive it.

The two members that have made the motion—I say two because one made it and one seconded it—were not here last week. Just how their minds are functioning at this particular time I do not know, but I do know that we have a set of rules on this Board, and I do know that a report is due this Board from the Committee, and I do know that as Chairman of this Bridge Committee that you will receive that report next week. You can do just what you wish with the report; I don't care. Whether it is a minority report or a majority report, next week will tell the tale, and you will receive it here one week from today. At this time I am simply going to ask you—the motion has been made and seconded—I ask you to follow the policy that you laid down one week ago today. You referred the statement that I made to the Bridge Committee, and I ask you today to vote down this motion. And I simply will give you my word that you will have a report in here next week. And when that report comes in, you, as members of this Board, do with it just as your conscience, you might say, will dictate for you to do. But today, I am saying to you that it is impossible for me to give you the report, and I promise it to you one week from today.

Supervisor Gallagher: Mr. McSheehy, would you answer a question—might it not be better to discharge the Special Bridge Committee with thanks now than to bring about a situation that might bring in a minority and a majority report?

Supervisor McSheehy: Now, Mr. Gallagher——

Supervisor Gallagher: I say, might it not be better, all things

considered, that the Committee be discharged with the thanks of the Board for the services they have performed to date? They have completed their work up to date.

Supervisor McSheehy: I would answer that question, Mr. Gallagher, they have not completed their work; you have no report from the Committee. You know, without my telling you, that I have been more or less severely criticized by some members of this Board and by the press of San Francisco, and I have felt it to some degree. I wish you had been here one week ago today; perhaps you may have changed your mind. I don't think your mind is set. Perhaps Supervisor Shannon might have changed his mind, I don't know; but I do know that the members of this Board as a whole —a motion similar to yours was made and the motion never received a second. It was not entirely in that line but it was something similar.

So I say to you, members of this Board, I have served this Board eleven years, and no act of mine has ever discredited this Board. What I have done in Washington was because my conscience told me to do what I did, and I did so, and I have no apologies to make. But I would like to present the report to you and to you, Mr. Shannon, in an orderly manner, and perhaps you might change your mind in the matter.

Supervisor Shannon: We didn't send you there to follow the dictates of your conscience; we sent you there with instructions.

Supervisor McSheehy: I don't want to enter into a debate, but I think that at this time at least I am due—I am sort of pleading for myself; I could do it much better for somebody else, but I say to you, Supervisor Gallagher, at this time, that I hope and trust you will not press that motion entirely because I will say to you that I am asking for only one week's time.

Supervisor Gallagher: Could I ask this question: do you consider this action any reflection on you?

Supervisor McSheehy: I positively do.

Supervisor Gallagher: I withdraw the second.

Supervisor McSheehy: I positively do, and one week from today you can do just as you please in the matter.

Supervisor Shannon: I made the motion, Mr. Chairman, for this reason: the Committee has had that already. There were originally nine members on the Committee—the Mayor, City Attorney O'Toole, City Engineer O'Shaughnessy, yourself, Mr. Havenner, Mr. McSheehy, Mr. Harrelson and the three engineers. These three engineers we can not call on at any time to attend meetings; we have no right to do it, and Mr. Harrelson is off the Board. Of the nine original members there are only five that are available that can sit. We know what the report of the Committee is, and we know what instructions we sent the Committee to Washington with. Mr. McSheehy tells us he acted according to the dictates of his conscience. There is where he made his mistake. We didn't send him to test his own conscience and to follow the dictates of his conscience, we sent him there to represent San Francisco and to endeavor to get a bill through Congress for a bridge.

Supervisor Kent: I rise to a point of order. May I ask this question: that if I rise to make a motion that there is nothing before us now, would it be sustained by the Chair?—for the reason that we thrashed this thing out last week, and if the gentleman had been in his seat last week he would not have had to make the speech and reopen it today. We had our attention on this last week, and I think it is very unfair to come in with a grand-stand play now and make a great big speech that we had last week.

Supervisor Shannon: Is that a point of order?

Supervisor Kent: That is my point of order. I think you ought to sit down. (Applause.)

Supervisor Shannon: In making the motion, Mr. Chairman, I am having it withdrawn by the second —withdrawn by Mr. Gallagher—I feel that I have a perfect right to make an explanation without being interrupted by an excitable young man.

Supervisor Kent: I didn't start to interrupt until the man raised his voice to the skies and the minute I thought he was going to ——— my colleague here I figured it was time to have him sit down. I rise to a point of order that there is nothing before the house and I move that he sit down.

Supervisor Toner: I second the motion.

Supervisor Shannon: I want to continue to a conclusion without being interrupted by the excitable young man in the real estate business. This motion of mine, you know, is before us notwithstanding the fact that the second has been withdrawn. As far as my motion is concerned I could plead for a second, but I have no intention of doing that. I simply wanted to make the statement that I did, and

it is a fact that we all must acknowledge that the Committee is half dead already, and there are only five members remaining. With that explanation I will withdraw my motion.

The Chairman: I am glad that the motion has been withdrawn, Supervisor; but I certainly do not subscribe to your statement that the Committee is half dead. The Committee has been working regularly every day during the last week and has done some very effective work in support of the bridge bill and have not been asleep.

Supervisor Shannon: I am glad to hear that.

The Chairman: Yes, I want you to know that, because they have been here and they have been working, and they have brought to bear on Washington I think some very important influence in the interests of the bill and in the interests of action this session. I think it would be most unfortunate, a very serious technical blunder and a direct blow at the welfare of this bill if we discharged our Bridge Committee now, because this Bridge Committee was appointed for the purpose of working to the finish for the success of this bill. The bill is still pending before Congress and the dismissal of the Committee at this time could not but raise a question-mark there as to the attitude of this Board. The attitude of this Board is that it wants that bill passed and it wants everything done that can be done for the passage of that bill. If the Board sees fit to make a change in the membership of the Committee, all well and good, but I certainly hope that it will not dismiss the Committee until the fate of the bill is determined.

RECESS.

Whereupon, the Board at the hour of 1:30 p. m. took a recess until 2 p. m.

Relative to Ordinance for Protection of Marina District.

Communication, from Marina District Improvement Association and other organizations, declaring that ordinance providing for the issuance of revocable permits by the Board of Supervisors of the operation, construction, etc., of wholesale markets or food terminals within the City and County of San Francisco does not afford the protection to the Marina District that was petitioned for and requesting that an ordinance sufficient for the purpose intended be prepared.

Referred to City Attorney to prepare appropriate legislation.

Resolutions of San Francisco, San Mateo and Santa Cruz Counties Joint Highway District.

The following matters were presented, read and *filed*:

Whereas, the Board of Supervisors of Santa Cruz County initiated proceedings for the creation of a joint highway district to be composed of the counties of Santa Cruz, San Mateo and the City and County of San Francisco; and

Whereas, the Boards of Supervisors of the City and County of San Francisco, and of Santa Cruz and San Mateo counties, have heretofore duly adopted resolutions agreeing that said highway district should be formed, and that the same would be to the public interest of said counties; and

Whereas, a board of directors has been duly appointed, consisting of a representative from each of said counties, and said board of directors so duly appointed have compiled and returned to the Board of Supervisors of the County of San Mateo a report setting forth a tentative route of the proposed district highway, determining the approximate total cost thereof, and the portion thereof that should be borne by each county, respectively, a copy of said report being now on file with the Board of Supervisors of the County of San Mateo; now, therefore, be it

Resolved, That the Board of Supervisors of the County of San Mateo hereby approves the report and the amendment thereto of said board of directors of said highway district submitted herewith, and signifies its approval of the formation of such district, and declares its intention to join with the counties of San Francisco and Santa Cruz in the creation and formation of said joint highway district; and be it

Further Resolved, That the Clerk

of this Board of Supervisors is hereby directed to transmit a certified copy of this resolution to the Boards of Supervisors of the counties of San Francisco and Santa Cruz.

Roll call on said resolution resulting as follows:

Ayes and in favor of the passage and adoption of said resolution—Supervisors Brown, Francis, Thompson and Poole.

Noes and against the passage and adoption of said resolution—Supervisor Hickey.

Absent—Supervisors—None.

Said resolution was thereupon ordered and declared passed and adopted.

(Endorsed.) Board of Supervisors. Filed May 7, 1928. Elizabeth M. Kneese, Clerk.

State of California, County of San Mateo—ss.

I, Elizabeth M. Kneese, County Clerk of the County of San Mateo, State of California, and ex-officio Clerk of the Board of Supervisors thereof, do hereby certify that the above and foregoing is a full, true and correct copy of a resolution entered in the minutes of said Board.

In witness whereof, I have hereunto set my hand and the seal of said Board this 7th day of May, A. D. 1928. (Seal.) Elizabeth M. Kneese, Clerk.

On motion of Supervisor Pinkham, duly seconded by Supervisor Reanier, the following resolution is adopted:

Resolved, That this, the Board of Supervisors of Santa Cruz County, have heretofore, on this date, passed a resolution entering a joint highway district with the City and County of San Francisco and the County of San Mateo; and

Whereas, it is desired to have a mutual understanding and agreement between the Board of Supervisors of San Mateo County and this Board of Supervisors regarding the future proceedings thereof; therefore, be it

Resolved, First. that during no fiscal year shall the assessment to be levied by the board of directors of this joint highway district be greater than five cents on the one hundred dollars of assessed value of property within the respective counties without the consent of the Board of Supervisors of San Mateo County and the Board of Supervisors of Santa Cruz County.

Second:. The total cost of this project shall not exceed the estimated cost of $5.300.000 without the consent of the Board of Supervisors of San Mateo County and the Board of Supervisors of Santa Cruz County.

Third: It shall be understood that construction work shall proceed at or near each end of the project simultaneously.

Passed by the Board of Supervisors of Santa Cruz County this seventh day of May, 1928, by the following vote:

Ayes — Supervisors Lewis, Ley, Pinkham, Reanier and Rostron.

Noes—Supervisors—None.

Absent—Supervisors—None.

(Signed) G. H. Rostron, Chairman, Board of Supervisors, Santa Cruz County.

Attest: H. E. Miller, County Clerk.

State of California, County of Santa Cruz—ss.

I, H. E. Miller, County Clerk and ex-officio Clerk of the Board of Supervisors of the County of Santa Cruz, State of California, do hereby certify that the foregoing is a true and correct copy of a resolution passed and adopted by and entered in the minutes of the said Board.

In witness whereof, I have hereunto set my hand and affixed the seal of the said Board on May 7, 1928. (Seal) H. E. Miller, County Clerk.

On motion of Supervisor Pinkham, duly seconded by Supervisor Reanier, the following resolution is adopted:

Resolution.

The Board of Supervisors of the County of Santa Cruz, State of California, hereby resolves as follows:

Whereas, a joint highway district, comprising the counties of Santa Cruz, San Mateo and San Francisco has been formed; and

Whereas, a report of the directors of said joint highway district was filed with this Board of Supervisors on April 7, 1928, wherein it was shown, among other things, the proposed route of a certain highway mentioned in said report as "Ocean Shore Joint Highway District", the cost of which is estimated in said report to be $5,300,000, and in which said report it is proposed that the cost of constructing said proposed road should be apportioned on the following basis. to-wit: San Francisco County. fifty per cent; San Mateo County. thirty per cent; Santa Cruz County, twenty per cent: and

Whereas, an amendment to said report was, on the 25th day of April. 1928, duly made and adopted by the board of directors of said joint highway district at a regular meeting of said board and which said amendment declares and provides that the cost of constructing

said proposed road shall be apportioned on the following basis, to-wit: San Francisco County, fifty-five per cent; San Mateo County, thirty per cent; Santa Cruz County, fifteen per cent, and which said proportions as in said amended report contained shall be in lieu of the proportions contained in said original report and to which said report and amendment thereof reference is hereby made for further particularities. Therefore, be it

Resolved, That said report as amended be and is by this Board adopted fixing the cost as therein apportioned to the various counties comprising said joint highway district as in said amended report provided, and that certified copies of this resolution be transmitted to the Boards of Supervisors of said counties of San Mateo and the City and County of San Francisco.

Passed this 7th day of May, 1928, by the following vote:

Ayes—Supervisors Ley, Pinkham, Reanier and Rostron.

Noes—Supervisor Lewis.

Absent—Supervisors—None.

G. H. Rostron,

The following was presented and read by the Clerk:

May 10, 1928.

Honorable, the Board of Supervisors of City and County of San Francisco.

Gentlemen:

I hereby request that, by appropriate resolution, you grant me permission to be absent from the State of California for the period of thirty days from and after June 1, 1928.

Yours respectfully,
SYLVAN J. LAZARUS,
Judge of the Police Court.

Whereupon, the following resolution was *adopted*:

Resolution No. 28992 (New Series), as follows:

Resolved, That, in accordance with the recommendation of his Honor the Mayor, Hon. Sylvan J. Lazarus, Judge of the Police Court, is hereby granted a leave of absence for a period of thirty days, commencing June 1, 1928, with permission to leave the State.

Adopted by the following vote:

Ayes — Supervisors Andriano, Deasy, Gallagher, Havenner, Hayden, Kent, McGovern, McSheehy, Marks, Powers, Roncovieri, Schmidt, Shannon, Stanton, Suhr, Todd, Toner—17.

Absent—Supervisor Colman—1.

Commendation of Chester Rosekrans.

Supervisor McSheehy presented:

Resolution No. 28993 (New Series), as follows:

Whereas, for the past eight years, between the seventh and the thirteenth days of May, which is Mothers' Day, under the direction of Chester Rosekrans, Music Week has been held in the Civic Auditorium each year, the attendance increasing to such an extent that even our Civic Auditorium at times has not been large enough to accommodate our citizens, and as a tribute to the great success that we have made out of this event, some 222 cities throughout the United States have adopted the days above stated as Music Week as a glowing tribute to Mothers' Day; and

Whereas, during the week more than 150,000 people attended our Civic Auditorium and competition was created throughout the schools, not alone of San Francisco but of the entire State, so that school bands from the extreme northern end of our State and from the extreme southern end of our State paid their own expenses to compete

in a school band contest, in which prizes were given, and the entire supervision and direction was under the sole management of Chester Rosekrans, one of our public-spirited citizens; therefore, be it

Resolved, That a committee of three be appointed by the Chair to draft proper resolutions in recognition of the great work done by this man, and that copies of the resolution be properly engrossed and sent to him in recognition of the great work that he has done in commemoration of Mothers' Day in establishing an entire week in behalf of music.

Adopted by the following vote:

Ayes — Supervisors Andriano, Deasy, Gallagher, Havenner, Hayden, Kent, McGovern, McSheehy, Marks, Powers, Roncovieri, Schmidt, Shannon, Stanton, Suhr, Todd, Toner—17.

Absent—Supervisor Colman—1.

Passed for Printing.

The following bill was *passed for printing*:

FINANCE COMMITTEE BUDGET RECOMMENDATIONS FOR MUNICIPAL EXPENDITURES, CITY AND COUNTY OF SAN FRANCISCO, CALIFORNIA, FOR FISCAL YEAR 1928-1929.

The following was presented by Supervisor Havenner and read by the Clerk:

San Francisco, California, May 21, 1928.

To the Honorable, the Board of Supervisors, City and County of San Francisco.

Gentlemen: Your Finance Committee presents to you herewith its recommendations for Budget appropriations for the fiscal year 1928-29, totaling $25,656,362.

The Committee has been advised by the City Attorney that, in accordance with the decision of the Supreme Court of California in the case of Esberg vs. Badaracco, entered September 12, 1927, the Budget of the School Department has no place in the Budget to be prepared by the Supervisors in conformity with section 3 of chapter I of article III of the Charter. In accordance with this advice, the School Department Budget has not been included in the Budget for the Municipal Government which we now present to you. We submit at this time the written opinion of the City Attorney which guided our action in this matter.

The recent growth of our city and the consequent additional requirements of the public service have made it necessary to provide increased appropriations for a number of the important departments of our Municipal Government. We believe that the Budget we have prepared is thoroughly constructive in these respects and will provide amply for the needs and the progress of San Francisco during the next fiscal year. The increases recommended for the Departments of Public Health, Police and Fire Protection are all considerably in excess of the average annual increases allowed for these departments in recent years. We have recommended the employment of 66 additional men in the Police Department and 50 additional men in the Fire Department. Provision has been made for the construction of a new fire house near the Ocean Beach, and it is anticipated that funds will be available during the year for a new

police station. The enlarged appropriation for the Department of Health will not only provide sufficient funds to meet the unusual demands made upon the department during the present year, but will provide for the creation of a new Health Center as well as for the maintenance of the Tubercular Sanitarium at Pulgas, and the continuance of the Maternity Service.

After consultation with officials of the Department of Public Works your Committee recommends that more trucks be purchased and operated in place of the larger trucks and many of the horse teams now rented for use in the Streets Department. This substitution, we are informed by the operating heads of the department, will result in important economies and increased efficiency in the immediate future.

A very large program of boulevard construction now in progress in San Francisco makes it possible to reduce the burden upon the taxpayers for street work this year and at the same time set up a very extensive fund for necessary street reconstruction, widening and surfacing, as well as for important extensions to existing thoroughfares. It is estimated that more than $1,500,000 will be available for these purposes.

Widespread public attention has been concentrated recently upon the need for enlarged and improved traffic control in the congested sections of the City. Your Committee has recommended appropriations, amounting to approximately $250,000, for traffic control, to be expended through the Departments of Electricity, Engineering and Police. These appropriations, the Committee believes, will make full provision for the Budgets recommended by experts who have recently studied the local traffic problems.

Recognition has been given to the popular demand for more adequate playground facilities for the children of our city, and the appropriation for the Playground Department has been increased to the full amount allowed by the Charter. Your Committee has also made complete provision for the so-called children's budget by recommending the full amounts requested for the maintenance of minors, widows' pensions and for the support of various institutions devoted to the care of children. We have also included the necessary appropriation to provide for the taking over of the Boys' Aid Society by the City and County as a public adjustment school, as provided by State law, on the first of the next calendar year.

The increased allotment recommended for the lighting of our streets is the most extensive in the history of San Francisco.

The important work of equalizing the Assessment Roll, which is now in progress, is provided for by recommendation for an increase of $50,000 in the appropriation for the Assessor's office.

In preparation for the construction of a transbay bridge your Committee recommends an appropriation of $100,000 for investigation of the structure of the bottom of the bay. Provision has been made for the continuation of the telephone rate case and for the evaluation of the privately owned local street-car systems prior to the expiration of their franchises.

Insistent demand for the construction of a civic stadium of sufficient capacity to enable our citizens to enjoy the greatest athletic attractions in the country has been met by a recommended appropriation of $250,000, heretofore pledged by this Board, for the enlargement of Kezar Stadium.

The long list of special appropriations for important public improvements submitted to your Honorable Body includes two items, totaling $90,000, for the improvement of the Fine Arts Palace and grounds; $10,000 for the improvement of the Heroes' Memorial Grove in Golden Gate Park, and $30,000 for the improvement of Twin Peaks. We have also recommended an appropriation of $50,000, which, with $25,000 now available, will provide for the construction of a new building for the De Young Memorial Museum.

In compliance with the mandate of the people, as expressed in

the Charter amendment providing for re-classification of positions and standardization of salaries of all City employees, the Civil Service Commission has been engaged for two years in making the necessary surveys to complete this work. The Board of Supervisors has appropriated more than $15,000 for this purpose. The survey is now complete, and ordinances embodying the recommendations of the Civil Service Commission will be presented to the Board of Supervisors for adoption during the next few weeks. In view of this fact, your Finance Committee recommends that no changes in existing salaries be made until a complete readjustment is undertaken in accordance with the provisions of the Charter.

Respectfully submitted,

FINANCE COMMITTEE,
FRANCK R. HAVENNER,
Chairman,
MILO F. KENT,
CHARLES J. POWERS.

Bill No. ——, Ordinance No. —— (New Series).

An ordinance fixing and appropriating the aggregate sums of the items thereof allowed to each department, officer, board and commission for the fiscal year ending June 30, 1929, and making a Budget of the same.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The aggregate sums and items thereof hereinafter set forth are hereby fixed, designated and appropriated for the respective purposes set opposite the same, to be expended during the fiscal year ending June 30, 1929, in accordance with the provisions of Article III, Chapter 1, of the Charter of the City and County.

Section 2. No department, officer, board, commission or employee shall expend, agree to expend or incur any liability which shall exceed the amount of any appropriation herein made or which may be hereafter appropriated for any specific purpose, and no such appropriation shall be used or subjected to any liability for any purpose other than that for which it is herein specifically made, unless otherwise authorized by the Board of Supervisors.

All balances of appropriations unexpended, or against which no liabilities have been incurred, at the end of each calendar month, shall be reported to the Board of Supervisors by the department, board, commission, officer or employee within ten days after the expiration of such previous month, and at the end of the fiscal year all such balances shall revert to and become a part of the unappropriated general fund unless otherwise ordered by the Board of Supervisors.

The Auditor shall not audit or issue any warrant contrary to the express provisions of this section.

Section 3. The amounts appropriated are as follows:

Supervisor Havenner moved that the Board of Supervisors meet on Wednesday, May 23, 1928, at 10 a. m for the purpose of hearing the public on the proposed budget of municipal expenditures for the fiscal year 1928-1929, and to proceed and consider the items thereof if it is deemed advisable.

Motion *carried.*

Supervisor Gallagher moved that the Clerk get in touch with absent members by letter or wire advising that on Friday at 10 a. m. the budget will be taken up on passage to print.

Motion *carried.*

MAYOR'S VETO.

Consideration of Mayor's veto of Resolution No. 28834 (New Series), granting supply station permit to Ray McGrath and Mrs. N. Maloney at southeast corner of Twenty-eighth avenue and Judah street, was *continued one week.*

PRESENTATION OF PROPOSALS.

Laundering Towels for School Department During Fiscal Year 1928-29.

Sealed proposals were received and opened between the hours of 10 and 11 a. m. for laundering towels for School Department during Fiscal Year 1928-29 and *referred to the Supplies Committee.*

Machinery Equipment and Tools for School Department.

Sealed proposals were received and opened between the hours of 10 and 11 a. m. for furnishing machinery equipment and tools for School Department and *referred to the Supplies Committee.*

Committee on N. S. G. W. Session in San Francisco.

The following was presented and read by the Clerk:

San Francisco, Cal.,
May 15, 1928.

Honorable Board of Supervisors,
City Hall, San Francisco.

Gentlemen:

In accordance with the authority conferred upon me by Resolution 28990 (New Series) I hereby appoint Supervisors Charles J. Powers, Dr. J. M. Toner and J. Emmet Hayden as a committee to present an invitation to the Grand Parlor of the Native Sons of the Golden West at its session in Redding from May 21st to 25th to hold its next annual session in 1929 in this city.

Respectfully,

JAMES ROLPH, JR.,
Mayor.

Ordered *filed.*

ISLAIS CREEK RECLAMATION HEARING—11 A. M.

At 11 a. m. further consideration was given to protests against the assessment for Islais Creek Reclamation Project.

Theo. Savage, attorney representing Wm. Taaffe & Co., Reinhart Lumber Co. and P. J. Reilly, examined M. J. Levy, engineer for the Reclamation District, and H. W. Crozier, commissioner of the Islais Creek Reclamation District, who, being duly sworn, testified as to the method of assessment of damages and benefits.

Allan G. Wright, attorney for the Islais Creek Reclamation District, was also heard.

Exhibits Filed.

The following exhibits were filed by Attorney Savage:

Exhibit 1: Statement of City property showing area in square feet of certain lots in the assessment district.

Exhibit 2: Detailed assessment sheet showing properties of Reinhart Lumber and Planing Mill Co.,

Henry Windt, Wm. Taaffe & Co. and Sterling Investment Co.

Action Deferred.

Whereupon, on motion of Supervisor Gallagher, further hearing of the foregoing matter was *continued until May 28, at 2 p. m.*

War Memorial Opera House.

The following matters were presented and read by the Clerk:

Dr. Swan's Report.

San Francisco, California,
May 1, 1928.

Mr. John S. Drum, Chairman of S. F. War Memorial Committee, American Trust Company, San Francisco, California.

Dear Sir:

Confirming my verbal report made to your committee yesterday afternoon regarding the acoustics of the proposed new opera house, let me present herewith my views of the problem as it now stands.

There are three chief acoustical problems which must be carefully studied with regard to this auditorium. These consist of (1) reverberation, (2) echo, (3) intensity.

By reverberation we mean prolongation and general confusion of sound existing in a room where the interior surfaces are so reflecting and little absorbent of sound as to cause a given sound wave to be reflected back and forth several hundred times before losing its energy. This is somewhat analogous to the diffuse reflection of light in a room with light-colored surfaces.

Echo is a focusing of the sound waves chiefly by curved surfaces in such a way as to produce a more or less distinct sound image which is heard at an interval after the original sound has reached the ear. It is a condition existing in localized spots and may exist as a distinctly-heard repetition of the original sound or may reach the ear at so short an interval as to overlap the original sound and produce a blur. In the latter case it is sometimes loosely termed "interference" although it is not strictly such in the scientific meaning of the word. This condition is, however, chiefly responsible for the so-called "dead spots" in an auditorium. Echo is analogous to the specular reflection of light from mirrors.

By intensity we mean the loudness of the sound. In an open field the loudness of sound diminishes very rapidly with increasing distance from the source. In an auditorium, on account of the reflection from the enclosing surfaces of walls and ceiling, sound does not die out as rapidly with the distance, but if the auditorium is very large and if there is considerable absorption of sound by the clothing of the audience and the furnishings, it may become a serious problem in comfortable hearing at a distance from the stage. Much depends in this respect on the proper design of the building. Its analogy in light is the amount of illumination.

The factors affecting the conditions outlined above are the size and shape of the auditorium, the character of the interior finish and furnishings and the number of persons present.

Size affects all of the conditions mentioned. The reverberation is directly proportional to the volume of the room, consequently the larger an auditorium the greater the amount of reverberation and the amount of confusion produced. If echoes exist they become more marked with increasing dimensions. As already noted, the carrying power of sound becomes a more and more serious problem the larger the auditorium. Furthermore, if the increased reverberation is cut down by absorption, the problem of maintaining the intensity is correspondingly made more difficult, and vice versa. In every auditorium there must be a compromise, or a mean condition established, whereby the reverberation is kept down to a reasonable amount without too seriously affecting the loudness. The smaller the auditorium the more nearly perfect this adjustment becomes. With increasing size, however, it becomes more and more difficult to reach a solution which is perfectly satisfactory on both counts. For this reason it is desirable to keep the seating capacity and consequent size of the proposed opera house as small as is consistent with considerations other than the acoustics.

The shape of the auditorium will also affect all of the acoustical considerations previously outlined. The amount of the reverberation will depend to a large degree upon the design and resultant distribution of the audience. The elimination of echoes will evidently be dependent upon the proper contour and arrangement of the walls and ceiling. The carrying power of the sound will depend on the proper disposition of the interior surfaces in such a way as to reflect the sound to those portions of the auditorium where it is most needed. On account of all of these considerations it is desirable to avoid as far as possible curved surfaces, and, wherever they must be used, to study their curvature so as to elimi-

nate any possible echoes arising from them. It is also desirable to keep the height and width as small as is consistent with other considerations.

The design with the curved ceiling which you have considered and which has been approved by Professor Knudsen was developed, I understand, through the necessity of providing sufficient carrying power for the sound in an auditorium of unusually large seating capacity. It has, however, certain inherent dangers arising from the problem of echo. The curvature of that portion of the ceiling in front of the proscenium will produce a strong reflected secondary wave which will reach that portion of the audience seated on the floor in front of the boxes at an appreciable interval after the primary wave has passed and is likely to produce a serious "dead spot" in this region. Furthermore, the upper part of the ceiling will converge the sound waves and concentrate their energy on the audience in the rear of the upper balcony, tending to produce a megaphonic quality to the sound heard there. The curvature of these walls is also of a dangerous radius and the width is also far too great. I think you would be taking an unwarranted risk in building an auditorium of this sort.

I have talked with Professor Knudsen concerning these points and he agrees with me that if the size of the house can be reduced another type and design can be used with greater certainty of ultimate success. He has previously placed himself on record as favoring a smaller house.

With the idea of producing a more nearly ideal auditorium acoustically, I have made certain suggestions which have been embodied to the tentative sketch submitted to you at the meeting yesterday. Through reducing the width of the auditorium to a safe limit it has been necessary to eliminate a portion of the seats, producing a house of capacity of 3500 to 3600. This is still a very large house for opera but I feel that it will be safe for you to proceed on this basis with the type of design which I have recommended. This design adheres to forms which have been proven by long experience to be satisfactory. It keeps the volume down to a reasonable minimum for a house of large capacity, it reduces the width to the limit of safety, it keeps the ceiling reasonably low, it distributes the audience adequately and keeps it within reasonable distance of the stage and it has no curved surfaces to produce echo. It will produce a house which for its size will have a far more intimate quality than any of the designs hitherto proposed and it lends itself particularly well to monumental architectural effect. Considering the problems of reverberation, echo and intensity, it is a solution with respect to size and shape which is probably the best which can be reached with such a large seating capacity. If the capacity must be maintained at 4000 seats, a radical change will be necessary in the design involving an increase in height and in depth with the addition of a third balcony, all of which will seriously affect the problems involved and will result in a house not so intimate. The gain in seating capacity will be far more than counterbalanced by the loss in acoustical quality and to my mind is not justified. The cost of a larger house will also be considerably greater.

As regards the question of interior finish, this is a matter which must be takes up at a later stage in order to adjust the reverberation to a proper degree. It will be largely a matter of deciding upon the materials to be used for walls and ceiling and the quality and type of furnishings used.

I also wish to direct attention to the cyclorama proposed for the stage. If anything of this sort is used, care must be taken as to its form. It must not have a curvature which is segmental, that is the arc of a circle. If such a device is used it must consist of a plain rear wall and side walls connected by an arc of short radius. It should not be built of lath and plaster in permanent form which will necessitate its being raised into the flies but should be of painted canvas which can be rolled on a vertical axis and removed through the wings. The shape is important as affecting the acoustics of the house through the reflected sound. Its construction is important as avoiding the necessity of a high gridiron. If the cyclorama is of permanent construction which must be raised, the gridiron will be forced to such a height as to increase the stage volume too greatly.

To sum up, I recommend a house of conservative architectural design, of width not greater than 125 feet and of seating capacity not over 3600. Should it be decided to reduce either the width or the seating capacity still further, such reduction will be in the direction of

still better conditions for intimate effects, and are to be commended.

Very truly yours,
(Signed)
CLIFFORD M. SWAN.

Communication From Redfern Mason.

Do you want the War Memorial to be built of stone, matching the City Hall, or of cheap terra cotta?

If the 3500 size is adopted, terra cotta must be used, or more money will be needed.

Vote for an opera house of 3000 capacity and you will enable San Francisco eventually to become the operatic capital of the United States. Vote for a larger house and you take away her chance.

Fifty years from now San Francisco will have a population of two millions.

We want opera sung by Californians. The finest voices in the world are here in the West. They should be heard in a normal sized house.

The compromise of 3500 is artistically wrong. It is impossible to make first-class opera in a house of over 3000 capacity that conforms with the American fire laws.

More than that, the idea is financially unsound. It is impossible to count on a succession of large audiences. Even New York, with its seven million people only fills the Metropolitan Opera (3500) on gala nights.

The only house which people will make a habit of attending, as they attended the old Tivoli, is one in which the man in the gallery can see and hear as well as the man in the stalls.

Why do Americans spend thousands of dollars annually to hear opera in Munich and Berlin? Because the houses are intimate, because the audience is one great artistic family. That is impossible in a house of 3500.

We are asked for a large house in order that our opera may pay its way. The idea is basically vicious. The San Francisco opera of today is good as a beginning, but public taste is demanding something better. We have expensive artists from abroad and we pay them by economising on rehearsals. The result is imperfect ensemble.

Good opera does not pay, cannot pay; it is education and education only pays as culture.

The taxpayers have voted their four millions; they are entitled to consideration.

The Supervisors are today the guardians of the artistic conscience of the community. It is their chance to be wise for the whole City.

To come to a right decision they should have before them the findings of the acousticians and the architects and the figures furnished by the Opera Association.

REDFERN MASON.

War Memorial Trustees' Resolution.

The following resolution was passed by the Trustees of San Francisco War Memorial on May 3, 1928:

Whereas, the War Memorial Committee, acting upon the suggestion of Arthur Brown and G. Albert Lansburgh, the architects of the new Opera House in the Memorial Group, requested Clifford M. Swan, the recognized national expert on acoustics, at present engaged in planning the new Metropolitan Opera House in New York, to come to San Francisco to collaborate with the architects in designing the size, shape and seating arrangement most suitable for insuring perfect acoustic properties in the San Francisco Opera House; and

Whereas, Mr. Swan has made a detailed study and examination in conjunction with the architects and has submitted a comprehensive report and recommendation in which the opinion is expressed that with the area available for the Opera House, perfect acoustic properties can only be assured in an interior of the shape and dimensions set out in the report, with a seating capacity of 3500 and standing room for 700, providing a total capacity of 4200; therefore,

Resolved, That the Trustees of the War Memorial, acting upon the report and advice of Mr. Swan and the architects, approve the plan as set out in their report and recommend its adoption; and that the Trustees submit the plan and report to the Board of Supervisors for adoption by them; and

Further Resolved, That Mr. McSheehy, one of the members of the War Memorial Committee, is authorized and requested, on behalf of the Trustees, to present the recommendation and report of Mr. Swan and the architects to the Board of Supervisors at their next meeting and to recommend its adoption by them.

Progress Report on Plans.

Opera House.

During the past week the plans of the Opera House have been subjected to considerable revision on account of the recommendations of Mr. Swan regarding the acoustic problem. These recommendations

called for a reduction of the auditorium room width from 144 feet to 123 feet and length from 156 feet to 147 feet and a lowering of the ceiling from about 80 feet to 65 feet. The gross width of the Opera House will now be either 10 or 15 feet less than formerly, i. e., 210 or 215 feet instead of 225 feet.

There will be a corresponding reduction in width in the Veterans' Building of 10 or 15 feet, and this reduction will be added to the Memorial Court, making it 150 or 160 feet wide instead of 130 feet. In making this reduction in the size of the Opera House an attempt has been made to retain the vital elements of the plans and exterior as they were developed in the larger building. In this we have been completely successful, and in several respects our plan now is superior in arrangement to the former one.

The exact reduction in seating capacity as compared to the 4045 seat plan is as follows:

	Old Plan	New Plan	Difference
Orchestra seats	1456	1244	−212
Boxes	25 @ 8= 200	27 @ 8= 216	+ 16
Dress circle—			
Below cross aisle	1115	310	−189
Above cross aisle		616	
Balcony—			
Below cross aisle	1274	448	
Above cross aisle		622	−204
Total	4045	3456	−589

It may be mentioned that each and every box will have immediately to its rear a retiring room or vestibule entering from the private box foyer on the mezzanine level. These boxes will form a complete horseshoe, extending practically to the proscenium wall.

The rear stage arrangements will not be materially changed from Mr. Agninis and Mr. Ansaldo's recommendations except perhaps for the height of the stage gridiron, which may be lowered.

The increased width of the Memorial Court renders much more feasible the possibility of using the sub-court space for automobile access to the Opera basement under cover and at the same time without detracting from the monumental character of the Memorial Court. The accompanying plan shows the arrangement proposed. The extra cost of this subway, including excavation and reinforced concrete construction, would be about $60,000.

This scheme has been examined and favorably received by the Traffic Police Department and also by Mr. McClintock's engineers.

Our small scale studies of the revised Opera plan are almost complete and we are ready to resume ⅛-inch scale plans.

Veterans' Building.

The small scale plans of this building are being studied now based on the reduction called for by the revised Opera plan. On account of this reduction the floor area usable now by the Legion would be 98,020 square feet instead of 105,760, as was agreed upon March 16, 1928. If this loss has to be made up it will be necessary to continue the building northwards on Franklin street up to and including the corner return on McAllister street. The gain of $83,000, approximately, on the reduction of width would therefore be about offset by the additional cubage.

John S. Drum, chairman of San Francisco War Memorial Committee, was granted the privilege of the floor and addressed the Board at length relative to the foregoing matter.

Resolution Deferred.

Whereupon, the following resolution was presented by Supervisor McSheehy and, on his motion, *made a Special Order of Business for* 11 *a. m., Monday, May* 28, 1928:

Resolution No. ——— (New Series), as follows:

Resolved, That the recommendation of the War Memorial Trustees, that the proposed Opera House to be erected as part of the War Memorial group of buildings shall have a seating capacity of thirty-five hundred is hereby approved.

Motion.

Supervisor Gallagher moved that in accordance with the suggestion of Mr. Drum that the Mayor be authorized to appoint two members of the Board of Supervisors to membership on the San Francisco War Memorial Committee and that the Clerk notify veteran organiza-

tions to attend next hearing in Board Monday, May 28, 1928.

So ordered.

RECESS.

Whereupon, the Board at 12:30 p. m. took a recess until 2:30 p. m.

J. S. DUNNIGAN,
Clerk.

REASSEMBLED.

The Board of Supervisors reassembled at 2:30 p. m.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Andriano, Deasy, Gallagher, Havenner, Kent, McGovern, McSheehy, Roncovieri, Schmidt, Stanton, Suhr, Todd, Toner—13.

Absent — Supervisors Colman, Hayden, Marks, Powers, Shannon —5.

Quorum present.

His Honor Mayor Rolph being absent, Supervisor Toner was elected to preside.

UNFINISHED BUSINESS.

Final Passage.

The following matters, heretofore passed for printing on recommendation of the Finance Committee, were taken up and *finally passed* by the following vote:

Authorizations.

Resolution No. 28994 (New Series), as follows:

Resolved, That the following amounts be and the same are hereby authorized to be expended out of the hereinafter mentioned accounts in payment to the following named claimants, to-wit:

Publicity and Advertising—Appropriation 55.

(1) Citizens' Committee, United States Fleet Reception, Thos. F. Boyle, Treasurer, expense for account of reception to officers and men of visiting U. S. Fleet (claim dated May 14, 1928), $2,973.58.

Park Fund.

(2) M. Boden, rental of truck for use in Golden Gate Park (claim dated May 11, 1928), $540.

(3) Sevin-Vincent Seed Co., ammonium sulphate for parks (claim dated May 11, 1928), $640.

Sunset Tunnel Assessment Fund.

(4) Leonard F. Youdall and R. G. Clifford, extra work, plastering on the Sunset-Duboce Avenue Tunnel (claim dated May 8, 1928), $4,335.91.

(5) Leonard F. Youdall and R. G. Clifford, extra work, Sunset-Duboce Avenue Tunnel (claim dated May 8, 1928), $4,777.26.

(6) Leonard F. Youdall and R. G. Clifford, twenty-first payment, construction of Sunset-Duboce Avenue Tunnel (claim dated May 8, 1928), $10,000.

School Construction Fund, Bond Issue 1923.

(7) American Studios, stage fittings and draperies for Mission (Everett) Jr. High School (claim dated May 7, 1928), $4,050.

Appropriations for Lands for School Purposes.

Resolution No. 28995 (New Series), as follows:

Resolved, That the following amounts be and the same are hereby set aside and appropriated out of Special School Tax and authorized in payment to the hereinafter named persons; being payments for lands required for school purposes, to-wit

(1) To Andrew Wilkie, for land commencing at a point on the westerly line of Twenty-second avenue, distant thereon 180 feet northerly from the northerly line of Rivera street, running thence northerly and along said line of Twenty-second avenue 206 feet 10 inches; thence at a right angle westerly 120 feet; thence at a right angle southerly 206 feet 10 inches; thence at a right angle easterly 120 feet; being a portion of Outside Land Block No. 1048, and as per acceptance of offer by Resolution No. 28937, New Series (claim dated May 14, 1928), $14,000.

(2) To Havelock Fourness, for land commencing at the point of intersection of the southerly line

of Anza street and the easterly line of Thirty-second avenue, running thence southerly along said line of Thirty-second avenue 100 feet; thence at a right easterly 79 feet 3⅞ inches to a line drawn southeasterly from a point on the southerly line of Anza street, distant thereon 69 feet 2 inches easterly from the easterly line of Thirty-second avenue to a point on the northerly line of Balboa street, distant thereon 130 feet 1 inch easterly from said easterly line of Thirty-second avenue; thence northwesterly along said last described line 100 feet 6¼ inches, more or less, to the southerly line of Anza street, and thence westerly along said line of Anza street 69 feet 2 inches to point of commencement; being a portion of Outside Land Block No. 314; as per acceptance of offer by Resolution No. 28936, New Series (claim dated May 14, 1928), $9,500.

(3) To Emily M. Pfister, for land commencing at point on the easterly line of Twenty-fourth avenue, distant thereon 50 feet southerly from the southerly line of Quintara street, running thence southerly along said easterly line of Twenty-fourth avenue 25 feet; thence at a right angle easterly 95 feet; thence at a right angle northerly 25 feet; thence at a right angle westerly 95 feet; per acceptance of offer by Resolution No. 28661, New Series (claim dated May 14, 1928), $1,150.

Mayor to Enter Into Agreement With Southern Pacific Company in re Bernal Cut.

Resolution No. ——— (New Series), as follows:

Resolved, That the Mayor is herebe authorized to enter into agreements with the Southern Pacific Railway Company, terms and conditions as follows:

This agreement, made this —— day of ————, 1928, by and between Southern Pacific Railroad Company, a corporation of the States of California, Arizona and New Mexico, and its lessee, Southern Pacific Company, a corporation of the State of Kentucky, first parties, herein collectively called "Southern Company," and the City and County of San Francisco, a municipal corporation of the State of California, second party, herein called "City."

Recitals:

The parties hereto entered into a certain agreement dated March 23, 1914, relating to rights of way through Bernal Cut, in the City and County of San Francisco, and also entered into a certain agreement of even date herewith modifying and changing said agreement of March 23, 1914, and enlarging the plan of construction of rights of way, tracks and a public street or roadway through said Bernal Cut.

In connection with said work it will be necessary that the Southern Company remove its existing team track near Bosworth street, in said City and County of San Francisco, from the southeasterly side of its track to the northwesterly side of proposed location of its main track through Bernal Cut.

Said agreement of March 23, 1914, provided, among other things, that Southern Company would convey certain land to the City, which land was conveyed pursuant to said agreement by deed dated March 23, 1914. Said deed contained a reservation on behalf of Southern Company to use a certain strip of land 8½ feet wide and a certain strip of land 13½ feet wide, both of which are hereinafter described. In the event that the agreement of even date herewith is carried out the City desires that Southern Company quitclaim to the City all of its right, title and interest in and to said strip of land covered by said reservation above mentioned.

The parties hereto desire to set forth their understandings and agreements relative to the matters hereinabove mentioned.

Agreement:

Now, therefore, in consideration of the mutual and dependent promises of the parties hereto, it is hereby agreed as follows, to-wit:

First: That the City will pay to Southern Pacific Company the entire cost, plus ten (10) per cent of all labor, to cover supervision of removing said existing team track and replacing and reconstructing said team track in kind and in good condition upon the property hereinafter described, to be acquired by the City and conveyed to the Southern Pacific Railroad Company.

Concurrently with the delivery to it by the City of the deed hereinafter specified the Southern Company will deliver to the City a quitclaim deed conveying all the right, title and interest of the Southern Company in and to those certain parcels of land described as follows, being those certain strips of land 8½ feet in width and 13½ feet in width, respectively, covered by said reservation contained in said deed dated March 23, 1914, to-wit:

All those certain strips of land situate, lying and being in the City and County of San Francisco, State of California, more particularly described as follows:

Parcel 1: A strip of land 8.5 feet wide, lying adjacent to and southeasterly of a line drawn 10.00 feet at right angles and radially southeasterly from the original center line of the main track of the Southern Pacific Railroad Company's San Francisco-San Bruno Branch, between Engineer's Station 78+48.5 and 92+40.

Parcel 2: A strip of land 13.5 feet wide, lying adjacent to and southeasterly of a line drawn 10.00 feet at right angles southeasterly from the original center line of the main track of the Southern Pacific Railroad Company's San Francisco-San Bruno branch, between Engineer's Station 92+40 and 101+20.

The above described parcels of land being the same property as reserved in part III, page 3, of that certain deed dated March 23, 1914, between Southern Pacific Railroad Company, Southern Pacific Company and the City and County of San Francisco.

The City hereby covenants and agrees to acquire and convey to Southern Pacific Railroad Company, without cost to Southern Company, by good and sufficient grant, bargain and sale deed, a good, merchantable, legal title, free and clear of all encumbrances, to that certain parcel of land described as follows, to-wit:

That certain piece or parcel of

land situate, lying and being in the City and County of San Francisco, State of California, more particularly described as follows:

Beginning at the point of intersection of the southwesterly line of Roanoke street with the southeasterly line of Arlington street; thence along said southeasterly line of Arlington street south 47 deg. 16 min. 17 sec. west a distance of 663.843 feet to a point; thence south 30 deg. 41 min. .09 sec. east a distance of 22.104 feet to a point, said point being distant radially 58.77 feet northwesterly from the original center line of the Southern Pacific Railroad Company's right of way; thence in a northeasterly direction on the arc of a curve, concave to the left, having a radius of 5670.826 feet (the tangent to said curve at last mentioned point bears north 58 deg. 57 min. 20 sec. east) an arc distance of 675.82 feet to a point on said southwesterly line of Roanoke street (last described arc course is concentric with and distant northwesterly and radially 58.77 feet from said original center line of the Southern Pacific Railroad Company's right of way); thence north 42 deg. 43 min. 43 sec. west along said southwesterly line of Roanoke street a distance of 118.768 feet to the point of beginning and containing an area of 51401 square feet (equals 1.180 acres), more or less.

Upon delivery of the conveyance by the City mentioned in the last preceding paragraph of this agreement, and upon completion of the work of grading, to be done by the City as provided in said agreement of even date herewith, the Southern Company will, simultaneously with the shifting of the location of its main track, as provided in said agreement of even date herewith, remove its said existing team track from its present location and construct said team track as aforesaid upon said property above described, to be conveyed by the City to Southern Pacific Railroad Company.

This agreement is subject to the approval of the Railroad Commission of the State of California, and if not approved by said Railroad Commission it shall be of no force or effect.

In witness whereof, the parties hereto have executed this agreement in quadruplicate the day and year first hereinabove written.

City Attorney.

This agreement, made this——— day of———, 1928, between Southern Pacific Railroad Company, a corporation of the States of California, Arizona and New Mexico, and its lessee, Southern Pacific Company, a corporation of the State of Kentucky, first parties, herein collectively called "Southern Company," and the City and County of San Francisco, a municipal corporation of the State of California, second party, herein called "City."

Recitals:

Under the terms of an agreement entered into on the 23rd day of March, 1914, and subsequent deed bearing even date therewith, recorded June 16, 1914, in Vol. 794 of Deeds, pages 276 and following, the City acquired, for street purposes, a portion of the railroad right of way of the Southern Company through the so-called Bernal Cut, in said City and County of San Francisco, being the easterly portion of said right of way from the westerly line of Dolores street produced, to the center line of San Jose avenue produced, near Diamond street.

It was stipulated in said agreement that the Southern Company shall grade the strip of land described in section 1 thereof, so as to provide a uniform roadway for the proposed street at least forty (40) feet in width or thirty-five (35) feet, according to the width of said strip, according to the directions and under the supervision of the City Engineer of the City, and said City shall cooperate in such work to the extent of removing encroachments and also by the erection of retaining walls wherever necessary along the line of said grading; and Southern Company agreed to deposit the material excavated as aforesaid upon such portions of the land described in said agreement and deed as may be indicated by said City Engineer, and

to entirely remove all surplus material; said grading and filling to be at the expense of Southern Company. It was further understood and agreed and so provided in said agreement that the construction of retaining walls along said grading and the paving of the roadway upon said strip of land shall be at the cost and expense of the City and without cost to the Southern Company.

The City now desires to acquire additional rights of way in said Bernal Cut for the purpose of constructing a better roadway than at first contemplated and offering better facilities for the construction of its double-track street railroad adjacent to the northerly and westerly line of the land conveyed to the City for street purposes by the hereinbefore mentioned deed. Such construction would be facilitated by the railroad of the Southern Company being moved northerly and westerly not exceeding 31.27 feet.

The parties hereto desire to set forth their agreement as to their rights and obligations in connection with acquisition and exchange of certain parcels of land to provide additional rights of way for each of the parties hereto, reconstruction of the railroad and appurtenances of Southern Company, construction of the municipal railway and the proposed street, and other matters in relation thereto.

Agreement:

Now, therefore, in consideration of the premises, it is hereby mutually agreed as follows, to-wit:

ARTICLE I.

1. The location plan, showing the changes proposed and the parcels of land to be acquired and exchanged by and between the parties hereto, for the purpose of carrying out the plans of the parties hereto as hereinafter set forth, is shown on the attached copy of Southern Pacific Company's Drawing entitled, "Proposed Improvements in Bernal Cut, San Francisco," and numbered M W D Drawing 5806, Sheet 2, which is hereby made a part hereof.

2. Southern Company hereby agrees to execute and place in escrow a conveyance to said City of all of Southern Company's right, title and interest in and to that certain portion of Southern Company's right of way in the City and County of San Francisco, State of California, particularly described as follows, to-wit:

A strip of land 32.77 feet in width lying between the southerly line of Randall street and the center line of San Jose avenue (near Diamond street), said strip being bounded and described as follows:

Bounded on the northeast by the southerly line of Randall street; on the west and northwest by a line drawn parallel or concentric with and uniformly distant 22.77 feet westerly and northwesterly, measured radially or at right angles from the original center line of the main track of the Southern Pacific Railroad Company's branch line between San Francisco and Colma; on the southwest by the center line of San Jose avenue (near Diamond street) and on the southeast and east by a line drawn parallel or concentric with and uniformly distant 10.00 feet southeasterly and easterly, measured radially or at right angles from said original center line of the Southern Pacific Railroad Company's branch line, said line coinciding with the northerly and westerly boundary line of the strip of land heretofore conveyed to the City and County of San Francisco by Southern Pacific Railroad Company and Southern Pacific Company by deed dated March 23, 1914.

Also a triangular shaped parcel of land, described as follows:

Beginning at a point in the westerly line of Dolores street, distant 100.00 feet northerly from the northerly line of Randall street; thence southerly along said westerly line of Dolores street and its prolongation a distance of 150.00 feet, more or less, to the southerly line of Randall street; thence westerly along said southerly line of Randall street a distance of 22.50 feet, more or less, to a point; thence in a northeasterly direction on a direct line to the point of beginning.

Said parcel of land above described are more particularly shown tinted in pink on said Drawing No. 5806, Sheet 2.

Said conveyance shall contain and be subject to the following express covenants, reservations and exceptions, to-wit:

(a) "Reserving nevertheless to the first parties (Southern Pacific Railroad Company and Southern Pacific Company), their successors and assigns, the right to use the northwesterly eighteen (18) inches in width of said strip of land 32.77 feet in width for the erection and maintenance of poles, wires, and any and all other necessary appliances, appendages and adjuncts, in the event that said first parties, their successors and assigns, should at any time operate their railroad by electricity, it being expressly understood and agreed, however,

that first parties, their successors or assigns, may, instead of erecting and maintaining said poles, wires, appliances, appendages and adjuncts upon and along said eighteen (18) inch strip herein described, at their option fasten their wires, fixtures, appliances and appurtenances to any poles erected by second party along or near the northwesterly boundary line of said strip of land whenever the first parties, their successors and assigns, operate their said railroad by electricity and such right is hereby granted by second party to first parties; but in the event that said first parties do attach their wires to any poles erected by the second party, as aforesaid, then said first parties shall pay to second party one-half (½) of the then value of said poles so used, at the time the attachments are made by said first parties, and upon receipt of such payment second party shall execute and deliver to Southern Pacific Railroad Company a bill of sale conveying an undivided one-half (½) interest in said poles to Southern Pacific Railroad Company. First parties shall thereafter pay one-half (½) of the cost of maintaining said poles so used, as aforesaid, from time to time as such costs are incurred and bills rendered by second party."

(b) "Excepting and reserving unto said first parties all of those certain rights reserved by the Southern Pacific Railroad Company and Southern Pacific Company for themselves, their successors and assigns, in that certain deed dated December 5, 1898, from said companies to said City and County of San Francisco, recorded February 3, 1899, in Liber 1802 of Deeds, page 379, Records of said City and County of San Francisco, also those certain rights reserved by Southern Pacific Railroad Company in that certain deed from said Southern Pacific Railroad Company to said City and County of San Francisco, dated November 7, 1901, and recorded September 20, 1902, in Liber 1968 of Deeds, page 89, Records of said City and County of San Francisco."

(c) "The foregoing conveyance is subject to all the terms, conditions, restrictions and reservations contained in that certain deed, dated October 5, 1863, from H. G. Livermore et al. to the San Francisco and San Jose Railroad Company, recorded October 6, 1863, in Book 215 of Deeds, at page 276, and subject to the rights of any and all industries located upon or adjacent to said right of way between St. Mary's avenue and Bosworth street, and subject to first parties' right to maintain such spur, team or station tracks as may be required to be maintained under any subsisting agreement, recorded or otherwise, or deed, or by law. The Southern Company hereby reserves the right to maintain and operate existing industrial spur tracks upon the land hereinabove described and to maintain and operate such spur tracks in such new locations to which any of said spurs may be moved, as hereinafter provided. The City covenants and agrees that if it is necessary to reconstruct or change the location of any or all of said existing industrial spur tracks by reason of or in connection with the use of said land by the City, the City will pay the entire cost of the work of reconstruction and relocation of said tracks, including paving, and the cost and construction of crossings of said tracks by the municipal railway, if any. Nothing herein contained shall in anywise impair the right of the first parties to use, for railroad purposes, the remaining portion of their right of way adjoining the strip of land hereinabove described on the northwest, or in anywise prejudice their rights therein or thereto."

The above mentioned conveyance shall be executed by Southern Company and placed in escrow with the California Pacific Title & Trust Company of San Francisco, California, if and when this agreement has been approved by the Railroad Commission of the State of California, to be delivered to the City when the City shall have (a) acquired the lands described in Section 1 of Article II hereof and executed and delivered to the above mentioned escrowee for account of Southern Pacific Railroad Company the conveyances to Southern Pacific Railroad Company specified in said Section 1, Article II, and (b) performed, or caused to be performed, all of the construction and reconstruction work by it to be performed or contracted for, as provided in Article II hereof.

ARTICLE II.

1. In consideration of the covenants herein agreed to be performed by the Southern Company, and without further consideration or payment, the City shall at its own expense acquire and convey or cause to be conveyed to Southern Pacific Railroad Company, by a good and sufficient grant, bargain and sale deed, a good, merchantable, legal title, free and clear of all encumbrances to (1) a strip of

land along and adjacent to the northerly and westerly boundary line of Southern Company's right of way between Randall and Diamond streets, in the City and County of San Francisco, State of California, sufficient in width, and which, together with that portion of the Southern Company's existing right of way which will remain after the conveyance to the City of the portion heretofore described, will provide a right of way sufficient in width so that a standard gauge double track railroad may be constructed for Southern Company, and so that clearances not less than those prescribed by the Railroad Commission of the State of California shall be provided; (2) strips of land sufficient in width and adjoining the additional right of way for the proposed location of the proposed double track railroad of the Southern Company, to provide a sufficient area for proper slopes, not exceeding 1¼ horizontal to one vertical in the cuts and not less than two horizontal to one vertical in the fills; provided, however, that in lieu of providing such additional land for slopes, the City may construct at its sole cost and expense adequate concrete or masonry retaining walls to provide for the full and unobstructed use of land of sufficient width to permit of the construction and operation of said standard gauge double track railroad, with clearances not less than those prescribed by said Railroad Commission, and at the grade of the Southern Company's now existing track between Randall and Diamond streets, unless a different grade is agreed to by Southern Company. The land required for said right of way for said proposed double track railroad is shown tinted in green and the land required for said slopes is shown tinted in purple upon said drawing MWD 5806, Sheet 2.

2. In the event that it shall be necessary or advisable for the City to institute condemnation proceedings to acquire any land which is to be acquired in order to comply with the terms of this agreement, and to be conveyed to the Southern Pacific Railroad Company, such proceedings may be had in the name of Southern Company, or either of them, but the City shall pay all expense thereof and all judgments and costs therein and hold Southern Company harmless therefrom.

3. The City shall, at its own expense, make all necessary excavations and construct embankments and waterways, and, if deemed necessary by Southern Company, retaining walls to support slopes on the existing right of way of Southern Company, and the said land to be acquired for the Southern Company, as hereinabove provided, so as to provide for the construction of the said double track railroad of the Southern Company, as aforesaid, and at the grade specified in Section 1 of this Article II, unless a different grade is agreed to by Southern Company, and the City shall also pay the cost, plus ten (10) per cent of all labor to cover supervision, of moving Southern Company's existing single track rails, ties, ballast and appurtenances to such new position, not exceeding 31.27 feet northerly and westerly of the present location, and the cost, plus ten (10) per cent of all labor to cover supervision, of placing Southern Company's single track in such new location in at least as good condition as the existing track was at the time of being so moved, it being understood that the Southern Company will furnish all necessary ties which, in its judgment, are required to replace those unfit for further service.

4. The City shall, at its own expense, remove and reconstruct Southern Company's present telephone, telegraph and signal lines and the poles and fixtures thereof to such new position upon and along said relocated railroad line and right of way as may be required by Southern Company.

5. The City shall, at its own cost and expense, reconstruct and thereafter maintain, at clearances not less than those prescribed by the Railroad Commission of the State of California, all bridges or other structures and foundations and appurtenances of same (including the subway at Bosworth street) located between and at Randall and Diamond streets so that the double track railroad of Southern Company may be constructed and operated without further change in said bridges, structures or appurtenances, and, in order to accomplish such works, the City shall be granted the right to the use of any land to be conveyed by the City hereunder to Southern Pacific Railroad Company, for the purpose of erecting thereon any portion of the above-mentioned structures or appurtenances thereto that may be necessary; provided, however, that the plans for any such bridges and structures and appurtenances shall be subject to the approval of the Southern Company and of the Railroad Commission of the State of California. It is also agreed that the City shall have the right to

construct and maintain at its sole cost and expense drainage constructions of such character as may be required, to be placed upon or beneath the lands to be conveyed hereunder by the City to Southern Pacific Railroad Company; provided, however, that such drainage constructions meet with the approval of Southern Company and will in no way interfere with Southern Company's operations.

6. The City shall include in the contracts which it is to let for the grading work to be performed by it under this contract, the grading work provided to be done at the expense of Southern Company in said agreement of March 23, 1914, and Southern Company shall have the right of access at all reasonable times to the books, accounts, contracts, records and papers relating to said work, for the purpose of checking the bill or bills rendered by the City to Southern Company for the cost of said work. The Southern Company shall reimburse the City in full for all of the yardage removed or excavated and graded at the contract price or rate covering the work included in said contract for the account of the Southern Company. All of the work herein provided for to be done by the City shall be in substantial conformity with the City's Cross Section plan or map entitled "Bernal Cut," numbered A-7328, hereto attached and made a part hereof.

7. It is understood and agreed that the City may enter upon said land above described for the purpose of carrying out and complying with the terms and conditions of this contract as soon as this contract becomes effective.

8. All the expenses in connection with the construction of the future second track of said Southern Company's railroad, which the Southern Company may construct now or in the future at its option, except the work herein provided to be done by and at the sole cost and expense of the City, shall be borne by the Southern Company, as this is a facility in addition to its present trackage.

9. All work required to be done by and at the expense of the City hereunder upon or affecting the property and operations of Southern Company shall be performed by it in a good and workmanlike manner to the satisfaction of the Southern Company, according to plans approved by Southern Company or such lawful authority as may have jurisdiction in the premises, and at such times and in such manner as to interfere as little as possible with the operations of Southern Company.

10. It is expressly understood and agreed that all expense of paving and otherwise improving the roadway and constructing the municipal railway and appurtenances upon the roadway upon said strip of land 32.77 feet in width, hereinabove referred to, and upon the land heretofore conveyed by the Southern Company to the City by said deed dated March 23, 1914, recorded in Volume 794 of Deeds, at pages 276 and following, County Records of the City and County of San Francisco (except the grading and filling work as herein otherwise provided for in the previous agreement) shall be borne by the City; and in the event that any improvements upon said roadway should be done upon the local assessment plan, then and in that event the City shall pay out of its treasury any and all assessments therefor levied upon or assessed against any rights, properties or franchises of Southern Company, or either of them.

ARTICLE III.

1. It is understood and agreed that the City shall have the right to construct its municipal street railroad beneath either one of the bridges carrying the railroad of the Southern Company over Thirtieth street or over Day street, and that the City shall, at its own sole cost and expense, provide the necessary clearances therefor under said bridge. The plans for said crossing and any necessary changes in the said bridge shall be subject to the approval of the Railroad Commission of the State of California. The City, subject to the approval of the Railroad Commission of the State of California, shall have the right to construct its municipal street railroad at grade across the track or tracks of Southern Company's railroad at or near the intersection of San Jose avenue and Diamond street, subject to the terms and conditions of an agreement to be executed by the parties hereto establishing the respective rights, duties and liabilities of said parties in the movement of engines, trains, motors and cars over said crossings; and if the parties are unable to agree upon such terms and conditions, then upon such terms and conditions as may be prescribed by said Railroad Commission. Such crossings, together with any and all protective device or devices that may be necessary, shall be installed at the entire cost and expense of the City. The expense of main-

taining said crossings and any and all such protective device or devices, except interlocking plant, after completion, shall be borne solely by said City, but the expense of maintenance and operation of interlocking plant, if any, shall be borne fifty (50) per cent by Southern Company and fifty (50) per cent by the City.

2. The Southern Company shall likewise have the right, subject to the approval of said Railroad Commission, to construct a track or tracks at grade across the track or tracks of the municipal railway, subject to the terms and conditions of agreements in each case to be executed by the parties hereto, establishing the respective rights, duties and liabilities of said parties in the movement of engines, trains, motors and cars over said crossings, and if the parties hereto are unable to agree upon such terms and conditions, then subject to such terms and conditions as may be prescribed by said Railroad Commission. Such track crossings, together with any and all protective device or devices that may be necessary, shall be installed at the entire cost and expense of the Southern Company. The expense of maintaining said crossings and such protective devices, except interlocking plants, after completion, shall be borne solely by Southern Company and the expense of maintenance and operation of interlocking plants shall be borne fifty (50) per cent by Southern Company and fifty (50) per cent by the City.

ARTICLE IV.

1. Nothing contained in this agreement shall affect the rights reserved by the Southern Pacific Railroad Company and/or Southern Pacific Company, for themselves and their successors and assigns, in that certain deed dated December 5, 1898, from the said companies to the City and County of San Francisco, recorded February 3, 1899, in Liber 1802 of Deeds, page 379, Records of said City and County of San Francisco; and in that certain deed from the Southern Pacific Railroad Company to the City and County of San Francisco, dated November 7, 1901, and recorded September 20, 1902, in Liber 1968 of Deeds, page 89, Records of said City and County of San Francisco.

2. Said agreement dated March 23, 1914, hereinabove referred to, between the parties hereto, shall be and remain in full force and effect and shall not be affected hereby unless and until the City shall comply with said conditions of the escrow hereinabove set forth; but upon full compliance with the conditions of said escrow, then and in that event this agreement shall, in so far as it changes or modifies said agreement of March 23, 1914, supersede the same.

ARTICLE V.

The City hereby agrees to forever indemnify and hold Southern Company harmless from and against any and all claims, demands, liabilities and judgments, and loss, damage and injury resulting from any damages caused or claimed in the acquisition by said City of any of said lands, or occurring in or caused by or claimed to have been caused by any and all of the work covered by this agreement. In the event that any work to be performed hereunder by the City, to be done upon the property of the Southern Company, shall be let to contractors by the City, such work shall not be begun until each such contractor shall have first entered into a written agreement with Southern Company substantially as in the form hereto attached and made a part hereof, and such contractors and each such contractor shall have furnished, at no expense to the Southern Company, a good and sufficient bond in such amount as may be reasonable, of a reliable surety company, in form and satisfactory to Southern Pacific Company, guaranteeing the true and full performance of all of the terms, conditions and stipulations contained in said agreement to be entered into with the Southern Company by the contractors, as here in this paragraph provided.

ARTICLE VI.

1. This agreement shall not become effective and the parties hereto shall not be bound hereby unless and until it shall have been approved by the Railroad Commission of the State of California.

2. Time is of the essence of this agreement, and if this agreement is approved by said Railroad Commission and the City does not comply with and perform all the covenants and conditions hereof to be complied with and performed by it within said term of five (5) years, this agreement and any and all rights of the parties hereto hereunder shall forthwith upon the expiration of said term of five (5) years cease and determine as completely as if this agreement had never been made.

3. This agreement shall be binding upon and inure to the benefit of the successors and assigns of the respective parties hereto.

In witness whereof, the parties hereto have executed these presents in quadruple the day and year first hereinabove written.

This agreement, made and entered into this ——— day of ———, 1928, by and between Southern Pacific Railroad Company, a corporation of the States of California, Arizona and New Mexico, and Southern Pacific Company, its lessee, a corporation of the State of Kentucky, first parties (herein collectively called "Railroad Company"), and ———, second party (herein sometimes called "Contractor").

Witnesseth:

That, whereas, on the ——— day of ———, 1928, the Southern Pacific Railroad Company and Southern Pacific Company as first parties, and the City and County of San Francisco, California, as second party, entered into an agreement covering the exchange of certain parcels of land between the Railroad Company and the City and County of San Francisco, for rights of way through the so-called Bernal Cut in the said City and County of San Francisco, and covering, among other things, certain construction work more specifically set forth in said agreement dated the ——— day of ———, 1928; and

Whereas, said agreement, dated the ——— day of ———, 1928, contains the following provision:

"In the event that any work to be performed hereunder by the City, to be done upon the property of the Southern Company, shall be let to contractors by the City, such work shall not be begun until each such contractor shall have first entered into a written agreement with Southern Company substantially as in the form hereto attached and made a part hereof, and such contractors and each such contractor shall have furnished, at no expense to the Southern Company, a good and sufficient bond in such amount as may be reasonable, of a reliable surety company, in form and satisfactory to Southern Pacific Company, guaranteeing the true and full performance of all of the terms, conditions and stipulations contained in said agreement to be entered into with the Southern Company by the contractors, as herein this paragraph provided," and

Whereas, said City and County of San Francisco did, on the ——— day of ———, 19—, enter into a contract with contractor to do and perform certain work pursuant to a compliance with the terms of said agreement dated the ——— day of ———, 19—, above referred to:

Now, therefore, it is understood and agreed that the contractor shall, in advance of performing any work under said contract of the ——— day of ———, 19—, between said City and County of San Francisco and said contractor, give to said Railroad Company a bond in the sum of twenty thousand (20,000) dollars, in form and of good and sufficient surety to be approved by the Assistant Treasurer of the Railroad Company, conditioned that the contractor will well and truly perform and fulfill all of the covenants, conditions, stipulations and obligations on his part in this agreement set forth and contained, to-wit:

In consideration of the Railroad Company permitting contractor to enter upon its property and perform said work, contractor agrees to indemnify and save Railroad Company harmless from and against any and all claims, loss, damage, injury and liability howsoever may be caused, resulting directly or indirectly from the performance of any or all work to be done upon Railroad Company's property, contemplated by said agreement dated ———, 19—, between said City and County of San Francisco and the said contractor; also from all claims, loss, damage, injury and liability howsoever same may be caused resulting directly or indirectly, made or suffered by said contractor, contractor's agents and/or employees while engaged in the performance of said work, whether caused by the negligence of Railroad Company in the operation of its railroad or otherwise.

Contractor expressly releases and discharges Railroad Company from all liability of whatsoever character for any and all personal in-

juries sustained by contractor while engaged in the performance of work to be done upon Railroad Company's property, whether caused by the negligence of Railroad Company in the operation of its railroad or otherwise, and whether resulting in death or otherwise.

Contractor expressly waives any and all claims arising from said death or injury to contractor.

The contractor agrees that the license hereby given him to enter upon the premises of the Railroad Company for the purpose of performing the work covered by said contract dated the ——— day of ————, 19—, between said City and County of San Francisco and said contractor, shall not give nor be deemed or construed to give said contractor a right to do or perform any work whatsoever at any time upon or in connection with the work covered by said contract dated the ——— day of ————, 19—, between said City and County of San Francisco and said contractor, that will render unsafe the use by said Railroad Company of its real estate, tracks, structures and other appurtenances now or hereafter existing, or weaken or injure the same for the operation of its trains, engines or cars or for its other purposes.

Contractor further agrees that should the Railroad Company deem it necessary to engage any inspectors, watchmen or flagmen, or do anything to protect its engines, trains or cars during the performance by said contractor of the work covered by said contract dated the ——— day of ————, 19—, between the said City and County of San Francisco and said contractor, then and in that event contractor agrees to fully reimburse Railroad Company promptly for all cost and expense of such inspectors, watchmen, flagmen and other expenses that may be incurred by said Railroad Company incident to or in connection with work contemplated to be performed by said contractor.

Contractor further agrees that upon completion of the work covered by said contract dated the ——— day of ————. 19—, between said City and County of San Francisco and said contractor, contractor will promptly remove from the premises of the Railroad Company all of contractor's tools, implements and other materials and leave said premises clean and presentable.

This agreement shall not be assigned, sublet or transferred in whole or in part by contractor, except with the previous written consent of Railroad Company.

Except as otherwise provided herein, the terms and conditions of this agreement shall inure to the benefit of and be binding upon the heirs, executors, administrators, successors and assigns of contractor and the successors and assigns of Railroad Company.

In witness whereof, the parties hereto have executed these presents in triplicate the day and year first hereinabove written.

Condemnation Proceedings for Lands for Widening and Extension of Adam Street.

Resolution No. —— (New Series), as follows:

Resolved, By the Board of Supervisors of the City and County of San Francisco, that public interest and necessity require the acquisition by the City and County of San Francisco, a municipal corporation, of the following property situated in the City and County of San Francisco, State of California, more particularly described as follows, to-wit:

Commencing at a point on the northerly line of Eve street, distant thereon 66 feet westerly from the westerly line of San Bruno avenue, and running thence westerly along said line of Eve street 53.839 feet; thence easterly on a curve to the right, radius 80 feet, tangent to a line deflected 157 deg. 38 min. 09 sec. to the right from the preceding course, central angle 22 deg. 21 min. 51 sec., a distance of 28.434 feet; thence easterly tangent to the preceding curve 26 feet; thence at right angles southerly 5 feet to the northerly line of Eve street and the point of commencement; being portion of Precita Valley Lands.

Said property is suitable, adaptable, necessary and required for the public use of said City and County of San Francisco, to-wit: For the widening and extension of Adam street and Eve street. It is necessary that a fee simple title be taken for such use.

The City Attorney is hereby ordered and directed to commence proceedings in eminent domain against the owners of said parcel of land, and of any and all interests therein or claims thereto, for the condemnation thereof for the public use of the City and County of San Francisco, as aforesaid.

Intention to Change Grades.

Resolution No. 29029 (New Series), as follows:

Resolved, That it is the intention of the Board of Supervisors to change and establish grades on the following named streets, at the points hereinafter specified and at the elevations above City base, as hereinafter stated, in accordance with Resolution No. 102068 (Second Series) of the Board of Public Works adopted May 14, 1928, and written recommendation of said Board, filed May 16, 1928, to-wit:

On Wilder street between Diamond street and a line at right angles to the northerly line of, 270.13 feet easterly from Carrie street.

The Board of Supervisors hereby declares that no assessment district is necessary, as no damage will result from said change of grades, inasmuch as the streets are ungraded and there are no existing street improvements.

The Board of Public Works is hereby directed to cause to be conspicuously posted along the street or streets upon which such change or modification of grade or grades is contemplated, notice of the passage of this resolution of intention.

Adopted by the following vote:

Closing and Abandoning a Portion of Ash Street Lying Between Van Ness Avenue and Franklin Street as Hereinafter Described.

Also, Resolution No. 29031 (New Series), as follows:

Whereas, this Board has, by Resolution No. 26027 (New Series), declared its intention to close up and abandon a portion of Ash street, lying between Van Ness avenue and Franklin street, situated in the City and County of San Francisco, and hereinafter more particularly described; and

Whereas, proper notice of said resolution and of said proposed closing and abandoning of a portion of Ash street lying between Van Ness avenue and Franklin street was duly given by the Board of Public Works of said City and County of San Francisco by publication and posting in the manner provided by Section 3, Chapter 3, Article 6 of the Charter of the City and County of San Francisco; and

Whereas, more than ten (10) days have elapsed after the expiration of the publication of said notice, and no objections to the closing and abandonment of said portion of Ash street lying between Van Ness avenue and Franklin street were made or delivered to the Clerk of this Board within said period of ten (10) days, or at all; and

Whereas, it is the opinion of this Board that the public interests and convenience will be conserved by the closing and abandonment of a portion of Ash street lying between Van Ness avenue and Franklin street; and

Whereas, in and by said Resolution No. 26027 (New Series) this Board did declare that the damages, costs and expenses of closing said street shall be paid out of the revenues of the City and County of San Francisco; and

Whereas, the said work is for closing of a portion of said Ash street lying between Van Ness avenue and Franklin street, and it appears to this Board that no assessment is necessary; now, therefore, be it

Resolved, That said closing and abandonment of a portion of Ash street lying between Van Ness avenue and Franklin street be and the same is hereby ordered, and that the said portion of Ash street be and the same is hereby closed and abandoned as a public street. The said portion of Ash street hereinabove referred to is more particularly bounded and described as follows, to-wit:

All that portion of Ash street lying between Van Ness avenue and Franklin street in Western Addition Block No. 76.

Be it Further Resolved, That the Clerk of this Board transmit a certified copy of this resolution to the Board of Public Works and that the Board of Public Works be instructed to proceed thereafter as

required by law and the Charter of the City and County of San Francisco; and the Clerk of this Board is hereby directed to advertise this resolution in The Bulletin, as required by law.

Adopted by the following vote:

Ayes — Supervisors Andriano, Deasy, Gallagher, Havenner, Kent, McGovern, McSheehy, Roncovieri, Schmidt, Stanton, Suhr, Todd, Toner—13.

Absent—Supervisors Colman, Hayden, Marks, Powers, Shannon —5.

Closing and Abandoning a Portion of Birch street Lying West of the West Line of Van Ness Avenue in Western Addition Block No. 75 as Hereinafter Described.

Also, Resolution No. 29032 (New Series), as follows:

Whereas, this Board has by Resolution No. 26028 (New Series) declared its intention to close up and abandon a portion of Birch street situated in the City and County of San Francisco as hereinafter more particularly described; and

Whereas, proper notice of said resolution and of said proposed closing and abandoning of a portion of Birch street was duly given by the Board of Public Works of said City and County of San Francisco by publication in the manner provided by Section 3, Chapter 3, Article VI of the Charter of the City and County of San Francisco; and

Whereas, more than ten (10) days have elapsed after the expiration of the publication of said notice, and no objections to the closing and abandonment of said portion of Birch street were made or delivered to the Clerk of this Board within said period of ten (10) days, or at all; and

Whereas, it is the opinion of this Board that the public interests and convenience will be conserved by the closing and abandonment of said portion of Birch street; and

Whereas, in and by said Resolution No. 26028 (New Series) this Board did declare that the damages, costs and expenses of closing said portion of said street is nominal and no assessment district is necessary to be formed for the purpose of paying the damages, costs and expenses thereof, the Board of Supervisors hereby declares and determines that the whole damage, cost and expense of closing said street shall be paid out of the revenues of the City and County of San Francisco; and

Whereas, the said work is for the closing of a portion of Birch street and it appears to this Board that no assessment is necessary; now, therefore, be it

Resolved, That said closing and abandonment of a portion of Birch street be and the same is hereby ordered and that the said portion of Birch street be and the same is hereby closed and abandoned as a public street. The said portion of Birch street, hereinabove referred to, is more particularly bounded and described as follows, to-wit:

All of that portion of Birch street lying west of the west line of Van Ness avenue in Western Addition Block No. 75.

Be it Further Resolved, That the Clerk of this Board transmit a certified copy of this resolution to the Board of Public Works and that the Board of Public Works be instructed to proceed thereafter as required by law and the Charter of the City and County of San Francisco, and the Clerk of this Board is hereby directed to advertise this resolution in The Bulletin as required by law.

Boulevard Program Endorsed.

Also, Resolution No. 29034 (New Series), as follows:

Whereas, the City and County of San Francisco has an extensive program under way for the construction of boulevards and highways, which will constitute a valuable and important resource to the entire City and surrounding communities; and

Whereas, the territory bordering highways throughout this State and other states is being marred and destroyed in many cases by the erection of unsightly vending stands and other enterprises, and by promiscuous and indiscriminate advertising, to the detriment of the purpose for which said highways are constructed; and

Whereas, the State Highway Commission has endorsed a movement to prevent further marring of the beauty and attractiveness of our highways, and this Board has been requested to concur in this endorsement; now, therefore, be it

Resolved, That this Board hereby endorses the said movement and pledges its support and assistance in the plan for the protection of the highways; and be it

Further Resolved, That the Board of Public Works of the City and County of San Francisco is hereby requested and urged to exercise extreme caution in the granting of building permits along all highways within the City and County, and all other departments are requested to assist said Board of Public Works to the end that this plan will be furthered.

Adopted by the following vote:

Ayes — Supervisors Andriano, Deasy, Gallagher, Havenner, Kent, McGovern, McSheehy, Roncovieri, Schmidt, Stanton, Suhr, Todd, Toner—13.

Absent—Supervisors Colman, Hayden, Marks, Powers, Shannon —5.

Intention to Extend Minna Street.

Also, Resolution No. 29035 (New Series), as follows:

Resolved, That it is the intention of the Board of Supervisors of the City and County of San Francisco to order the extension of Minna street between Tenth and Eleventh streets. The land and improvements deemed necessary to be taken for said extension of Minna street is particularly described as follows:

Beginning at a point on the northeasterly line of Eleventh street, distant thereon 160 feet southeasterly from the southeasterly line of Mission street, and running thence southeasterly along the northeasterly line of Eleventh street 35 feet; thence at right angles northeasterly 100 feet to the southwesterly terminus of Minna street in Mission Block 6; thence at right angles northwesterly along said southwesterly terminus 35 feet; thence at right angles southwesterly 100 feet to the point of beginning. Being portion of Mission Block 6.

And said Board of Supervisors does hereby determine and declare that said proposed extension of Minna street between Tenth and Eleventh streets is of more than ordinary public benefit and will affect and benefit the lands and district hereinafter described and which said district is hereby declared to be the district affected and benefited by said extension. The City and County of San Francisco to pay the sum of four thousand five hundred ($4,500) dollars to defray one-half of the cost of the land and improvements and therefore the remaining cost and expenses of said extension shall be and are hereby made chargeable against and shall be assessable upon said lands and district, which lands and district are within the City and County of San Francisco, State of California, and the exterior boundaries of said lands and district affected and benefited by

said extension are particularly described as follows:

Beginning at a point on the northeasterly line of Eleventh street, distant thereon 100 feet southeasterly from the southeasterly line of Mission street, and running thence southeasterly along the northeasterly line of Eleventh street 125 feet; thence at right angles northeasterly 100 feet; thence at right angles southeasterly 50 feet; thence at right angles northeasterly 231 feet 9 inches; thence at right angles northwesterly 20 feet; thence at right angles northeasterly 78 feet 3 inches to a point on the southwesterly line of Tenth street, distant thereon 60 feet southeasterly from the southeasterly line of Minna street; thence at right angles northwesterly along the southwesterly line of Tenth street 123 feet; thence at right angles southwesterly 80 feet; thence at right angles northwesterly 30 feet; thence at right angles southwesterly 169 feet 4 inches; thence at right angles northwesterly 22 feet; thence at right angles southwesterly 27 feet 4 inches; thence at right angles southeasterly 20 feet; thence at right angles southwesterly 133 feet 4 inches to the point of beginning. Being portion of Mission Block 6.

Said extension of Minna street between Tenth and Eleventh streets shall be done in pursuance of Chapter III of Article VI of the Charter of the City and County of San Francisco and shall be done in the manner and in accordance with the provisions of Section 2 and sections following Section 2 of Chapter III of Article VI of said Charter of the City and County of San Francisco.

Also, Bill No. ——, Ordinance No. —— (New Series), entitled:

"Declaring that the further maintenance of the Odd Fellows cemetery in the City and County of San Francisco, as a burial place for the human dead, threatens and endangers the health, safety, comfort and welfare of the public, and demands the disinterment and removal beyond the limits of the City and County of San Francisco of the human bodies interred therein; prescribing the time within which the removal of such bodies must be made; declaring certain conditions under which the City and County will itself disinter and remove said bodies; and requiring and empowering the Board of Health to adopt and promulgate rules and regulations for such disinterment and removal."

Referred to Public Welfare and Health Committee.

Employment of Superintendent of Building Inspection.

Supervisor Havenner presented:

Resolution No. —— (New Series), as follows:

Resolved, That the sum of $907.25 be and the same is hereby set aside and appropriated out of the General Fund, 1927-1928, and authorized to be expended by the Department of Public Works for the employment of a Superintendent for the Bureau of Building Inspection from May 18 to June 30, 1928, at the rate of $625 per month; and be it

Further Resolved, That Resolution No. 28888 (New Series), setting aside and appropriating $1,875 for the employment by the Board of Public Works of a Chief Engineer for the Bureau of Building Inspection, at the rate of $625 per month, be and the same is hereby repealed.

Recommendation of Board of Public Works.

Resolution No. 102159 (Second Series), as follows:

Resolved, That this Board recommends that the Board of Supervisors repeal Resolution No. 28888 (New Series), and adopt a resolution setting aside and appropriating the sum of $907.25 from the General Fund, 1927-1928, to be expended by the Department of Public Works for the employment of a Superintendent for the Bureau of Building Inspection from May 18 to June 30, 1928, at the rate of $625 per month, this position being designated by the Civil Service Commission in accordance with Section 2, Article XIII of the Charter.

(Signed copy of resolution to Board of Supervisors. Files of Secretary.)

Passed May 21, 1928, by the following vote:

Ayes — Commissioners Meyer, Stanton and Reardon.

Privilege of the Floor.

Mr. Little, Consulting Engineer of the Bureau of Building Inspection, declared that he was first on the eligible list of engineers and felt that he was entitled to the position made vacant by the death of Chief Building Inspector John Horgan. He declared as evidence of his ability to fill the position that he had passed upon the structural work of the Telephone Building, the Russ Building, in fact all such structures for the past ten years.

Motion.

Supervisor Stanton moved that the resolution *lay over one week.*

Ayes — Supervisors McGovern, McSheehy, Roncovieri, Schmidt, Stanton, Todd—6.

Noes—Supervisors Andriano, Deasy, Gallagher, Havenner, Kent, Suhr, Toner—7.

Absent—Supervisors Colman, Hayden, Marks, Powers, Shannon —5.

Resolution Defeated.

Whereupon, the roll was called on Supervisor Havenner's resolution and the same was *defeated* by the following vote:

Ayes — Supervisors Andriano, Deasy, Gallagher, Havenner, Kent, Suhr, Toner—7.

Noes — Supervisors McGovern, McSheehy, Roncovieri, Schmidt, Stanton, Todd—6.

Absent—Supervisors Colman, Hayden, Marks, Powers, Shannon —5.

Supervisor McSheehy's Bridge Report.

Supervisor Gallagher moved that Supervisor McSheehy's Special Bridge Committee report be made a Special Order of Business for 11 a. m., June 11, 1928.

So ordered.

Produce Terminal Ordinance.

Supervisor Stanton presented:

Communication, from Marina Improvement Association and other organizations in re ordinance requiring permits from the Board of Supervisors for the establishment of produce terminals and kindred businesses.

Referred to City Attorney.

ADJOURNMENT.

There being no further business the Board at 7 p. m. adjourned.

J. S. DUNNIGAN,
Clerk.

Approved by the Board of Supervisors June 11, 1928.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated and approved as above recited.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

WEDNESDAY, MAY 23, 1928, 10 A. M.

In Board of Supervisors, Wednesday, May 23, 1928, 10 a. m.

The Board of Supervisors met pursuant to adjournment for the purpose of hearing the public on the proposed budget of municipal expenditures for the ensuing fiscal year 1928-1929.

CALLING THE ROLL.

The roll was called and the following members were noted present:

Supervisors Deasy, Gallagher, Havenner, Kent, McGovern, McSheehy, Marks, Roncovieri, Schmidt, Stanton, Suhr, Toner—12.

Absent — Supervisors Andriano, Colman, Hayden, Powers, Shannon, Todd—6.

Quorum present.

His Honor Mayor Rolph being absent, Supervisor Toner was elected to preside.

Privilege of the Floor.
Justices' Courts.

Robt. Dennis, Clerk of the Justices' Court, was granted the privilege of the floor and addressed the Board. He declared that his department was allowed the same as last year and objected on the ground that business was increasing, necessitating additional help, filing cabinets and other equipment, and an additional court. He requested salary increases for two clerks, and stated that about $2,000 additional was absolutely needed.

Kezar Stadium.

C. Henning, representing Citizens' Stadium Committee, opposed the item in the budget for the enlargement of Kezar Stadium. He recited reasons for his opinion that Kezar Stadium was not suitable as a major stadium project for San Francisco and would be unable to attract the big games to this city. Fault was found with the prevailing weather conditions with respect to wind and fog and the fact that records made on the field would not be accepted by the Amateur Athletic Association. He quoted coaches of St. Mary's, St. Ignatius and Santa Clara colleges as his authority for the statement that they are unable to play in Kezar Stadium the type of game that is necessary for an interesting football game, and if a football team is coached along the lines of an open game they cannot play at Kezar Stadium. He declared that Kezar Stadium was intended as a high school stadium and if it was proposed to make it a major project it would deter certain citizens who were prepared to finance a suitable stadium to hold 100,000, with ample auto parking accommodations and first-class location in the Mission District where ingress and egress and adequate transportation to handle large crowds would be ideal. This, he said, was the sole object of his objection to an appropriation for enlarging the Kezar Stadium.

Motion.

Supervisor Gallagher moved that the remarks of Mr. Henning be transcribed and sent to the Park Commission so that said commission may be prepared to answer at next meeting.

So ordered.

Supervisor Roncovieri moved that matter go over until 11 a. m. tomorrow and that one-half hour be given to hearing same.

So ordered.

J. Kelly, representing Central Federation of Improvement Clubs, declared that the additional $250,000 for Kezar Stadium is illegal and, if passed, is going to be tested in the courts.

Jno. A. O'Connell, representing San Francisco Labor Council, was heard in advocacy of certain increases in wages for city employees who are not now getting union scale.

College Hill Sewer.

Benj. Norton, representing Southeasterly Mission District, urged an appropriation for the College Hill sewer. He declared that that section of the city had been neglected too long and that the open sewer condition just east of the Mission viaduct was a menace to the health of the entire city and poor publicity for San Francisco to visitors who might come that way to attend the Portola Festival.

ganda and excursion trips on *State* matters.

8. A committee of the Board of Supervisors *cannot* possibly *include* anybody but Supervisors that are chosen as the legislative representatives of the people and *cannot* share their authority with others, nor can they escape responsibility for lack of action which they should take, by purporting to add to their own membership *non-members* whose votes in any capacity might control their action.

9. This authority to act for the *State* relates *solely to the waters which lie between land areas of different counties*, i. e., in the case of a Transbay Bridge, San Francisco Bay, and *does not* include a possible crossing of Alameda Estuary, a stream lying entirely in a completely different County. All proposed study of crossing the Estuary *is merely an idle act and therefore expenditures involved are a flagrant waste of public funds.*

10. Similarly the Bridge authority goes solely to the opposite bank and justifies *no inland invasion of a neighboring County* by the officials of *our* County, even in their *State* capacity.

11. The subject of the inland terminals in San Francisco County from the Bridge is an entirely *different matter* from the Bridge and should be handled by our municipal officials as a separate affair. It is entirely improper to attach as a feature of the Bridge any details as to routing through the City's streets at some distance from the Bridge of rail traffic coming off the Bridge.

12. The grant to Supervisors of the State's authority in this respect, *being a grant*, has to be strictly construed within the exact terms of the grant and *cannot* be extended *to include a Tunnel or Tube*. Regardless, therefore, of the fact that a Tube is physically and economically an impossibility, all discussion of the Tunnel or Tube is totally irrelevant; even if a Tunnel of any form were the best solution physically and economically for the problem, it is completely *beyond the powers of the* San Francisco Supervisors and is merely a time-consuming element in the discussions. To obtain the Tube authority would require a complete revision of the State's laws which, under existing conditions, is utterly hopeless to expect.

13. A *private* operating company would have to *pay taxes* to *both* Counties and *both* Cities at the termini of the Bridge, to the State, and income Tax to the *Nation*. Aside from the loss of revenues to the City and County from lack of such tax payments, the rural authorities have, by the results of the recent years' extension of the *Tax-exempt public ownership of utilities* to urban areas become so thoroughly aroused against the loss to the State revenues, the deficiencies caused in which have to be made up by rural population in undue proportion, that in their present control of the Legislature under recent Constitutional amendments, they will positively defeat any further effort to procure such changes in State Laws as would be needed to make possible a publicly owned (and therefore tax exempt) structure of the magnitude and service of a Bay Bridge.

14. The Federal Laws as interpreted by Chief Justice Taft, of the U. S. Supreme Court, when he was Secretary of War, on this identical subject, *have not been since amended* and clearly provide that the determination of State officials, in this case our Board of Supervisors, is final as to the *site* of a Bridge, the War Department's approval of the location being merely to see that the Bridge is *built on the site designated in the franchise grant* and their approval of the plans being required to accommodate itself to reasonable adjustment for the two interfering classes of traffic, *commercial maritime* vs. the *land traffic* of the Bridge crossing.

15. Despite the assertion of War Department officials to the contrary which can only be overturned when a specific concrete case has been established by the initiating State Officials (our Board of Supervisors) this can be fully demonstrated and enforced promptly when these officials (our Board of Supervisors) discharge their own and *unshareable* responsibility of determining the grant.

16. The *Congress* of the United States cannot extend in any way the power of the corporate instrumentality of the *State* of California, i. e., the City and County organization, and the proposed legislation in Congress would be utterly futile, if it actually meant anything anyhow.

17. The proposed Congressional legislation doesn't mean anything because it is obvious that as far as this legislation has as yet pretended to go, it is carefully drafted to avoid opposition and grant nothing.

18. The proposed Congressional legislation makes a grant *solely* to the *City and County of San Francisco*, which, the testimony before

the Congressional Committees showed, *could not finance the project* to erect the structure and it was easier to grant a permit with conditions incorporated which insured that it could not be availed of than it was bluntly to refuse. That is the sole effect of anything that has as yet come out of Congress on the subject.

19. It is clearly established in Federal practice that such a grant is completely *non-transferable to any agency whether public or private*, and all the allegation that Congress has determined that it must be a publicly owned structure in the general sense of the term "public" is mere folly. If the Bill should pass, in the most liberal and favorable form as yet proposed, *it could not be made available to any combination of Counties, to any Bridge District, to any Authority, or to the State.*

20. There is therefore the double ban that the City and County *cannot* either legally or financially proceed under the Act of Congress, assuming it passed, or transfer it to anybody who could so proceed. *The whole proposition is thoroughly idle*, is not going to get anywhere, and if it did get anywhere, that place would be found inaccessible.

21. There is just one way to accomplish a result, and that is *to grant a franchise to somebody* whose interests will be served only by building a Bridge and not by prolonging the discussion of the building of the Bridge.

22. That the endorsement of the Women's Civic Center of resolutions urging the Supervisors and others to grant or support the grant of a franchise for a Bridge at *Site No. One*, as approved by our Board of Supervisors after the report of a specially selected Board of Engineers recommending it, should be complied with since that is the best judgment as to the suitable site for a Bridge, and we are advised that there are numerous applications on file before the Board of Supervisors which fall within the scope of that recommendation and determination.

There would thus be saved the heavy expenditure from *City funds* for Bay Bottom exploratory work, for that work would then be conducted by the franchise holder *at his own risk and expense*, without cost to the public funds and without the risk of complete loss to public funds should the results prove a structure impossible.

That the franchise grant should be made *NOW* regardless of the progress or lack of progress of any proposed Congressional legislation relative to the Bridge subject.

(Signed) ANNIE A. SCANLON,
President, Women's Civic Center.

War Department, Washington
In reply refer to
6371 (San Francisco Bay) 92
March 10, 1928.

Mr. John J. O'Toole,
City Attorney, San Francisco, Calif.

Dear Sir:

Reference is made to your request of February 15, 1928, that the Attorney-General of the United States be asked to pass upon the question raised by you in a telegram of December 13, 1927, as to the authority of the Secretary of War and Chief of Engineers to refuse approval of the plans of a bridge when local authorities had determined that a bridge should be built on a particular site.

The facts are as stated in my telegram of December 20, 1927. Inasmuch as the Department has no *concrete question* to place before the Attorney-General and since the *presentation to him of a hypothetical question is prohibited by the rules governing the action of his Department*, I am unable to comply with your request.

Yours very truly,
DWIGHT F. DAVIS,
Secretary of War.

Western Union Telegram.
Dec. 13th, 1927.

Honorable Dwight Davis,
Secretary of War,
Washington, D. C.

In Nineteen Hundred and Five Chief Justice Taft, then Secretary of War, in construing Eighteen Ninety-nine bridge enactment in regard to situation arising in Boston Harbor, decided that act mentioned was not broad enough to permit your department to prohibit a bridge on navigable water wholly within a single State, and that when local authorities had determined that a bridge should be built on a particular site, your department should approve the location. Stop. This ruling was based on decision of Supreme Court, volume one sixty-five, page seven sixty-two, United States Supreme Court Reports. Stop. Act of Eighteen Ninety-nine remains unchanged. Stop. Will you advise me if you have any court decision or ruling of Judge Advocate or Attorney-General changing Judge Taft's decision. Stop. In Nineteen Twenty-three Attorney-General decided in matter of erec-

tion of dolphin at Santa Barbara, that your department in passing on bridge location and construction could only give consideration as to whether or not proposed bridge interferes with navigability of waters to such an extent as to affect commerce. Stop. in view of consideration given by you to objections made by Navy Department to San Francisco application, will you advise if there has been any change of ruling of Attorney-General?

JOHN J. O'TOOLE,
City Attorney of San Francisco.

Motion.

Supervisor Roncovieri moved that copies of the document be furnished to the members and to the City Attorney. *So ordered.*

College Hill Sewer and Emergency Hospital.

Frank Olmo, representing Excelsior People's Association, asked for $350,000 for the College Hill sewer, and an emergency hospital for the Excelsior District at Onondaga avenue and Alemany boulevard at an estimated cost of $100,000. He protested the appropriation of $250,000 for Kezar Stadium and asked for $150,000 for McLaren Park. He urged the removal of the County Jail at Ingleside and declared that $113,000 had been turned over to the Sheriff for that purpose, being the proceeds of the sale of the Broadway Jail property.

D. Coglan, representing the Excelsior People's Improvement Association, urged the establishment of an emergency hospital in the Excelsior District and cited an example of its necessity in the recent case of a woman injured in an auto accident who lay in the street for half an hour before the nearest ambulance responded.

Marina.

Mrs. Leon, representing Marina Home Owners' Association, Thirty-first Assembly District Club and Golden Gate Valley Improvement Association, requested that sufficient money be provided to purchase land east of Webster street to Laguna street from the Marina to the Bay.

Grace Perego, representing the Home Builders' Association, favored appropriation for purchase of land for extension of Aquatic Park and opposed the establishment of a proposed produce terminal at that point. She opposed the appropriation for the Kezar Stadium, declaring that it is not urgent at this time.

Office Employees' Association.

Wm. C. Bonsor, representing the Office Employees' Association, asked for consideration of a number of salary increases without waiting for standardization, which he declared to be very unsatisfactory.

Thomas Robinson, representing the Pt. Lobos Improvement Club and the Park Presidio Club, urged adequate appropriations for street repaving and playgrounds for the children of the Richmond District. As representing the Civic League he spoke for the Aquatic Park, urging generous appropriation for its improvement and extension.

Per Diem Men Revolving Fund.

J. F. Kelly, representing Civil Service per diem men, urged an appropriation in the budget of $20,000 or $25,000 for the establishment of a revolving fund to cover accidents to per diem men. Now, he said, if a man is injured his companions are penalized and deprived of work to pay his benefits.

Mr. Mull, representing Electrical Workers' Union No. 151, requested an increase of salary for the electrical department, particularly for the electrical department of the Fire Department. He asked that fire alarm operators be given an increase of $25 per month, making their salary $250 per month.

Mrs. Josephine S. Bauer requested that sixteen keepers in the Sheriff's office be increased from $160 to $175 per month.

Mrs. D. E. F. Easton requested that an adequate appropriation be made for the Aquatic Park. The said plans were all ready and construction could begin at once.

Mr. Steimner urged provision for the construction of an Emergency Hospital in the Excelsior District.

Edw. Scully, representing Aquatic Park Association and Rowing and Yachting Clubs, urged adequate appropriation for completion of Aquatic Park.

Telegram.

A telegram addressed to Supervisor Gallagher from several residents in the Excelsior District requesting an appropriation for an Emergency Hospital in said district, was read by the clerk and ordered filed.

Removal of Sand From Street in Sunset District.

Norman Wells, representing a Sunset District improvement organization, urged an appropriation of $5000 to be used as a revolving fund to care for the problem of clearing streets in Sunset District of wind-blown sand.

ADJOURNMENT.

Whereupon, on motion of Supervisor Suhr, the Board at 5:20 p. m. adjourned to meet Friday, May 25, 1928, at 10 a. m.

J. S. DUNNIGAN, Clerk.

FRIDAY, MAY 25, 1928, 10 A. M.

In Board of Supervisors Friday, May 25, 1928, 10 a. m.

The Board of Supervisors met pursuant to adjournment for the purpose of considering the budget of municipal expenditures for the ensuing fiscal year 1928-1929.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present: Supervisors Andriano, Deasy, Gallagher, Havenner, Hayden, Kent, McGovern, McSheehy, Marks, Powers, Roncovieri, Schmidt, Stanton, Suhr, Todd, Toner—16.

Absent—Supervisors Colman, Shannon—2.

Quorum present.

His Honor Mayor Rolph being absent Supervisor Toner was elected to preside.

Kezar Stadium.

In accordance with motion of Supervisor Roncovieri, made at the last meeting, the matter of the appropriation for the Kezar Stadium was taken up for discussion.

Mr. B. P. Lamb, Secretary of the Park Commission, was heard as to the plans of the Park Commission for the improvement and enlargement of the Kezar Stadium.

Jos. R. Hickey, Director of Public Recreation for the Park Commission, was granted the privilege of the floor and addressed the Board at length.

T. F. Chase, engineer for the Kezar Stadium, declared that while the Kezar Stadium was not ideal, and the orientation of the field was not perfect, still he believed that to all practical purposes this condition could be corrected by the construction of a high structure which would also act as a windbreak.

C. Henning, representing the Citizens' Stadium Committee, urged that nothing be done at this time to enlarge Kezar Stadium, as best results could not be obtained by such action, and that if money is so appropriated it would preclude a much more desirable and adequate stadium being built by private capital.

Communications from the University of California and Stanford, being on the points at issue, were presented by Supervisor Havenner and read by the Clerk.

Motion.

Supervisor Havenner moved that Item No. 58 be changed to read: 58 (1091)—For the construction of a stadium, $250,000.

No second.

Supervisor Roncovieri presented a resolution relative to a proposed privately constructed stadium and moved that all interested persons be heard.

Supervisor Havenner moved that the Kezar Stadium matter be taken into the hands of the Board.

Motion *lost* by the following vote:

Ayes—Supervisors Deasy, McGovern, Marks, Roncovieri, Schmidt, Stanton, Suhr, Todd—8.

Noes—Supervisors Andriano, Gallagher, Havenner, Hayden, Kent, McSheehy, Powers, Toner—8.

Absent—Supervisors Colman, Shannon—2.

Supervisor Hayden moved to take a recess until 2:30 p. m.

Supervisor Havenner moved as a substitute, seconded by Supervisor Gallagher, that the Clerk be instructed to order lunch for the members and that the Board remain in session until the Budget is passed.

Approved.

Subsequently Item No. 58 was approved by the following vote:

Ayes—Supervisors Andriano, Deasy, Gallagher, Havenner, Hayden, Kent, McGovern, McSheehy, Powers, Roncovieri, Suhr, Todd, Toner—13.

Noes—Supervisors Marks, Schmidt, Stanton—3.

Absent—Supervisors Colman, Shannon—2.

RECESS.

Whereupon the Board, at the hour of 12:15 p. m., agreed to a recess until 1:45 p. m.

J. S. DUNNIGAN, Clerk.

REASSEMBLED.

The Board of Supervisors reassembled at 1:45 p. m.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:
Supervisors Andriano, Deasy, Gallagher, Havenner, Hayden, Kent, McGovern, McSheehy, Marks, Powers, Roncovieri, Schmidt, Stanton, Suhr, Todd, Toner—16.
Absent—Supervisors Colman, Shannon—2.
Quorum present:
His Honor Mayor Rolph being absent, Supervisor Toner was elected to preside.

BUDGET, 1928-1929.

The following was read by the Clerk:
Bill No. 8565, Ordinance No. —— (New Series), as follows:
An ordinance fixing and appropriating the aggregate sums of the items thereof allowed to each department, officer, board and commission for the fiscal year ending June 30, 1929, and making a budget of the same.
Be it ordained by the People of the City and County of San Francisco as follows:
Section 1. The aggregate sums and items thereof hereinafter set forth are hereby fixed, designated and appropriated for the respective purposes set opposite the same, to be expended during the fiscal year ending June 30, 1929, in accordance with the provisions of Article III, Chapter I, of the Charter of the City and County.
Section 2. No department, officer, board, commission or employee shall expend, agree to expend or incur any liability which shall exceed the amount of any appropriation herein made or which may be hereafter appropriated for any specific purpose, and no such appropriation shall be used or subjected to any liability for any purpose other than that for which it is herein specifically made, unless otherwise authorized by the Board of Supervisors.
All balances of appropriations unexpended, or against which no liabilities have been incurred, at the end of each caldenar month, shall be reported to the Board of Supervisors by the department, board, commission, officer or employee within ten days after the expiration of each previous month, and at the end of the fiscal year all such balances shall revert to and become a part of the unappropriated general fund unless otherwise ordered by the Board of Supervisors.
The Auditor shall not audit or issue any warrant contrary to the express provisions of this section.
Section 3. The amounts appropriated are as follows:

BUDGET
FOR MUNICIPAL EXPENDITURES
City and County of San Francisco, California, For Fiscal Year 1928-1929

Bill No. 8565, Ordinance No. —— (New Series), as follows:

An ordinance fixing and appropriating the aggregate sums of the items thereof allowed to each department, officer, board and commission for the fiscal year ending June 30, 1929, and making a Budget of the same.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The aggregate sums and items thereof hereinafter set forth are hereby fixed, designated and appropriated for the respective purposes set opposite the same, to be expended during the fiscal year ending June 30, 1929, in accordance with the provisions of Article III, Chapter 1, of the Charter of the City and County.

Section 2. No department, officer, board, commission or employee shall expend, agree to expend or incur any liability which shall exceed the amount of any appropriation herein made or which may be hereafter appropriated for any specific purpose, and no such appropriation shall be used or subjected to any liability for any purpose other than that for which it is herein specifically made, unless otherwise authorized by the Board of Supervisors.

All balances of appropriations unexpended, or against which no liabilities have been incurred, at the end of each calendar month, shall be reported to the Board of Supervisors by the department, board, commission, officer or employee within ten days after the expiration of such previous month, and at the end of the fiscal year all such balances shall revert to and become a part of the unappropriated general fund unless otherwise ordered by the Board of Supervisors.

The Auditor shall not audit or issue any warrant contrary to the express provisions of this section.

Section 3. The amounts appropriated are as follows:

ROLL CALL FOR PETITIONS.

Report of Streets Committee on Reconstruction and Improvements.

Supervisor Gallagher presented the following, which was read and *ordered filed*:

San Francisco, May 25, 1928.

To the Honorable Board of Supervisors, City and County of San Francisco.

Gentlemen:

Your Committee on Streets and Commercial Development is pleased to present to you this report of actions taken on street and road matters referred to us:

In view of an unusual lack of employment, you recently asked that all departments of our City government use every effort to speed up all public and private improvements to relieve the pressure upon the community. We are glad to report that due to your cooperation and to the cooperation of the Board of Public Works, particularly the Engineering Department, the following actions have resulted:

There has been completed street reconstruction to the amount of $465,903 on 84 streets—a total of 135 blocks—for a distance of 13 miles.

There is under way at this moment street reconstruction to the amount of $233,900 on 31 streets—a total of 84 blocks—a distance of 8 miles. This makes a total for street reconstruction and resurfacing of $699,803, for which money has been appropriated.

Due to the voting of bonds for the proposed boulevards, which provided for all work thereon, you released for street and road work the sum of $480,000. This enabled us to deal with so-called special projects, i. e., requests by property owners for assistance in the matter of street improvements in various parts of the City where the cost was excessive, and where, obviously, the assessments, if applied to the property thereon, would almost be confiscatory. Some of these projects have been pending for as long as four or five years. Special projects have, therefore, been put under way to the amount of $452,407, and an additional sum of $125,840 has been pledged for work of this character. In addition to these amounts we have pending for early action two of these so-called special projects which will require approximately $100,000.

In addition you have approved legislation for work under private and public contracts to the amount of $4,000,000.

You have also authorized contracts for boulevard and highway projects as follows:

Alemany boulevard, $174,800; Bayshore boulevard, $213,000; Esplanade and highway at the beach, $508,000; a total of $895,800.

The work ordered, under way and proposed for the immediate future will have provided fork for at least 1000 people.

There are submitted herewith details as follows:

(1) List of street reconstruction which has been completed since July 1, 1927.

(2) List of street reconstruction for which appropriations have been made and work is under way.

(3) Appropriations made under contract and for assistance to property owners, special projects, etc.

(4) List of pledges made for special projects, etc.

The Committee expects to submit a tentative set-up for the expenditure of the $1,500,000 that will be available for the coming fiscal year within the next week or two.

We wish to express our gratitude for your cooperation and your faith in the Committee.

Respectfully submitted,

A. J. GALLAGHER,
FRED SUHR,
A. RONCOVIERI,

Committee on Streets and Commercial Development.

IN RE MAYOR'S VETO OF JUDAH STREET REZONING.

The regular meeting of the Board of Supervisors of the City and County of San Francisco was held on Monday, the 28th day of May, 1928, beginning at the hour of 10 o'clock a. m. of said date, in the chambers of the Board, City Hall, San Francisco, California.

Mayor James Rolph, Jr. presided during the morning session. The following proceedings were had, after the transaction of other business in relation to the veto by the Mayor of an ordinance rezoning a portion of Judah street:

Supervisor Gallagher: I desire to ask permission now to rise to a question of personal privilege, and I would request Your Honor's attention, if I am in order, on a subject matter that to me personally appears of moment, and on which some action by this Board is necessary. I am calling Your Honor's attention and the Board's attention to various articles appearing in the San Francisco newspapers, beginning with Saturday morning last, and continuing to and including this morning. I have here a copy of the Examiner of May 27, 1928, and some other copies of papers that carry about the same line of news and comment. Under date of May 27th the San Francisco Examiner contains this—and I will read the whole article if anybody desires it, I am reading those parts that to me, in a personal sense, seem important, "While the Supervisors on all sides are demanding such an investigation the Mayor was busy making public such statements as these—'Reports have come to me that a member of the Board received $2000 in the Judah street'. 'There have been too many rumors going around on other matters as well as this one'. 'Entire city heard rumors of graft about the bay bridge franchise applications'. 'Rumors are going the rounds in real estate circles concerning city land

deals'. 'And I heard a rumor that money passed on the Golden Gate Ferry franchise'. Formal statements. He declined to go into detail, insisted that he is making no definite charges. He had merely heard 'rumors', but he declared that he is conducting extensive investigation into all these nebulous accusations."

Under date of this morning, I believe, it is under the heading of "Investigation of charges in 'rezoning' deal begun," I quote from the San Francisco Examiner of today. "Duncan Matheson and his detectives start work on case as new veto is revealed. Lawyer, five supervisors understood to have been named in report given to probers." And then the article goes on. "Mayor James Rolph, Jr., placed in the hands of the police department yesterday the whole investigation of the rumors and intimations that money had been passed in the Judah street rezoning proposition and in other city projects." I will file this article. "Captain Duncan Matheson and his detectives were at work on the case.

At the same time Mayor Rolph revealed that he would veto a proposal to buy for the city a $10,000 lot at Frederick and Stanyan streets. He declined to make any statement beyond this, but it was recalled that among the rumors which he listed Saturday were those respecting city land deals.

From other sources came more detailed information of these rumored charges that provoked the Mayor's action in vetoing the Judah street rezoning last Friday.

The Reasons.

Summarized here are the reports which the Mayor is understood to have placed in the hands of Captain Duncan Matheson for investigation:

1—That a lawyer, formerly associated with one of the Supervisors, got $2,000 for 'legal services' in the campaign for rezoning Judah street into a business district.

2—That five members of the Board were involved in the Judah affair; that one member was to get all the insurance on the new business section; another was supposed to share the lawyer's fee, and the three others were presumed to profit through the enhanced value of realty holdings that would follow the rezoning.

3—That A. Hirschberg, nicknamed 'Murphy,' was reported to have control of ten votes in the Board of Supervisors and to have advance knowledge of all city land deals.

'Murphy' Again.

The new land deal, which Rolph is scrutinizing, and upon which he announced that he will withhold his approval, involves a lot, 32½ feet frontage by 58 feet deep, at Frederick and Stanyan streets. Its value under the Stafford appraisal is fixed at $5,710 and the City Assessor has appraised it at $5,000, it was declared.

Joseph J. Phillips, right of way man for the Board of Public Works, said he was authorized to negotiate for the lot by the finance committee. He said Hirschberg at first demanded $17,500. Phillips estimates the value of the lot as $8,750, but concedes that several real estate experts had appraised it at $10,000. The measure now before the Mayor commits the city to a price of $10,000." And so on. There are before me here copies of the Daily News, copies of the Chronicle, copies of the Examiner, I repeat, the Call and the Bulletin, all of which indicate that His Honor the Mayor in respect, first, to the rezoning of Judah street and second, in respect to the purchase of a lot at Frederick and Stanyan streets, thirdly, in respect to the Golden Gate Ferry franchise, has given to the public statements indicating that he is investigating matters surrounding those propositions.

Your Honor, ten members of this Board of Supervisors voted for the Judah street rezoning, and did so after a long consideration and a pendency in this Board longer than the average subject matter that is up for consideration. I am vitally concerned, as a member of this Board in two things: One is that, if there be any evidence or indications of evidence that members of this Board, as per these rumors, have been recreant to their trust, it should be developed in the very earliest possible moment, for the benefit of all concerned. The other reason I have is that, if there has been a recreant attitude on the part of some of the members of the Board, it would be advisable that it be developed, and whatever conse-

quences may be, they shall have to stand them. But it is also obvious that, in the matter of statements made relative to Frederick and Stanyan streets, and in the matter of the rezoning of Judah street, that, in one case ten members of this Board—and I happen to be one of them—stand, in a sense, accused in the public eye. I suppose the public is withholding its judgment until such information as you have indicated that you have is made known to the proper authorities and they run it down, but, at the same time, there is not much left to a man in this world except it be his reputation.

In respect to the deal for land at Frederick and Stanyan streets, in view of your announced intention in the papers to withhold your approval of the appraisal, in defense of myself, and I should say, not in defense of my committee, because they have not spoken to me, nor in defense of the Finance Committee, I desire to ask a question or two, if you will permit me. Mr. Phillips, you are the right of way agent of the City and County of San Francisco?

The Mayor: Now, Mr. Gallagher, when you are talking on matters of personal privilege, of course I cannot stop you.

Supervisor Gallagher: Granted.

The Mayor: But when you are investigating Mr. Phillips, whom I am going to call upon in a few moments——

Supervisor Gallagher (interrupting): You are going to call upon him?

The Mayor: Yes, you have not even received my veto message on this yet.

Supervisor Gallagher: I grant you that, but, to be perfectly frank with you. I should wait until you call on Mr. Phillips, because I am quite sure that he will show you a deal in those premises, which has been handled by his office, as clean as a hound's tooth. That is my judgment.

Now, here is what I have to say with reference to myself: I want to ask you, sir, as a fellow public official, to indicate, if you can, how long this investigation would take; in other words, I am vitally concerned in how soon it might be concluded to the point of either disabusing the public mind, or indicating that there were some facts behind the rumors. I am, as a member of the Board, vitally concerned in that. I am suggesting to Your Honor that perhaps you might invoke the service of the Grand Jury in the premises now or later—as soon as possible. I am suggesting further, that if there is any action this Board can take relative to funds or relative to assisting in this investigation and concluding it at the earliest date. I want to stand willing and ready, as one member of the Board, to assure you that it will be a pleasure to assist in every way, and I think I bespeak, although I have not consulted them, the minds of the members of this Board when I say that, if funds are needed and in any way that they can do in assisting in the quick clearing away of these matters, they will be glad to do so. Further than that, I am going to respectfully urge you, Mr. Mayor, that, neither yourself—and I do not wish to seem bold in this—that neither yourself nor any member of this Board leave this city on a vacation tour, or for any other reason, if it is possible to avoid it, at least for any length of time, until this investigation is concluded. My idea in that is this: That, as I say, as a member of the Board, I feel very keenly these rumors. I feel very keenly the condition of the cloudy atmosphere so far as the honesty of the members of the Board is concerned, that must exist in the public mind at this moment, and I am asking, as a fellow public official, that you shall unceasingly and intensively, as you have indicated here in one of the articles, that you shall, unceasingly and intensively, push this investigation, not only to the limit, but to a conclusion. I do not know whether I recite the feelings of the other members of the Board—I have not even consulted them except very briefly—but I know my own feelings, and I am asking you, first, to acquiesce in that request that this investigation be pushed to a conclusion at the earliest moment, and to tell us if there is anything that the Board can do to help you. Thirdly, I would like you to permit Mr. Phillips a word to say on this Frederick and Stanyan streets deal.

Supervisor Marks: I desire to make a motion, Mr. Mayor: I move you that the Finance Committee of this Board of Supervisors be requested,

out of any funds that may be available, to recommend to this Board immediately an appropriation of $5,000, to be placed at the disposal of the Mayor, or such public agency as he may designate, for the purpose of a complete and thorough investigation of the charges made by the Mayor's office.

Supervisor Gallagher: I second that motion, if you will ask the Finance Committee to report today before the meeting is over.

The Mayor: All in favor. Carried. (Dropping the gavel).

Supervisor Andriano: I wish to be recorded as voting "no" on that, Mr. Mayor.

The Mayor: Call the roll, Mr. Clerk.

Supervisor Stanton: It seems to me that this is sort of somewhat premature. I do not know that there is really anything, as far as I can see, to investigate. It seems to me, Mr. Mayor, that the better part of judgment, that is, if you would use the right judgment, that before making these statements to the papers, that you would have made the investigation. You have cast a shadow, a doubt, on every member of the eighteen of this Board of Supervisors by the statements that you have given out to the papers. Possibly you did not mean it, but, nevertheless, that is the fact. I was down yesterday to the South of Market picnic, the South of Market Girls, and there was hardly a person that I met, or was introduced to, that did not say, "Well, how about the $2000?" Some of them jokingly, but there is a certain amount of it that you cannot shake off from anybody. I do not think it would make any difference what the investigation would show, some people would still think that every member of the Board was whitewashed by an investigation, that there was still something wrong in Judah street. I happen to be one of the members that voted against it but, at the same time, you did not stop at Judah street. There is still a further statement that has been given to the press, that there was money passed in the Golden Gate Ferry franchise, that there has been money passed in the bridge. It does not say how the money was passed in the Golden Gate Ferry, whether it was passed by the Golden Gate Ferry, or whether it was passed by the Northwestern not to give a franchise, but they are vicious rumors. And they are not rumors that any public official should broadcast without first giving a proper and fair investigation of his own to see if there was anything that would substantiate it. It seems to me that it is something that every member of this Board should be interested in. As far as an investigation goes, I welcome any investigation, to any limit. But if every member, Mr. Mayor, if every member of this Board is judged by some rumor, and have some other official come out and say that rumors are afloat that certain things are happening, we are going to have a whole lot to account for. Many things might be said, Mr. Mayor, and many rumors might be broadcasted about yourself. Many things might be said. Some member of this Board, for instance, would get up and say to the members of the press, it has been rumored so and so, that the Mayor is interested in so and so, one way or the other. You would not feel that it was fair. You would say to the member, "Why didn't you come and see me; why didn't you investigate before you made the rumor public?" And it seems to me that that would have been the proper way for you to do. It is simply a hornet's nest started up here. And apparently you say to the press, according to the articles in the press, that you have no proof. Those things do not seem fair. And I do not want to do anything to block any investigation, if there is any investigation to be made, the fullest investigation should be made of all of San Francisco's affairs, and let us see just where everybody stands. That is perfectly agreeable to me. But I do not think that we ought to start out here. Five names have been mentioned in the papers, five names, and those five members are going to have a hard time to clear their names. They are going to have a mighty hard time to clear their names. Some of them are coming up for election. Supervisor Gallagher said, if they have done anything wrong, it is up to them to suffer. But, at the same time, I feel that it is the duty of any city official, particularly the Mayor of the city, if he feels that anything is wrong, to

first investigate and tell them, after his investigation, just what it amounts to.

Supervisor Andriano: Mr. Mayor.

The Mayor: Mr. Andriano.

Supervisor Andriano: I voted "no" on that motion that you carried——

Supervisor McSheehy (interrupting): Mr. Mayor, you never carried the motion, did you, Mayor?

The Mayor: No.

Supervisor Andriano: Well, I wanted to speak on the motion. My voice was the only one that I heard voting "no." I want to state, Mr. Mayor, that I see no reason for appropriating money at this stage of the proceedings. We have a district attorney's office, we have a police department, and we have a detective bureau, all of which are paid for the purpose of making investigations where investigations are required. And unless Your Honor requested an appropriation of this Board, for the purpose of making this investigation, I see no reason in the world for appropriating money at this time to make such an investigation.

Supervisor Marks: Mr. Mayor, if I may explain the motion: my motion is that that sum be made available so that it may be employed by the Mayor, or such public agency as he may designate, if it be necessary. I think I made that clear in the motion.

Supervisor Stanton: Why not make it the district attorney?

Supervisor Marks: I said, "or any public agency."

Supervisor Stanton: Let them use the money any way they see fit to make as broad an investigation as possible.

Supervisor Marks: I said that, that is included in my motion, to be available to the Mayor, or to any public agency, for the purpose of this investigation, or anybody, or everybody.

Supervisor Roncovieri: Does that include the Grand Jury?

Supervisor Marks: That is a public agency.

Supervisor Roncovieri: I would like to give the money to the Grand Jury and the district attorney and leave the Mayor out of it. The Mayor has made the statements. Let the Grand Jury and the district attorney call the Mayor on the carpet and make him prove it. He has made the statements. Why give the Mayor the money?

Supervisor Powers: Mr. Mayor and members of the Board: As one member of the Finance Committee, I will speak for myself only. I am not afraid of any investigation which you, as the executive head of the City and County of San Francisco, make. You have all the tools and the material under your hand, to order them in, not this afternoon, but this morning, if necessary. I, as a member of the Finance Committee, will cast my vote for any amount of money to investigate any such serious charges as have been proclaimed to the people in San Francisco, within the last two or three days. I did not vote on the prevailing side of the Judah street rezoning. I voted with the minority, but this has been a sting on every one of the eighteen Supervisors in this Board here. I appeared at two picnics yesterday, the Noe Valley Merchants as well as the South of Market Girls, and it does hurt me to walk up to my friends and they grab me by the hand and they say, "Charlie, how much did you get of the $2000?" That is not a very fair condition to put a supervisor in, when he is walking through the streets of San Francisco. I simply told them I knew nothing about it. I know nothing about the Golden Gate Ferry. I know nothing of the bribes on the bridge end of it, and I know that the Board of Supervisors should be protected. If there is any supervisor in here that is guilty of this deed, it is up to the whole official family of San Francisco to see that it is brought out in the public light. And let us have a show down of it and not have these rumors week in and week out, because it is a sting on your whole administration, Mayor Rolph, as well as it is on every member of the Board of Supervisors. And I am not afraid to vote any amount of money, but I know, full well, that you have the control of the workings of every department in San Francisco, and you can call them and send them out this morning just as well as any

time in the near future. And I would like to see this investigation finished and not have it drag along too long.

Supervisors Roncovieri: I want to amend the motion to make the money available to the district attorney and the Grand Jury, the proper authorities to make investigations of this kind. After the investigation we will then know, from a responsible body and responsible officer, charged with the duty of making such investigations, the right or the wrong of these rumors, alleged rumors, which the Mayor has set afloat. Let the chips fall where they may. They may fall upon the Mayor's office, or upon any one of us, and it is not up to the Mayor, nor up to this Board of Supervisors, to make investigations. It is up to an independent, I shall assume, a very fair, body, the Grand Jury, and I believe the Grand Jury is limited in its funds, and I believe they should have, not five, but ten thousand dollars, or any amount of money they want, to make a complete investigation in their own way, and in their own time, and until that has been done, we will sit quietly and forget it.

The Mayor: In the first place, both motions are out of order. The charter provides that all investigations upon matters brought to the attention of the Mayor shall be investigated by him, and that is what he is doing.

Supervisor Marks: That motion is to make available to you funds, if you require them. It does not direct you to make any investigation. I assume, if you make the charges, you are going to make them specific and go through with your investigation, and the public is going to demand that you do it, and every man that has come under the cloud of your aspersions is going to demand that you do it. Now, just get that straight.

The Mayor: You cannot scare me with that. Anybody else desirous of talking?

Supervisor Stanton: I think that the motion would be out of order for this reason: Were you investigating and had you not brought the names out, or broadcast them to the world, it would be a different matter, but every member of this Board is entitled to a certain amount of protection. And I notice in an article there by Mr. Stewart wherein he denies, absolutely, that he ever gave, or anybody ever solicited from him—Supervisor Gallagher has it there.

Supervisor Gallagher: No, I have not that, Supervisor.

Supervisor Stanton: If you are quoted right, further on in the article you say, "These are rumors and let them prove that they are not guilty." Why, that is an awful thing, Mr. Mayor, if that is your statement. The common law of England, the law of this country, judges every man innocent until he is proven guilty, and for somebody to say there has been a rumor that you have done something, now go out and prove that you have not, why, I would not think that anybody would be subject to anything of the kind.

Supervisor Gallagher: Do you know that the Mayor was correctly quoted in that statement?

Supervisor Stanton: I am saying, if he made the statement. It seems to me that it is an awful thing. If somebody would say something about you, that you did something, or it has been rumored that you did something, then it is up to you to go out and disprove it, it is not up to anybody to prove that you have been wrong. No court of the land, no just person, ever demands anything of the kind.

Supervisor Gallagher: Mr. Mayor, I believe, frankly, that the motion is out of order at this time. However, that is not of moment because, Mr. Marks, before the day is over, the Finance Committee shall be personally requested by me, at least if by nobody else, to bring in, before the day is over, an offer of funds to His Honor, or to any other agency, to investigate. The matter came before the Board on my rising to a question of personal privilege. I would say that I think that the motion can come any time during the day, and I think the Finance Committee will acquiesce. I think, at the moment, it might be out of order. You said you were going to call on Mr. Phillips.

Supervisor Marks: I want to know whether the motion is declared out of order.

The Mayor: Yes, it is out of order.

Supervisor Marks: I want to know whether the Mayor of this city will attempt, for his purposes, or any purpose, to cast a cloud upon the reputations of men and then, when an offer is made by those upon whom the reflection is cast, to place in his hands available funds, so that he may carry on the investigation that he has been threatening, he declares that motion out of order. Is that your attitude, Mr. Mayor?

The Mayor: Why certainly it is out of order, the Mayor has not asked you for any funds. Why don't you listen to the Mayor's veto, at least show that much courtesy to it. The question is not before the Board yet of my veto.

Supervisor Marks: You have made statements and the charges in the public press, and we are offering you, by virtue of this motion, funds, if they be necessary, to carry on your investigation, and I understand that, having made the charges, you refuse to entertain a motion to investigate.

The Mayor: When I want the funds I will get them, if I need them.

Supervisor Schmidt: Mr. Mayor, in repeating your statements in the daily press that the rumors that you have heard with reference to your veto, if they are proven truthful, then you have done a great deal of good for San Francisco. I stand with you on that point. I feel that, if the rumors are not proven, San Francisco's good name has been harmed again, like when I was a small boy in the graft days, that scandalous thing that happened at that time. San Francisco probably will be then quoted the entire breadth of this land that our city is composed of grafters. As one casting a vote upon this matter, I was consistent in trying to bring about a complete unity of rezoning along the entire street. I stated, at the time when the zoning committee brought in two blocks, or three blocks to be rezoned, that I thought they were making fish out of one and fowl out of another, and that I would support a proposition whereby the entire street would be rezoned, or I could not support one or two blocks that were involved in the recommendation of the zoning committee.

Supervisor Gallagher: I rise to ask the Supervisor a question: Why are you going into explaining your attitude on this matter when you have not been asked to do it? I have risen to a question of personal privilege here. Will you answer me this question: Why should the Board listen to your personal explanation any more than anybody else's, as to why you voted for this or for that? Your conscience was your guide, no explanation is necessary now.

Supervisor Schmidt: I am merely trying to lead up to this: The Mayor has made charges or repeated rumors of charges, and I do not think it is fair for him to say that our motion to appropriate money is out of order. He is trying to stop the hand that is desirous of carrying out funds to make this investigation.

Supervisor Gallagher: Is there anything to prevent the Finance Committee—let the Mayor have his way for the moment—is there anything to prevent the Finance Committee, at any time during the day, voluntarily bringing in a resolution offering $5000?

Supervisor Schmidt: I will be very glad. I do not want to see this thing stopped today.

Supervisor Gallagher: Do not worry, brother, it is not going to be stopped, you can be assured of that.

Supervisor Kent: I came in a little late. Did you make a statement on this subject this morning?

The Mayor: No, I have not had a chance to have my veto message read yet.

Supervisor Kent: Will you make a statement?

The Mayor: Yes, I will, after the message is read.

Supervisor Kent: I ask that you make it now.

The Mayor: No, I will have the veto message read first, I insist upon that.

The Clerk (reading): "I am returning to you herewith, without my approval, ordinance No. 8036, adopted by your honorable board May 14, 1928, and providing for a rezoning of a portion of Judah street from second residential to commercial.

"This ordinance is disapproved by me without prejudice and for the sole reason that certain rumors have come to me of alleged improper practices by which certain members of the Board of Supervisors are supposed to have profited. I do not believe these rumors, but I do feel that for the sake of the honor and integrity of your Board they should be thoroughly investigated.

"During the hearings on this ordinance, which I held in my office as well as in the neighborhood involved, these rumors were so insistent that I felt I could do nothing other than veto the measure, without prejudice, so that the entire matter can go back to the Board of Supervisors for further proceedings, in the course of which the light of publicity could be directed at what I believe to be false and malicious reports.

"I am making no accusations against any member of the Board of Supervisors, nor am I casting suspicion on anyone; I have no proof of any wrongdoing.

"But I would be derelict in my duty as Mayor of San Francisco if, in the face of all these rumors, I approved the rezoning ordinance. I am sure the members of your honorable Board will welcome the opportunity of an investigation which should stop these whispering innuendoes once and for all."

The Mayor: The message will take its usual course. I feel, as you all do, keenly at the publicity which has been given this matter. With two exceptions all that appears in the press is correct. I made no charge in the Golden Gate Ferry matter. I know nothing about the Golden Gate Ferry matter. That statement should be withdrawn. So far as telling you to clear yourselves, I am trying to do that for you, and there is no such report as that in any part of the newspapers. This Judah street rezoning has been before this Board for ten months or more. On Valentine's Day I pinned on here, or it was pinned on me, a valentine "Zone Judah Street." And for months since this Board has been struggling with the problems of zoning Judah street, I will admit that I tentatively, at least, or led myself to believe, and led members of the Board to believe, that if the resolution was passed that I would approve it. My word is the only thing I have in public life, and I have never broken my word. The Judah street people came in to see me after this resolution was passed by the Board of Supervisors, and my rooms were crowded, and I listened to them carefully. I said, "I must give the Irving street people an opportunity to be heard," and on the following Wednesday, upon my return from Merced, the Irving street people came into my office in the afternoon of that day. They gave me rumors and they mentioned names, they made charges, and I said, "I will go out and see the place." I met them at half past eight on Thursday morning at the corner of Twenty-fifth avenue and Judah street. There were several machines there waiting. We came down Judah street to Twentieth avenue and down Twentieth avenue to Irving street. I sat in my machine at times, and I got out at times, at the corner of Irving street and Twentieth avenue. The committee met me there and the crowd became almost a convention. I listened to them, and charges were made there right out in the open that Supervisors were interested in this matter; that $2,000 for attorneys' fees had been paid; that one Supervisor had promised to get all the insurance business on Judah street, and these statements were made right out there in the open, and I was startled. Friday came along and I began to ask the newspapers about these things and how they stood on this matter, and every newspaper was against the passage of that resolution. I rang up former Chief Justice Matt I. Sullivan, president of the City Planning Commission, and I asked him about it. He said he was sick and tired of this thing, and that he and his commission were going to resign because every time they passed anything in the City Planning Commission it was overridden by the City Planning Committee of the Board of Supervisors. That night, without invitation from me, my room was crowded with proponents of Judah street, and I

sat there and I stood listening to arguments why Judah street should be zoned. The statement was made by another party in my office that $2,000 had been paid, all of which I knew nothing about, and at twenty minutes past eleven, everybody looking at the clock, and I had until 12 o'clock that night, or the measure went through without my approval, it became a law. I could not, in the face of the rumors, of which I have no proof, at half past 11 o'clock at night, investigate them, prove any of them, and in view of the fact that I only had until 12 o'clock, I brought Mr. Murphy, or he came into my office, Mr. Todd came into my office, after all who were in my office of my official family were there, and I asked them what they thought about the discussions which had taken place out in the big room. They seemed to think there was nothing else for me to do but to veto it. The charge was made in my room, which Mr. Murphy heard, that this $2,000 had been paid. To whom and for what I did not know. I felt, and I feel now, that they are false. I feel that the whispering rumors that were going around in the Sunset District were detrimental to the honor and to the integrity of this Board. I could not, in view of the charges that were made, or the rumors made, I could not put my signature to it at five minutes to 12 o'clock at night, without at least casting the rumors aside in permitting rumors to go on, and the Irving street people charging several members of this Board with wrongdoings, and I thought even though I had practically agreed to sign that ordinance, I could not, in view of these rumors that had come to me, do anything but veto it, for the honor and the integrity of the Board of Supervisors. I did that and have sent you a message. So far as this statement in the Examiner this morning is concerned, I made that statement to a private individual yesterday with the pledge of honor that it would not be used. I have not a thing against any member of the Board of Supervisors, as I tell you there. I know nothing of the Golden Gate Ferry, nor am I concerned in it, but, so far as these rumors are concerned you ought to thank me, and you ought to welcome an investigation to clear this whole situation up. We have thirty days on this measure. It has to lie over five days and must be completed within thirty days. I have not employed any outside help, I have not employed any gumshoe men, I have done nothing but the right and honorable thing toward this Board, and to myself. I asked Captain Duncan Matheson, the head of the detective department of San Francisco, to run these rumors down, which I gave to him, and if they are false he will come in here with a clean bill of health, and he will save the honor of the Board and he will save the honor of myself. That is the situation that confronts us today. Of course, it is a fine newspaper story. I have kept out of the press as much as I could. And I want to clear the name of every member of this Board, and clear up this Judah street business and have the witnesses appear before Captain Matheson, and if the head of the department of detectives cannot come in here with a clean bill of health, you will get a report of what Duncan Matheson brings to me. Now, Mr. Stanton, you say, why didn't I come to you.

Supervisor Stanton: I say, not to me, any member.

The Mayor: All right, I asked Mr. Todd, I said, "Mr. Supervisor, I will have to ask you to relieve me on this thing," at five minutes to 12 that night. And I was not scared to go out and meet the Judah street people in the front room and tell them what I have done. I had no chance to come to you.

Supervisor Marks: Every member of the Board was in session that night considering the budget, in this very room, and we did not leave until 1 o'clock in the morning, and you know that.

Supervisor Stanton: I did not mean that you should come to me or any other member on the Judah street business. What I had in mind, before you gave to the press statements that there were certain nasty rumors that you should have investigated them, that you should have

taken that to the Police Department, or whomever you wanted to investigate it, quietly.

The Mayor: I could not do it; I was right up to the last minute. Why, these rumors are all around. Why don't you get them cleared up?

Supervisor Stanton: Go as far as you like, as far as I am concerned.

The Mayor: You cannot sit like an ostrich with your head in the sand ignoring these rumors all around. Why not clear them up?

Supervisor Roncovieri: No, we do not hear these rumors. I never heard them until I heard them from you.

The Mayor: Supervisor Powers said he had heard them.

Supervisor Gallagher: I suggest the Mayor be permitted to finish his statement.

The Mayor: I just want to say one thing to you, Mr. Stanton: It never flashed across my mind until you said it just now, why didn't you come to me instead of bringing charges against me as being interested at 333 Kearny street, why didn't you come to me instead of taking it to the Grand Jury?

Supervisor Stanton: Why didn't I?

The Mayor: Not you.

Supervisor Stanton: If anybody says that I took any charges to the Grand Jury, they told you a deliberate lie and I defy anybody to step forth and say so.

The Mayor: I am not talking to you personally, I am talking to the Board. Why did not the Board come to me instead of taking it to the Grand Jury on 333 Kearny street?

Supervisor Stanton: I do not know that any member of the Board did it.

Supervisor Roncovieri: I do not know what the others did, I did not.

Supervisor Marks: I desire, Mr. Mayor, to ask a question: I rise to a question of personal privilege——

Supervisor Gallagher (interrupting): I think I am entitled to ask the Mayor a few questions after he has finished his statement. I wish you would permit me to finish my line of thought. I rose to a question of privilege, I have no objection to your doing it later.

Supervisor Marks: I thought you were through. You have been sitting down for ten minutes.

Supervisor Gallagher: Have you finished your statement, Mr. Mayor?

The Mayor: Well, I may have something to say afterwards.

Supervisor Gallagher: Now you say, sir, and I am not anxious to get any information, you said, "The charge was made in my office Friday night that $2,000 was paid an attorney in the Judah street matter." I think I have quoted your language correct.

The Mayor: Yes, it was.

Supervisor Gallagher: That was made in public, was it not?

The Mayor: Made with Mr. Murphy present.

Supervisor Gallagher: Who made that statement?

The Mayor: Well, I would rather tell Captain Matheson, it was made publicly in my office.

Supervisor Gallagher: That is all right, I do not care; let that go.

Supervisor Roncovieri: No, do not let it go.

Supervisor Gallagher: You will have to permit me my own line of questioning, I do not want to catechise the Mayor. Did you make the statement, Mayor, that you had heard that money was passed in the Golden Gate Ferry matter?

The Mayor: No.

Supervisor Gallagher: You never made it?

The Mayor: No.

Supervisor Marks: You made it to somebody with a pledge of secrecy?

The Mayor: No, that is this statement that appears in this paper this morning that he has just read.

Supervisor Marks: That is in there.

The Mayor: No, he means on last Friday that appeared.

Supervisor Gallagher: Did you, your Honor—and this I am not catechising you, I am trying to clear the atmoshphere——

The Mayor (interrupting): Go ahead and ask anything you want.

Supervisor Gallagher: Did the Mayor make the statement that the entire City heard rumors of graft about the bay bridge applications?

The Mayor: Why certainly, it was printed in the Bulletin.

Supervisor Gallagher: You made that statement?

The Mayor: Yes.

Supervisor Gallagher: Did the Mayor make the statement that rumors are going the rounds in real estate circles concerning certain city land deals, and did you make the statement, "And I heard a rumor"—this is quoting you—"that money passed on the Golden Gate Ferry franchise?"

The Mayor: The Golden Gate Ferry—no. They got that mixed up with this big bay bridge here.

Supervisor Gallagher: Now, I would like to ask if you made this statement: "Supervisors Alfred Roncovieri, Milton Marks and Andrew J. Gallagher were among the proponents declared by the Mayor to have been most active in favor of rezoning?"

The Mayor: I made that statement in privacy because somebody wanted to know what there was in connection with this whole business, and I was simply betrayed, that is all. I would never have said so publicly.

Supervisor Gallagher: Of course, I have nothing to do with that except I simply want to say to you, you must be in error for two reasons: I was active, but the other two members were inactive, as a matter of fact.

The Mayor: I only mentioned this because your names were mentioned right out in the open on the corner of Twentieth avenue and I street.

Supervisor Gallagher: Did you make this statement, your Honor, "To my mind it is a rotten state of affairs if a private realtor has inside information on every piece of property the city intends to buy or sell. Such whisperings should not be allowed to go unchallenged. If they are false, let us find it out." I am calling your attention to this statement, that "It is a rotten state of affairs if a private realtor has inside information on every piece of property the city intends to buy or sell?"

The Mayor: With the exception of the word "rotten," I think I used the word "bad," yes, that statement I made, though not for publication.

Supervisor Gallagher: Now, I think I could help your investigation very materially, sir. You said you would call on Mr. Phillips.

The Mayor: Yes, that is what I want to do.

Supervisor Gallagher: I wish you would call on him now for the purpose of the record and to help your investigation on the matter of the proposed purchase now pending before you, of the lot at Frederick and Stanyan streets. I do that, sir, I ask you to do that for me at this time.

The Mayor: All right. Mr. Phillips is here this morning by permission of the Superior Court of Amador County, at Jackson, the capital of the county seat, where he was to go and testify in some land and water matters for the city. Mr. Phillips called my attention to this resolution, No. 29008. And I would like to know if Mr. A. Hirschberg is in the room? I would like to have permission of this Board to interrogate Mr. A. Hirschberg at any time that it is convenient to him and to me because Mr. Phillips has to leave at 12 o'clock to be in Jackson in time

for the case tomorrow morning. He called my attention to a resolution passed by the Board of Supervisors last Monday.

Supervisor Gallagher: Recommended by whom?

The Mayor: Well, I do not know, I have just got the resolution, it was on my desk, "Resolved, that the offer of sale made by the following named person to sell to the City and County of San Francisco the following described land, required for the widening of Stanyan street, for the sum set forth opposite his name, being accepted. A. Hirschberg, $10,267.85, subject to the conditions hereinafter set forth: Lot 1, Block 1263, as per the Assessor's Block Book of the City and County of San Francisco. It is hereby understood and agreed that $267.85 is to be paid by said A. Hirschberg to California Petroleum Corporation in full payment for the release of the lease of said corporation with said A. Hirschberg. And the City Attorney is hereby authorized to examine the title to said property, and, if the same is found satisfactory, to accept, on behalf of the city, a deed conveying said property to the city, free and clear of all incumbrances, and to record said deed, together with a copy of this resolution, in the office of the Recorder of the City and County of San Francisco." I asked Mr. Phillips to remain over, as I told you. He had that permission. I will ask him to tell you what he told me and then I will tell you what I found out by further investigation myself. Mr. Phillips, will you please tell the Board?

Supervisor Havenner: At this time I would like to have the Clerk of the Finance Committee bring in the transcript of the record in detail which was made of this transaction at the time it came before the Finance Committee.

* * * * *

The Mayor: Go ahead, Mr. Phillips.

Mr. Phillips: Mr. Mayor, in justice to myself I would like to correct one statement that you made, that I called your attention to this resolution. If you will remember, you sent for me on account of it being a land purchase and did ask me for a statement. I did not originally call your attention to this matter at all.

The Mayor: I think it came up when you were talking to me about that Eureka matter, probably at that moment.

Mr. Phillips: But you spoke to me about it first, I did not call your attention to it.

The Mayor: Well, which ever way it was.

Mr. Phillips: You sent for me a couple of days ago and asked me for a statement with regard to this transaction, and I will make the same statement to the Board, as nearly as I can remember the way I made it to you. I informed you that the first knowledge that I had of this transaction was from the Chairman of the Streets Committee, who requested me to appraise and purchase the corner of Stanyan and Frederick streets, that it was necessary for the widening of Stanyan street. That afternoon a man by the name of Abraham Hirschberg rang me up and said that he understood that I had been told to purchase this piece of property, and that he expected $17,500 for it. He insisted on knowing about what my figure would be, and I told him that I had not had time to appraise it, but I thought that it was possibly around about $5,000. At that time I, of course, had not made my appraisal. I then made a further investigation and found that the Market Street Railway Company had deeded this property to the California Pacific Title & Trust Company, dated February 15, 1928, giving the dimensions of the property. And it was recorded in 1620 of Deeds, page 164, at thirty minutes past 8 a. m.

Supervisor Kent: What were the dimensions then at that time?

Mr. Phillips: The same as now, 32 feet 6 inches on Frederick street, 59 feet 1 inch on the side line to Golden Gate Park, 32 feet 7½ inches frontage on Golden Gate Park, to the west line of Stanyan street, south along Stanyan street 56 feet 1½ inches to the point of beginning, being a

portion of Western Addition Block 713. I also found that, on the same day and at the same minute, the California Pacific Title & Trust Company had deeded to the Market Street Railway Company, under date of February 24, 1928, the corner of Sutter street and Presidio avenue, 53 feet 11 inches on Sutter street and 65 feet 5 inches on Presidio avenue. It appeared to me that it was a matter of a trade. I went to the Market Street Railway Company and one of the head officials of that company told me that they had refused a cash offer of $15,000 for this property.

Supervisor Stanton: What property?
